## A RESPECTFUL TRIBUTE

**Bhagat Phool Singh Ji**  
(1885 - 1942)

Born on February 24, 1885 in Mahra Village of Sonipat District, Bhagat Phool Singh Ji was a visionary noble soul. Notwithstanding vehement opposition, he was determined to promote women's education, especially in rural Haryana. Bhagat Phool Singh Ji's firm belief in empowerment and emancipation of women through education led him to establish a Gurukul with 03 girls at Khanpur Kalan in 1936. The anti social elements did not support Bhagat Phool Singh Ji's seminal idea of women's education and assassinated him on August 14, 1942.

**Smt. Subhashini Ji with  
Smt. Indira Gandhi Ji**  
(1914 - 2003)

Bhagat Phool Singh Ji's assassination could not diminish the idea of women's education. His legacy and philosophy was continued by his daughter Padam Shri Subhashini Ji. True to his father, Subhashini Ji was determined to promote social reform through women's education. The Government of India recognized her service to the society and conferred on her Padam Shri in 1976. She established various present day constituent Institutes of Bhagat Phool Singh Mahila Vishwavidyalaya through donation and philanthropic means.

# Vice Chancellor's Message

Dear Reader

It gives me great pleasure in issuing the third issue of BPS Newsletter Spark. Since its establishment on August 18, 2006, BPS Mahila Vishwavidyalaya has traveled quite a long and cherishable journey. The erstwhile Gurukul turning into a university was a seminal turning point in women's empowerment. Also it was a great challenge to preserve traditional ethos and values with changing times of modernity. After taking over the charge of the university for the first time in May 2008, for me the priority was to expose the university to the outside world. Extraordinary efforts on all fronts were required to be initiated. I am happy to say that both the state government and the UGC helped a great deal in realizing the dream of making BPSMV, a world class university.

In my first stint as vice chancellor, the infrastructure like teaching blocks, faculty houses, hostels, guest house campus school, connecting roads etc was strengthened. Similar steps were initiated to bring about a qualitative change in the academic and research areas. New teaching departments like MSW, management, hospitality and hotel administration, school of engineering and sciences etc were opened. PhD programmes in English, management, engineering sciences, home science, law etc were introduced. A medical college for girls has started functioning. In order to provide international exposure to faculty and students, MOUs were signed with international organizations like British Council, St Catherine University, University of Baltimore, USA etc. Video Conferences with reputed universities from all over the world are organized.

I am thankful to the Honourable Chancellor and the State Government for recognizing my efforts as Vice Chancellor by granting me second term. This has definitely strengthened my determination to make BPSMV truly 'University with a difference'.

In my second term, besides reinforcing the existing programmes, social inclusion will be my priority. We have already initiated steps in this direction. The Centre for Society University Interface and Research (CSUIR) has been established in the university. This Centre will provide a platform to include the local society in overall social growth. We have also been successful in getting Area Study Centre from UGC. Under this scheme the Centre for Indic and Asian Studies has been established in the university. This centre will preserve and disseminate indigenous and traditional knowledge systems of Indo-Asian origin. To start with we have operationalised a dedicated website [www.sthaneshwaranidhi.com](http://www.sthaneshwaranidhi.com) for providing information on all related themes.

Without going into the details of other achievements, which are enumerated in the ensuing pages of this Newsletter, I take this opportunity to congratulate the staff and students of BPSMV for their unstinted support in all these endeavors.

I congratulate the editors of Spark for bringing out the third issue.

Best wishes and a very happy new year

Jai Hind

Dr (Mrs) Pankaj Mittal

गाँव खानपुर सोनीपत में हरियाणा की है यह शान  
विश्वविद्यालय वंदन तुमको, वंदन शत अभिवंदन - 2

उत्तर भारत का हरियाणा गीता का जहाँ ज्ञान  
दूध-दही की बहती धारा पर - पीडा का ध्यान  
भगत फूल सिंह ऐसा हुआ, जिसने किया नारी उत्थान  
अपने जीवन की दी कुर्बानी, किया कार्य महान

सन् 36 में बना गुरुकुल सुभाशिणी ने सम्भाली कमान  
वत्सल भाव से किया था पोशण, पद्यश्री का मिला सम्मान  
2006 में हुआ निर्मित महिला विश्वविद्यालय महान  
यहां खुला नारी शिक्षा का एक नया आयाम

कठिन रास्तों पर चलने का इसको मिला ऐसा वरदान  
बना हा सारी दुनिया में यह अपनी नई पहचान
