A TRIBUTE

Bhagat Phool Singh Ji
(1885-1942)

Born on February 24, 1885 in Mahra village of Sonapat district, Bhagat Phool Singh Ji was a visionary noble soul. His firm belief in empowerment and emancipation of women through education led him to establish a Gurukul with 03 girls at Khanpur Kalan in 1936. The anti-social elements did not support Bhagat Phool Singh Ji's seminal idea of women's education and consequently assassinated him on August 14, 1942.

Subhashini Devi
(1914-2003)

Bhagat Phool Singh Ji's assassination could not kill the idea of women's education. His legacy and philosophy were continued by his daughter Subhashini. She tried hard to persuade the parents in the nearby villages to get their girls educated and also appealed the rich landlords of the area to donate their land for the noble cause of girls' education. The Government of India recognized her service to the society and conferred Padmashree on Subhashini in 1976.

From the Desk of the Vice-Chancellor

Presenting the Annual Report for 2020-2021 is an act that most would be reticent about, given the hiatus that COVID-19 caused to the normal order of life. Deracinated by the sudden spread of the pandemic, the university was forced to resort to a virtual medium for teaching as well as routine functioning. However, we, as a family, stoically went about our tasks, and the onerous looking mountain was successfully scaled. This edifice of achievements is distinguished by its façade glittering with the efficient conduct of classes online and the successful conduct of the end-semester examinations through both, online and offline, modes. Ladies and gentlemen, it gives me immense satisfaction and a feeling of accomplishment to present before you the record of university activities performed with gaiety, in the midst of the pandemic, in the form of the Annual Report, 2020-21.

As a university we are bestowed upon, apart from the responsibility of nurturing young minds, the duty of public welfare. We, as a family, comprehensively comprehend this, and the emotion was reflected when the entire staff, teaching and non-teaching alike, contributed a day's salary, for a couple of months, to the Chief Minister's Relief Fund and Prime Minister's Relief Fund. Alongside, the foremost achievements of the university comprise the housing of the COVID warriors—Doctors and nurses, in the University Guest House; and the successful hosting of the COVID Isolation Centre in the hostels. The Centre, home to innumerable isolated COVID patients, worked on the university premises for more than six months. I must also put on record my appreciation and gratitude towards the maintenance, managerial and security staff, that performed its duties, unperturbed by the contagious nature of the pandemic. I also put on record my

felicitation for the on-campus faculty and staff for their unquestioned, unequivocal and consistent cooperation during the entire duration, not only of the COVID Isolation Centre, but also lockdown.

In spite of the limited avenues that the pandemic left the university with, the year has been eventful academically and in terms of university's presence in Webinars and Online Conferences. It gives me immense pride to be the representative of a *community* of academicians, scholars and employees that did not let the adversity of a pandemic affect their efficiency and I am confident that, given their commitment, the coming years shall spell success for the university.

I thank His Excellency, Chancellor and Governor of Haryana Shri Satyadeo Narain Arya Ji and Honorable Chief Minister of Haryana Sh. Manohar Lal Ji for their constant support encouragement and blessing to all of associated with this Uunique Women's University.

Vande Mataram!

Registrar's Message

COVID-19 crafted an unprecedented and unparalleled paradox as well as predicament before an unsuspecting mankind. On the brighter side, though, it also acted as a catalyst to a lifestyle mankind was still trying to acknowledge and consequently, accept: the virtual world. The crevice was deep and the remedial graft sudden, and much like everyone else, we, the university fraternity, were caught off-guard. However, the publication of the Annual Report for 2020-21, a period that marks the ascent and zenith of the pandemic, personifies the zeal and zest that we, as a family, exude. The Annual Report is a compendium that testifies the well-directed endeavors that we as a family successfully executed.

In this duration, the university has come out with flying colours, academically as well as administratively. A university has a 'graded' order of significant people in it: the students are placed highest, followed by the faculty and administration. In other words, a university is what its students are and they are what their teachers make them. The administration supports the two, lending whatever assistance is required, eventually, for the emancipation of students. "Emancipation" becomes all the more critical in BPS Mahila Vishwavidyalaya, owing to it being a university exclusively for women.

I am glad and proud of the fact that the faculty and the administration left no stone unturned for concretizing the abstract idea of "empowering women with education". The teachers met their classes on the virtual platform, putting in their "sweat and soul" into the task, knowing that a significant student pool resided in rural areas, still in the process of alleviating themselves from the very basic requirements of living. The teaching faculty

also made its presence felt, definitively and considerably, in various Academic Events, that were also re-scheduled and re-framed into the Online Module, given the pandemic.

The administration played its part to the best of its potential and purview. It has been an honour and a privilege for me to be leading a cohort of such dedicated employees, dedicated to a university that is dedicated to the noble cause of “empowering women”.

I felicitate the university fraternity for its perseverance, allegiance and loyalty to the cause of Bhagat Phool Singh ji and congratulate everyone on the release of the Annual Report, 2020-21.

THE UNIVERSITY

The 20th century dawned on India with the paramount agenda of independence. All other agendas were drawn to the background in its halo. The social dimensions of Indian life were, obviously, relegated to the background in the rush for independence. However, men like Gandhi stood for social issues and the name extended as an epithet to one social reformer in Haryana: Bhagat Phool Singh Ji, as the *dehati Gandhi*. He established a *Gurukul* for boys in 1919 and then, inspired by the plight of women, opened a *Gurukul* for women at Khanpur Kalan in 1936. Assassinated in 1942, for his 'radical' views on women empowerment, his sapling was nurtured into a plant by his daughter Subhashini ji, who was awarded the *Padamshri* for her exemplary services. It was due to her relentless efforts that constituent institutions were added to the *gurukul*: BPS Memorial Girls' College (1967), BPS College of Education (1968), MSM Ayurvedic College (1973), BPS Mahila Polytechnic (1984), TIG Bhainswal Kalan (1999) and PSD Law College (2003).

2006 was a watershed moment for the group of educational institutions as the State Government upgraded it to a State University: Bhagat Phool Singh Mahila Vishwavidyalaya. The transition was envisioned with the university motto: Empowering women with education; and the metamorphosis complete with the university imparting education to nearly 6500 students in various programmes ranging from nursery to Ph.D. Since the university became functional, a South Campus at Bhainswal Kalan and two Regional Centres, one each at Lula Ahir and Kharal have been added.

University Campus School
Annual Report
2020-2021

About us

Ten years ago, a journey was started to build a better future of the students by providing quality education to all regardless of status, caste or creed. Since then, we are making sincere effort to make University Campus School, a landmark in the field of education. The school is a co-educational English medium school, affiliated to the Central Board of Secondary Education (CBSE), New Delhi.

This year a new mode of performing various activities is developed. Due to Covid 19 students had to stay at home for a long duration of about 9 months. Every one had to rely on online mode. But students took this as a challenge and honed their skills in different ways. To cope-up with psychological stress of staying at home for long time, students tried doing various activities at home and sent pictures or videos of these activities in their class groups. Later this spirit of enthusiasm helped them to learn a lot of new things.

**8. Best Practices (at least 2):** Apart from best practices which the centre always exhibits in its offline classes, the following 2 best meaningful practices are being put across keeping the contemporary context in mind.

## **1. Training of Life Skills and Well being.**

Mainstreaming the idea of health, well being and life skills through online faculty development programmes with stress management, yoga and meditation sessions. While the country has been grappling with the Covid 19, the faculty development programmes of HRDC is one of its kind in the country which mainstreamed the idea of well being at its centre for alongwith empowering teachers to keep the notion of health including mental and physical both as foremost.
