AGENDA FOR THE 29th MEETING OF THE ACADEMIC COUNCIL SCHEDULED TO BE HELD ON 28/02/2025 AT 11:00 A.M. THROUGH BLENDED MODE (OFFLINE AND ONLINE), IN CONFERENCE HALL, ADMINISTRATIVE BLOCK, BPS MAHILA VISHWAVIDYALAYA, KHANPUR KALAN (SONEPAT), HARYANA.

1. **Confirmation of the Minutes of the 28th meeting of Academic Council held on 14/06/2024.**
   To confirm the Minutes of the 28th meeting of the Academic Council held on 14/06/2024 **(Annexure-1, page-1-13.**

2. **Follow up Action Report.**
   To note the action taken report on the decisions taken by the Academic Council in its 28th meeting held on 14/06/2024 **(Annexure-2, page-14-16).**

3. **To ratify the action taken by the Vice-Chancellor in approving the Scheme of Examination and Syllabus subject of Sociology, Psychology and Public Administration as per NEP-2020 being taught in the Affiliated Colleges in anticipation of the approval of the Academic Council.**
   Statement of the case:-

   A Memo No. DHE-170005/5/2023- Deputy Director-NPE Dated 8th June 2023 was received from Department of Higher Education regarding implementation of key components of NEP 2020 in colleges and universities. The matter was placed before the Vice Chancellor who had constituted a Common Curriculum Development Board under the Chairmanship of Dean Academic Affiars to prepare the common ordinance and Ability Enhancement Courses (AEC), Skill Enhancement Courses (SEC) and Value Added Courses (VAC) in light of NEP. The Syllabus of Ability Enhancement Courses (AEC), Skill Enhancement Courses (SEC) and Value Added Courses (VAC) has been prepared which is to be implemented from Academic Session 2024-25. The same is also approved in the meeting of all the Deans, Chairpersons under the chairpersonship of the Vice-Chancellor.

   The Adhoc committees were constituted under the Convenership of the Dean Faculty of Social Sciences for preparation of the syllabus i.e. Sociology, Psychology and Public Administration. The meeting of these committees were held on held on 12/07/2024 and 18/07/2024 respectively and Committee prepared the above mentioned syllabus **(Annexure-3, pages-17-127)** for implementation with effect from Academic Session 2024-25.

   The proposal duly recommended by the Dean, Faculty of Social Sciences was put up to the Vice Chancellor who after due consideration has approved the same in anticipation of the approval of the Academic Council and further desired to refer the same to the Academic Council for ratification.

4. To note the action taken by the Vice-Chancellor in anticipation of approval of Academic Council regarding granting relaxation in promotion policy for students of various courses studying in University for the Academic Session 2024-25.

Statement of the case:-

Requests from the students of the Institute of Higher Learning, Department of Laws and Department of Pharmaceutical Education & Research were received for granting relaxation in the promotion policy as they have not cleared/passed their required semester.

Presently, in view of the instructions received from the State Govt. vide Memo No. 18/1-20211 UNP-(4) dated 01/07/2014, the following promotion policy has been approved vide Resolution No. 3 of the 13th Meeting of Academic Council held on 16/12/2014:-

"The students will be promoted to 5th Semester only if, she has completed all her 1st semester papers".

Further, resolved that since this condition is basically for three years course where as in the University there are other courses having the durations of four and five years. Accordingly, it was resolved that on the same pattern, the promotion policy for the courses having the duration of four and five years will be as under:-

(i) For promotion to 7th semester, if completed all papers of 1st and 2nd semesters.
(ii) For promotion to 9th semester, if completed all papers of 1st, 2nd & 3rd semesters.

There will be no such condition on the courses having the duration of less than three years. The above decision will not be applicable on BAMS Course where CCIM Rules are applicable.

The above promotion policy has also been relaxed by the Academic Council from the Academic Session 2017-18 to 2023-24. The present request received from the students of the Institute of Higher Learning, Department of Laws and Department of Pharmaceutical Education & Research was put up to the competent authority for consideration.

Keeping in view of the academic interest and career of the girl students, the Vice-Chancellor has granted relaxation in promotion policy for the students in all the Departments/Institutions/ Regional Centres of the University for the current Academic Session 2024-2025 as per past practice in anticipation of the approval of the Academic Council. Further, she has desired that the same be placed before Academic Council for information and approval.

5. **To ratify the action taken by the Vice-Chancellor in approving the Ordinance, Scheme of Examination and Syllabus of PGDCA Programme being taught in Govt. College for women, Murthal Affiliated College of BPSMV,Khanpur Kalan in anticipation of the approval of the Academic Council w.e.f. 2024-25.**

Statement of the case:-

As per the Memo No. 03/01-2024 C-1(4) dated 20/06/2024, issued by Additional Chief Secretary of Govt. of Haryana Higher Education Department, Chandigarh Programme PGDCA Progrmme has been allotted to Govt. College for Women, Murthal. The said College is an affiliated College of the University. Based on the requests received from the Dean of Colleges and Principal of the concerned College, the Ordinance, Scheme of Examinations and syllabus of PGDCA programme have been prepared/approved by the PG Board of Studies Department of CSE&IT in its meeting held on 08/08/202. The recommendations of the PGBOS has also been approved by the Faculty of Engineering and Technology in its meetings held on 23/08/2024 and 23/10/2024 respectively.

Minutes of the PGBOS, Department of CSE&IT and Faculty of Engineering and Technology, are placed at- , **(Annexure-4, page-128-132)**

The case was put up to the Vice-Chancellor who after due consideration approved the Ordinance, Scheme of Examinations and syllabus of PGDCA programme **(Annexure-5, page-133-163)**in anticipation of the approval of the Academic Council and further ordered to place the same before the Academic Council in its upcoming meeting for ratification.

6. **To ratify the action taken by the Vice-Chancellor in approving the Ordinance, Scheme of Examination and Syllabus of LLM programme 1st to 4th semester** (Annexure-6, page-164-250) **as per the regulations of UGC on Credit allocation. As well as scheme of examinations and syllabus of Ph.D (Law)** (Annexure-7, page—251-258) **with effect from 2024-25 in anticipation of the approval of the Academic Council.**

Statement of the case:-

The Department of Laws, BPSMV, Khanpur Kalan is running two years LLM course since 2021. As per the requirement of syllabus one paper of dissertation has shifted from LLM 3rd semester to LLM 4th semester and changes have also been made in Credit System from 5:1 to 3:1 and 4 credits have been adopted. Further, passing criteria has also been revised from 45% to 50% from the Academic Session 2024-25.

It is pertinent to mention here that the Common Ordinance of Ph.D programme of BPSMV has also been adopted in toto and accordingly the scheme for admission in Ph.D programme Department of Law has been revised from the Academic Session

2024-25. The same have also been approved in Department PGBOS and Faculty of Law meeting held on 30/07/2024 and 23/08/2024.

Minutes of the PGBOS and Faculty of Law are placed at- , **(Annexure-8 , page-259-268)**

The case was put up to the Vice-Chancellor who after due consideration approved the same in anticipation of the approval of the Academic Council and further ordered that the same may be placed before the Academic Council in its ensuing meeting for information.

7. **To ratify the action taken by the Vice-Chancellor in approving the revised Ordinance of M.Ed. Programme and revised Scheme of Examination and Syllabus of B.Ed., M.Ed. and M.A. Education programmes with effect from Academic Session 2024-25 onwards in anticipation of the approval of the Academic Council.**

Statement of the case:- Education,

The Department of BPSMV, Khanpur Kalan are running B.Ed., M.Ed. and M.A. Education programmes. In accordance with the directions of the Dean Academic Affairs, ' the Chairperson, Department of Education has revised the Ordinance of M.Ed. Programme **(Annexure-9, page-269-276)** and Scheme of Examinations and Syllabus of B.Ed., M.Ed. and M.A. Education programmes **(Annexure-10, page-277-676)** with effect from Academic Session 2024-25 onwards The same have also been approved through circulation in the meeting of UG/PGBOS and Faculty of Education respectively meetings held on 04/09/2024 and 06/09/2024.

Minutes of the UG/PGBOS and Faculty of Education are placed at- , **(Annexure-11, page-677-689)**

The case was put up to the Vice-Chancellor who after due consideration approved the same in anticipation of the approval of the Academic Council and further ordered that the same may be placed before the Academic Council in its ensuing meeting for information.

8. **To consider the proposal for making amendment under the Clause 19(1) (v) of the Statute of BPSMV Act, 31 of 2006 regarding inclusion of Two Principals of Women Colleges/Institute admitted to the privileges of the University on the basis of seniority by rotation in the Constitution of the Faculty.**

Statement of the Case:-

It is submitted that there is a provision under Statute 19(i)(v) of BPSMV, Act that two Principals from Women's Colleges/Institutes are to be nominated to each Faculty of BPSMV based on seniority by rotation.

The composition of Faculty is as under: - .

(i) *Dean of the Faculty- (Chairperson);*

(ii) *Chairman of the Departments included in that Faculty;*

(iii) *One Professor from each Department on the basis of seniority by rotation;*

(iv) *One reader and one lecturer appointed or recognized by the University in the Departments included in the Faculty by rotation according to seniority;*

(v) *Two Principals of Women colleges/Institutes admitted to the privileges of the University on the basis of seniority by rotation.*

It is pertinent to mention here that the University offers a range of specialized programme in fields such as Law, Engineering, Pharmaceuticals and Ayurveda , which are not offered by any of its affiliated Colleges. Consequently, the nominated principals often lack the expertise to participate effectively in discussion on these programme, as they fall outside their areas of specialization. Additionally, their nomination may lead to financial burdens and challenges in scheduling faculty meetings. In light of these observations a committee was constituted under the Convenership of the Dean Academic Affairs' vide letter no. BPSMV/Acad/24/4554-59 dated 06/09/2024 to review the Statute-19 of BPSMV, Act-2006.

Accordingly, as per recommendations of the Committee following amendments in the Clause 19(1) (v) of Statute of University Act have been proposed:

Statute 19(1) (v)	
Existing	**Proposed**
Two Principals of Women colleges/Institutes admitted to the privileges of the University on the basis of seniority by rotation.	Two Principals of Women colleges/Institutes admitted to the privileges of the University on the basis of seniority by rotation provided that the similar Programmes are being run in the concerned Women Colleges/Institutes.

As per Clause 3 of Section 23, **"The Academic Council may propose to the Executive council a draft of any Statue relating to academic matters for consideration by the Executive council."**

Further, as per clause 23 (4) every new statute or addition to the statute or amendment or repeal of statute shall require the approval of the Hon'ble Chancellor.

The recommendations of Committee was submitted to the Hon'ble Vice-Chancellor, who after due consideration, has ordered to place the same before the Academic Council for consideration and approval.

9. **To ratify the action taken by the Vice-Chancellor in approving the revised Scheme of Examination and Syllabus of BA/BBA LLB Programme 1st to 10th semester as per regulations of Bar Council of India after including three new criminal Laws namely (i) Bhartiya Nyaya Sanhita (ii) Bhartiya Nagrik Suraksha Sanhita (iii) Bhartiya Sakshya Adhiniyam in anticipation of the approval of the Academic Council.**

Statement of the case:-

The Department of Laws, BPSMV, Khanpur Kalan is running BA/BBALLB 5 years Course. In July 2024, the Legislature has introduced three new criminal Laws namely (i) Bhartiya Nyaya Sanhita (ii) Bhartiya Nagrik Suraksha Sanhita (iii) Bhartiya Sakshya Adhiniyam. As per the regulations of Bar Council of India, these laws will be replaced with old criminal laws. The detail are as under:-

Existing / old Criminal Laws	Proposed/ new criminal laws
BA/BBALLB 4th semester Paper code 1114 Law of Crime -1 (Indian Penal code)	BA/BBALLB 4th semester Paper code 1114 A Law of Crime -1 (Bhartiya Nyaya Sanhita)
BA/BBALLB 5th semester Paper code 1129 Law of Crime -11 (Criminal Procedure Code)	BA/BBALLB 5th semester Paper code 1129 A Law of Crime -11 (Bhartiya Nagrik Suraksha Sanhita)
BA/BBALLB 8th semester Paper code Law : 1140 (Law of Crime)	BA/BBALLB 8th semester Paper code Law 1140 A Bhartiya Sakshya Adhiniyam

On the recommendations of the UGBOS Department of Laws and Faculty concerned meeting held on 17/07/2024 and 23/08/2024 respectively, these three new laws as mentioned above have been included in the Scheme of Examinations and Syllabus of BA/BBALLB Programme with credit system of 5:1 (6) for old scheme running before Academic Session 2024-25 **(Annexure-12, Page-690-701)** and Scheme of Examinations and Syllabus with the inclusion of credit system of 4:1=(5) for news bathes for Academic Session 2024-25. **(Annexure-13, Page-702-1010)** Minutes of the UGBOS, Department of Law and Faculty of Law, are placed at- , **(Annexure-14 , page-1011-1015)**

The case was put up to the Vice-Chancellor who after due consideration approved the same in anticipation of the approval of the Academic Council and further

ordered that it be placed before the Academic Council in its ensuing meeting for information.

10. **To ratify the action taken by the Vice-Chancellor regarding implementation of guidelines of National Higher Education Qualifications Framework (NHEQF) issued by the UGC.**

Statement of the case:-

The University Grants Commission has issued the guidelines of National Higher Education Qualifications Framework (NHEQF) on 20th April 2023. **(Annexure-15, Page-1016-1022)** It is submitted that New Education Policy (NEP) announced in 2020 and University has adopted the same from the Academic Session 2024-25. The Dean Academic Affairs has proposed that these Guidelines of National Higher Education may be followed by the University in letter and spirit following approval from both the Academic Council and Executive Council.

The case was put up before the Vice-Chancellor who after due consideration has approved the same in anticipation of the approval of the Academic Council and further desired to refer the same to the Academic Council for ratification.

11. **To ratify the action taken by the Vice-Chancellor regarding updation in the Common Ordinance for 4 Year Under Graduate Programmes: Certificate, Diploma, 3 Year Degree, 4 Year Degree (Honours/Honours with Research) semester system under Learning Outcome Based Curriculum Framework-Choice Based Credit System (LOCF-CBCS) to be implemented from Academic Session 2024-25 in light of guidelines of National Higher Education Qualifications Framework (NHEQF) issued by the UGC on 20th April 2023 under clause no. 3,3.6,14.10.2,14.10.3 and 14.10.4.**

Statement of the case:-

On the recommendations of the Committee constituted under the Chaipersonship of the Dean Academic Affairs the Common Ordinance for 4 year Under Graduate Programmes: Certificate, Diploma, 3 Year degree, 4 year degree (Honours/ Honours with Research) Semester System Under Learning Outcome based Curriculum Framework – Choice Based Credit System (LOCF-CBCS) with effect from the academic session 2024-25 has already been approved vide Resolution no. 39 in

the 27th Academic Council held on 15.03.2024 and 79th meeting of Executive Council held on 08/04/2024.

In reference to the Guidelines of National Higher Education Qualifications Frame Work issued by the UGC. **(Annexure-15, Page-1016-1022)** the Common Ordinance required following updation :-

Clause	Existing Rule	Proposed Rule
3	A candidate who has passed Senior Secondary Certificate Examination (10+2 Standard) of the Board of School Education, Haryana; or any other examination recognized as equivalent thereto with at least 40% marks in aggregate with English as one of the subjects, shall be eligible to join First Semester of the UG Programme (NHEQF Level 5) subject to the following conditions: The ITI pass outs (with English qualified as additional subject at 10+2 level) are also eligible for seeking admission in First Semester of the UG Programme (Level 5) in Arts subjects. On the recommendations of the examiner in viva-voce report and the approval of the University Research Committee,the Notification and Provisional Degree have already been issued to the candidate by the Controller of Examinations after due approval of the Vice-Chancellor in anticipation of the approval of the Academic Council. The Vice Chancellor has further ordered to place the same before Academic Council for approval.

19. **To ratify the action taken by the Vice-Chancellor in anticipation of the approval of the Academic Council, to adopt the UGC guidelines on pursuing two academic programmes simultaneously.**

Statement of the case:-

In view of NEP 2020, to facilitate multiple pathways to learning involving both formal and non formal education mode the UGC has issued the guidelines permitting students to peruse two academic programmes simultaneously vide D.O. No. 1-6/2007 CPP-II New dated 31th April 2022. These guidelines have already been incorporated in Clause 18.2 of the Common Ordinance for Common Ordinance for 4 year Under Graduate programme:- Certificate, Diploma, 3 year Degree, 4 year Degree (Hons/Hons. with Research) Semester System Under Learning Outcome Based Curriculum Frame Work.

Choice Based Credit System (LOCF-CBCS) w.e.f. Academic Session 2024-25 These guidelines have been circulated to all the department/institute for implementation from the academic session 2024-25, vide letter No. BPSMV/Acad/24/5438-5440 dated 15/10/2024 **(Annexure-16, page-1023-24)**

Now, the Clause 18.2 of the Common Ordinance shall be perused as under:-

1. A student can pursue two full time academic programmes in physical mode provided that in such cases, class timings for one programme do not overlap with the class timings of the other programme.
2. A student can pursue two academic programmes, one in full time physical mode and another in Open and Distance Learning (ODL)/Online mode; or up to two ODL/Online programmes simultaneously.

3. Degree or diploma programmes under ODL/Online mode shall be pursued with only such HEIs which are recognized by UGC/Statutory Council/Govt. of India for running such programmes.
4. Degree or diploma programmes under these guidelines shall be governed by the Regulations notified by the UGC and also the respective statutory/professional councils, wherever applicable.
5 These guidelines shall come into effect from the date of their notification by the UGC. No retrospective benefit can be claimed by the students who have already done two academic programmes simultaneously prior to the notification of these guidelines.

The above guidelines shall be applicable only to the students pursuing academic programmes other than Ph.D. programme.

These UGC guidelines regarding permitting students to pursue two academic programmmes simultaneously from academic session 2024-25 onwards were put up before the Hon'ble Vice Chancellor for its implementation who after due consideration approved the same in anticipation of the approval of the Academic Council and desired to refer the same to the Academic Council for ratification.

20. **To ratify the action taken by the Vice-Chancellor Under Section 11 (6) of BPSMV, Act 2006 for increase of 10% Seats of total intake (60 Seats) i.e (06 Seats) in B.Com (Hons. and Hons. with Research) for the Academic Session 2024-25 only.**

Statement of the case:-

The Chairperson, Department of Commerce has submitted a proposal indicating that all 60 seats of B.Com (Hons. and Hons. with Research) have been filled in the Academic Session 2024-2025. Further, the department has received various requests from the students interested in admission to the B.Com (Hons. and Hons. with Research) 4 years programme running under NEP-2020. The Department has adequate infrastructure to accommodate the required increase in seats.

At that time the admission process was undergo and no additional facilities were required to increase the seats. In light of the upliftment of female students and academic growth of the University, the case was put up before the Vice-Chancellor for increase of 10% Seats of total intake (60 Seats) i.e. (06 Seats) for the Academic Session 2024-25. The Hon'ble Vice-Chancellor has considered the matter and

approved in anticipation of approval of Academic Council and ordered to place it in the upcoming Academic Council meeting, to ratify the same.

21. To consider the case for Registration of students in Ph.D. in Deptt. of Commerce.

Statement of the case:-

The students mentioned in the below list have successfully completed their Pre-Ph.D. Course Work in Deptt. of Commerce. The case has been duly approved by the Research Advisory Committee, Departmental Research Committee, Post-Graduate Board of Studies (PGBOS) and Deptt. Staff Council. The minutes of the RAC, DRC, PGBOS & DSC are enclosed at **(Annexure-17, page-1025-)1034** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidate alongwith the topic and name of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1.	Ms. Nancy D/o Sh. Bijender Kumar 2022041100042141	**Adoption of Self-Service Technologies among Quick Service Restaurants Customers**	Dr. Bhavna Sharma	26.07.2024
2.	Ms. Lakshaya D/o Sh. Sunil Kumar 2022041100042125	**Enrolment Trend, Satisfaction and Revisit Intention of International Students in Universities of Delhi-NCR for Higher Studies**	Dr. Bhavna Sharma	26.07.2024
3.	Ms. Meenakshi Yadav D/o Sh. Ajit Singh 2022041100042117	**Navigating the Road to Sustainable Development: Startups' Engagement and Challenges in Haryana**	Dr. Seema Malik	26.07.2024
4.	Ms. Kajal D/o Sh. Ramesh Jain 2019041100014195	**Upcycled and Second-hand Apparel: An Empirical Study of Awareness and Purchase Intention among Customers in Haryana**	Dr. Ishani Patharia	26.07.2024

The case of the above candidates was put up to the Hon'ble Vice-Chancellor who after due consideration ordered to place the same before the Academic Council for approval of the

Registration of above candidates to Ph.D. programme in Deptt. of Commerce w.e.f. 26.07.2024 i.e. date of meeting of PGBOS.

22. **To consider the case of Registration of students in Ph.D. in Deptt. of Social Work.**

Statement of the case

The students mentioned in the below list have successfully completed their Pre-Ph.D. Course Work in Deptt. of Social Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS) and Deptt. Staff Council. The minutes of the DRC, PGBOS & DSC are enclosed at **(Annexure-18, page-1035-1040)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1.	Ms. Arti D/o Sh. Anil Kumar 2019041100008836	Utilization of Social Security Schemes by Women Workers in the Agriculture Sector in Haryana	Dr. Gian Chand	18.07.2024
2.	KM Deepa D/o Sh. Yogendra Singh 2022041100042052	Entrepreneurship in Dairy Farming by the omen of Marginalized Sections in Haryana	Dr. Gian Chand	18.07.2024
3.	Ms. Kritika Singh Bawaniwal D/o Sh. Balwan Singh Bawaniwal 2022041100042067	Exploring the Spiritual Dimension in Social Work Education and Practice in India	Dr. Deepali Mathur	18.07.2024

The case of the above candidates was put up to the Hon'ble Vice-Chancellor who after due consideration ordered to place the same before the Academic Council for approval of the Registration of above candidate to Ph.D. programme in Deptt. of Social Work w.e.f. 18.07.2024 i.e. date of meeting of PGBOS.

23. To consider the case if Registration of student in Ph.D. in Deptt. of Economics.

Statement of the case:-

The student mentioned in the below list has successfully completed her Pre-Ph.D. Course Work in Deptt. of Economics. Her case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS) and Deptt. Staff Council. The minutes of the DRC, PGBOS & DSC are enclosed at **(Annexure-19, page-1041-1043)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidate alongwith the topic and name of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1.	Ms. Manisha D/o Sh. Satish Kumar 2022041100042075	Intention to Use Solar Rooftops for Cooking: A Study of Rural Households in Haryana	Dr. Anju Rani	24.09.2024

The case of the above candidate was put up to the Hon'ble Vice-Chancellor who after due consideration ordered to place the same before the Academic Council for approval of the Registration of above candidate to Ph.D. programme in Deptt. of Economics w.e.f. 24.09.2024 i.e. date of meeting of PGBOS.

24. To consider & approve the new Gazette notification of PG course in Ayurveda published by NCISM on dated 04.10.2024.

In this regard, the emergent meeting of college council, UG BOS & Faculty of Ayurvedic Medicine were held on dated.12.2.2024, 13.8.2024 & 12.12.2024 and all the bodies resolved that above mentioned Gazette notification and academic calendar be adopted in toto being mandatory guideline to grant approval for

admission in P.G. in Ayurveda course (M.D. Ayurveda course) from the apex body NCISM, Ministry of AYUSH. The minutes of the same are attached here with. **(Annexure-21, page-1231-1234)**

Therefore the matter was submitted to the Vice-Chancellor. After due consideration, She has ordered to place the same before the next meeting of Academic Council and Executive Council for approval please.

25. To consider the case of Registration of the following students in Ph.D. in Deptt. of Commerce

A proposal for placing the agenda of the following students has been received from the Chairperson, Department of Commerce. These students have successfully completed their Pre-Ph.D. Course Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS). The minutes of the meeting of DRC, PGBOS are enclosed at **(Annexure-22, page-1235-1246)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1	Ms Seema Rani	Antecedents and Consequences of Technology Assisted Mindfulness Meditation	Dr Bhawna Sharma	05/12/24
2	Ms Aarti	Empowering Sustainable Choices: Harnessing Emotional Intelligence for Informed Consumption	Dr Bhawna Sharma	05/12/24
3	Ms Ashu	An Empirical Study of Customer Behaviour: Exploring Awareness and Purchase Intention of Wearable Payment Devices	Dr. Seema Malik	05/12/24

The case of the above candidates was submitted to the Hon'ble Vice-Chancellor who after due consideration has desired to place the same before the Academic Council for approval.

26. **To consider the case of Registration of the following students in Ph.D. in Deptt. of Electronics and Communication Engineering.**

A proposal for placing the agenda of the following students has been received from the Chairperson, Department of Electronics and Communication Engineering. These students have successfully completed their Pre-Ph.D. Course Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS). The minutes of the meeting of DRC, PGBOS are enclosed at **(Annexure-23, page-1247-1256)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

Sr. No.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1	**Ms. Anupriya (Roll no 23141001, PRN No. 2014041100013855),**	**Design, Analysis and Performance Evaluation of Low Power, Energy Efficient Multi-Valued Logic Circuits**	**Dr. Rajender Kumar**	15/01/25
2	**Ms. Nidhi (Roll No 23141002, PRN No. 202304110041935)**	**Performance Analysis of Optical Millimeter Wave Generation Scheme for Future Communication Network**	**Dr. Sandeep Dahiya**	15/01/25
3	**Ms. Rekha (Roll no 23141003, PRN No. 2023041100041943)**	**Intelligent Modeling and Design of Hybrid Renewable Energy System Ensuring Sustainable Green Energy Solution**	**Dr. Priyanka**	15/01/25

The case of the above candidates was submitted to the Hon'ble Vice-Chancellor who after due consideration has desired to place the same before the Academic Council for approval.

27. **To consider the case of Registration of Ms. Ritu to Ph.D. programme in Deptt. of Hotel Management**

A proposal for placing the agenda of the following students has been received from the Chairperson, Department of Hotel Management. The student has successfully completed her Pre-Ph.D. Course Work. The case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS). The minutes of the meeting of DRC, PGBOS are enclosed at **(Annexure-24, page-1257-1259)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidate alongwith the topic and names of the Supervisor is as follows:

Sr. No.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1	Ms. Ritu	Factors Affecting Customer's Impulse Buying Behaviour towards Food and Beverage Products in the Hospitality Industry	Dr. Pankaj Mishra	7.10.2024

The case of the above candidates was submitted to the Hon'ble Vice-Chancellor who after due consideration has desired to place the same before the Academic Council for approval.

28. **To consider the case of Registration of the following students in Ph.D. in Deptt. of Physics**

A proposal for placing the agenda of the following students has been received from the Chairperson, Department of Physics. These students have successfully completed their Pre-Ph.D. Course Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS). The minutes of the meeting of DRC, PGBOS are enclosed at **(Annexure-25, page-1260-1269)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval

of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

Sr. No.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1	Ms Madhu Rani	**"Microstructural, Thermal, Electrical Characterization and Application of Polyaniline and its Composites"**	Dr. Asha, Associate Professor, Physics	14/01/25
2	Ms Sanju	**"Impact of Composite formation on Structural, Thermal, Electrical Characterization and Application of Conducting Polymer"**	Dr. Asha, Associate Professor, Physics	14/01/25
3	Ms Pushpal Ruhal	**Dynamics of Fusion Process and Quasi-elastic Scattering Process**	Dr. Suman, Associate Professor, IHL	14/01/25
4	Ms Samiksha	**Investigations on Fusion Dynamics of Stable Nuclei in Medium Mass Regions**	Dr. Suman, Associate Professor, IHL	14/01/25

The case of the above candidates was submitted to the Hon'ble Vice-Chancellor who after due consideration has desired to place the same before the Academic Council for approval.

29. To consider the case of Registration of the following students in Ph.D. in Deptt. of Management Studies

A proposal for placing the agenda of the following students has been received from the Chairperson, Department of Management Studies.These students have successfully completed their Pre-Ph.D. Course Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS). The minutes of the meeting of DRC, PGBOS are enclosed at **(Annexure-26, page-1270-1272)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the

Academic Council for approval of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1	Ms. Niku	Impact of Psychological Contract on Organisational Citizenship Behaviour and Work Centrality in Higher Education Institutes in NCR	Prof. Ipshita Bansal	14/12/24
2	Ms. Sunita	Impact of Microfinance on Political, Social and Economic Empowerment of Women in Rural Haryana	Prof. Shweta Singh	14/12/24
3	Ms. Rimpy	Transformative HRM: Role of AI in Improving Employee Experience and Work Performance	Prof. Ipshita Bansal	14/12/24
4	Ms. Prachi Nirwal	Sustainable Business Practices as Antecedent of Firm Performance: A Study of MSMEs	Dr. Anshu Bhardwaj	14/12/24
5	Ms. Himanshi	Factors Affecting Green Gap between Purchase Intention and Purchase Decisions	Dr. Kapil Kumar	14/12/24
6	Ms. Aarti Dagar	Role of Remote Work on Employer Branding and Employee Retention	Dr. Krishan Kumar	14/12/24
7	Ms. Sonia	The Impact of Social Media Influencers on Shaping Online Impulse Buying Behaviour	Dr. Meenakshi Katyal	14/12/24
8	Ms. Pinki	Customer Perception towards Private Label Electronics Brands: A Comparative Study of Offline and Online Retail Market	Dr. Meenakshi Katyal	14/12/24

9	**Ms. Ritu**	**Financial Implications of Venturing into EV Segment: A Study of Indian Auto Firms and Consumers**	**Dr. Krishan Kumar Co-supervisor- Dr. Manju Saroha**	14/12/24
10	**Ms. Preety Devi**	**Role of Effectuation in Shaping the Relationship Between Entrepreneurial Orientation and Performance: A Study of MSME sector**	**Dr. Anshu Bhardwaj**	14/12/24
11	**Ms. Pooja**	**Role of Green Marketing Affecting Consumer Purchase Behaviour in Apparel Industry**	**Prof. Ipshita Bansal**	14/12/24
12	**Ms. Manisha Devi**	**Financial Performance of Foreign Bank in India: A Study of Machine Learning Model**	**Dr. Krishan Kumar**	14/12/24

The case of the above candidates was submitted to the Hon'ble Vice-Chancellor who after due consideration has desired to place the same before the Academic Council for approval.

30. To consider and approve the recommendations of the committee constituted regarding amendment in the rules of University Research Scholarship

Statement of the Case

At present the University Research Scholarship (URS) rules have been approved by the concerned statutory body of the university. Now the UGC has issued latest guidelines regarding Ph.D, Moreover the Ph.D ordinance of the university has also amended and approved recently.

Keeping in view of above, it was felt that the existing URS rules need to be amended. The matter was considered by the higher authority and a committee of the following was constituted:

1 Dean Academic Affair
2 Director Research
3 DR/AR (R & S)

The meeting of the committee was held on 03/01/25 and URS rules have been amended by the committee in the light of the latest UGC guidelines **(Annexure-27, page-1273)**

The case was submitted to Hono'ble Vice-Chancellor who after due consideration has desired to place the same before Academic Council for approval.

31. **To consider and approve the outcome –Based Curriculum for MD/MS Ayurveda (Prescribed by NCISM) for the MSM Institute of Ayurveda.**

Statement of the case:-

The MSM Institute of Ayurveda has been granted permission of admission to the PG Programmes (M.D. Ayurvrda) for the Academic Session 2024-25. The programmes are having intake of 04 seats in the Kayachikitsa Department and 04 seats in the Department of Dravyaguna. The admission have been made on 04 seats in the Kayachikitsa and 03 seats in Dravyaguna.

As per the new MSER guidelines of NCISM, the PG Ayurveda Syllabus outcome based dynamic curriculum for MD/MS Ayurveda (Prescribed by NCISM) is spanning into the semesters. The first semester, spanning six months is scheduled from November, 11, 2024 to April 11,2025. **(Annexure-28, Page-**1274-1471) and is to be mandatorily followed in toto by the MSM Institute of Ayurveda, BPSMV, Khanpur Kalan.

The PG BOS, MSM Institute of Ayurveda in its meeting held on 11/12/2024 and Faculty of the Ayurvedic Medicine in its meeting held on 12/12/2024 has approved the scheme of examination and syllabus of the PG Ayurveda (MD/MS Ayurveda) (Prescribed by NCISM)) with effect from 2024-25.

The minutes of PG BOS of MSM Institute of Ayurveda and the minutes of the Faculty of Ayurvedic Medicine are placed at **(Annexure-30, page-**1472-1479).

The case duly forwarded by the Principal, MSM, Institute of Ayurveda was put up to the Vice-Chancellor, who after due consideration, has ordered that the same be placed before the Academic Council for approval.

32. Any other item.

14/02/25
Registrar

SUPPLEMENTARY AGENDA FOR THE 29th MEETING OF THE ACADEMIC COUNCIL SCHEDULED TO BE HELD ON 28/02/2025 AT 11:00 A.M. THROUGH BLENDED MODE (OFFLINE AND ONLINE), IN CONFERENCE HALL, ADMINISTRATIVE BLOCK, BPS MAHILA VISHWAVIDYALAYA, KHANPUR KALAN (SONEPAT), HARYANA.

32. **To consider and approve a minor revision of the Scheme of Examination and Syllabus of Ph.D Electronics and Communication Engineering (ECE) with effect from Academic Session 2025-26.**

Statement of the case:-

The PGBOS Department of Electronics and Communication Engineering in its meeting held on 15/01/2025 and Faculty of the Engineering and Technology in its meeting held on 23/01/2025 have approved the minor revision of the scheme of examination and syllabus Ph.D. Electronics and Communication Engineering (ECE) **(Annexure-30, page-1480-1504)** with effect from Academic Session 2025-26.

The minutes of PG BOS of Department of Electronics and Communication Engineering and the minutes of the Faculty of Engineering and Technology are placed at **(Annexure-31, page-1505-1514).**

The case duly forwarded by the Dean Faculty of Engineering and Technology was put up to the Vice-Chancellor, who after due consideration, has ordered that the same be placed before the Academic Council for its approval.

33. **To consider and approve Syllabus of Bachelor of Computer Application Programme (Honours) Interdisciplinary 3rd semester to 8th semester under National Education Policy – 2020.**

Statement of Case:

A Memo No. DHE-170005/5/2023- Deputy Director-NPE Dated 8th June 2023 was received from the Department of Higher Education regarding implementation of key components of NEP 2020 in colleges and universities. The Scheme of Examinations 1st to 8th semester and Syllabus of 1st and 2nd semester has already been approved by the 27th meeting of the Academic Council held on 15/03/2024.

Accordingly, the Syllabus of 3rd to 8th semester of Bachelor of Computer Application Programme (Honours) interdisciplinary Programme was approved by the UG BOS Department of CSE&IT in its meeting held on 27/08/2024and Faculty of Engineering and Technology in its meeting held on 23/10/2024. **(Annexure-32, Page-1515-1590)** The

minutes of the UG BOS Department of CSE&IT and Faculty of Engineering and Technology are placed at **(Annexure-33, Page-1591-1595)**

The student is required to opt major, minor, multidisciplinary, Ability Enhancement Courses (AEC), Value Added Courses (VAC) and Skill Enhancement Courses (SEC) in accordance with Concerned Curriculum and Credit Framework (CCFUGP) mentioned in the common ordinance of undergraduate programme.

The case was placed before the Vice-Chancellor who after due consideration has desired that the same be placed before the Academic Council for consideration.

34. To consider the case of Registration of the following students in Ph.D. in BPS Institute of Higher Learning.

A proposal for placing the agenda of the following students has been received from the Dean Faculty of Sciences. These students have successfully completed their Pre-Ph.D. Course Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS). The minutes of the meeting of DRC, PGBOS are enclosed at **(Annexure-34, Page-1596-1600)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1	Mahima Kumari D/o Karan Singh	Nutritional, Phytochemical Assesment of Giloy (*Tinospora Cordifolia*) and its utilization in Value Added Food Products	Dr. Parvinder Kaur Dr. Veena	22/01/25
2	Ramni Purnima Katyal D/o Rajender Katyal	Nutritional Phytochemical Analysis of Underutilized Medicinal Plants and their Utilization in Product Development	Dr. Nutan Dr. Veena	22/01/25
3	Neeru	Nutritional, Antioxidant and Antibacterial activity of *Acacia nilotica* bark powder and its utilization in food products.	Dr. Nutan	22/01/25
4	Aayushi	Nutritional and antibacterial activity of *Butea monosperma* flower, leaf powder and their products.	Dr. Parvinder Kaur	22/01/25

5	Swati Malik	Effect of selected spice extracts on stability of hydrogenated vegetable oil.	Dr. Nutan	22/01/25
6	Shabnam	Nutritional and Phytochemical properties of *Mangifera indica* kernel and its utilization in food products.	Dr. Parvinder Kaur	22/01/25
7	Kapila Bajaj	Development and nutritional evaluation of ready to cook moong microgreen powder supplemented products.	Dr. Parvinder Kaur Dr. Veena	22/01/25

The case of the above candidates was submitted to the Hon'ble Vice-Chancellor who after due consideration has desired to place the same before the Academic Council for approval.

35. To consider the case of Registration of students in Ph.D. in Deptt. of CSE/IT.

The students mentioned in the below list have successfully completed their Pre-Ph.D. Course Work in Deptt. of Social Work. Their case has been duly approved by the Departmental Research Committee, Post-Graduate Board of Studies (PGBOS) and Deptt. Staff Council respectively. The minutes of the DRC, PGBOS & DSC are enclosed at **(Annexure-35, page-1601-1604)** As per Ph.D. Ordinance of BPSMV Khanpur Kalan, the case is to be placed before the Academic Council for approval of the registration. The details of the candidates alongwith the topic and names of the Supervisor is as follows:

S. N.	Name of the Candidate	Title	Name of the Supervisor	Date of meeting of PGBOS
1.	Ms.Nisha 2023041100041517	Designing Deep Learning based Crime Prediction Model(s).	Dr. Vinod Kr. Saroha	03.12.24
2.	Ms. Punerva 2023041100041525	Design of Machine Learning based technique(s) for detection and prevention of phishing.	Prof. Ajit Singh	03.12.24
3.	Ms. Saya 20230411000415	Enhancement of security using Deep Learining Model(s) for Io T Networks.	Prof. Ajit Singh	03.12.24

	33			
4.	Ms. Meenakshi Gahlawat 20230411000415 41	Design of Deep Learning based Technique(s) for Load balancing in Cloud Envionment.	Dr. Vinod kumar Kr.Saroha	03.12.24

The case of the above candidates was put up to the Hon'ble Vice-Chancellor who after due consideration ordered to place the same before the Academic Council for approval.

36. To consider and approve the Scheme of Examinations and Syllabus of Physics, Chemistry, Mathematics, Computer Science, Zoology, Botany and Home Science for 2nd and 3rd year for the Programme Bachelor of Physical Science, Bachelor of Life Science, Bachelor of Home Science (interdisciplinary) and Bachelor of Arts Multidisciplinary(Home Science) for the Academic Session 2025-26 in accordance with New Education Policy (NEP) 2020.

Statement of the case:-

BPSMV had implemented the NEP-2020 from the Academic Session 2024-25 and framed the Scheme of Examinations and Syllabus of 1st year for UG Programme. Now, the Scheme of Examinations and Syllabus of Physics, Chemistry, Mathematics, Computer Science, Zoology, Botany and Home Science for 2nd and 3rd year for the Programme Bachelor of Physical Science, Bachelor of Home Science (Interdisciplinary) and Bachelor of Life Science and Bachelor of Arts Multidisciplinary (Home Science) for the Academic Session 2025-26 have been received from the Dean Faculty of Sciences. All the Scheme of Examinations and Syllabus have also been approved by the UGBOS in its meeting held on 20/12/2024 and the Faculty of Sciences in its meeting held on 20/12/202430/01/2025 **(Annexure-36, Page-1605-1624, 1625-1646, 1647-1684, 1685-1702, 1703-1727, 1728-1751, 1752-1777, 1778-1798).**

The minutes of UG BOS and the Faculty of Sciences is placed at **(Annexure-37, page-1799-1805).**

On the request of the Dean Faculty of Sciences the proposal was put up to the Vice-Chancellor for consideration and she after due consideration has desired that the same be placed before Academic Council for kind consideration.

37. **To ratify the action taken by the Vice-Chancellor regarding approving the Scheme of Examination and Syllabus of Ph.D. Course work under Faculty of Commerce and Management with effect from Academic Session 2024-25 in anticipation of the approval of the Academic Council.**

Statement of the case:-

The Faculty of the Commerce and Management in its meeting held on 20/01/2025 has approved the scheme of examination for syllabus and Ph.D Course work **(Annexure-38 , page-1806-1815)** with effect from 2024-25.

The minutes of the Faculty of Commerce and Management are placed at **(Annexure-39, page-1816-1821).**

The case duly forwarded by the Dean Faculty of Commerce and Management was put up to the Vice Chancellor who after due consideration has approved the same in anticipation of the approval of the Academic Council and desired to refer the same to the Academic Council for ratification.

38. **To ratify the action taken by the Hon'ble Vice- Chancellor regarding the approval of the Introduction of Statistics as a Minor Subject in Bachelor of Physical Science (Multidisciplinary) programme.**

Statement of the Case:-

The New Education Policy-2020 has already been implemented from the Academic Session 2024-25 in our University. A Memo No GCWS/2024/1430 from Govt. College for women, Madlauda, Panipat was received requesting the inclusion of Statistics as Minor Subject in place of Mathematics for Bachelor of Physical Science (Multidisciplinary) programme. The matter was furher discussed by the Concerned Committee of Govt. College for women, Madlauda, Panipat with the Dean Academic Affairs . It was observed that due to a shortage of teaching Staff, GCW-M had offered the Mathematics subject as both Major and Minor subjects which violates the Common Ordinance of the 4 year UG Programme .

In light of students' career prospects Statistic Subject has been offered as Minor subject in place of Mathematics for Bachelor of Physical Science. The syllabus was prepared by the officials of Govt. College for women, Madlauda, Panipat subsequently verified, updated and approved by the Dean Faculty of Sciences.. **(Annexure-40, Page-1822-23).**

The case regarding Introduction of Statistics as Minor Subject in Physical Sciences (Multidisciplinary) programme was placed before the Vice-Chancellor for approval who after due consideration has desired that the same be placed before the Academic Council for ~~consideration~~ ratification.

39. **To ratify the action taken by the Vice-Chancellor to approve the revised Scheme of Examination and Syllabus of BBA Programme with effect from Academic Session 2024-25 in anticipation of the approval of the Academic Council.**

Statement of the case:-

The UG BOS, Department of Management Studies in its meeting held on 14/09/2024 and Staff Council in its meeting held on 11/09/2024 has approved the revised scheme of examination and syllabus BBA Programme **(Annexure-41, page-1824-1852)** with effect from 2024-25.

The minutes of UG BOS of Department of Management Studies and Staff Council are placed at **(Annexure-42, page-1853-1854).**

The case duly forwarded by the Chairperson Department of Management Studies was put up to the Vice Chancellor who, after due consideration approved the revision in anticipation of the approval of the Academic Council and has referred to the same to the Academic Council for ratification.

40. **To consider and approve the proposed amendments to the Clauses 9 (b) (v) and (vi) , 11 (II) (a) and (b), 14 (II) (IV), (a,b,c), 19 (I0 (v), 30 (2) (iv) and 30 (2) (vi) and 30 (3) (iv) of the BPSMV Act, 31 of 2006 regarding the inclusion of Faculty Member from Maintained/ Constituent Colleges of the University in all the Statutory Bodies including University Court, Executive Council, Academic Council, Faculties, PGBOS and UGBOS respectively.**

Statement of the Case:-

Currently, there is no provision for inclusion of Faculty member from the Institute of Higher Learning in the University's Statutory Bodies such as University Court, Executive Council, Academic Council, Faculties, PGBOS and UGBOS respectively.

To address this gap, the amendments are proposed to include faculty members from maintained/ Constituent Colleges of the University into all Statutory bodies:. The proposed modification to the Clauses 9 (b) (v)and (vi) , 11 (II) (a) and (b), 14 (II) (IV), (a,b,c), 19 (I) (v), 30 (2) (iv) and 30 (3) (iv) of the BPSMV Act, 31 of 2006 are outlined as under :

Statute 9(b) (v) and (vi) related to constitution of University Court

Existing	Proposed
(v) one principal to be elected from amongst themselves by the principals holding their posts in substantive capacity in colleges, other than colleges of education, included in each of the four zones to be demarcated by the vice-Chancellor;	(v) one principal to be elected from amongst themselves by the principals holding their posts in substantive capacity in colleges **and constituent/maintained colleges**, other than colleges of education, included in each of the four zones to be demarcated by the vice-Chancellor;
(vi) four teachers other than principals to be elected from amongst themselves by the teachers holding their posts in a substantive capacity in colleges included in each of the four zones to be demarcated by the vice-Chancellor: Provided that not more than one teacher under this sub-clause, shall belong to any one college;	(vi) four teachers other than principals to be elected from amongst themselves by the teachers holding their posts in a substantive capacity in **Women colleges and constituent/maintained colleges** included in each of the four zones to be demarcated by the vice-Chancellor: Provided that not more than one teacher under this sub-clause, shall belong to any one college;

Statute 11 (II) (a,b) related to constitution of Executive Council

Existing	Proposed
(a) two principals (other than the Deans of Faculties) of women colleges, by rotation, on the basis of seniority by age;	(a) two principals (other than the Deans of Faculties) of women colleges **and constituent/maintained colleges**, by rotation, on the basis of seniority by age;
(b) one teacher (other than a principal) of a college to be elected by the members of the Court from amongst themselves;	(b) one teacher (other than a principal) of a **Women college and constituent/maintained colleges** to be elected by the members of the Court from amongst themselves;

Statute 14 (II) (iv) related to constitution of Academic Council

Existing	Proposed
(iv) one principal and three teachers to be elected from amongst themselves by the principals and teachers respectively, holding their posts in substantive capacity in the colleges included in each of the constituencies mentioned	(iv) one principal and three teachers to be elected from amongst themselves by the principals and teachers respectively, holding their posts in substantive capacity in the **Women colleges and constituent/maintained colleges** included in each of the constituencies

below:- (a)Government Colleges for Women, other than the Women Colleges of Education; (b) Colleges of Education; (c) Non- Government Women Colleges, other than the Women Colleges of Education, in Each of the four zones to be demarcated by the Vice-Chancellor;	mentioned below:- (a)Government Colleges for Women, other than the Women Colleges of Education; (b) Colleges of Education; (c) Non- Government Women Colleges, other than the Women Colleges of Education, in Each of the four zones to be demarcated by the Vice-Chancellor
Statute 19(1) (v) related to constitution of Faculties	
Existing	**Proposed**
Two Principals of Women colleges/Institutes admitted to the privileges of the University on the basis of seniority by rotation.	Two Principals of Women colleges/Institutes **and constituent/ maintained colleges** admitted to the privileges of the University on the basis of seniority by rotation provided that the similar Programmes are being run in the concerned Women Colleges/Institutes **and constituent/maintained Colleges**.
Statute 30(2) (iv) related to constitution of UGBOS	
Existing	**Proposed/Amended**
(iv) Six Teachers (including Principals) of under–graduate Courses from the women college in the subject concerned, to be nominated by the Vice-Chancellor, by rotation, according to seniority, to be determined by the length of under graduate teaching experience ensuring that there is not more than one such member from any one such College: Provided that no such teacher shall be nominated for two consecutive terms: Provided further that a teacher who has been nominated as a member of	(iv) Six Teachers of under –graduate courses from the women colleges **and constituent/maintained colleges** in the subject concerned, to be nominated by the Vice-Chancellor, by rotation, according to seniority, to be determined by the length of under graduate teaching experience ensuring that there is not more than one such member from any one such College: The Principal of the Constituent College shall be nominated by the Vice-Chancellor in addition to above teachers.

Faculty shall not be nominated under this sub –clause;	

Statute 30(3) (iv) related to constitution of PGBOS	
Existing	**Proposed**
(iv) Two teachers including the Heads of the Post-Graduate Departments in women colleges admitted to the privileges of the University in the subject concerned with at least ten years teaching experience, out of which five years shall be as a Post-Graduate Degree teacher, to be nominated by the Vice-Chancellor, by rotation according to seniority to be determined by the length of Post-Graduate teaching experience: Provided that if the number of women colleges having Post-	(iv) two teachers including the Heads of the Post-Graduate Departments in women colleges **and constituent/maintained colleges** admitted to the privileges of the University in the subject concerned with at least ten years teaching experience, out of which five years shall be as a Post-Graduate Degree teacher, to be nominated by the Vice-Chancellor, by rotation according to seniority to be determined by the length of Post-Graduate teaching experience:

Graduate Department is more than six, then one more teacher of the subject concerned shall be nominated but not more than one such member shall be from the same college;	

The above proposal was submitted to the Vice-Chancellor for approval who after due consideration has ordered to place the same before the Academic Council for consideration and approval.

41. To ratify the action taken by the Vice-Chancellor regarding the Syllabus of SEC-(B-SEC-112) "Yoga awam Vyaktitv Vikas" and to add this subject in University Pool of SEC-Courses, under National Education Policy- 2020.

Statement of the Case:

A proposal Vide CFMS No. 7598 from Principal, Institute of Higher Learning was received to approve the syllabus of SEC-(B-SEC-112) "Yoga awam Vyaktitv Vikas"., under National Education Policy- 2020. **(Annexure-43, page-1855-1857).** Since, this course is already being taught at BPSIHL. It was proposed to add this subject to the University Pool of SEC-Courses, as the said Course has already been taught in the BPSIHL (B.A. programme 1st semester).

The scheme and syllabus of SEC-(B-SEC-112) "Yoga awam Vyaktitv Vikas" were prepared by the Adhoc Committee constituted by the Vice-Chancellor under the Dean Faculty of Arts and Languages in according to NEP- 2020.

The case duly forwarded by the Principal, Institute of Higher Learning was put up to the Vice Chancellor who, after due consideration has approved it in anticipation of the approval of the Academic Council and desired to refer the same to the Academic Council for ratification

42. To consider and approve the uniformity in MDC Course codes in the Common Pool of 4 years UG Programme in accordance with New Education Policy (NEP) 2020.

Statement of the case:-

It has been observed that the Course codes of Multi-Disciplinary Course (MDC) are not symmetrically in the Common Pool/Scheme of 4 year UG Programmes. It will create confusion regarding reflection of types of Courses in student's DMCs.

Accordingly, in order to make uniformity in the common pool Courses, on the request of the Controller of Examinations the MDC codes were re-examined by the Dean Academic Affairs BPSMV, Khanpur Kalan. As per the suggestions of the Dean Academic Affairs the following common format will be adopted:-

For the semester 1st–B-SUB-MDC1- numeric value e.g. (B-ENG-MDC1-101).

For semester 2nd –B-SUB-MDC2 numeric value e.g. (B-ENG-MDC2-201).

For semester 3rd –B-SUB-MDC3 numeric value e.g. (B-ENG-MDC3-301).

The proposal was put up to the Vice-Chancellor for approval and she after due consideration has desired that the same be placed before Academic Council for kind consideration.

43. **To ratify the action taken by the Vice-Chancellor regarding approving the revision of Syllabus in subject of Physics for minor Course (1st and 2nd Semester) for Bachelor of Physical Science with effect from Academic Session 2024-25 in anticipation of the approval of the Academic Council.**

Statement of the Case:-

It has come to the notice of Dean Faculty of Sciences that syllabus in subject of Physics for minor course (1st semester and 2nd semester) **(Annexure-44, page-1858-1859)** for Bachelor of Physical Science needs some revision whereas the Course code, Name of Course, Credits and other instructions will remain unchanged. The revised Syllabus will be implemented w.e.f. Academic Session 2024-25. Now, the revised Syllabus in subject of Physics for minor Course (1st and 2nd Semester) for Bachelor of Physical Science has also been approved by the UGBOS in its meeting held on 26/07/2024 and the Faculty of Sciences in its meeting held on 06/08/2024.

The details of revised Syllabus of the following two courses are as under:-

1. Elementary Mechanics (B-PHY-102)
2. Semiconductor Devices (B-PHY-202)

The minutes of UG BOS and the Faculty of Sciences is placed at **(Annexure-45, page-1860-1863).**

The case duly forwarded by the Dean Faculty of Sciences was put up to the Vice Chancellor who after due consideration has approved the same in anticipation of the approval of the Academic Council and desired to refer the same to the Academic Council for ratification.

44. To consider and approve the syllabus of SEC-01 "Basic of IT Tools" for the single Major Geography programme and to add this subject to the University Pool of SEC-Course., under National Education Policy- 2020.

Statement of the Case:

A Memo No GCWS/2024/485 dated 16/05/2024 received from the Principal, Govt. College for women, Sonepat was received to prepare scheme and syllabus of SEC-01 "Basic of IT Tools" for the single major Geography programme **(Annexure-46, page-1864)**and to include this subject in University Pool of SEC-Courses, under National Education Policy- 2020. The Chairperson Department of Geography has prepared the scheme and syllabus of SEC-01 "Basic of IT Tools" according to NEP- 2020.

The case was placed before the Vice-Chancellor who after due consideration desired that the same be placed before the Academic Council for consideration.

45. To ratify the action taken by the Vice-Chancellor regarding the proposal to start Ph.D. programme in the Department of History and Archaeology including the Scheme of Examination and Syllabus from the Academic Session 2024-25.

Statement of the case:-

The In-charge, Department of History and Archaeology has submitted a proposal to start Ph. D. program in History and Archaeology from the Academic Session i.e. 2024-2025 duly recommended by the PGBOS, Staff Council and Faculty concerned. The scheme & syllabus **(Annexure-47, page-1865-1870)** of Pre Ph. D. Programme have also been approved by the concerned PGBOS in its meeting held on 24/07/2024 & by the Faculty of Social Sciences in its meeting held on 15/10/2024..

The minutes of PG BOS of the Department of History and Archaeology and the minutes of the Faculty of Social Sciences are placed at **(Annexure-48, page-1871-1878).**

The case was put up to the Vice Chancellor who, after due consideration has approved it in anticipation of the approval of the Academic Council and desired to refer the same to the Academic Council for ratification.

46. To consider and approve the revised Scheme of Examination of B.A. Hons with Research in Economics and four year B.A. Economics (Multidisciplinary) programme alongwith the Syllabus for these Programme for B.A. Hons with

Research in Economics and four year B.A. Economics (Multidisciplinary) programme 2nd and 3rd year Department of Economics as per NEP-2020 with effect from Academic Session 2024-25.

Statement of the case:-

The UGBOS Department of Economics in its meeting held on 18/01/2025 and Faculty of the Social Sciences in its meeting held on 13/02/2025 has approved the revised Scheme of Examination of B.A. Hons with Research in Economics and four year B.A. Economics (Multidisciplinary) programme and Syllabus of programme B.A. Hons with Research in Economics and four year B.A. Economics (Multidisciplinary) programme 2nd and 3rd years in Department of Economics as per NEP-2020 with effect from Academic Session 2024-25 **(Annexure-49, page-1879-1923, 1924-1948).**

The minutes of the UGBOS Department of Economics and Faculty of Social Sciences are placed at **(Annexure-50, page-1949-1951).**

The case duly forwarded by the Chairperson Deptt. of Economics was put up to the Vice Chancellor for consideration and she after due consideration has ordered that the same be placed before Academic Council for kind consideration and approval.

47. **To consider and approve the Ordinance, Scheme of Examinations and Syllabus of M.A. Psychology programme with effect from Academic Session 2024-25.**

Statement of the case:-

The Faculty of the Social Sciences in its meeting held on 31/01/2025 has approved the Ordinance, Scheme of Examinations and Syllabus of M.A. Psychology programme (1st year) **(Annexure-51, page-1952-1978**) with effect from 2024-25.

The minutes of Faculty of Social Sciences are placed at **(Annexure-52, page-1979-1984).**

The case duly forwarded by the Chairperson Deptt. of Psychology was put up to the Vice Chancellor for consideration. She after due consideration has ordered that the same be placed before Academic Council for kind consideration and approval.

48. **To Discuss and approve the Common Ordinance ~~for Common Ordinance~~ for Postgraduate Programmes (Master Degrees and Postgraduate Diploma) based on NEP-2020 Curriculum & Credit Framework for Postgraduate Programmes (CCFPG)**

Learning Outcomes-based Curriculum Framework with Choice Based Credit System (LOCF-CBCS) (w.e.f. Academic Session 2025-26.

The Common Ordinance for Postgraduate Programmes (Master Degrees and Postgraduate Diplomas) based on NEP-2020 Curriculum & Credit Framework for Postgraduate Programmes (CCFPG) Learning Outcomes-based Curriculum Framework with Choice Based Credit System (LOCF-CBCS) to be implemented from Academic Session 2025-26 has been discussed in the meeting of Deans and chairpersons, held on 09.01.2025 under the Chairpersonship of the Vice-Chancellors.

As resolved, the chairpersons were once again requested to present the CCFPG to their respective Department councils for discussion and submit any observations on or before 15th January 2025. Observations/resolutions from the Departments of Political Science, Physical Education, Chemistry, Physics, Education, and Social Work have been received, and relevant feedback has been incorporated into this ordinance.

The revised CCFPG is submitted for the Vice-Chancellor's kind consideration and may be placed before the Academic and Executive Councils for discussion and approval, please. (Annexure-i)

It is pertinent to mention here that the revised information regarding Appendix – I of the CCFPG i.e. Eligibility for Postgraduate Programmes has not been received from any of the concerned UTDs. The Academic branch may be instructed to collect the information and append the same in the CCFPG document.

The case was placed before the Vice-Chancellor who after due consideration desired that the same be placed before the Academic Council for consideration.

49. **To rectify discrepancies in Common Ordinance for 4 Year Under Graduate Programmes: Certificate, Diploma, 3 Year Degree, 4 Year Degree (Honours/Honours with Research) Semester System Under Learning Outcome Based Curriculum Framework- Choice Based Credit System (LOCF-CBCS).**

The Common Ordinance for Postgraduate Programmes based on NEP-2020 Curriculum & Credit Framework for Undergraduate Programmes (CCFUG) Learning Outcomes-based Curriculum Framework with Choice Based Credit System (LOCF-CBCS) has been implemented from Academic Session 2024-25 with approval of Academic and Executive Council of the University, following discrepancies have been identified.

1. Reference to Clause 9.5 of CCFUG,

"A student will select AEC, SEC and VAC courses from a pool of respective courses offered in Department/Institute/College. Each student will study one VAC in Human Values and Ethics before exit. The number of these courses will be offered by the Department/Institute/College according to the availability of faculty and infrastructure."

It is observed that Human Value and Ethics courses have been offered alternate with environmental courses in 1st and 3rd semester. So in case a student opt environmental course in 1st semester than she does not have option to opt human value and ethics course before 3rd semester which hinders completion of 1st year of study and her exit from the programme.

It has been observed that the Human Values and Ethics course is offered alternately with the Environmental course in the 1st and 3rd semester of 4-year UG Programme. Consequently, if a student opts for the Environmental course in the 1st semester, she is unable to take the Human Values and Ethics course before the 3rd semester. This creates a challenge for students who wish to complete their first year and exit the programme.

2. Reference to Table 2 i.e. (Multidisciplinary) and Table 5 i.e. (Interdisciplinary) of CCFUG.

It has been observed that VAC courses are being offered in the 1st, 2nd, and 4th semesters of 4-year Multidisciplinary and Interdisciplinary programmes, while the mandatory courses, Human Values and Ethics and Environmental Studies, are being offered alternately in the 1st and 3rd semesters. As a result, if a student opts for the Environmental Studies course in the 1st semester, they cannot take the Human Values and Ethics course before the 3rd semester. This creates a barrier for students who wish to complete their first year and exit the programme. Additionally, under the scheme of Multidisciplinary and Interdisciplinary UG programs, VAC cannot be offered in the 3rd semester.

In light of the aforementioned discrepancies, it is proposed that the Human Values and Ethics course and the Environmental Studies course be offered alternately in the 1st, 2nd, and 3rd semester. This arrangement will ensure that students can complete both mandatory courses within the required timeframe, allowing for a seamless exit from the program after the completion of their first year of study.

The case was put up to the Vice Chancellor who, after due consideration has approved it in anticipation of the approval of the Academic Council and desired to refer the same to the Academic Council for ratification.

50. To consider and decide the case of Ms. Priyanshu a student of B. Tech programme CSE regarding grant of an additional one Academic Year to complete her degree.

Statement of the case:-

It is submitted that Ms. Priyanshu was admitted to the B. Teach (CSE) programme in the academic Session 2016-2020 as per the Ordinance she was required to complete her degree within six years. However she was unable to do so within the prescribed time frame. Subsequently based on the student's request vide resolution No. 4 of 27th Academic Council held on 15/03/2024 Ms. Priyanshu was granted additional two years upto June 2024 to complete her course **(Annexure-53, page-1985-1987**. Despite this extension, Ms. Priyanshu was not able to complete her course within eight years of her admission and has reappeared in various subjects except for the 3rd semester. Now the Staff Council of the CSE Department has recommended her case for grant an additional one Academic year 2024-25 to complete her degree. **(Annexure-54, page-1988)**

The recommendations of the staff council were placed before the Hon'ble Vice-Chancellor who after due consideration ordered to place before Academic Council for discussion.

51. To consider and approve the minor changes/rectification in the scheme and syllabus of Pre-Ph.D. in Political Science.

Statement of the case:-

The PG Board of Studies, Department of Political Science in its meeting held on 29.01.2025 and Faculty of on 10.02.2025 **(Annexure-55, page-1989-1991)** approved some minor changes in the Scheme and Syllabus of Pre-Ph.D. in Political Science **(Annexure-56, page-1992-2002).**

Sr. No.	Name of the Subject	Existing	Proposed
1	Change in Course Code paper Research and Publication ethics	DPS-3311	CPERPE-2023
2	Change the marks in internal assessment in	10	16

	the paper Research Methodology marks		

The Hon'ble Vice-Chancellor after considering the matter ordered to refer the same to the Academic Council for consideration and approval.

52. **To consider and approve the scheme and syllabus of B.A. Political Science 4 year multidisciplinary programme w.e.f. 2024-25.**

Statement of the case:-

Syllabi for Under Graduate Programme Public Administration

Semester 1

Session: 2024-2025

Name of Program	Multidisciplinary (Public Administration)	Program Code	
Name of the Course	Basics of Public Administration-I	Course Code	24UGDSCPA 101
Hours per Week		Credits	4
Maximum Marks	100	Time of Examinations	3 Hours

Note:
Examiner will set nine questions and the candidates will be required to attempt five questions in all. Question number one will be compulsory containing short answer type questions from all units. Further, examiner will set two questions from each unit and the candidates will be required to attempt one question from each Unit. All questions will carry equal marks.

Course Learning Outcomes (CLO):

CLO 1: Increases understanding about the emergence of Public Administration as a discipline and as anactivity.

CLO 2: Generates understanding among the students about the relationship of Public Administration with various disciplines.

CLO 3: Students would get knowledge about Organization, Bases, Types & its Principles

CLO4: Students would become well versed with the theories of Public Administration.

Unit 1:

Evolution of Public Administration, Public Administration: Meaning, Nature, Scope and Importance, Public Administration & Private Administration, Similarities &Differences, Relationship of Public Administration with Political Science, History, Economics, New Public Administration

Ref. No. BPSMV/ FET/24/ 40

Date:-23/08/2024

Proceeding of the meeting of Faculty of Engineering and Technology held on 23.08.2024 at 10.30 am. in the office of Dean, Faculty of Engineering and Technology, BPSMV, Khanpur Kalan.

The following members were present:-

1. Dr. Vijay Nehra, Dean FET, BPSMV, Khanpur Kalan
2. Dr. Priyanka, Chairperson, ECE, BPSMV, Khanpur Kalan, Sonipat
3. Mrs. Sonal, Chairperson, CSE&IT, BPSMV, Khanpur Kalan,Sonipat
4. Mr. Ashish Hooda , In-Charge, Deptt of FT, BPSMV, Khanpur Kalan, Sonipat
5. Dr. Manju Saroha, Department of CSE&IT
5 AR, Secretary, BPSMV, Khanpur Kalan

After detailed discussion and deliberation, the following decisions were taken:-

Agenda No.1: To consider and approve the recommendation of PG BOS Meeting held on 08/08/2024 in department of CSE&IT the scheme and syllabus of PGDCA as submitted by chairperson CSE&IT.

Resolution: - Considered the recommendation of PG BOS meeting held on 08/08/2024 in department of CSE&IT. The scheme and syllabus of PGDCA Programme as approved by PG BOS Computer Science and Engineering & Information Technology is forwarded for further course of action.

Any other agenda

Agenda No. 2: To consider and approve the recommendation of PG BOS Fashion Technology for Change in eligibility criteria for admission in M.Tech Programme.

Resolution:- The house resolved that the updated ordinance with all amendment till yet for PG as well as UG drafted by all the three Chairperson in consultation with their staff council and the same will be put up in forth coming meeting of FET.

5. Dr. Manju Saroha, Assistant Professor, Deptt of CSE&IT, Khanpur Kalan
6. AR, Secretary, BPSMV, Khanpur Kalan

After detailed discussion and deliberation, the following decisions were taken:-

Agenda No.1: To consider the proposal to start B.C.A (Bachelor of Computer application) course at Regional Center Krishan Nagar (Rewari).

Considered and approved the proposal to start B.C.A at Reginal center Krishan Nagar (Rewari). Possibilities be explored interms of infrastructure, faculty and other resource required to start the same. The programme offered diverse placement opportunities in digital era and beneficial for the Regional Center and surrounding area. The syllabus and scheme may be adopted as already approved by the university of affiliating college.

Agenda No. 2: To consider the ordinance of PGDCA.
Considered and approved the ordinance of PGDCA.

Agenda No. 2: To consider the scheme and Syllabus of BCA programme as per NEP-2020.
Considered and approved the scheme and Syllabus of BCA programme as per NEP-2020.

ORDINANCE

POST GRADUATE DIPLOMA IN COMPUTER APPLICATIONS

(w. e. f. Academic Session 2024-2025)

1. Definitions

1.1 Programme stands for PGDCA (Post Graduate Diploma in Computer Applications).

1.2 Course stands for Individual Paper

1.3 Credit is the weightage assigned to a paper in terms of contact hours.

1.4 Grade stands for a letter grade assigned to a student on the basis of evaluation of a paper on the 10 scale.

1.5 Grade point stands for the numerical equivalent of the letter grade.

2. Duration

The duration of the Programme for PGDCA (Post Graduate Diploma in Computer Applications) shall be **one year** comprising two semesters. Each Semester shall be of 90 working days. However, all the candidates will be required to complete the Programme within a maximum period of two **years.**

3. Admission

Eligibility: Graduate or an equivalent degree with having at least 50% marks (45% for SC/ST candidates of Haryana only) in aggregate.

No candidate who is in employment (full time/part time/Honorary Service) shall be eligible to take admission in the programme without taking leave from her institution/office from the date of admission to termination of the final semester examination including other essential requirements. She has to submit an affidavit in this regard. If at any stage it is found that she has violated this rule, her admission shall stand cancelled.

Procedure: Admissions will be on the basis of merit/entrance test or any other criterion n adopted by B.P.S. Mahila Vishwavidyalaya from time to time. The last date for the receipt of the admission forms shall be notified by the University.

4. Fee

The Programme fee shall be paid by the candidate as prescribed by the University from time to

Chairperson
Department of Computer Science & Engineering and Information Technology
BPS Mahila Vishwavidyalaya,Khanpur Kalan, Sonepat (HR.)

time.

5. Teaching Methodology

The Methodology shall include Classroom teaching, Assignments, Viva-voce, Practical Work, Seminar, Workshop, Project Work, Quiz, Group Discussion etc.

6. Credit Weightage

Each Paper has a certain number of credits which describe its weightage. Credits of a paper are evaluated as under:-

6.1 Lecture/ Tutorial Practical Teaching: One credit per lecture per week per semester will generally be adopted.

6.2 Practical Teaching: Half credit per tutorial per week per semester.

7. Examination

7.1. At the end of the each semester, there shall be an examination where each candidate shall be examined in the papers studied by her in that semester. Each semester examination shall be designated as first semester examination, second semester examination.

7.2. The examination in each semester will be held according to the syllabi approved by the Post Graduate Board of Studies. The Board of examiners shall be appointed for each paper and shall be recommended by the Post Graduate Board of Studies.

7.3. The examination shall consist of theory papers and practical examination. Theory papers are to be set by the internal/external paper setters appointed by the Vice-Chancellor from a panel of examiners submitted by the Chairman of the department duly approved by the BOS of the concerned department.

7.4. For practical examination viva-voce shall be conducted jointly by the external and internal examiners. If an external examiner is unable to join, alternate examiner (including those of the same University dept.) may be appointed by the Chairperson of the concerned dept. with the intimation to the Controller of Examinations in the following preferential order:

i) From outside

ii) From BPSMV, Khanpur Kalan.

7.5. The examination for all odd semesters will normally be held in November/December and for the even semesters in April/May on such dates as provided by the University. The concerned teacher-paper coordinator should ensure that 100% syllabus is covered in each subject before the semester examination.

Chairperson
Department of Computer Science & Engineering and Information Technology
BPS Mahila Vishwavidyalaya, Khanpur Kalan, Sonepat (HR.)

7.6. Every paper is coordinated by a member of the teaching staff of the department which is offering the paper in a given semester. This faculty member is called the paper coordinator. He/ She has the full responsibility for conducting the paper, coordinating the work of the other members of the faculty involved in the paper, holding the minor test and assignments. For any difficulty, the student is expected to approach the paper coordinator for advice and clarification. All the responsibilities from teaching to the award of final grade will be of the paper-coordinator. Every student has to appear in the minor test. If a student does not take a minor test, she shall be awarded zero marks in the test. The marks obtained in sessional/practical/theory/drawing/general proficiency are to be submitted to the examination branch duly signed by the Chairperson of the department before the close of semester examination. The examination branch shall convert the marks in to equivalent grades as per the grading procedure.

7.7. If a candidate after attending the classes for the paper of studies in the department, either not appeared or having appeared in any semester examination and failed in one or more papers for that examination, she can appear for such papers as a re- appear student as per university rules.

7.8. For holding the Minor Tests during even and odd semester the schedule of minor exam shall be laid down by teacher(s) concerned in consultation with the Chairperson of the Department as the case may be and shall be made known to the students at the commencement of each semester. For each semester there will be two minor exams and both will be compulsory

7.9. For Minor Test, the syllabus for Examination will be what is covered in particular term. The Major Test (EXTERNAL EXAM) will be based on the entire syllabus. Every teacher will submit in writing to the Chairperson at the end of term i.e. intervening period between Minor Tests and Major Test, the content of the syllabus covered during the term.

7.10. After finalization of the marks of internal assessment, the same shall be displayed on the department notice board for the information of the students. Students, who have a specific grievance against the marks awarded to her, may discuss the same with the concerned Paper Co-ordinator, who after consideration of the grievances of all the students shall finalize the marks to be awarded for the paper. The awards of all internal assessments shall

Chairperson
Department of Computer Science & Engineering and Information Technology
BPS Mahila Vishwavidyalaya, Khanpur Kalan, Sonepat (HR.)

be sent to the examination branch within seven days of last day of the classes for that semester.

7.11 Re-appear

The candidates may take re-appear examinations as per the following guidelines:

Semester	When to appear
Ist	Along with Regular Ist Semester
IInd	Along with Regular IInd Semester

8. Evaluation and Grading

The assessment will be 20 % Internal and 80% External.

The minimum passing marks/grade for passing any semester Examination shall be:

8.1. 40% in external examination and 40% in the aggregate of internal and external. In case a student fails to acquire 40% in the aggregate of the internal and external, she will be awarded re-appear in the theory (external) paper of that subject. There will be no re-appear in the internal assessment. The marks obtained in the internal assessment of a subject shall be carry forwarded, if a student gets re-appear in the external examination.

8.2. (40% in each practical Examination /Viva-Voice Examination.

The weightage for internal evaluation is as follows:

Class tests/minor test/ sessional tests 10% i.e. 10 marks out of 100

Assignments/Presentations/Seminars/Group Discussions 5% i.e. 5 marks out of 100

Attendance 5% i.e. 5 marks out of 100.

Less than	60%	0 marks
Up to	65%	1 marks
Up to	70%	2 marks
Up to	75%	3 marks
Up to	80%	4 marks
Above	85%	5 marks

Chairperson
Department of Computer Science & Engineering and Information Technology
BPS Mahila Vishwavidyalaya,Khanpur Kalan, Sonepat (HR.)

9. Adhoc Grace:

If there is any discrepancy/ out of syllabus/ printing error/ untoward incident during the examination, the matter be referred to a Standing Committee of

(i) Controller of Examinations.

(ii) HOD of the concerned Department.

(iii) One faculty member concerning the subject.

The Committee may recommend re-conduct of the paper or uniform grace marks to all but that should not exceed 10% marks of that particular paper.

10. Moderation of Marks:

10.1. Internal Examinations:- If there are more than one teacher associated in any internal assessment, one of the member be made co-coordinator by the concerned HOD and he/she along with the others can moderate the marks to maintain uniformity so that no student get undue advantage or disadvantage. It can be done by fixing criteria beforehand.

11. Grading:

The academic performance of a student shall be graded on a ten point scale as prescribed by University Grants Commission

Academic Performance	Letter Grades	Grade Points (G)
Outstanding	O	10
Excellent	A+	09
Very Good	A	08
Good	B+	07
Above average	B	06
Average	C	05
Pass	P	04
Fail	F	00
Absent	Ab	00

11.1 The award of grades based on absolute marks out of 100 shall be made as follows:

Chairperson
Department of Computer Science &
Engineering and Information Technology
BPS Mahila Vishwavidyalaya,Khanpur Kalan, Sonepat (HR.)

Marks		Grades		Marks
85	≥	O	≤	100
75	≥	A+	≤	84
65	≥	A	≤	74
55	≥	B+	≤	64
50	≥	B	≤	54
41	≥	C	≤	49
		P	=	40
		F	≤	40
		AB		AB

11.2 Calculation **of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA)**

The Grade Point Average is calculated as follows:

$$GPA = \frac{\text{S (Number of credits x Grade Points)}}{\text{S (Number of Credits Registered)}}$$

For the purpose of calculation of GPA for SGPA and CGPA only those programmes (including projects) will be taken into account in which the student has been awarded one of the pass grades. Here S stands for the sum of

(i) $SGPA = \frac{\sum C_i P_i}{\sum C_i}$

Where

C_i = Number of credits earned in the i^{th} programme of a semester for which SGPA is to be calculated.

p_i = Grade point earned in i^{th} programme

I = 1, 2, 3 ..... n, represent the number of programmes in which a student is registered in the concerned semester.

(ii) $CGPA = \frac{\sum C_j P_j}{\sum C_i}$

Where

C_j = Number of credits earned in the jth programme upto the semester for which CGPA

7

Chairperson
Department of Computer Science & Engineering and Information Technology
BPS Mahila Vishwavidyalaya,Khanpur Kalan, Sonepat (HR.)

is to be calculated.

P_j = Grade point earned in the j^{th} programme. Any grade lower than the pass grade in a programme shall not be taken into account.

j = 1, 2, 3 .....n, represent the number of programmes in which student was registered and obtained a grade not lower than 'C' upto the semester for which CGPA is to be calculated.

12. Attendance:

No candidate shall be considered to have pursued a regular programme of the study unless she has attended not less than 75% of the lectures in each paper/seminar case discussion, field trips, tutorials etc. This requirement shall be fulfilled separately for each course of study. A deficiency upto 10% may be condoned by the Chairperson of the Department.

If a student remains absent from the Department for more than four weeks without intimating the Chairperson/In-charge of the Department, her name will be removed from the Department rolls.

In case the student's name is struck off due to non-payment of fee and is re-admitted later, her attendance shall not be counted for that period.

13. General:

13.1 Where this document is silent about any rule, the university ordinance from time to time will be applicable.

13.2 Eligibility Criteria, Fee Structure, Academic Calendar, Examination Schedule, Sports Calendar and Cultural Calendar for the academic year shall be given in the University Prospectus.

13.3 Admission, teaching schedule, preparatory holidays, examination, winter, summer vacation, shall be followed as specified in academic calendar of University.

13.4 A student is deemed to have completed the requirements for degree and is eligible for the award of degree if:

13.4.1 She has satisfied all the academic requirements as per the regulations; and She has paid all fees due from her; and

13.4.2 There is no case of indiscipline pending against her.

13.5 The gap of one/two semesters missed by the student(s), as the case may be, will count towards the total durations of the programme permissible under the regulations.

13.6 All academic problems of the students other than those affecting the University rules and regulations framed from time to time may be looked into by the Dean of Academics.

13.7 The calendar for the academic year will be framed and declared at the beginning of the session by the university.

Post Graduate Diploma in Computer Applications (PGDCA) Syllabus

SEMESTER-1

Computer Fundamentals and Programming in C

PGDCA-101

No. of Credits: 4
L T P
3 1 0

Internal Marks: 20
External Marks: 80
Total Marks: 100

Note: Examiner will be required to set NINE questions in all. Question Number 1 will consist of total 8 parts (short-answer type questions) covering the entire syllabus and will carry 16 marks. In addition to the compulsory question there will be four units i.e. Unit-I to Unit-IV. Examiner will set two questions from each Unit of the syllabus and each question will carry 16 marks. Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT-I

Computer Fundamentals: Generations of Computers, Definition, Block Diagram along with its components, characteristics & classification of computers, Limitations of Computers, Applications of computers in various fields. Memory: Concept of primary & secondary memory, RAM, ROM, types of ROM, Cache Memory, flash memory, Secondary storage devices: Sequential & direct access devices viz. magnetic tape, magnetic disk, optical disks i.e. CD, DVD, virtual memory.

UNIT-II

Computer hardware & software: I/O devices, definition of software, relationship between hardware and software, types of software. Overview of operating system: Definition, functions of operating system, concept of multiprogramming, multitasking, multithreading, multiprocessing, time-sharing, real time, single-user & multi-user operating system. Computer Virus: Definition, types of viruses, Characteristics of viruses.

UNIT-III

Overview of C: History of C, Importance of C, Elements of C: C character set, identifiers and keywords, Data types, Constants and Variables, Assignment statement, Structure of a C Program, printf(), scanf() Functions, Operators & Expression: Arithmetic, relational, logical, bitwise, unary, assignment, shorthand assignment operators, conditional operators, Arithmetic expressions, evaluation of arithmetic expression, type casting and conversion. Decision making with IF statement, IF-ELSE statement, Nested IF statement, ELSE-IF ladder, switch statement, goto statement

-143-

Chairperson
Department of Comp... &
Engine...
BFS Mahi...
...logy
...(HR.)

UNIT-IV

Decision making & branching:. Decision making & looping: For, while, and do-while loop, jumps in loops, break, continue statement, Nested loops.

Arrays (1-D, 2-D), Character arrays and Strings, example of iterative programs using arrays and use in matrix computations. Functions, parameters and return values, standard library functions, Pointers, relationship between arrays and pointers, Call by reference. Array of pointers, passing arrays as arguments. Character strings: processing strings using loops, and string library functions, Structures, Defining structures and Array of Structures

Internal Marks: 20
External Marks: 80
Total Marks: 100

Note: Examiner will be required to set NINE questions in all. Question Number1will consist of total 8 parts (short-answer type questions) covering the entire syllabus and will carry 16 marks. In addition to the compulsory question there will be four units i.e. Unit-I to Unit-IV. Examiner will set two questions from each Unit of the syllabus and each question will carry 16 marks. Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT - I

STRUCTURE OF COMPUTERS: Computer types, Functional units, Basic operational concepts, Von Neumann Architecture, Bus Structures, Software, Performance, Multiprocessors and Multicomputer, Data representation, Fixed and Floating point, Error detection and correction codes.

COMPUTER ARITHMETIC: Addition and Subtraction, Multiplication and Division algorithms, Floating-point Arithmetic Operations, Decimal arithmetic operations.

UNIT - II

BASIC COMPUTER ORGANIZATION AND DESIGN: Instruction codes, Computer Registers, Computer Instructions and Instruction cycle. Timing and Control, Memory-Reference Instructions, Input-Output and interrupt. Central processing unit: Stack organization, Instruction Formats, Addressing Modes, Data Transfer and Manipulation, Complex Instruction Set Computer (CISC), Reduced Instruction Set Computer (RISC), CISC vs RISC.

UNIT - III

REGISTER TRANSFER AND MICRO-OPERATIONS: Register Transfer Language, Register Transfer, Bus and Memory Transfers, Arithmetic Micro-Operations, Logic Micro-Operations, Shift Micro-Operations, Arithmetic logic shift unit.

MICRO-PROGRAMMED CONTROL: Control Memory, Address Sequencing, Micro-Program example, Design of Control Unit.

UNIT - IV

MEMORY SYSTEM: Memory Hierarchy, Semiconductor Memories, RAM(Random Access Memory), Read Only Memory (ROM), Types of ROM, Cache Memory, Performance considerations, Virtual memory, Paging, Secondary Storage, RAID.

Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT-I

Introduction to the Internet and the World Wide Web, Web Pages; Hyper Text Transfer Protocol (HTTP);File Transfer Protocol (FTP) Domain Names; URL; Website, Web browser, Web Servers; Web Hosting.HTML.

UNIT - II

Introduction, Objectives, Introduction to Universal Resource Identifier (URI) ,History of HTML, Structure of HTML Basic Tags of HTML, Planning for designing Web pages, Model and structure for a Website, Developing Websites, Tag; Creating Links: Link to other HTML documents and same HTML documents .List, Tables: Creating Tables, Frames, Forms.

UNIT - III

Java Script Introduction to Scripting, JavaScript: Control Statements, JavaScript: Functions, JavaScript: Arrays JavaScript: Objects, CSS, External Style Sheets, Internal Style Sheets, Inline Style, The class selector, div & span tag.

UNIT - IV

DOM HTML DOM, XML: Introduction; Features of XML, Dynamic HTML (DHTML), DHTML form, XML DOM. CGI/PERL, Introduction to CGI, Testing & Debugging Perl CGI Script.

UNIT – I

Operating Systems Overview: Introduction, operating system operations, process management, memory management, storage management, protection and security, distributed systems.

Operating Systems Structures: Operating system services and systems calls, system programs, operating system structure, operating systems generations.

UNIT – II

Process Management: Process concepts, process state, process control block, scheduling queues. process scheduling, multithreaded programming, threads in UNIX/LINUX, comparison of UNIX/LINUX and windows.

Concurrency and Synchronization: Process synchronization, critical section problem, Peterson's solution, synchronization hardware, semaphores, classic problems of synchronization, readers and writers problem, dining philosophers problem, monitors, synchronization examples(Solaris), atomic transactions, Comparison of UNIX/LINUX and windows.

UNIT – III

Deadlocks: System model, deadlock characterization, deadlock prevention, detection and avoidance, recovery from deadlock banker's algorithm.

Memory Management: Swapping, contiguous memory allocation, paging, structure of the page table, segmentation, virtual memory, demand paging, page-replacement algorithms, allocation of frames, thrashing, case study – UNIX/LINUX.

UNIT IV

File System: Concept of a file, access methods, directory structure, file system mounting, file sharing, protection. File system implementation: file system structure, file system implementation, directory implementation, allocation methods, free-space management, efficiency and performance, comparison of UNIX/LINUX and windows.

Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT - I

Data Communication Components: Representation of data and its flow Networks , Various Connection Topology, Protocols and Standards of ISO/OSI model, TCP/IP Model, Transmission Media, LAN: Wired LAN, Wireless LANs, Connecting LAN and Virtual LAN, Techniques for Bandwidth utilization: Multiplexing - Frequency division, Time division and Wavelength division, Concepts on spread spectrum.

UNIT-II

Data Link Layer And Medium Access Sub Layer: Error Detection and Error Correction - Fundamentals, Block coding, Hamming Distance, CRC; Flow Control and Error control protocols - Stop and Wait, Go back – N ARQ, Selective Repeat ARQ, Sliding Window, Piggybacking, Random Access, Multiple access protocols -Pure ALOHA, Slotted ALOHA, CSMA/CA .

UNIT-III

Network Layer: Switching, Logical addressing – IPV4, IPV6; Address mapping – ARP, RARP, BOOTP and DHCP–Delivery, Forwarding and Unicast Routing protocols: link state, distance vector, etc.

UNIT-IV

Transport Layer: Process to Process Communication, User Datagram Protocol (UDP), Transmission Control Protocol (TCP), SCTP Congestion Control; Quality of Service, QoS improving techniques: Leaky Bucket and Token Bucket algorithm. APPLICATION LAYER Domain Name Space (DNS), DDNS, TELNET, EMAIL, File Transfer Protocol (FTP), WWW, HTTP, SNMP, Bluetooth, Firewalls, Basic concepts of Cryptography

SEMESTER-2

Software Engineering

PDGCA-102

No. of Credits: 4
L T P
3 1 0

Internal Marks: 20
External Marks: 80
Total Marks: 100

Note: Examiner will be required to set NINE questions in all. Question Number1will consist of total 8 parts (short-answer type questions) covering the entire syllabus and will carry 16 marks. In addition to the compulsory question there will be four units i.e. Unit-I to Unit-IV. Examiner will set two questions from each Unit of the syllabus and each question will carry 16 marks. Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT-I

Introduction: Evolving role of software, Software Characteristics, Software crisis, Silver bullet, Software myths, Software process, Personal Software Process (PSP), Team Software Process (TSP), emergence of software engineering, Software process, project and product, Software Process Models: Waterfall Model, Prototype Model, Spiral, Model, RAD Model, Iterative Model, Incremental Model, Agile Model.

UNIT-II

Software Project Management : Project management concepts, Planning the software project, Estimation—LOC based, FP based, Use-case based, empirical estimation COCOMO- A Heuristic estimation techniques, team structures, staffing, risk analysis and management.

UNIT-III

Requirements, Analysis And Specification: Software Requirements engineering, Requirement engineering process, Types of requirements, SRS. System modeling: Data Modeling, Functional modeling and information flow: Data flow diagrams, Behavioral Modeling, The mechanics of structured analysis: Creating entity/ relationship diagram, data flow model, control flow model.
SYSTEM DESIGN: Design principles, the design process; Design concepts: Abstraction, refinement, modularity, software architecture, data structure, software procedure, information hiding; Effective modular design: Functional independence, Cohesion, Coupling.

UNIT-IV

Software Testing And Maintenance: Testing terminology- error, bug/defect/fault, failure, Verification and validation, Test case design, Static testing ,Dynamic testing--- Black box testing—Boundary value analysis, White box testing-- basis path testing, Unit testing, Integration testing, Acceptance Testing.

Internal Marks: 20
External Marks: 80
Total Marks: 100

Note: Examiner will be required to set NINE questions in all. Question Number1will consist of total 8 parts (short-answer type questions) covering the entire syllabus and will carry 16 marks. In addition to the compulsory question there will be four units i.e. Unit-I to Unit-IV. Examiner will set two questions from each Unit of the syllabus and each question will carry 16 marks. Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT-I

Introduction: Limitations of Manual Data Processing – Advantages of databases- Basic DBMS Terminology – Role of DBA, Data Manager, File Manager and Disk Manager.

Database system architecture: Three Level Architecture of DBMS- Physical and Logical Data Independence, Data Base languages and Interfaces, DBMS functions and component modules, Data Abstraction, Data Independence, Data Definition Language (DDL), Data Manipulation Language (DML).

Data models: Entity-relationship model, network model, relational and object oriented data models. integrity constraints, data manipulation operations.

UNIT-II

Entity Relationship Model: Concepts, Relationships, Constraints, Keys- Primary, Secondary, Composite & Foreign Key etc. E-R Diagrams, Mapping ER- diagrams to Relational Tables. Introduction to Data Models, Comparison between Hierarchical, Network and Relational models.

UNIT-III

Relational Algebra: Query Language, Basic Set Operations, Special Relational Operations, Introduction to SQL: DDL, DML, and DCL Commands, Views& Queries in SQL, Specifying Constraints & Indexes in SQL. Functional Dependencies, Normalization Normal forms based on primary keys (1 NF, 2 NF, 3 NF, & BCNF)

UNIT-IV

Transaction processing: Concurrency control, ACID property, Serializability of scheduling, Locking and timestamp based schedulers, Multi-version and optimistic Concurrency Control schemes, Database recovery.

3 1 0

Internal Marks: 20
External Marks: 80
Total Marks: 100

Note: Examiner will be required to set NINE questions in all. Question Number1 will consist of total 8 parts (short-answer type questions) covering the entire syllabus and will carry 16 marks. In addition to the compulsory question there will be four units i.e. Unit-I to Unit-IV. Examiner will set two questions from each Unit of the syllabus and each question will carry 16 marks. Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT-I

Introduction: Basic Terminologies: Elementary Data Organizations, Data Structure Operations: insertion, deletion, traversal etc.; Analysis of an Algorithm, Asymptotic Notations, Time-Space trade off.

Searching: Linear Search and Binary Search Techniques and their complexity analysis.

UNIT-II

Stacks and Queues: ADT Stack and its operations: Algorithms and their complexity analysis, Applications of Stacks: Expression Conversion and evaluation – corresponding algorithms and complexity analysis. ADT queue, Types of Queue: Simple Queue, Circular Queue, Priority Queue; Operations on each types of Queues: Algorithms and their analysis.

UNIT-III

Linked lists: Singly linked lists: Representation in memory, Algorithms of several operations: Traversing, Searching, Insertion into, Deletion from linked list; Linked representation of Stack and Queue, Header nodes, Doubly linked list: operations on it and algorithmic analysis; Circular Linked Lists: all operations their algorithms and the complexity analysis.

Trees: Basic Tree Terminologies, Different types of Trees: Binary Tree, Threaded Binary Tree, Binary Search Tree, AVL Tree; Tree operations on each of the trees and their algorithms with complexity analysis. Applications of Binary Trees, B Tree, B+ Tree: definitions, algorithms and analysis.

UNIT-IV

Sorting and Hashing: Objective and properties of different sorting algorithms: Selection Sort, Bubble Sort, Insertion Sort, Quick Sort, Merge Sort, Heap Sort; Performance and Comparison among all the methods. Hashing and collision resolution.

Graph: Basic Terminologies and Representations, Graph search and traversal algorithms and complexity analysis.

Object Oriented Programming in C++
PDGCA-108

No. of Credits: 4
L T P
3 1 0

Internal Marks: 20
External Marks: 80
Total Marks: 100

Note: Examiner will be required to set NINE questions in all. Question Number1will consist of total 8 parts (short-answer type questions) covering the entire syllabus and will carry 16 marks. In addition to the compulsory question there will be four units i.e. Unit-I to Unit-IV. Examiner will set two questions from each Unit of the syllabus and each question will carry 16 marks. Student will be required to attempt FIVE questions in all. Question number 1 will be compulsory. In addition to compulsory question, student will have to attempt four more questions selecting one question from each Unit.

UNIT-I

Object Oriented Programming Concepts: Procedural Language and Object Oriented approach, Characteristics of OOPS. Getting started with C++: syntax, data types, variables, string, function, namespace and exception, operators, flow control, recursion, array and pointer, structure .

UNIT-II

Features of Object Oriented Programming: Encapsulation, object identity, polymorphism – Inheritance in OO design. Implementing OO language features.- Classes, Objects and variables, Type Checking.

UNIT-III

Procedures: Commands as methods and as objects, Exceptions, Polymorphic procedures, Templates, Memory management.

Inheritance and Polymorphism: : Derived Class and Base Class, Different types of Inheritance, Overriding member function, Abstract Class, Virtual function, Friend function, Static function.

UNIT-IV

Exception Handling: Exception hierarchy, throwing and catching exceptions, built-in exceptions, creating own exceptions, Stack Trace Elements. Input / Output Basics ,Streams , Byte streams and Character streams , Reading and Writing Console , Reading and Writing Files.

Annexure - 6

Bhagat Phool Singh Mahila Vishwavidyalaya Khanpur Kalan, Sonipat

(Established by the State Legislature Act 31 of 2006)

LL.M. Syllabus

Two Year Programme

Course Code: 19

1st Semester to 4th Semester

w.e.f. 2024-25.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

B.P.S. Mahila Vishwavidyalaya, Khanpur Kalan

Department of Laws

ORDINANCE

MASTER OF LAW (LLM) Two Year Degree Programme of Study and Examination w.e.f session 2021-22

WHEREAS, it is necessary to reorient legal education by making provisions for instruction in new courses of study, extensive as well as intensive study of prescribed courses and for adequate practical training for diverse careers open to Law Graduates;

AND WHEREAS, with a view to reorient legal education as aforesaid and to provide sufficient opportunity for adequate instructions as well as training in Law from the Bhagat Phool Singh Mahila Vishwavidyalaya has already instituted a Five Years ten Semesters B.A .L.L.B., B.B.A.L.L.B. Degree Course of Study;

AND WHEREAS, with a view to further the process of reorientation of legal education and to provide sufficient opportunity for specialization in selected field of study as well as to develop research facilities, the Bhagat Phool Singh Mahila Vishwavidyalaya has decided to reorganize its LL.M. Degree Course of Study,

NOW, THEREFORE, the Bhagat Pool Singh Mahila Vishwavidyalaya frames this Ordinance.

1. Definitions:

1.1 **Programme** stands for **LLM (Master of Law)**

1.2 **Credit** is the weightage assigned to a Paper in terms of contact hours.

1.3 **Grade** stands for a letter grade assigned to a student on the basis of evaluation of a Paper on the 10 point scale.

1.4 **Grade point** stands for the numerical equivalent of the letter grade.

2. Duration:

The duration of the LLM programme shall be of **four semesters**. Each semester shall be of **90** working days. However, all candidates will be required to complete the programme within the maximum period of **four** years.

3. Admission:

3.1 **Eligibility**: (i) The minimum qualification for Admission to the first semester of the programme shall be open to candidates who have passed BBALLB 5 Year course/BALLB 5 year course/LLB 3Year course or equivalent degree with at least 50% marks (45% marks in case of SC/ST candidates/ person with disability) or an equivalent examination.

-165-

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3.1.2 No candidate who is in employment (full time/part time/honorarium service) shall be eligible to take admission in LLM course without taking leave from her institution/ office etc. from the date of admission to the termination of programme including other essential requirements. She has to submit an affidavit in this regard. If found violation of this rules her admission shall stand cancelled.

3.2 **Procedure:**

Admission shall be done on the basis of merit in entrance examination or any other criteria adopted by the University.

4. Fees:

It is proposed to charge an amount of Rs. 10000 annually in terms of fee for the course. The Programme fee shall be paid by the candidates as prescribed by the University from time to time.

5. Teaching Methodology:

The Methodology shall include class room teaching, assignment, practical work, seminar, workshop, presentations, group discussions, quiz and project work etc.

6. Credit Weightage:

Each Paper has a certain number of credits which reflect its weightage. Credits of a Paper are evaluated as under:-

(a) For all lecture courses, one credit per lecture (one hour duration) per week per Semester will generally be adopted. The course scheme for each programme will clearly indicate the credits assigned to each course/ paper.

Detail is as follows:

6.1 **Lecture:** One credit per lecture per week per semester will generally be adopted.

6.2 **Tutorial:** One credit per tutorial hour per week per semester will be adopted.

7. Examination:

7.1 At the end of the each semester, there shall be an examination where each candidate shall be examined in the courses studied by them in that semester. Each semester examination shall be designated as first semester examination, second semester examination, and third semester examination and fourth semester.

7.2 The examination in each semester will be held according to the syllabi approved by the Board of Studies.

7.3 The examination shall consist of theory papers and internal assessment. Theory papers are to be set by the internal/external paper setters appointed by the Vice-Chancellor from a panel of examiners submitted by the chairman of the department duly approved by the BOS of the concerned department.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

7.4 The examination for all even & odd semester will normally be held in December/January and also in April/May on such date as provided by the University. The concerned teacher/course coordinator should ensure that 100% syllabus is covered in each subject before the semester examination.

7.5 It is mandatory for all the students to appear in the internal tests (sessional) as per the schedule approved by the Chairperson. Otherwise student will be marked zero in the internal assessment and will be allowed to appear in the same in odd/even semester as applicable next year.

7.6 If a candidate, after attending the classes for the course of studies in the Department either not appeared or having appeared in any semester examination has failed in one or more papers for that examination, she can appear for such papers at subsequent examinations without attending a fresh course of studies for that semester such a candidate may, in the meantime, proceed with her studies for the next semesters. Supplementary examinations for the last two semesters will be held after six months i.e. for odd semester in the month of May and for even semester in the month of December/January.

7.7 For holding the Internal Tests (sessional) during even and odd semester the schedule of minor exam shall be laid down by teacher(s) concerned in consultation with the Chairperson of the Department as the case may be and shall be made known to the students at the commencement of each semester.

Re-appear Examination

A student having reappear in even/odd semester up to 3rd semester may reappear in the examination with the regular students. The students having reappear in final year (3rd & 4th semester) or pass out students may reappear in both even and odd semester's regular examination.

8. Evaluation & Grading:

8.1 The assessment will be 20% internal and 80% external.

The minimum passing marks for any subject (Paper) shall be 50% in the External examination and 50% in the aggregate of internal and external examinations of that subject. In case a student fails to acquire 50% in the aggregate of internal and external of a subject, she will be awarded re-appear in the external examination of that paper.

8.2 There will be no re-appear in internal examination. Marks obtained in internal examination/assessment shall be carried forwarded in case of re-appear (either less than 50% in external or less than 50% in aggregate of internal and external).

8.3 The weightage for internal evaluation shall be assigned by the respective departments covering following areas broadly :-

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Component		Weightage
8.3.1	One internal test (sessional)	= 10% of total marks 100 i.e. 10 marks
8.3.2	Assignments/Seminar/ Presentations / Group Discussions etc.	= 5% of total marks 100 i.e. 05 marks
8.3.3	Attendance	= 5% of total marks 100 i.e. 05 marks

75 to 80 -1
80 to 85 - 2
85 to 90 - 3
90 to 95 - 4
95 to100 -5

8.4. **Ad-hoc Grace**

If there is any discrepancy/out of syllabi/printing error/untoward incident during the examination, the matter shall be referred to a standing committee of

(i) Controller of Examination
(ii) HOD of the concerned department
(iii) One faculty member concerning the subject

The committee may recommend re-conduct of the paper or uniform grace marks to all but that should not exceed 10% marks of that particular paper.

8.5 The evaluation of the Dissertation shall be done as follows:

8.5.A Evaluation by the external examiner (160 Marks)

8.5.B Internal evaluation

- Viva = 20 marks
- Dissertation Report = 20 Marks

Total = 160+20+20= 200 Marks

8.5.C Dissertation: -

(a) In the first week of 3rd semester HOD shall allot topic of research and supervisor to each candidate. The Candidate shall be required to submit the Dissertation prior to one week from the commencement of 4th Semester examination.

(b) The candidate shall be required to secure at least 50% marks in the Dissertation to pass the Examination.

(c) The Examiner shall either –

(i) Award at least 50% marks, or

(ii) Return the Dissertation for revision, or

(iii) Reject the Dissertation.

(d) The candidate who's Dissertation is returned for revision may revise the dissertation and re-submit it within a period of two months. Failure to submit in time shall result in a

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

5

declaration that the candidate has failed at the relevant LL.M. Examination.

(e) A Dissertation can be revised only once. If the candidate fails to secure pass marks in **the revised Dissertation he shall be declared failed in the LL.M. Examination.**

(f) The candidate whose Dissertation is rejected, may with the approval of the Faculty of Law write a Dissertation on another topic and submit it within a period of six months. And if he fails to secure pass marks in respect of this Dissertation also, she shall be declared failed at LL.M. Degree Examination.

(g) The dissertation will be essentially checked for plagiarism by any software as mandated by the central library of the University and the similarity must be 10% or less. This is of prime importance and by no means be omitted

(h) A Dissertation shall be examined by an examiner (Not below the rank of Associate Professor/assistant professor with ten years of teaching experience) shall necessarily be an external examiner except under special circumstances like COVID 19 subject to recommendations of Department staff & approved by Hon'ble Vice-Chancellor.

Note: For internal evaluation the viva will be taken by supervisor himself.

8.6 **Moderation of Marks:**

(a) **Internal Examinations:** If there are more than one teacher associated in any internal assessment, one of the member be made co-coordinator by the concerned HOD and he along with the others can moderate the marks to maintain uniformity so that no student get undue advantage or disadvantage. It can be done by fixing criteria beforehand.

(b) **External examinations:** if there is unusual variation (very high or very low) in the awards, the COE may refer the matter to a Moderation Committee consisting of

(i) Controller of Examinations

(ii) HOD of the Department of Law.

(iii) One faculty member (Subject expert).

As per recommendation of the committee the result may be revised.

(b) **Grace Marks:** Grace

(c) Marks shall be awarded in any external, viva-voce or other examination.

8.7 **Grading**

The academic performance of a student shall be graded on a scale as prescribed by the university. The award of grades based upon marks obtained out of 100 shall be made as follows:

Academic Performance	Letter Grades	Grade Points (p)
Outstanding	A+	10
Extraordinary	A	09

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Excellent	B^+	08
Very Good	B	07
Good	C^+	06
Average	C	05
Poor	D	04

8.7.1 For the award of grades in a subject, all component wise evaluation shall be done in marks. The award of grades based on absolute marks (irrespective of no students) out of 100 shall be made as follows:-

Marks		Grade		Marks
90	≤	A^+	≤	100
80	≤	A	≤	89
70	≤	B^+	≤	79
60	≤	B	≤	69
50	≤	C^+	≤	59
40	≤	C	≤	49
30	≤	D	≤	39

Note: Pass grade is C+ grade or Higher.

C grade indicates fail.

8.7.2 **Pass Percentage**

The minimum passing marks/grade for passing any semester Examination shall be:

- **50% in internal and external examination jointly.**
- **50% in each Viva-Voice Examination.**
- Minimum pass grade in each course is 'C' grade. Grade will be awarded after adding the marks of sessional and major test/practical examination.

8.7.3 A candidate who fails to obtain the requisite marks/grade in any course shall be required to appear in the concerned course in the subsequent examinations.

8.7.4 **C' Grade:** The 'C' grade denotes poor performance, i.e. failing a course. A student has to repeat all compulsory (Core) courses in which she obtains 'C' grade, until a passing grade is obtained.

For the other (Elective) courses in which 'C' grade have been obtained, the student may take the

7

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

same course or any other course from the same category. Further, 'C' grade secured in any course stay permanently on the grade card. The weightage of these grades is not counted in the calculation of the CGPA; however, these are counted in the calculation of the SGPA.

The candidate having D grade in any Odd and Even semester's examination would be given a chance to improve the grade. On improving the C grade, the improved grade will be counted towards calculation of SGPA/CGPA. The examinations for reappear in any subject(S) in the odd semester and that of in the even semester shall be held in the respective semesters along with the regular students. In addition to above, examination for reappear in the subjects in odd semesters will also be held during the even semester examinations and vice-versa.

8.7.5 The performance of students will be evaluated in terms of cumulative grade point average (CGPA) which is the grade point average for all the completed semesters at any point of time. The CGPA is calculated of the basis of all pass grades, except audit courses obtained in all completed semesters.

$$CGPA = \frac{\text{S (Earned Credits x Grade Point) for courses with pass except audit courses Sem}}{\text{S (Earned Credits) of courses with pass grade except audit course Sem}}$$

For the purpose of calculation of GPA for SGPA and CGPA only those courses (including dissertation) will be taken into account in which the student has been awarded one of A, B, C, D grade.

9. Promotion: A student will be eligible for promotion if

3th semester: If she has passed 50% of total papers of 1st, 2nd, semester taken together.

10. Attendance:

10.1. No candidate shall be considered to have pursued a regular Paper of the study unless she has attended not less than 75% of the lectures in each paper/seminar, case discussion, tutorials etc. This requirement shall be fulfilled separately for each Paper of study. A deficiency up to 10% may be condoned by the Chairperson of the department. In some special cases the Hon'ble Vice-Chancellor may condone a further 5%.

10.2 If a student is absent from the Department for more than four weeks without intimating to the Chairperson/ Paper Co-ordinator of the department, her name will be struck off from the department rolls with information to the Academic Branch

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

10.3 In case the student name is struck off due to nonpayment of fee and is re-admitted later, her attendance shall not be counted for that period.

11 Division:

The successful candidates shall be classified in three divisions as under:

(i) Those who obtained 60% or more of the aggregate number of marks in all the subject in all semesters mention total semesters of that course taken together shall be placed in first division.

(ii) Those who obtain less than 60% but not less than 55% of the aggregate number of marks in all subjects in all semesters taken together shall be placed in the second division.

(iii) Those who obtain below 55% and not less than 50% of the aggregate number of marks in all subjects in all semesters taken together shall be placed in the third Division.

12. Scholarships:

A candidate while appearing in the re-appear examination shall not be eligible for a scholarship, a prize or a medal.

13. Improvement Case:

(i) A person who has qualified for the award of LLM from this university may be allowed to re-appear as an ex-student in at the most two subject(s) in which she appeared earlier, with a view to improve her previous performance. The candidate shall be awarded only two consecutive chances along with the re-appear students in the subject(s) concern immediately after her passing for her degree.

(ii) No candidate shall be eligible for improvement after one year of passing the examination for the degree course.

(iii) The Candidate will have to deposit fee and form for each examination separately.

(iv) The higher score in the subject(s) in which she re-appears for improvement will be taken into account towards the final result and the marks already obtained by the candidate in the subjects in which she has not opted to improve her result shall be carried forward. The candidate shall be awarded a new DMC clearly mentioning **'Improvement case'** subject(s) with improved marks, only and the new grand total.

(v) In case the candidate does not improve her result, it shall be declared as **'Previous Result Stands'**.

14. General Guidelines:

14.1 Where this document is silent about any rule, the University Policy & regulations as framed from time to time will be applicable.

14.2 Eligibility Criteria, Fee Structure, Academic Calendar, Examination Schedule, Sports Calendar and Cultural Calendar for the academic year shall be given in the University Prospectus.

14.3 Admission, teaching schedule, preparatory holidays, examination, winter, summer vacation, shall be followed as specified in academic calendar of the University.

14.4 A student is deemed to have completed the requirements for the degree and

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

is eligible for the award of degree if:

- She has satisfied all the academic requirements as per the regulations; and
- She has paid all fees due from her; and
- There is no case of indiscipline pending against her.
- Satisfied the minimum academic and residence requirements;

14.5 The gap of one/two semesters missed by the student(s), as the case may be, will count towards the total duration of the programme permissible under the regulations.

14.6 Absence of registered students from classes during a semester shall be discouraged. However, for bona fide reasons such as illness, maternity a student may be granted leave of absence as per provision of leave rules for students framed by the Academic Council.

14.7 All academic problems of the students other than those affecting the University rules and regulations framed from time to time may be looked into by a committee constituted by the Dean Academic Affairs.

15. REPEAL

The Ordinances governing One Year (Semester Examination System) Degree Course of study shall cease to have effect from the date the Ordinance governing Two Year (Four Semester) LL.M. Degree Course of study and examinations come into effect.

16. TRANSITORY ORDINANCE

The students who were admitted in LL.M. One Year (Semester Examination System) of the Academic Year 2020-21 or before and were either detained or failed in examinations of that concerned year, they shall be governed by old Ordinances subject to the condition that the candidates have to complete the study of both the semester comprising LL.M. Degree course within a maximum period of four years from the date of their registration for the First semester.

17. MISCELLANEOUS PROVISIONS

1. These Ordinances contained herein shall be deemed to have come into effect from the academic session 2021-22 to the extent of its applicability.
2. Any provision contained in earlier Ordinances in this regard repugnant to the present Ordinance shall stand deleted.
3. The Dean Faculty of Law/HOD in consultation with the Departmental Staff Council shall have the power to remove all difficulties in interpretation and/or application of these Ordinances, which shall be final.

Legal Theory

Paper Code – LLM 101

Semester 1st

L-T-P
3-1-0
Credits-4

Maximum Marks:100
External: 80
Internal: 20

Time –03 Hours

Note: (1) The entire syllabus has been divided into four units and the question paper shall be divided into five parts. The students are required to attempt five questions in all. Unit-I shall contain one compulsory question having eight questions. Each part shall carry two marks. This question shall be fairly spread over the entire syllabus. The student is required to attempt four more questions by selecting one question from each unit i.e. Unit-I to Unit-IV having two questions in each unit. Each question shall carry equal marks.

Objectives: The course aims at developing an analytical approach to understand the nature and development of law along with the working of a legal system in different dimensions with reference to popular legal theorists. Jurisprudential aspects in relation with nature of law, its evolution and its role in human life and society are focused.

Course outcomes: It is helpful to gain insights into dominant legal, societal and jurisprudential concepts regarding evolution and development of law. The course emphasizes the ideas of eminent theorists in building a legal institution for a civilized society. It is also helpful in understanding the notions behind rights and liabilities.

Time –03 Hours

Note: (1) The entire syllabus has been divided into four units and the question paper shall be divided into five parts. The students are required to attempt five questions in all. Unit-I shall contain one compulsory question having eight questions. Each part shall carry two marks. This question shall be fairly spread over the entire syllabus. The student is required to attempt four more questions by selecting one question from each unit i.e. Unit-I to Unit-IV having two questions in each unit. Each question shall carry equal marks.

Course Objectives: This course aims to provide the students a comprehensive understanding about the complex environmental issues and challenges. Students will study the key institutions and the mechanism under various statutes and develop a proactive approach about the contemporary environmental concerns.

Course Outcomes: The course is found useful to aware the students regarding different legislative framework enacted to deal with environmental issues and challenges. It is important to develop critical skills among students to ascertain and render them capable to comment on efficacy and impact assessment of the environmental law and policies. It is helpful in determining the usefulness of the law and legal mechanism to address the demands and the needs for a safe and healthy environment.

Sub:- **Minutes of the Meeting of PG BOS Law. 2024-25**

Dear Members,

The meeting of PGBOS of law was conducted in Blended mode at 12.00 PM on dated 30.07.2024. The meeting was attended by all the members and following is resolved.

Resolution 1.- PGBOS committee discussed Agenda 1 I.e For the Approval of Ordinance & Scheme w.e.f 2024-25 for LLM 2-year program. regarding following modifications:

1.1Increase of passing percentage from 45% to 50% in LLM Two Year Course. (50% to 45% was earlier passed in PGBOS and Faculty meeting held in year 2021 but couldn't be taken up to Academic Council.) Now it is proposed to be reverted to 50%.

ii) Increase in LLM Seats from 30 to 40 w.e.f 2025-26 session

iii) Admission in LLM Course shall be on the basis of merit through an entrance test.

The Agenda 1.1, 1.2, 1.3 stand approved as proposed.

Resolution 2: The PGBOS committee considered and discussed Agenda 2 regarding the approval of the revised Scheme regarding Credit System for PhD in Law w.e.f 2024-25 as per BPSMV policy and Common PhD Ordinance of BPSMV Khanpur Kalan will be applicable as it is and from time to time it will be.

2.1 Adoption of Credit System 3:1 for PhD in Law.

The Agenda 2 and 2.1 stand approved as proposed.

Resolution 3 : The PGBOS considered and discussed Agenda 3 regarding Approval of Examiners Panel for PG Courses I.e LLM and PH.D for the session 2024-25

- Appointment and approval of examiners for maintaining academic standards and quality assurance. The list is enclosed herewith.

Upon discussion, the updated panel as Agenda 3 was resolved as approved. Copy of the panel is attached herewith.

The meeting ended with thanks to all present. The minutes of the meeting are for your kind approval. We are highly thankful for your cooperation and valuable contribution.

Dr. Seema Dahiya
Chairperson

(1)

Annexure -9

B.P.S. Mahila Vishwavidyalaya, Khanpur Kalan

Department of Education

ORDINANCE

MASTER OF EDUCATION

(W.e.f. academic session 2024-25)

1. DEFINITIONS:

1.1. **Programme** stands for Master of Education (M.Ed.)

1.2. **Credit Weightage** is a weightage assigned to a course in terms of contact hours.

1.3. **Grade** stands for letter grade assigned to students on the basis of examination of a paper on 10^{th} point scale.

1.4. **Grade points** stand for numerical equivalents of letter grade.

1.5 **Course Stand** for Paper

2. DURATION:

2.1 The duration of the M.Ed. programme shall be two academic years comprising four semesters. Each academic year shall be divided into two semesters i.e. July to November/ December and January to May/ June. The semesters in first academic year are referred to as Semester I and Semester II. The Semesters in second academic year are referred to as Semester III and Semester IV. Each semester shall comprise 100 working days of class transaction, practicum, field study and conduct of examination. There shall be 200 working days in each year as per National Council for Teacher Education (NCTE) requirements.

2.2 The normal duration of the programme is two year (4 semesters) and maximum duration of M.Ed. programme offered by Department of Education in four years (n+2). A candidate, who fails to pass M.Ed. examination within a period of four years of her admission to the programme, shall be required to repeat the Programme *de movo*.

3. ADMISSIONS:

3.1 *Eligibility:* A candidate who possesses the following qualifications shall be eligible to
join the M.Ed. Programme:

3.1.1 Bachelor Degree of Education (B.Ed.) after graduation or B.A. B.Ed. /B.Sc. B.Ed or B.El.Ed. or D.El.Ed. with an undergraduate degree (with 50% marks in each)with at least **50%** marks in aggregate. Reservation

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

and relaxation for SC/ST/OBC/PWD and other applicable categories shall be as per the rules of state government/ BPSMV rules are applicable.

3.1.2 No candidate who is in employment (full time/ part time/ honorary service) shall be eligible to take admission in M.Ed. programme without taking leave from her institution/ office etc. from the date of admission to the termination of her examination including other essential requirements. She has to submit an affidavit in this regard. If found violation of this rules her admission shall stand cancelled.

3.2 Procedure: The admission shall be done on the basis of merit in entrance test/qualifying
examination merit as decided by the university from time to time.

4.FEE:

The programme fee shall be paid by the candidate as such as prescribed by the university from time to time.

5. TEACHING METHODOLOGY:

The methods of teaching shall include classroom instructions, practical work, assignments, seminars, workshops, dissertations, fieldwork, projects etc. The medium of instruction shall be English/Hindi.

6.CREDIT WEIGHTAGE:

Each course has a certain number of credits which reflect its weightage. Credits of a course are evaluated as under:-

6.1 Lecture: One credit per hour per lecture per week per semester will generally be adopted.

6.2 Practical: Half Credit per hour per week per semester will be assigned.

7. EXAMINATION:

7.1 At the end of the each semester, there shall be an examination where each candidate shall be examined in the courses studied by them in that semester. Each semester examination shall be designated as first semester examination, second semester examination, and third semester examination and so on.

7.2The examination in each semester will be held according to the syllabi approved by the Board of Studies. The Panel of examiners shall be appointed for each course and shall be recommended by the Post Graduate Board of Studies (PGBOS).

7.3. The examination shall consist of theory courses and practical examination. Theory courses are to be set by the external/internal paper setters appointed by the Vice-Chancellor from a panel of examiners submitted by the chairperson of the department duly approved by the PGBOS of the concerned department. The medium of examination shall be as under:

Chairperson
Department of Education
BPS Mahila Vishwavidyala
Khahpur Kalan (Sonipat)

7.3.1The question-papers shall be set both in English and Hindi Language.
7.3.2 The candidates shall write their answers in English or Hindi language.
7.4For practical examination viva-voce shall be conducted jointly by the external and internal examiners. If an external examiner is not able to join, alternate examiner (including those of the same University department may be appointed by the Chairperson of the concerned dept. with the intimation to the Controller of Examinations in the following preferential order: i) From outside ii) From BPSMV, Khanpur Kalan.
7.5 The examination for the odd semester will normally be held in November/December and for the even semester in April/May on such date as provided by the University. The concerned teacher/course coordinator should ensure that 100% syllabus is covered in each course before the semester examination.
7.6 Every programme is coordinated by a member of the teaching staff of the department which is offering the programme in a given semester. This faculty member is called the programme coordinator. He/ She has the full responsibility for conducting the programme, coordinating the work of the other members of the faculty involved in the course holding the midterm exam and practicum/projects/assignment/presentation. For any difficulty, the student is expected to approach the programme coordinator for advice and clarification. All the responsibilities from teaching to the award of final grade will be of the programme coordinator.
7.7 Every student has to appear in the mid term exam. If a student does not take a mid term exam, she shall be awarded zero marks in the test. The marks obtained in sessional/practical/theory/drawing/general proficiency are to be submitted to the examination branch duly signed by the Chairperson of the department before the close of semester examination.
7.8 If a candidate, after attending the classes for the course of studies in the Department either not appeared or having appeared in any semester examination has failed in one or more courses for that examination, she can appear for such courses at subsequent examinations without attending a fresh course of studies for that semester such a candidate may, in the meantime, prosecute her studies for the next semesters. Supplementary examinations for the last two semesters will be held after six months i.e. for odd semester in the month of May and for even semester in the month of December/January.
7.9 For holding the Mid term exam during even and odd semester the schedule of mid termexam shall be laid down by teacher(s) concerned in consultation with the Chairperson of the Department as the case may be and shall be made known to the students at the commencement of each semester.

Chairperson
Department of Education
BPS Mahila Vishwavidyalay
Khanpur Kalan (Sonipat)

7.10 If any of the department wants to alter the dates due to some reason to the satisfaction of the Chairperson of the Department, the date for conduct of mid term exam should not go beyond the 1st week of January so that the results are not delayed.

7.11 For Mid termexam the syllabus for Examination will be what is covered on the entire syllabus. Every teacher will submit in writing to the Chairperson at the end of term i.e. intervening period between Mid Term Exam the content of the syllabus covered during the semester.

7.12 Dissertation and field work report shall be submitted by one month before the start of second semester examination of that academic year. In exceptional cases (serious illness, serious calamity etc. accompanied by a documentary proof) the Chairperson of the Department in consultation with the Dean, Faculty of Education may extend the date as per the policy of the university.

8. RE-APPEAR EXAMINATION:

The examination for first semester shall ordinarily be held in the month of November/December and for the second semester in the month of April/May or such dates as may be fixed by the Controller of Examinations. Supplementary examination will be held for re-appear candidates as under:

	Semester	**when held**
(a)	First Semester	Along with second semester in April/May of the academic year.
(b)	Second Semester	Along with first semester in November/December of next academic year.

9.EVALUATION AND GRADING:

9.1 The assessment will be **20%** internal and **80%** external for all papers.

9.2 The students will have to qualify internal as well as external examination separately.

9.3.The weightage for internal evaluation /sessional evaluation will be done according to the following break-down of marks:

The internal assessment/ sessional evaluation for courses (except Field work, Community Survey and Dissertation work) will be done according to the following break-down of marks:

A. Assignment/seminar/presentation/project =5 marks

B. Mid term exam = 10 marks

C. Attendance =5 marks

Details of Attendance Marks:

- Less than 60% 0 marks
- Up to 65% 1 marks
- Up to 70% 2 marks

-272-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Up to 75% 3 marks
- Up to 80% 4 marks
- Above 80% 5 marks

9.4. **Ad-hoc Grace:**

If there is any discrepancy/out of syllabus/printing error/untoward incident during the examination, the matter be referred to a Standing Committee of

(i) Controller of Examinations.
(ii) Chairperson of the concerned Department.
(iii) One faculty member concerning the course.

The Committee may recommend re-conduct of the course or uniform grace marks to all but that should not exceed 10% marks of that particular course.

9.5 . Moderation of Marks:

(a) Internal Examinations:- If there are more than one teacher associated in any internal assessment, one of the member will be made co-coordinator by the concerned Chairperson and he/she along with the others can moderate the marks to maintain uniformity so that no student get undue advantage or disadvantage.

(b) External Examinations: - if there is unusual variation (very high or very low) in the awards, the COE may refer the matter to a Moderation Committee consisting of

(i) Controller of Examinations.

(ii) Chairperson of the Department.

(iii) One faculty member concerning the course.

As per recommendation of the committee the result may be revised.

9.6 In case, the candidate is fail or has failed in the internal examination, the internal examiner may conduct the re-examination as and when feel suitable with prior approval of the Chairperson of the department.

9.7 Grading:

The academic performance of a student shall be graded on a scale as prescribed by the university. The award of grades based upon marks obtained out of 100 shall be made as follows:

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

Academic Performance	Letter Grades	Grade Points (p)
Outstanding	O	10
Excellent	A+	09
Very Good	A	08
Good	B+	07
Above average	B	06
Average	C	05
Pass	P	04
Fail	F	00
Absent	Ab	00

Note: 1. Pass Grade is Grade 'C' and above.
2. Grades 'P', and 'F are fail grades.

9.8. For the award of grades in a course, all component wise evaluation shall be done in marks. The award of grades based on absolute marks (irrespective of no students) out of 100 shall be made as follows:-

Marks		Grade		Marks
90	≤	O	≤	100
80	≤	A+	≤	89
70	≤	A	≤	79
60	≤	B+	≤	69
50	≤	B	≤	59
40	≤	C	≤	49
30	≤	P	≤	39
0	≤	F	≤	29
Ab		Ab		

9.9. Calculation of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA)

The Grade Point Average is calculated as follows:-

$$GPA = \frac{\sum (\text{Number of credits} \times \text{Grade Points})}{\sum (\text{Number of Credits Registered})}$$

Chairperson
Department of Education
BPS Mahila Vishwavidyala
Khahpur Kalan (Sonipat)

For the purpose of calculation of GPA for SGPA and CGPA only those programmes (including projects) will be taken into account in which the student has been awarded one of the pass grades. Here SGPA stands for the sum of

(i) $SGPA = \frac{\sum C_i P_i}{\sum C_i}$

Where

C_i =Number of credits earned in the i^{th}programme of a semester for which SGPA is to be calculated.

p_i = Grade point earned in i^{th}programme

i = 1, 2, 3 ..... n, represent the number of programmes in which a student is registered in the concerned semester.

(ii) $CGPA=\frac{\sum C_i P_i}{\sum C_i}$

Where

C_j= Number of credits earned in the j^{th}programme upto the semester for which CGPA is to be calculated.

P_j = Grade point earned in the j^{th}programme. Any grade lower than the pass grade in a programme shall not be taken into account.

j = 1, 2, 3 .....n, represent the number of programmes in which student was registered and obtained a grade not lower than 'C' upto the semester for which CGPA is to be calculated.

10. ATTENDANCE:

10.1 No candidate shall be considered to have pursued a regular programme unless she has attended not less than **80%** in theory courses and practicum, seminar, presentation etc. and **90%** for field attachment. A deficiency up to **10%** may be condoned by the Chairperson of the department. In some special cases the Vice-Chancellor may condone a further **5%.**

10.2 If a student is absent from the Department for more than four weeks without intimating to the Chairperson/Programme -Coordinator of the department, her name will be struck off from the department rolls with information to the Academic Branch.

Chairperson
Department of Education
BPS Mahila Vishwavidyala
Khahpur Kalan (Sonipat)

10.3 In case the student name is struck off due to non-payment of fee and is re-admitted later, her attendance shall not be counted for that period.

11. GENERAL GUIDELINES:

11.1 Where this document is silent about any rule, the University policy regulation as framed time to time will be applicable.

11.2 Admission, teaching schedule, preparatory holidays, examination, winter, summer vacation, shall be followed as specified in academic Calendar of the University.

11.3 A student is deemed to have completed the requirements for the degree and is eligible for the award of degree if:

11.3.1 She has satisfied all the academic requirements as per the regulations;

11.3.2 She has paid all fees due from her; and

11.3.3 There is no case of indiscipline pending against her.

11.3.4 A student who has completed the entire graduation requirement listed above shall be eligible for award of degree/certificate. However, under extremely exceptional circumstances, where gross violation of the graduation requirements is detected at any later stage, the Academic Council may recommend to the Executive council to withdraw the degree/PG diploma already awarded.

11.4 The gap of one/two semesters missed by the student (s), as the case may be, will count towards the total duration of the programme permissible under the regulations.

11.5 Absence of registered students from classes during a semester shall be discouraged. However, for bonafide reasons such illness, maternity a student may be granted leave of absence as per provision of leave rules for students framed by the Academic Council.

11.6 Grace Marks shall be provided as per university rules.

11.7 All academic problems of the students other than those affecting the University rules and regulations framed from time to time may be looked into by a committee constituted by the Dean Academic Affairs.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

Annexure - 10

M.Ed. Programme (2024-2026)

Program Outcomes (POs) for M.Ed. Programme

Program Outcomes (POs) for M.Ed. Programme will enable the student to:

1. Acquire a deep and comprehensive understanding of educational theories, practices, policies, and research methodologies, preparing students for leadership roles in the field of education.
2. Apply philosophical and sociological concepts to contemporary educational issues, developing informed and thoughtful approaches to educational practice and policy.
3. Develop an in-depth understanding of major psychological theories related to learning, development, and motivation, and their application in educational settings.
4. Conduct research in educational psychology and assess the psychological effects of educational policies, contributing to the advancement in the field of Education.
5. Develop advanced research skills to critically analyze educational issues, design and conduct original research, and contribute to the academic knowledge base in education.
6. Gain expertise in designing, implementing, and evaluating innovative curriculum and instructional strategies that meet diverse learner needs and educational contexts.
7. Gain an in-depth understanding of pedagogical and andragogical theories, enabling them to design and implement effective teaching strategies for diverse learners across different educational contexts.
8. Become proficient in various assessment and evaluation methods, capable of designing, administering, and analyzing assessments to measure and enhance student learning outcomes.
9. Integrate gender perspectives into various educational disciplines, promoting a holistic understanding of how gender influences education.
10. Equipped with the skills to critically analyze and evaluate various approaches to value education and human rights, applying these concepts effectively in curriculum development, classroom practices, and broader educational policies.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

55

11. Identify best practices in education from various countries, analyzing their applicability and potential for implementation in different educational settings.

12. Gain skill in designing, implementing, and evaluating a variety of assessment tools and techniques, ensuring they are valid, reliable, and aligned with educational perspective.

13. Analyze the evolution of educational policies in India, from the colonial period to contemporary times, and understand their impact on the Indian education system.

14. Demonstrate a thorough understanding of the theories, policies, and practices related to elementary and secondary education, including developmental stages, curriculum design, and instructional strategies.

15. Cultivate leadership qualities and the ability to analyze and influence educational policies and practices at various levels, from local to global.

16. Promote and uphold ethical standards in educational practice, emphasizing the importance of inclusivity, equity, and social justice in educational settings.

17. Become effective educators, capable of designing and delivering high-quality instruction, engaging in professional development, and contributing positively to their educational communities.

18. Design and implement effective technology-based teaching and learning strategies that enhance student engagement and learning outcomes.

19. Demonstrate the ability to lead educational institutions with a clear vision, ethical principles, and strategic direction, fostering a culture of continuous improvement and innovation.

20. Excel in their respective pedagogical fields (Science, Mathematics, Language Education, and Social Science Education) contributing to the advancement of education and the development of future generations.

21. Encourage in continuous professional growth and lifelong learning, enabling educators to adapt to changing educational environments and emerging challenges.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

Program Specific Outcomes (PSOs) for M.Ed. Programme

Program Specific Outcomes (PSOs) for M.Ed. Programme will enable the students:

1. Critically examine various educational philosophies, such as Idealism, Realism, Pragmatism, and Existentialism, and their implications for curriculum design, pedagogy, and educational goals.
2. Apply advanced theories of learning, development, and instruction to analyze and improve educational practices in diverse contexts.
3. Design and implement effective teaching strategies and assessment methods that cater to the diverse needs of learners, fostering a supportive and inclusive learning environment.
4. Conduct and disseminate high-quality research that addresses contemporary educational challenges, contributing to the academic and professional discourse in education.
5. Learn to effectively report and present research findings, including writing research reports, creating visual data representations, and presenting findings to academic and professional audiences.
6. Apply principles and theories of curriculum design, including needs assessment, content selection, sequencing, and integration, to create curricula that meet specific educational objectives.
7. Engage in research and innovative practices in pedagogy, andragogy, and assessment, contributing to the advancement of educational practices and policies
8. Analyze and influence educational policies through informed decision-making and leadership, addressing key issues in education such as equity, access, and quality.
9. Lead and manage educational institutions and programs, fostering a culture of collaboration, innovation, and continuous improvement.
10. Gain deep and critical understanding of gender theories, concepts, and frameworks, enabling them to analyze gender-related issues in educational contexts.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

11. Identify and critically assess contemporary challenges related to value education and human rights, proposing solutions that are practical, sustainable, and grounded in ethical principles

12. Develop a comprehensive understanding of educational systems, policies, and practices across different countries, enabling them to compare and analyze these systems critically and contextually

13. Incorporate global perspectives and multicultural understanding into educational practice, preparing educators to work in diverse and international contexts.

14. Contribute to the field of Education through effective assessment practices, data-driven decision-making, and ethical standards.

15. Contribute effectively to the field of elementary and secondary education, with a strong foundation in theory, practice, and professional development.

16. Evaluate national policies related to education, focusing on inclusivity, women's education, and the right to education, and their implications for marginalized groups.

17. Demonstrate a comprehensive understanding of the theories and models of teaching and learning, and apply them effectively in various educational contexts.

18. Integrate technology effectively into educational settings, engage in ongoing professional development, and contribute to the field through research and innovative practices.

19. Develop the ability to manage financial, physical, and human resources effectively, ensuring optimal utilization and sustainability of institutional assets.

20. Develop a deep understanding of pedagogical theories, strategies, and methodologies specific to Science, Mathematics, Language and Social Science Education, enabling the effective design and implementation of curricula in these domains.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

MASTER OF EDUCATION (M.ED.)
SEMESTER-I
MOE-2101
PHILOSOPHICAL AND SOCIOLOGICAL FOUNDATION OF EDUCATION – I

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the meaning, definitions and Scope of Educational Philosophy.
- Explain the nature and functions of educational philosophy.
- Understand and explain the intimate relationship between education and sociology.
- Understand the Contribution of Indian Schools of Philosophy to Education.
- Understand the Western Schools of Philosophy.
- Appreciate the Contribution of thinkers to the development of educational thought for social change.

COURSE OUTCOMES:

Upon successful completion of the course, students will be able to:

- Learn about Educational Philosophy.
- Understand the Indian School of Philosophy and Western Schools of Thought.
- Know the Contribution of Indian and Western thinkers in the field of Education

UNIT- I: EDUCATIONAL PHILOSOPHY

1.1 Education and Philosophy: Meaning, definition and nature, Relationship between Philosophy and Education

1.1 Educational Philosophy: Meaning, definition and scope

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.2 Branches of Educational Philosophy- Metaphysics, Epistemology, Axiology and Logic
1.3 Modern schools of Philosophy: Logical Positivism and Relativism

UNIT-II: INDIAN SCHOOLS OF PHILOSOPHY WITH SPECIAL REFERENCE TO KNOWLEDGE, REALITY AND VALUES

2.1 Sankhya Yoga
2.2 Buddhism
2.3 Jainism
2.4 Islamic traditions towards educational aims and methods of acquiring valid knowledge.

UNIT- III: WESTERN SCHOOLS OF THOUGHT

3.1 Idealism
3.2 Realism
3.3 Naturalism
3.4 Pragmatism

UNIT-IV: CONTRIBUTION OF THINKERS

4.1 Contribution of Indian thinkers to the development of educational thought for social change
4.1.2 Swami Vivekananda
4.1.3 Mahatma Gandhi
4.2 Contribution of Western thinkers to the development of educational thought for social change
4.2.1 Paulo Freire
4.2.2 John Dewey

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities

- Organize a drama/play on it. Write a script on Educational development in ancient India after classroom discussion on the script.
- The Essay Course: Students will be required to submit a long essay of 5000 – 7000 words on a philosophical topic to the supervisor.
- Visit any school claim to run on Gurukul principles and reflect critically on how the principles are translated into action (write in about 500- 700 words).
- Identify the different instruments of knowledge used by a proficient teacher in a classroom situation and explain them briefly.
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Introduce the meaning, scope, and importance of educational psychology.
- Explore and apply psychological methods in educational research and practice.
- Examine and apply foundational psychological theories in classroom settings.
- Understand human growth and development, including influencing factors and educational implications.
- Study and apply cognitive development theories, particularly Piaget and Vygotsky, in education.
- Define personality and analyze major personality theories for educational practice.
- Understand motivation, explore motivational theories, and develop strategies to enhance student motivation.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Comprehend the concept, scope, and applications of educational psychology.
- Apply various psychological methods effectively in educational contexts.
- Integrate foundational theories to create effective learning environments.

-286-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Address developmental variations using growth and development principles.
- Implement cognitive development theories to enhance teaching strategies.
- Analyze and apply personality theories to support student growth.
- Enhance student motivation using relevant theories and classroom strategies.

COURSE CONTENT

Unit 1: Concept of Educational Psychology & Foundational theories

1.1 Meaning, concept of Educational Psychology, importance and applications of educational psychology.
1.2 Scope of Educational Psychology.
1.3 Methods of Psychology: Introspection, Observation, Experimental & Clinical Method.
1.4 Systems or Schools of psychology and their bearing on Education: Structuralism, Functionalism, Behaviourism, Gestalt Psychology, Psychoanalysis, Synthesis of Schools: Recent trend in contemporary psychology (Humanist, Transpersonal, Cognitive Psychology)

Unit 2: Growth and Development & Cognitive Processes and Stages of Cognitive Development

2.1 Concept of Growth and Development, Principles of Human Development.

2.2 Factors Influencing Growth and Development (Genetic, Environmental), Educational Implications of Developmental Principles.

2.3 Overview of Cognitive Processes (Perception, Attention, Memory), Piaget's Stages of Cognitive Development, Vygotsky's Sociocultural Perspective on Cognitive Development

2.4 Applications of Cognitive Development Theories in the Classroom.

Unit 3: Personality and its Theories

3.1 Definition and Nature of Personality,

3.2 Freud's Psychoanalytic Theory of Personality, Carl Rogers' Humanistic Theory and Self-Concept, Gordon Allport's Trait Theory of Personality.

3.3Gestalt Psychology and Personality, Max Wertheimer's Contributions to Understanding Personality, Kurt Kafka's Approach to Personality Development.

3.4 Integrating Personality Theories in Educational Practice.

Unit 4: Motivation & Theories of Motivation

4.1 Definition and Types of Motivation (Intrinsic, Extrinsic), Factors Influencing Student Motivation (Environment, Culture), Role of Self-Efficacy in Motivation.

4.2 Strategies to Enhance Motivation in the Classroom.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

4.3 Physiological Theories of Motivation, Murray's Need Theory and its Educational Implications, Maslow's Hierarchy of Needs and Student Motivation

4.4 Applying Motivation Theories to Classroom Management.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Observe a classroom, document teaching methods, and relate observations to psychological theories.
- Create a comparative chart of behaviorism, cognitivism, constructivism, and humanism.
- Design and conduct a simple experiment on a psychological principle.
- Observe children or adolescents and document behaviors related to developmental stages.
- Analyze a case study using Piaget's and Vygotsky's cognitive development theories.
- Design educational materials suited for different cognitive stages.
- Administer a personality test, reflect on results using personality theories.
- Role-play scenarios demonstrating different personality theories in educational settings.
- Organize a workshop demonstrating Gestalt principles and their application to personality.
- Develop and administer a survey on student motivation, analyze results.
- Create a comprehensive plan to enhance classroom motivation.
- Propose solutions to classroom management challenges using motivation theories.
- Keeps a journal documenting observations, experiences, and reflections related to educational psychology.
- Prepare and present a seminar integrating practicum activities and theoretical knowledge.
- Compile a portfolio of key theories, observations, and reflections on educational psychology.
- Any other relevant activity, project, or assignment assigned by the teacher

SUGGESTED READINGS:

MOE-2103
EDUCATIONAL RESEARCH AND DATA ANALYSIS-I

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the concept of research and educational research
- Describe the nature of different types of research.
- Select /formulate the design of the study.
- Develop competency to plan, execute and report a research.
- Compute different types of Statistical Measures.
- Explain and illustrate the concept & application of measures of central tendency, dispersion and relative positions.
- Describe the meaning, assumptions, computation & uses of Non-Parametric test i.e. Chi-square Test
- Illustrate the preparation of synopsis

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Develop scientific and research attitude.
- Know different types of Statistical Measures and know process of selection of appropriate data analysis techniques.
- Develop skill to prepare a significant research plan.
- Know process of preparation of synopsis.

Chairperson

COURSE CONTENT

Unit-1 Nature and Scope of Educational Research

1.1 Meaning, Nature, Scope of Educational Research

1.2 Areas of Educational Research; The Research Process

1.3 Types of Research: Qualitative and Quantitative Research

1.4 Techniques of Research: Interview, Observation, Projective Techniques

1.5 Variables: Concepts and Types of Variables

UNIT-II Formulation of Research Problem

2.1 Sources of Identifying the Problem; Selection, Definition and Evaluation of a Research Problem

2.2 Review of Related Literature: Importance and Various Sources including Internet.

2.3 Hypothesis: Concept, Types, Sources, Characteristics, Formulation and testing

2.4 Sampling: Concept, Need, Steps, Characteristics and techniques of sampling

Unit-III Descriptive Statistics

3.1 Descriptive Statistics: Concept, calculation and uses of: Measures of central tendency: Mean, Median and Mode

3.2 Ranks Measures of Relative Positions: Percentile and Percentile Ranks

3.3 Measures of Dispersion: Range, Quartile Deviation, Mean Deviation and Standard Deviation

3.4 Skewness and Kurtosis

UNIT- IV: Correlation and Parametric Tests

4.1 Meaning, characteristics, assumptions, computation and uses of Coefficient of Correlation by-

4.1.1 Rank Difference Method

4.1.2 Pearson's Product Moment Correlation

4.1.3 Partial Correlation

4.2 Parametric Tests and Non-Parametric Tests

4.2.1 Conditions to be satisfied for using parametric techniques

4.2.2 Non-parametric Tests: Meaning, assumptions, computation and uses of Chi-square tests of equality and independence, setting up cross breaks for contingency table.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Presentation on the application of statistics and characteristics and application of NPC.
- Prepare different types of graphs on any hypothetical data.
- Make a list of the likely skills that one will need to learn and practice before carrying out various stages in research plan.
- Produce videos or films related to Educational Research and Data Analysis education, focusing on specific strategies or concepts.
- Participate in seminar on a topic related to Educational Research and Data Analysis, utilizing PowerPoint for presentation.
- Any other relevant activity, project, or assignment assigned by the teacher.

FACULTY OF EDUCATION

B.P.S. MAHILA VISHWAVIDYALAYA, KHANPUR KALAN

MASTER OF EDUCATION (M.ED.)

SEMESTER-I

MOE-2104

SUBJECT: CURRICULUM DEVELOPMENT–I

Max Marks: 100 | **Total Inst. Hours: 03+02**

External Marks/Theory: 80 | **Exam Hours: 3hrs**

Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To develop a comprehensive understanding of the concept, meaning, and importance of curriculum.
- To explore the historical growth of curriculum in India and analyze modern trends in curriculum organization and development.
- To examine the various bases of curriculum development and their implications.
- To study different types of curricula and their applications in educational settings.
- To critically analyze national curriculum frameworks and their impact on education.

COURSE OUTCOMES:

After completing this course, students will be able to:

- Define and explain the concept, characteristics, principles, and components of curriculum.
- Differentiate between curriculum planning, designing, development, and framework.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Analyze the historical foundations of curriculum in India and the contributions of modern Indian educators.
- Evaluate the philosophical, psychological, and sociological bases of curriculum development.
- Compare and contrast different types of curricula, including subject-centered, learner-centered, community-centered, and activity-centered approaches.
- Critically examine national curriculum frameworks, including NCF 2000, 2005, and 2023, and their alignment with educational policies.
- Assess the role of national-level statutory bodies in curriculum development.

COURSE CONTENT

UNIT-I CONCEPTUAL FOUNDATIONS AND COMPONENTS OF CURRICULUM

1.1 Concept, Meaning, Need and Importance
1.2 Characteristics, Principles, objectives and components
1.3 Curriculum Planning, curriculum Designing, Curriculum Development and Curriculum Framework

UNIT II: HISTORICAL AND CONTEMPORARY PERSPECTIVES ON CURRICULUM

2.1 Historical Foundations of Curriculum in India

2.2 Modern Indian Educators and their Contributions to Curriculum

2.3 Modern Trends in Curriculum Organisation and Development

2.3 National Curriculum Framework (NCF) 2000and 2005

2.4 National Curriculum Framework for Teacher Education 2009

2.5 National Curriculum Framework (NCF) 2023 in light of NEP 2020

UNIT-III BASES OF CURRICULUM DEVELOPMENT

3.1 Philosophical Basis

3.2 Psychological Basis

3.3 Sociological Basis

3.4 Role of National Level Statutory Bodies -UGC, NCTE, University

3.5 Theories and Approaches of Curriculum

UNIT IV: CURRICULUM TYPOLOGIES AND DESIGNS

4.1 Subject Centered Curriculum

4.2 Learner Centered Curriculum

4.3 Community Centered Curriculum

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

4.4 Activity Centered Curriculum

4.5 Emerging Curriculum

4.6 Integrated Curriculum

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Create a concept map that visually represents the key concepts, characteristics, principles, and components of a curriculum.
- .Conduct a timeline project tracing the historical evolution of the curriculum in India, highlighting key reforms, policies, and contributions of modern Indian educators.
- Compare the National Curriculum Frameworks of 2000, 2005, and 2023 in the context of NEP 2020.
- Conduct group presentations on the philosophical, psychological, and sociological bases of curriculum development, linking theories to real-world applications in education.
- Evaluate an existing curriculum (e.g., a school subject syllabus) using philosophical, psychological, and sociological lenses.
- Conduct a role-play activity where students simulate the role of statutory bodies like UGC, NCTE, and University Curriculum Committees in the curriculum development process.
- Design small units or modules for different types of curricula, such as subject-centered, learner-centered, community-centered, and activity-centered approaches.
- Conduct a case study analysis on the implementation of a specific curriculum framework (e.g., NCF 2005) in schools.
- Design an integrated curriculum unit that blends multiple subjects (e.g., science, social studies, and language) around a common theme.
- .Organize a workshop on emerging trends in curriculum design, such as competency-based, digital, or globalized curricula.
- Any other relevant activity, project, or assignment assigned by the teacher.

PEDAGOGY, ANDRAGOGY AND ASSESSMENT - I

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Enable the student to know about the pedagogy concept.
- Enable the student to understand advanced evaluation techniques.
- Enable the student to explore area in the field of pedagogy, andragogy teacher education.
- Analysis the relationship between objectives and outcomes.

COURSE OUTCOMES:

After completing the course content of this paper, the students will be able to:

- Understand the concept, objectives, new thrusts and structure of approaches of teaching in emerging context.
- Understand the different techniques of assessment.
- Analysis the changing modes of assessment in education
- Explore area in the field of pedagogy, andragogy and teaching in education.

COURSE CONTENT

UNIT-I: PEDAGOGY AND TEACHING

1.1 Pedagogy: Meaning, concept and importance
1.2 Stages of pedagogical Analysis.
1.3 Critical Pedagogy: Meaning, Need and its implication in Teacher Education.
1.4 Organizing Teaching: Memory Level (Herbartian Model),
1.5 Understanding Level (Morrison teaching Model), Reflective Level (Bigge and Hunt teaching Model).

Chairperson

BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

UNIT-II: ANDRAGOGY

2.1 Andragogy: Meaning, nature and need of Andragogy in education.
2.2 Historical perspectives of Andragogy
2.3 Principles of Andragogy
2.4 Competencies of Self-directed Learning.

UNIT-III: ASSESSMENT IN TEACHING AND LEARNING

3.1 Meaning, purpose, objectives and principles of assessment.
3.2 Perspectives of Assessment: Assessment for learning, Assessment of learning.
3.3 Types of Assessment: Placement, formative, diagnostic, summative
3.4 Relationship between objectives and outcomes.

UNIT-IV: TRENDS IN ASSESSMENT

4.1 Techniques of Assessment: Projects and seminars.
4.2 Characteristics of a good Assessment tool.
4.3 Teacher made v/s standardized tests
4.4 Problems in current assessment system

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Make a list of the likely skills that one will need to learn and practice before carrying out various trends in assessment.
- Prepare a lesson Plan on Self-directed Learning Apporach
- Participate a seminar on a topic related to pedagogy, andragogy and assessment,
- Develop a PowerPoint presentation on the stages of pedagogical Analysis.
- Any other relevant activity, project, or assignment assigned by the teacher.

MOE-2106 (OPT-I)
GENDER EDUCATION

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To understand the concepts and theories related to gender and gender identity.
- To analyze historical and contemporary gender roles and norms.
- To explore the impact of gender on individuals and societies.
- To develop skills in advocating for gender equity and inclusivity.

COURSE OUTCOMES:

After completing the course content of this paper, the students will be able to:

- Increased ability to critically analyze social norms, policies, and practices related to gender.
- Improved skills in addressing gender-related issues in therapeutic settings.
- Better ability to analyze and critique economic policies from a gender perspective.
- Improved ability to recognize and counteract gender biases in scientific research and technology development.

UNIT-1SEX AND GENDER

1.1 Definitions and concepts: Gender vs. Sex, Gender Identity, Gender Expression
1.2 Historical perspectives on gender Education

1.3 Issue and challenges in development gender balance

UNIT-2 GENDER ISSUES AND SOCIALIZATION PROCESS IN INDIA

-300-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.1 Gender socialization and gender roles

2.2 Gender Discrimination at Different Level Institution

2.3 Gender issues in curriculum

2.4 The role of family, education, and media in shaping gender roles

UNIT-3 WOMEN EMPOWERMENT AND ITS DIMENSIONS

3.1 Women entrepreneurship and its role in economic development

3.2 Public private partnership for the economic empowerment of women

3.3 Role of education in women empowerment

UNIT-4 GENDER INEQUALITIES AND MENTAL HEALTH IN SCHOOLING

4.1 Gender disparities in various sectors (workplace, education, politics)

4.2 Mental health issues related to gender identity

4.3 Hidden curriculum (teacher attitude, classroom interaction and peer culture)

4.4 Gender and Schooling –Education for gender equity

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

- Analyze popular media (films, TV shows, advertisements) for their portrayal of gender. Create presentations or reports highlighting how media representations conform to or challenge gender stereotypes.
- Develop a mock advertisement or social media campaign that promotes gender inclusivity and challenges stereotypes
- Create collages using magazines, digital images, or found objects to explore different forms of gender expression.
- Design and paint a mural that represents various gender identities and experiences

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand nature of values and role of values in human life.
- Understand the importance of Value-Education.
- Understand and use various approaches to Value development in classroom situation.
- Understand and use transactional strategies for teaching value in classroom situation.
- Understand the Constitutional or national values and National Integration and international understanding with emphasis on patriotism and nation-building.
- Elucidate the role of educational institutions in promoting value education.
- Understand the international dimensions of Human Rights Education.
- Elaborate the significance of constitutional provisions for Human Rights and the Millennium Development Goals.
- Explain the role of different national, international agencies for promoting human rights education.
- Elucidate the role of educational institutions and NGOs in promoting human rights education.
- Recognise the role of media in dissemination of human rights.

COURSE OUTCOMES:

After completing the course content of this paper, the students will be able to:

- Understand nature, importance and approaches to value development and role of values in human life.
- Know the Constitutional or national values helping National Integration and international understanding.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Understand the role of different national, international agencies for promoting human rights education.
- Use transactional strategies for teaching value in classroom situation

COURSE CONTENT

UNIT-I: CONCEPTUAL FRAMEWORK: VALUE EDUCATION

1.1 Concept, objectives and Nature of values
1.2 Need and importance of Values Education
1.3 Different types of values-Personal, Social, Moral, Professional, Spiritual and Behavioural values, extrinsic and intrinsic values.
1.4 Deterioration of values

UNIT-II: TRANSACTIONAL STRATEGIES FOR VALUE EDUCATION AND VALUE EDUCATION TOWARDS NATIONAL AND GLOBAL DEVELOPMENT

2.1 Models for Value Education: **a)** Rationale building model b) Consideration model c) Value classification model d) Social action model e) Just community intervention model
2.2 Approaches to value development- a) Psycho-analytic approach b) Cognitive development approach c) Learning theories approach
2.3 National Integration and international understanding with emphasis on patriotism and nation-building.

UNIT-III: CONCEPTUAL FRAMEWORK: HUMAN RIGHTS

3.1 Meaning and concept of Human Rights, Indian Constitution and Human Rights
3.2 International dimensions of Human Rights.
3.3 Universal declaration of Human Rights.
3.4 Millennium Development Goals and Human Rights.

UNIT-IV: ROLE OF DIFFERENT AGENCIES IN DISSEMINATION OF HUMAN RIGHTS:

4.1 Need and importance of human rights Education - in the existing social scenario
4.2 Role of educational institutions (at school, college and higher education level) in dissemination of human rights.
4.3 Role of media in dissemination of human rights.
4.4 Role of non-governmental organization in promotion of human rights (International, National and State Level).

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Organize any programme (Morning Assembly, Celebration of Important Days etc.) school children for inculcating different values.
- Create a programme for awareness among the school/college students about value education.
- Study of the comparison of values among students of one urban school with one rural school.
- Making a project report on role of formal and informal agencies for inculcating values

-303-

COMPARATIVE EDUCATION

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To know about the educational problems of Comparative Education.
- Understand the concept of comparative education
- To acquaint the students with educational systems in terms of factors and approaches of comparative education.
- To orient the students with skills to assess the efficacy of educational systems of various countries in terms of the prevailing trends in those countries.
- To create a perspective in the students about the implications of education for solving the prevailing problems of education in India.

COURSE OUTCOMES:

After completing the course content of this paper, the students will be able to:

- To Equip with the Understanding of Comparative Education as an Interdisciplinary and Multidisciplinary Field.
- To Develop an Insight into the Evolution of Comparative Education as an Indispensable Field of Study to Solve the Issues and Concerns Plaguing Education at all Levels.
- To Critically Reflect on the Role and Functions of Comparative Education to Develop Cross Cultural Sensitivity in order to develop a Global Outlook.
- Reflect on the balance between localization and globalization in Education.
- Develop a critical perspective on the concerns of comparative education.
- Develop cross cultural understanding and global outlook through the study of comparative education.

COURSE CONTENT

UNIT-1 COMPARATIVE EDUCATION: NEED AND CONCEPTUAL UNDERPINNINGS

1.1 Comparative Education: Concept & Historical Perspective of Comparative Education

1.2 Aims, Need & Scope of Comparative Education

1.3 Approaches to Comparative Education: Historical, Philosophical, Sociological and Problem Approach

1.4 Factors influencing Education System of a Country

1.5 Development and Evolution of Comparative Education as a Field of study: History and Present Status.

UNIT-II: COMPARATIVE STUDIES AND EDUCATIONAL PROBLEMS

2.1 Educational Problems related to Elementary, Secondary, Higher and Teacher Education

2.2 Educational Administration, Finance and Planning

2.3 Correspondence, Distance and Open Education

2.4 Education of Minorities

2.5 Educational Reforms for the 21st Century

UNIT- III: SECONDARY EDUCATION SYSTEM IN DIFFERENT COUNTIES

3.1 Secondary education system in India

3.2 Secondary education system in UK

3.3 Secondary education system in USA

3.4 Secondary education system in Japan

3.5 Secondary education system in China

UNIT-IV EDUCATION STRUCTURE LIKE ADMINISTRATION, TEACHER AND INNOVATIVE EDUCATION

4.1 Education administration in India, UK and USA

4.2 Teacher education programme in UK, India and USA

4.3 Recent trends and innovation in education of India, UK and USA

4.4 Distance education system: its need and various concepts with reference to India, UK and USA

4.5 Comparative Education Societies: World Council of Comparative Education; Regional and National Organizations/ Societies: Need, Relevance and Functions.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

Chairperson
Department of Education
BPS Mahila Vishwavidyal
Khahpur Kalan (Sonipat)

- Attend a conference or seminar on comparative education and submit a reflective report.
- Conduct a group project on a selected topic in comparative education, presenting findings in a seminar or exhibition.
- Write a research paper on a comparative education topic, guided by a faculty mentor.
- Create a multimedia presentation on distance education systems in two countries (e.g., India and the USA).
- Create a multimedia presentation (video, podcast, or infographic) on correspondence, distance, or open education.
- Conduct a group discussion on educational reforms for the 21st century, focusing on a specific country or region.
- Write a reflective essay on the evolution of comparative education as a field of study.
- Any other relevant activity, project, or assignment assigned by the teacher.

EDUCATIONAL MEASUREMENT AND EVALUATION

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To acquaint the student with the basic concepts and practices adopted in educational measurement and evaluation.
- To orient the students with tools and techniques of measurement and evaluation.
- To develop skills and competencies in constructing and standardizing a test.
- To make the students understand how various requirements of education are measured, evaluated, interpreted and their results are recorded to help learners.
- To develop the ability to explain and use appropriate statistical techniques and tests of significance in measurement and evaluation.

COURSE OUTCOMES

Upon completing this course, students will be able to:

- Define and explain the concepts of educational measurement and evaluation, including levels of measurement, functions, and principles of evaluation.
- Identify and discuss new trends in measurement and evaluation, including grading systems, continuous and comprehensive evaluation, and the use of computers in evaluation.
- Design and construct various types of tests, including essay and objective type tests, and questionnaires.
- Evaluate the reliability and validity of measuring instruments and explain the concepts of norms, including age, grade percentile, and standard scores.
- Develop and standardize achievement tests, including item analysis and interpretation of test scores.
- Apply analysis of variance to compare means and explain its assumptions and uses.
- Understand and distinguish between achievement and aptitude tests.

-309-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Calculate and interpret correlation coefficients, including biserial, partial, and Pearson's product-moment correlation.
- Apply measurement and evaluation concepts to real-world educational settings.
- Critically evaluate and discuss the strengths and limitations of various measurement and evaluation tools and techniques.

COURSE CONTENTS

UNIT-1: EDUCATIONAL MEASUREMENT AND EVALUATION

1.1. Concept, Scope and Need
1.2. Level of Measurement
1.3. Evaluation: Functions and basic principles of evaluation
1.4 New Trends in Measurement and Evaluation
- 1.4.1 Grading System: Relative merits and demerits of marking and grading.
- 1.4.2 Continuous and comprehensive Evaluation
- 1.4.3 Use of computer in Evaluation
- 1.4.4 Formative and Summative Evaluation

UNIT- II: TOOLS OF MEASUREMENT & EVALUATION

2.1 Essay type tests, objectives types tests
2.2 Questionnaire
2.3 Characteristics of a Good Measuring Instruments
- 2.3.1 Reliability – Types and factors affecting reliability
- 2.3.2 Validity – Types and factors affecting validity
- 2.3.3 Norms- Age, grade percentile, standard scores (T-Scores, Z-Scores)

UNIT- III: STANDARDIZATION OF TEST

3.1 Norms referenced and criteria referenced tests.
3.2 Construction and Standardization of an achievement test
3.3 Item analysis: Item difficulty, Index Discrimination,
3.4 Interpretation of Test Scores
3.5 Analysis of Variance: Concept, assumptions and uses

UNIT –IV: CONCEPT OF TESTS **AND** CORRELATION

4.1 Achievement tests
4.2 Aptitude tests
4.3 Correlation :Concept, computation and significance of the following
- 4.3.1 Biserial Correlation
- 4.3.2 Partial Correlation
- 4.3.3 Pearson's Product Moment Correlation

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Create a presentation on the use of computers in evaluation, highlighting its advantages and limitations.
- Construct an essay test and an objective type test on a selected topic.
- Evaluate the reliability and validity of a measuring instrument used in education

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Develop an achievement test and an aptitude test on a selected topic.
- Calculate and interpret biserial correlation, point-biserial correlation, partial correlation, and multiple correlation coefficients.
- Conduct a group project on the development and standardization of a test.
- Write a research paper on a selected topic in educational measurement and evaluation.
- Participate in a workshop on item response theory and its applications.
- Any other relevant activity, project, or assignment assigned by the teacher.

DISSERTATION (PHASE -1)

Max. Marks: 50
External Marks:40 **Credit : 02**
Internal Marks: 10

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop scientific and research attitude among students.
- Critically analyse and synthesize existing research related to topic
- Develop skills in preparing a good research topic.
- Describe the nature of different types of research.
- Select the appropriate research topic for the study.
- Develop competency to plan a good research area.
- Develop the techniques of reviewing the literature.
- Identify a specific and significant research question or problem

COURSE OUTCOMES:

After completing the course, students will be able to:

- Demonstrate a scientific and research-oriented mindset, applying critical thinking and curiosity to investigate complex problems.
- Critically evaluate and synthesize existing research related to a topic, identifying patterns, gaps, and areas for further investigation.
- Design and develop a well-crafted research topic, aligning it with their interests and goals.
- Differentiate between various types of research, understanding their methodologies, strengths, and limitations.
- Select a suitable research topic for study, justifying its significance and feasibility.
- Develop a comprehensive research plan, outlining clear objectives, methods, and expected outcomes.
- Employ effective literature review techniques, analyzing and synthesizing existing knowledge to inform their research.
- Formulate a specific, significant, and researchable question or problem, providing a clear direction for their investigation.

COURSE CONTENT

1.1 Review the literature to discover possible research areas related to Education, Educational Psychology,Educational Technology and Teaching –Learning Process.
1.2 Finalise the topic under the guidance of the research supervisor.
1.3 Formulation of the statement of the problem

MOE-2108
EXPOLRING RESEARCH RESOURCES

Max. Marks: 50 **Total Inst. Hours :04**
External Marks:40 **Credit : 02**
Internal Marks: 10

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the different types of research resources (primary, secondary, tertiary) and their significance in academic research.
- Develop skills in searching, evaluating, and managing research sources using various databases and tools.
- Learn to navigate digital libraries, open educational resources, and institutional repositories.
- Understand the ethical use of digital content and apply copyright guidelines in academic research.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Identify and distinguish between primary, secondary, and tertiary research resources.
- Effectively search and retrieve relevant literature from various databases and digital libraries.
- Evaluate the credibility of research sources using established criteria.
- Organize and manage references using citation and reference management tools.
- Access and utilize open educational resources and institutional repositories for research purposes.
- Demonstrate an understanding of ethical usage of digital content, including copyright and fair use guidelines.
- Apply critical thinking skills to identify predatory journals and misleading information.
- Develop a practical understanding of digital libraries, including navigation techniques and access protocols.

UNIT I: UNDERSTANDING RESEARCH RESOURCES (PRACTICAL ORIENTATION)

1. **Introduction to Research Resources:**
   - Types: Primary, Secondary, and Tertiary resources.
   - Digital vs. Physical resources.
   - Understanding Open Access, Subscription-Based, and Peer-Reviewed Journals.
2. **Exploring Research Databases:**
   - Familiarization with databases like ERIC, Google Scholar, JSTOR, Scopus, etc.
   - Hands-on sessions on searching and retrieving relevant literature.

-315-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3. **Evaluating Research Sources:**
   - Criteria for evaluating the credibility of sources.
   - Identifying predatory journals and misleading information.
4. **Citation and Reference Management Tools:**
   - Overview of tools like Mendeley, Zotero, EndNote.
   - Practical exercises on organizing references and managing citations.

UNIT II: NAVIGATING DIGITAL LIBRARIES AND OPEN EDUCATIONAL RESOURCES (OERS)

1. **Introduction to Digital Libraries:**

   - Key digital libraries: NDL (National Digital Library), Project Gutenberg, World Digital Library.
   - Access protocols and navigation techniques.

2. **Open Educational Resources (OERs):**

   - Overview of OERs: Types, Access, and Usage.
   - Identifying quality OERs for research purposes.

3. **Accessing Government and Institutional Repositories:**

   - Exploring resources like Shodhganga, e-PG Pathshala, Shodhganga, Vidwan, IRINS, NDLTD (Networked Digital Library of Theses and Dissertations), Shodh-gangotri.
   - Hands-on practice with institutional repositories for accessing theses and dissertations.

4. **Ethical Use of Digital Content:**

   - Understanding copyright, fair use, and creative commons.
   - Practical guidelines on ethical usage of digital resources.

MOE-2109
INTERNSHIP PHASE-I (COMMUNITY SURVEY)

Max. Marks: 50 **Total Inst. Hours: Two Weeks**

External Marks: 40 **Credit : 02**

Internal Marks: 10

SUBJECT-SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

The Internship Phase-I aims to provide students with advanced practical exposure in specialized areas of Elementary and Secondary Education. This phase emphasizes hands-on experience, community engagement, and the application of theoretical knowledge in real educational settings, in line with the Ministry of Education's current initiatives and the National Education Policy (NEP) 2020.

- **Understand the Importance of RTE 2009:** Gain insights into the role and impact of the Right to Education (RTE) Act, 2009, within the current educational framework, promoting inclusive and equitable learning opportunities.
- **Conduct Field Research:** Perform interviews with parents, teachers, and community members to gather perceptions on education, institutional practices, and community engagement.
- **Observe Institutional Functioning:** Analyze the functioning of educational institutions, focusing on administrative, teaching, and learning aspects at village, ward, and locality levels.
- **Engage with the Community:** Participate in socio-economic and cultural activities to understand the role of education within the broader community context.
- **Document and Report:** Compile comprehensive documentation of the internship experience, including a detailed report on the projects undertaken.
- **Collaborate and Reflect:** Work collaboratively with peers, educators, and community members, sharing insights and reflecting on their professional growth and learning experiences.

COURSE OUTCOMES

Upon successful completion of the course, students will be able to:

- **Recognize the Role of RTE Act, 2009:** Understand the significance of the RTE Act, 2009, in promoting inclusive education and its impact on school-level practices.
- **Analyze Institutional Dynamics:** Critically evaluate the operational aspects of educational institutions, contributing to improved educational practices.

-318-

Chairperson
Department of Edu
BPS Mahila Vishw
Khanpur Kalan (Sonipa

- **Enhance Community Engagement Skills:** Actively participate in community activities, fostering a deeper understanding of the socio-cultural influences on education.
- **Develop Collaboration Skills:** Work effectively in team settings, communicate their experiences, and engage with the broader educational community.

COURSE CONTENT

WEEK 1: INTRODUCTION AND BASIC ENGAGEMENT

1. **Institutional Orientation:**

a) Attend introductory sessions and familiarize with the operational structure of the assigned school or teacher education institute.

b) **Outcome:** Understand the organizational setup and key roles within educational institutions.

2. **Classroom Observation:**

a) Observe four different teachers and analyze teaching-learning behaviors using Flanders' Interaction Analysis System.

b) **Outcome:** Gain insights into various teaching strategies, interaction patterns, and classroom management techniques.

3. **Participation in Institutional Activities:**

a) Engage in seminars, workshops, Parent-Teacher Meetings (PTMs), and cultural events.

b) **Outcome:** Enhance understanding of co-curricular activities and their impact on student learning.

4. **Basic Curriculum/Textbook Analysis:**

a) Conduct an initial analysis of a textbook or curriculum with a focus on representation of gender, caste, class, peace, and health education.

b) **Outcome:** Develop critical thinking skills about curriculum content and its societal impact.

WEEK 2: APPLIED FIELDWORK AND ASSESSMENT

5. **Administration of Psychological Tests:**

a) Administer and interpret two psychological tests from the following: Teaching Competency Scale, Job Satisfaction Scale, Teaching Aptitude Test, or Teacher Efficiency Inventory.

b) **Outcome:** Acquire skills in educational assessment and its application in real-world contexts.

6. **Community Engagement Survey:**

a) Conduct surveys with parents, teachers, and community members to understand their perceptions of education and the effectiveness of local schools.

b) **Outcome:** Develop skills in research and community outreach, aligning with NEP 2020's emphasis on stakeholder engagement.

7. **Short Reflective Report:**

a) Prepare a reflective report on observations and activities, highlighting key learning experiences and areas for improvement.

b) **Outcome:** Develop reflective and analytical writing skills essential for professional growth.

PHILOSOPHICAL AND SOCIOLOGICAL FOUNDATION OF EDUCATION– II

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the meaning, concept and nature of educational sociology.
- Understand the concept and types of Social Institutions
- Acquire the knowledge about social movements and national values as enshrined in the Indian constitution.
- Identify the national values as enshrined in the Indian Constitution.
- Explain the meaning and definition of education and culture.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Know about the sociology of education.
- Learn about social movements.
- Imbibenational values.
- Relate education with culture.

COURSE CONTENT

UNIT-I: SOCIOLOGY OF EDUCATION

1.1 Concept of Educational Sociology and Sociology of Education
1.2 Definitions and Nature of Educational Sociology
1.3 Social Institutions: Concept and types
1.4 Functions of Social Institutions – Family, School and Society

UNIT-II: SOCIAL MOVEMENTS

2.1 Social Movements: concept, characteristics and types
2.2 Theories of Social Movements
2.2.1 Relative Deprivation Theory

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.2.2 Resource Mobilization Theory
2.2.3 New Social Movement Theory

UNIT- III: NATIONAL VALUES

3.1 Education and its role in developing National Values.
3.2 National Values as enshrined in the Indian Constitution
3.2.1 Secularism
3.2.2 Democracy
3.2.3 Equality
3.2.4 Freedom with special reference to education

UNIT-IV: EDUCATION AND CULTURE

4.1 Meaning and definition of Culture
4.2 Relationship between Education and Culture: Impact of Education on Culture, Impact of Cultureon Education
4.3 Role of Education in Cultural Development, Preservation and Transmission of Culture
4.4 Cultural Heritage of India and Education

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Visit a school to study the philosophical ideology of the school; and prepare a report based on your observations and experience.
- Study the contents of Geeta in Reference to teacher child relationship and education management
- Any other relevant activity, project or assignment assigned by the teacher.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand and apply behaviourist and cognitive learning theories in educational contexts.
- Explore social learning, social competence, and social cognition, and their impact on student interactions.
- Examine various theories of intelligence, including multiple intelligences and emotional intelligence.
- Critically evaluate intelligence assessments, considering cultural and reliability issues.
- Develop strategies to foster problem-solving, critical thinking, and creativity in students.
- Understand and apply metacognitive processes to enhance learning.
- Promote mental health and well-being within educational settings.
- Explore and integrate guidance and counselling approaches into educational practice.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Ability to apply learning theories effectively in classroom settings to improve student engagement and social relationships.
- Competence in analysing and applying intelligence theories, including emotional and social intelligence.
- Skill in fostering critical thinking, problem-solving, and creativity among students.
- Capability to identify and address mental health issues in schools, promoting well-being and utilizing counselling strategies effectively.

COURSE CONTENT

UNIT 1: LEARNING THEORIES & SOCIAL LEARNING, SOCIAL COMPETENCE, AND SOCIAL COGNITION

1.1 Behaviourist Theories of Learning (Pavlov, Skinner),

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

1.2 Cognitive Theories of Learning (Bruner, Ausubel), Applications of Learning Theories in the Classroom.

1.3 Concepts of Social Learning and Modelling (Bandura),Developing Social Competence in Students.

1.4 Understanding Social Cognition and its Educational Implications, Promoting Positive Social Relationships in Schools.

UNIT 2: INTELLIGENCE AND ITS THEORIES & ASSESSMENT OF INTELLIGENCE

2.1 Approaches to Intelligence: From Unitary to Multiple: Historical Perspectives on Intelligence (Spearman, Thurstone),

2.2 Concepts of Social Intelligence and Emotional Intelligence.

2.3 Gardner's Theory of Multiple Intelligences, Sternberg's Triarchic Theory of Intelligence

2.4 Types of Intelligence Tests (Stanford-Binet, Wechsler Scales), Issues in the Assessment of Intelligence (Cultural Bias, Reliability etc),Alternative Approaches to Intelligence Assessment

UNIT 3: PROBLEM SOLVING, CRITICAL THINKING, METACOGNITION, AND CREATIVITY

3.1 The Cognitive Process of Problem-Solving

3.2 Techniques to Foster Critical Thinking in Students

3.3 Understanding Metacognition and its Role in Learning

3.4 Concept and Nature of Creativity and Activities Encouraging Creativity in Educational Settings

UNIT 4: MENTAL HEALTH, GUIDANCE, AND COUNSELLING:

4.1 Concepts of Mental Health and its Importance in Education, Mental Hygiene: Prevention and Promotion in Schools.

4.2 Identifying and Supporting Students with Mental Health Issues, Strategies for Promoting Mental Well-Being in Educational Settings

4.3 Definitions, Principles and Importance of Guidance and Counselling in Education, Types of Guidance: Educational, Vocational, Personal, Social, The Role of the Teacher in Student Counselling

4.4 Approaches/theories to Counselling:Cognitive-BehaviouralCounselling (Albert Ellis's REBT),Humanistic Counselling and Person-Centred Approach (Carl Rogers),Eclectic Approach to Counselling, , Integrating Counselling Theories into Educational Practice.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

:

- **Comparative Analysis of Learning Theories**: Create a comparison chart of behaviourist and cognitive theories, applying them to classroom scenarios.
- **Social Learning Observation**: Observe and document social learning instances in a classroom, focusing on modelling and social competence.
- **Role-Playing Social Cognition**: Develop and conduct a role-play to demonstrate social cognition concepts like empathy and perspective-taking.
- **Intelligence Test Administration**: Administer a simplified intelligence test, analyse results, and discuss issues like cultural bias.
- **Case Study on Multiple Intelligences**: Identify a student's strengths using Gardner's theory and suggest tailored educational strategies.
- **Emotional Intelligence Workshop**: Conduct an EI workshop, assess participants' EI, and discuss its importance in education.
- **Problem-Solving Task**: Design a problem-solving activity, guide students through it, and analyse their strategies.
- **Critical Thinking Exercises**: Develop and implement critical thinking exercises, and evaluate students' responses.
- **Metacognition Self-Reflection**: Have students reflect on their thinking processes during a learning activity.
- **Creativity Enhancement Workshop**: Organize activities like brainstorming and mind mapping to foster creativity.
- **Mental Health Awareness Campaign**: Plan and implement a campaign promoting mental health and well-being in schools.
- **Counselling Role-Play**: Conduct role-play sessions using different counselling approaches and discuss the outcomes.
- **Developing a Guidance Program**: Design a comprehensive guidance program covering educational, vocational, personal, and social aspects.
- **Seminar Presentation**: Prepare and deliver a seminar on a selected topic from the syllabus, integrating theoretical knowledge and practicum experiences.
- Any other relevant activity, project or assignment assigned by the teacher.

SUGGESTED READINGS:

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- dentify and describe various research methodologies used in educational research, including qualitative, quantitative, and mixed methods.
- Assess the feasibility and significance of research questions within the context of existing literature.
- Construct a detailed research proposal that outlines the study's purpose, methods, and expected outcomes.
- Compare and contrast different research studies to synthesize broader insights into educational phenomena.
- Differentiate between the t-Test and ANOVA

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Demonstrate a deep understanding of key concepts, theories, and methodologies in educational research
- Use statistical software (e.g., SPSS, R) to perform descriptive and inferential statistical analyses.
- Apply digital tools and software for data collection, analysis, and presentation in educational research.
- Analyze the implications of research findings for educational policy and practice.

COURSE CONTENT

UNIT- I. METHODS AND APPROACHES OF RESEARCH & RESEARCH REPORT

1.1 Major Methods and Approaches of Research

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.1.1 Descriptive Research
1.1.2 Historical Research
1.1.3 Experimental Research
1.1.4 Content Analysis or Documentation Analysis

1.2 Preparation of Research Report
1.2.1 Concept, Meaning and Need of Research Report
1.2.2 Format of Research Report
1.2.3 Evaluation and Technical Suggestions in writing a Research Report

UNIT-II ERRORS WHILE CONDUCTING RESEARCH & RESEARCH DESIGNS

2.1 Sampling Errors
2.2 Measurement Errors
2.3 Qualitative Research Designs:
2.3.1 Narrative Research Design
2.3.2 Case Study
2.3.3 Ethnography

UNIT-III INFERENTIAL STATISTICS

3.1 Concept of Parameter and Statistics
3.2 Type I and Type II errors
3.3 One Tailed and Two Tailed Tests
3.4 Significance of Mean
3.4.1 Confidence Intervals and Levels of Confidence for the true mean for
(a) Large Sample
(b) Small Sample
3.4.2 Significance of the difference between means (t-test and z-test)
(a) Means of two independent large samples
(b) Means of two small independent samples

UNIT-IV: STATISTICAL FOUNDATION

4.1 Advanced Methods of Correlation: Meaning, assumptions, Computation and Uses of:
4.1.1 Tetrachoric and Phi-coefficient of Correlation
4.1.2 Biserial and Point –Biserial Correlation
4.2 Concept of Variance and Analysis of Variance
4.3 One Way Analysis of Variance (ANOVA)
4.4 Two Way analysis of Variance

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Conduct a literature review and write a summary of key studies related to your research topic. Identify research gaps that your study will address.
- Administration and interpretation of any one tool i.e. psychological test, questionnaire etc.
- Develop a detailed research proposal outlining your research questions, hypotheses, methodology, and expected outcomes.
- Any other relevant activity, project or assignment assigned by the teacher..

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

DEPARTMENT OF EDUCATION
FACULTY OF EDUCATION
B.P.S. MAHILA VISHWAVIDYALAYA, KHANPUR KALAN
MASTER OF EDUCATION (M.ED)
SEMESTER-II
MOE-2113
CURRICULUM DEVELOPMENT –II

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To understand the process of curriculum change and the factors influencing it.
- To explore various instructional systems and their role in curriculum transaction.
- To examine different approaches and models of curriculum evaluation.
- To analyze various curriculum design models and their applications.
- To develop skills in designing and evaluating curricula using different models and approaches.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Explain the concept of curriculum change and identify factors affecting it.
- Analyze the roles of students, teachers, and educational administrators in curriculum change and improvement.
- Describe the principles and process of curriculum development.
- Evaluate different types of instructional media and their effectiveness in enhancing curriculum transaction.
- Apply various approaches to curriculum evaluation, including criterion-referenced and norm-referenced evaluation.
- Critically analyze different models of curriculum evaluation, such as Tyler's, Stakes', Scriven's, and Kirkpatrick's models.
- Compare and contrast various curriculum design models, including academic/discipline-based, competency-based, and social reconstruction models.
- Design a curriculum using appropriate models, such as the Outcome-Based Integrative Model or the CIPP Model.
- Evaluate the effectiveness of the Choice Based Credit System in curriculum implementation.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

COURSE CONTENT

UNIT I: CURRICULUM INNOVATION AND IMPLEMENTATION

1.1 Curriculum Change-Meaning, types and factors affecting curriculum change

1.2 Approaches to curriculum Change - Role of students, teachers, and educational administrators in curriculum change and improvement.

1.3 Principles and Process of Curriculum Development

UNIT-II: INSTRUCTIONAL SYSTEMS AND CURRICULUM TRANSACTION

2.1 Instructional System: Concept, Characteristics, Need and uses in education.

2.2 Instructional Media : Types (Textbook, Multimedia and Computer)

2.3 Instructional Techniques and Materials in enhancing curriculum transaction

UNIT III: CURRICULUM EVALUATION: APPROACHES AND MODELS

3.1 Concept, need and Approaches of Curriculum Evaluation

3.2 Criterion-referenced and Norm Referenced Evaluation

Choice Based Credit System

3.3 Models of Curriculum Evaluation (Tyler's, Stakes' Model, Scriven's Model and Kirkpatrick's Model)

UNIT-IV: CONTEMPORARY CURRICULUM DESIGN MODELS

4.1 Curriculum design models-Academic/Discipline based Models, Competency Based Models

4.2 Social Functions/Activities Model (Social Reconstruction Model)

4.3 Individual Needs and Interests Model

4.4 Outcome Based Integrative Model

4.5 Intervention Model

4.6 CIPP Model (Context, Input, Process, Product Model)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Conduct a case study analysis of a curriculum change in an educational institution (e.g., introduction of a new subject, pedagogical shift, or technology integration).
- Develop a mini-instructional system for a specific subject or topic, incorporating instructional media like textbooks, multimedia, and digital resources.
- Critically evaluate different types of instructional media (e.g., textbooks, multimedia, computer-based resources) used in current curriculum transactions.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

- Apply a curriculum evaluation model (e.g., Tyler's, Stake's, Scriven's, or Kirkpatrick's) to evaluate an existing curriculum or educational program.
- Design a curriculum unit or course using one of the contemporary curriculum design models (e.g., Competency-Based Model, Outcome-Based Integrative Model, or CIPP Model).
- Conduct a simulated classroom session using a designed curriculum, employing various instructional techniques and media.
- Conduct a group critique of different curriculum models (e.g., Social Reconstruction Model, Academic/Discipline-Based Model) based on their suitability for various educational contexts.
- Analyze the implementation of the Choice Based Credit System (CBCS) in higher education institutions
- Design evaluation tools (e.g., rubrics, checklists) for assessing curriculum effectiveness using different evaluation approaches (criterion-referenced and norm-referenced).Organize a workshop where students present innovative curriculum design ideas or modifications to existing curricula based on current educational needs.
- Any other relevant activity, project or assignment assigned by the teacher.

SUGGESTED READINGS:

Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Know about Different domains of Assessment.
- Understand advanced evaluation techniques.
- Explore area in the field of pedagogy, Andragogy in teacher education.
- Analysis the innovative practices in assessment, pedagogy and andragogy.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understanding the anagogical principles and how they apply to assessment practices in adult education.Understand the feedback device
- Explore area in the field of pedagogy, andragogy and teaching in education
- Develop and implement assessment tools that are appropriate for adult learners, taking into account their unique characteristics and learning needs.
- To analyze and interpret assessment data to evaluate the effectiveness of teaching and the achievement of learning objectives.

COURSE CONTENT

UNIT - I: DOMAINS OF ASSESSMENT:

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

-334-

1.1 Different domains of Assessment: Cognitive (Anderson and Krathwohl), Affective (Krathwohl), and Psychomotor (R.H. Dave)

1.2 Norm referenced and Criterion referenced assessment.

1.3 Assessment of Teacher Prepared ICT Resources.

UNIT – II: THEORIES IN PEDAGOGY AND ANDRAGOGY

2.1 Component of Pedagogy

2.2 Critical Pedagogy: Meaning, need and its implications in teacher education.

2.3 Theory of Andragogy (Malcolm Knowles)

2.4 The Dynamic Model of Learner Autonomy.

UNIT – III: ASSESSMENT IN PEDAGOGY OF EDUCATION:

3.1 Feedback Devices: Meaning, Types, Criteria

3.2 Guidance as a Feedback Device

3.3 Assessment of Portfolios

3.4 Reflective Journal

3.5 Field Engagement using Rubrics.

3.6 Competency Based Evaluation: Meaning, features and types

UNIT – IV: ASSESSMENT IN ANDRAGOGY OF EDUCATION

4.1 Flanders' Interaction analysis

4.2 Galloway's system of interaction analysis (Recording of Classroom Events, Construction and Interpretation of Interaction Matrix)

4.3 Criteria for teacher evaluation: Product, Process and Presage criteria

4.4 Rubrics for Self and Peer evaluation: Meaning, steps of construction.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Design and submit at least three detailed lesson plans for elementary or secondary students, each applying a different pedagogical approach (e.g., inquiry-based learning, cooperative learning).
- Presenting a PPT on assessment techniques.
- Prepare, administer and interpret a diagnostic test to conduct a continuous evaluation in scholastic and non-scholastic areas.
- Flanders' Interaction analysis

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Define and explain the concept and purpose of elementary education in the broader context of human development and societal progress.
- Identify and explain the key constitutional provisions related to elementary education, including the right to education, the role of the state, and the obligations of citizens.
- Analyze the role of UEE in national development and its impact on literacy rates, economic growth, and social cohesion.
- Evaluate the effectiveness of these programmes in improving access, retention, and quality of elementary education.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Analyze the major challenges and barriers to achieving UEE, such as inadequate infrastructure, teacher shortages, socio-economic disparities, and cultural factors
- Analyze the role of educational management in ensuring effective school operations, including the development of a positive school culture and climate.
- Apply problem-solving skills to resolve issues that arise in school management, ensuring minimal disruption to the learning process.
- Critically examine contemporary educational policies related to UEE, including their objectives, strategies, and implementation mechanisms.

COURSE CONTENT

UNIT- I: ELEMENTARY EDUCATION: CONCEPT AND CONSTITUTIONAL PROVISIONS

1.1 Concept, Objectives, Need of Elementary education.
1.2 Concept, objectives, meaning and justification of UEE.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.3 Strategies for universalisation of elementary education and challenges for achieving universal elementary education.

1.4 Constitutional interventions for universalization of education, SSA and RTE Act 2009.

UNIT-II: POLICIES, PROGRAMMES AND INITIATIVES FOR UEE

2.1 District Primary Education Programme: Aims& Strategies.NIOS, International schools, Islamic schools (Madrasah) & Autonomous schools.

2.2 Recommendations of various committees and commissions: Secondary EducatioCommission, Kothari commission, IswariBhai Patel Committee NPE – '1986 and POA

92, Rama Murthy Committee, Janardhan Reddy Committee, Yashpal ,Committee and NCF-2005.

2.3 New Education Policy 2020 with special reference to elementary education.

UNIT-III: EDUCATIONAL MANAGEMENT AT ELEMENTARY LEVEL

3.1 National Level: Ministry of Education (MHRD) CABE, NCERT, RIE, NIEPA, NCTE, CIET

3.2 State Level: Ministry of School Education ii, Directorate of School Education, Board of Education SCERT.

3.3 District Level: District Education Administration.

UNIT-IV: TEACHING & ISSUES OF ELEMENTARY EDUCATION

4.1 Methods of Teaching at Elementary Level

4.2 Elementary education in India: Challenges

4.3 Millennium Development Goals in context to UEE in India

4.4 Role of Elementary Teacher as a facilitator of teaching –learning process.

4.5 Recent development and research in Elementary Education.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Visit any two schools and find out innovative teachers. Prepare a detailed report on their innovation
- Organize Seminar Presentation
- Prepare a report regarding the protections of rights for children studying in elementary school.
- Report on awareness about the roles and responsibilities of school management committee.
- Class Test
- Assignment
- Any other relevant activity, project or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the status of secondary and higher secondary education in India.
- Analyse the issues of secondary and higher secondary education in different aspects
- Interpret the outcome of different programmes in different levels.
- Examine condition of teacher education programmes in secondary and higher secondary level.
- Develop critical understanding about current status of Secondary education in India
- Understand organizational structure and functions of institutions in administration and management of Secondary education at various levels
- Analyse the role of various organizations, institutions and agencies in Secondary Education
- Understand the functioning of various student support services at Secondary Level develop critical understanding about significance of vocational education
- Develop critical understanding about issues and challenges in secondary education
- Develop, critical understanding of the concept of educational planning and initiatives and programmes launched to achieve the same.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Know the status of secondary and higher secondary education in India.
- Understand organizational structure and functions of institutions in administration and management of Secondary education at various levels

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Understand the role of various organizations, institutions and agencies in Secondary Education.
- Develop critical understanding about issues and challenges in secondary education.

UNIT-I: DEVELOPMENT OF SECONDARY EDUCATION IN PRE INDEPENDENCE AND POST-INDEPENDENT INDIA

1.1 Wardha Scheme of Education-1937
1.2 University Education Commission- 1948-49
1.3 Secondary Education Commission-1952-53
1.4 Indian Education Commission-1964-66
1.5National Policy of Education (NPE-1986) and programmeof action (1992) in relation to Secondary education
1.6 National Education Commission (2005)

UNIT -II SECONDARY EDUCATIONS IN INDIA

2.1 Concept, Need, Aims and Objectives of Secondary Education
2.2 Status of Secondary Education in India
2.3 Structure, Approaches and Strategies for Secondary Education
2.4 Programmes and Strategies of Government of India to Improving the quality of Secondary Education
2.5 National level Organizations and Institutions in administration and management of secondary education (CABE, CBSE, NCERT, NIOS)

UNIT- III: ISSUES AND CONCERNS

3.1 Status of Secondary Education- National Scenario in terms of access, enrolment, retention, dropout
3.2 Status of Infrastructural facilities- classrooms, library
3.3 Issues relating to drop out of students at Secondary and Higher Secondary Level
3.4 Equity, Equality and Social Justice in Secondary and Higher Secondary Education
3.5 National Vocational Education Qualification Framework (NVEQF)

UNIT-IV ORGANIZATIONS, INSTITUTIONS AND AGENCIES ADMINISTRATION AND MANAGEMENT OF SECONDARY EDUCATION

4.1 Programme objectives, Strategies and Present Status with respect to Implementation of Programmes-
  4.1.1 RMSA (RastriyaMadhyamikaShikshaAbhiyan)
  4.1.2 RUSA (RashtriyaUcchatarShikshaAbhiyan)
4.2 State level Organizations and Institutions in administration and management of secondary education.
4.3 State Boards of School Education, SCERT / SIE, State Institute of Educational Technology (SIET)
4.4 District and sub district levels Organizations and Institutions in administration and management of secondary education -
  4.3.1 District Education Office
  4.3.2 Block Education Office
  4.3.3 Department of Public Instruction,
  4.3.4 SMC (School Management Committee)
  4.3.5 PTA (Parent Teacher Association)
  4.4 .6 International Agencies –UNICEF, UNESCO
  4.5.7 NGOs–focus areas, importance and functions

DISSERTATION (PHASE –II)

Max Marks: 50 **Credits: 02**
External Marks: 40
Internal Marks: 10

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Select a researchable problem
- Establish a time line for completing the research study
- Choose an appropriate research design,sampling strategy and data collection methods
- Understand the concept of review
- Frame accurate objectives of the study
- Formulation Hypothesis of the study

COURSE OUTCOMES

- Understanding and applying ethical guidelines in research, including issues related to informed consent, confidentiality, and the respectful treatment of research participants.
- Design and conduct research using appropriate methodologies.
- Critically evaluate existing research, theories, and practices in education.
- Engaging in self-reflection about the research process, the challenges encountered, and the learning gained

COURSE CONTENT

1.1 Introduction /background of the study

1.2 Review of related literature

1.3 Justification of the study

1.4 Statement of the problem

1.5 Operational definition of key terms

1.6 Variables of the study

1.7 Objectives of the study

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- This course will prepare students for advanced research and professional practice in educational psychology, enhancing their ability to conduct and interpret psychological assessments with ethical and methodological rigour.
- Students will master psychological measurement and scaling, including key concepts and methodologies.
- They will address ethical issues in testing, understand and use psychological apparatus, and analyze measurement aspects like reliability and validity.
- Competence in administering, scoring, and interpreting tests, along with ensuring standardization and accuracy, will also be developed.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Demonstrate knowledge of psychological measurement and scaling, including key concepts and methodologies used in the field.
- Identify and discuss ethical considerations and issues related to psychological testing, ensuring responsible and informed practices.
- Familiarize themselves with various psychological apparatus, understanding their purpose, use, and significance in psychological research and assessment.
- Analyze and explain the various aspects of psychological measurement, including reliability, validity, and standardization processes.
- Effectively utilize different psychological apparatus, demonstrating competence in administering tests and interpreting results.
- Understand the principles and procedures for standardizing psychological tests, ensuring they are reliable and valid for diverse populations.
- Administer, score, and interpret psychological tests accurately, applying appropriate techniques and methodologies to evaluate psychological constructs.

COURSE CONTENT

UNIT-I: PSYCHOLOGICAL MEASUREMENT AND STANDARDIZATION

-346-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

1.1 Quality of Psychological Tests: Criteria for evaluating the quality of psychological tests, including validity, reliability, and fairness. Analysis of how these criteria impact test effectiveness and interpretability.

1.2 Standardization of Psychological Tests: Steps for the standardization process of psychological tests. This includes test development, pilot testing, norming, and establishing reliability and validity.

UNIT-II: ETHICAL ISSUES & USE OF PSYCHOLOGICAL APPARATUS.

2.1 Ethical Considerations: Ethical issues related to psychological testing, including consent, confidentiality, and the responsible use of test results

2.2 Hands-on Experience with Apparatus/Test: Practical use and detailed reporting on three selected psychological apparatus/Test:

2.3 Finger Maze: Understanding the use of the Finger Maze apparatus in assessing motor skills and cognitive functions.

2.4 Koh's Block Test: Application and interpretation of Koh's Block Test in measuring cognitive abilities and spatial perception.

2.5 Bhatia Battery of Intelligence/ Any other available Psychological test:

2.6 Mirror Drawing Apparatus: Use of the Mirror Drawing apparatus with an electrical error counter to study motor learning and coordination.

SEMESTER-II
MOE-2118
INTERNSHIP PHASE-II

Max. Marks: 50

External Marks: 40

Internal Marks: 10

Total Inst. Hours: Two Weeks

Credit : 02

SUBJECTIVE SPECIFIC OBJECTIVES

Internship Phase-II is designed to immerse M.Ed. students in Practical, field-based experiences that enhance their understanding of educational environments, community engagement, and institutional dynamics. This phase emphasizes advanced observation, project implementation, and critical analysis, aligning with the Ministry of Education's current focus on inclusive, competency-based, and holistic education as outlined in the NEP 2020. The specific objectives are to:

- **Deepen Analytical Skills:** Equip students with the ability to conduct advanced classroom observations, focusing on interaction patterns, instructional strategies, and the use of educational technologies.
- **Enhance Leadership and Project Management:** Enable students to design and implement educational projects that address current societal and educational challenges, fostering leadership and project management skills.
- **Develop Institutional Analysis Competencies:** Provide students with opportunities to analyze institutional functioning, including administrative processes, staff collaboration, and policy implementation, to understand educational leadership and governance.
- **Critically Review Curriculum:** Guide students in evaluating curriculum materials and textbooks in light of the NEP 2020, emphasizing inclusivity, competency-based learning, and alignment with contemporary educational reforms.
- **Strengthen Psychometric Evaluation Skills:** Offer hands-on experience with advanced psychological assessments, focusing on evaluating teacher effectiveness, job satisfaction, and other competencies within real-world educational settings.
- **Foster Reflective and Communication Skills:** Encourage students to document their field experiences comprehensively and present their findings, enhancing their ability to reflect critically on their learning and communicate insights effectively.

COURSE OUTCOMES

Upon successful completion of Internship Phase-II, students will be able to:

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

- **Critically Assess Teaching Practices:** Conduct in-depth classroom observations and analyze diverse teaching methods, including differentiated instruction and technology integration, to assess their impact on student learning outcomes.
- **Design and Implement Educational Projects:** Demonstrate the ability to design, plan, and implement small-scale educational projects, such as workshops or awareness programs, addressing key issues like environmental awareness, health education, and digital literacy.
- **Analyze Institutional Functioning:** Develop a nuanced understanding of the operational and administrative aspects of educational institutions, including leadership practices, resource management, and staff collaboration.
- **Evaluate Curriculum Alignment with NEP 2020:** Critically review curricula or textbooks to assess their adherence to NEP 2020 principles, focusing on inclusivity, equity, and the promotion of competency-based education.
- **Apply Advanced Psychological Assessments:** Utilize psychometric tools to evaluate teacher performance and satisfaction, gaining practical skills in psychological evaluation and its application in educational contexts.
- **Compile Reflective Reports and Present Findings:** Synthesize fieldwork experiences into comprehensive reports and articulate insights through presentations, demonstrating effective communication, reflective practice, and the ability to connect theory with practice.

WEEK 1: ADVANCED ENGAGEMENT AND ANALYSIS

1. **Enhanced Classroom Observation:**
   a) Conduct in-depth observations, focusing on advanced interaction patterns, use of technology, and differentiated instruction.
   b) **Outcome:** Critically assess diverse teaching methods and their effectiveness in the classroom.
2. **Project Design and Implementation:**
   a) Design and implement a small-scale project (e.g., awareness programs, student workshops) related to current educational issues such as environmental awareness, health education, or digital literacy.
   b) **Outcome:** Gain leadership skills and experience in project management within an educational context.
3. **Institutional Function Analysis:**
   a) Analyze the administrative and functional aspects of the institution, focusing on areas like staff collaboration, resource management, and policy implementation.
   b) **Outcome:** Develop a comprehensive understanding of institutional governance and leadership.

WEEK 2: SPECIALIZED TASKS AND REPORTING

4. **Curriculum Review in Light of NEP 2020:**
   a) Critically review a curriculum or textbook to evaluate its alignment with NEP 2020's goals, focusing on inclusivity and competency-based education.
   b) **Outcome:** Enhance curriculum evaluation skills, preparing students for roles in curriculum development and reform.
5. **Advanced Psychological Assessment:**
   a) Use advanced psychological tools to assess teacher effectiveness, job satisfaction, and competency in real-time settings.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

b) **Outcome:** Strengthen skills in psychometric evaluation relevant to teacher education.

6. **Final Reflective Report and Presentation:**
   a) Compile a detailed report summarizing all activities, analyses, and reflections from the internship, along with a presentation of findings.
   b) **Outcome:** Demonstrate communication and presentation skills, articulating insights gained from fieldwork.

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the Pre-independence and post-independence development of education in India.
- Explain the important features of various reports, commissions and policies of education during pre and post-independence development of Education - In India
- Understand the relationship of education with economic growth and development.
- Understand the genesis of concept of economics of education

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Gain knowledge about the history of education of India.
- Relate education and its economic aspects.
- Learn about economics of education.

COURSE CONTENT

UNIT- I: HISTORY OF EDUCATION

1.1 Education in India during: Vedic, Buddhist, Medieval period
1.2 Yashpal Committee Report (2009) and Justice Verma Committee Report (2012)
1.3 Secondary Education Commission (1952-53)
1.4 Kothari Education Commission (1964-66)

-352-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT - II: EDUCATION AS RELATED TO ECONOMIC ASPECTS

2.1 National development: Concept, aspects and role of Education in national development

2.2 Education for Socially and economically disadvantaged sections of the society with special reference to SC, ST, Women and rural population.

2.3 Role of education in removing poverty

2.4 Impact of economic reforms (Liberalization, Privatization and Globalization) on education

UNIT - III: EDUCATION AND ECONOMIC DEVELOPMENT

3.1 Meaning of Economics

3.2 Meaning of Economic Development

3.3 Impact of Economics on Education

3.4 Role of Education in Economic Development

UNIT - IV: EDUCATION AND POLITICS

4.1 Approaches to understand polities

4.2 Theory of Behaviouralism

4.3 Theory of Systems Analysis

4.4 Theory of Rational (Choice)

4.5 Education for Political Development and Political Socialization

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Write a script on Educational development in ancient India after classroom discussions on the script organize a drama/play on it.
- Which is the landmark educational policy according to you & why? Prepare a detailed record on the effectiveness of the policy.
- Any other relevant activity, project, or assignment assigned by the teacher.

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:
After completing the course, students will be able to:

- To introduce students to the fundamental concepts, principles, and importance of inclusive education.
- To help students identify the diverse target groups within inclusive education, including marginalized groups and learners with disabilities.
- To explore the historical evolution of inclusive education from special education to integrated and finally inclusive education models.
- To familiarize students with international and national legal frameworks that support inclusive education.
- To enable students to critically assess the impact of significant policies, acts, and conventions on the implementation of inclusive education in India.
- To develop students' understanding of diverse learning needs and disabilities using the ICF Model.
- To prepare students to identify diverse learners and propose educational provisions to meet their needs in inclusive classrooms.
- To guide students in creating inclusive learning environments by addressing and overcoming common barriers.
- To emphasize the importance of curriculum adaptations for children with special needs.
- To teach students how to adapt instructional objectives, curriculum content, and co-curricular activities to meet diverse learners' needs.
- To explore the use of assistive technology and virtual reality in supporting and enhancing inclusive education

COURSE OUTCOMES:
Upon successful completion of the course, students will:

- Clearly explain the key principles and importance of inclusive education.

-355-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Identify the scope and target groups within inclusive education, recognizing the diverse needs of marginalized groups and learners with disabilities.
- Understand and describe the evolution of inclusive education and its progression from special education to integrated and inclusive education models.
- Analyse the features and implications of international conventions like the UNCRPD and national policies such as the Right to Persons with Disabilities Act (RPWD Act) 2016.
- Assess the impact of key legislation and policies on the development and implementation of inclusive education in India.
- Evaluate the National Education Policy 2020 and National Curriculum Framework 2023 with a focus on inclusive education.
- Identify and classify diverse learners using the ICF Model and propose suitable educational provisions to meet their needs.
- Design inclusive classroom environments that cater to physical, sensory, intellectual, and multiple disabilities.
- Develop strategies to overcome social, attitudinal, and educational barriers to create an inclusive and supportive learning environment.
- Develop and implement curriculum adaptations that are responsive to the needs of children with special needs.
- Integrate assistive technology and virtual reality into classroom practices to enhance inclusivity and support diverse learners.
- Adapt instructional objectives, curriculum content, and co-curricular activities to ensure all learners can participate and succeed in an inclusive educational setting.

These objectives and outcomes are designed to prepare students with the necessary knowledge, skills, and attitudes to promote and implement inclusive education effectively, ensuring that all learners, regardless of their diverse needs, can achieve their full potential in an inclusive educational environment.

COURSE CONTENT

UNIT 1: CONCEPT OF INCLUSIVE EDUCATION

1.1 Inclusive Education: Concept, Principles and Importance
1.2 Scope and Target Groups (Diverse learners; Including Marginalized group and Learners with Disabilities),
1.3 Evolution of the Philosophy of Inclusive Education: Special, Integrated, Inclusive Education.
1.4 Barriers and Facilitators in Inclusive Education: Attitude, Social and Educational.

UNIT 2: LEGAL PROVISIONS& POLICIES WITH SPECIAL REFERENCE TO INCLUSIVE EDUCATION

2.1 Features of UNCRPD (United Nations Convention on the Rights of Persons with Disabilities) and its Implication , Features of The World Conference on Special needs Education and the Salamanca Statement and framework for action on Special Needs Education
2.2 Rehabilitation Council of India Act, 1992 ,The Persons with Disabilities Act (Equal opportunities, Protection of rights and full participation, 1995). The National Trust for

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

the Welfare of Persons with autism, cerebral palsy, mental retardation and Multiple Disabilities Act 1999.

2.3 Features of National Policy of Disabilities (2006), Inclusive Education under Sarva Shiksha Abhiyan (SSA), Right to Disabilities Act (RPWD Act) 2016.

2.4 National Education Policy 2020 with special reference to Inclusive Education, Features of National Curriculum Framework (2023) with special reference to Inclusive Education.

UNIT III: PREPARATION FOR INCLUSIVE EDUCATION

3.1 Concept and meaning of diverse needs and classification of disabilities on ICF Model.

3.2 Identification of diverse learners for inclusive classrooms (physical, sensory, intellectual and multiple disabilities)

3.3 Educational provisions and measures for meeting the diverse needs.

3.4 Building inclusive learning friendly classrooms, overcoming barriers for inclusion.

UNIT IV: CURRICULUM ADAPTATIONS FOR CHILDREN WITH DIVERSE NEEDS

4.1 Concept meaning and need for curriculum adaptations for children with special needs.

4.2 Adaptations in instructional objectives, curriculum and co-curricular activities for meeting diverse needs of children .

4.3 Role of assistive technology for meeting diverse needs of learners.

4.4 Concept and meaning of Virtual Reality and its importance in inclusive classrooms.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete one of the following practicum activities

- During the internship period visit, a nearby school. Observe the teaching learning processes, infrastructure available and assess the nature of inclusive practice. List the existing challenges and factors that promote inclusive practices. Please give justifications.
- Prepare the need profile of all children in a class. Critically analyse the profile thus prepared for establishing relation between students' needs and their abilities/disabilities. Identify relationship between students' needs and their socio-economic and educational status.
- Adapt at least one pedagogical practice studied in the pedagogy course and suggest ways to make it appropriate for addressing the needs of all learners in the class.
- Preparation of status report on school education of children with diverse needs. • Evaluation of text books from the perspective of differently abled children.
- Field visit to school/institutions promoting inclusive practices and discussion with teachers and observation and analysis of teaching learning practices, Visit to special, integrated and inclusive classrooms .Reflective journal writing
- Analysis of policy document (national, international) related to diversity.
- Survey the locality for early identification of children with disabilities.
- Planning and conducting multi-level teaching in the local school.
- Critical review of policy and practice and panel discussion by a group of students. .
- Review of literature related to education of children with diverse needs presentation of reports in a seminar.
- Make a list of existing resources in the local area and discuss their use and limitations based on survey of five inclusive schools.

TEACHER EDUCATION-I

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Study the changing context and concerns in teacher education in India.
- Develop in the student understanding of the concept, objectives, new thrusts and structure of teacher education in emerging context.
- Study student teaching in the light of recent scientific advancement.
- Explore the structure of teacher education curriculum and transction approaches.
- Enable the student to understand teaching and training techniques including IT enabled training devices.
- Enable the students to organize various types of student teaching programmes
- Enable the student to know the concept and practice of evaluation in teacher education in the emerging context.
- Enable the student to explore recommendations of NEP-2020 for teacher education.
- Acquaint the student with the innovative practices in teacher education both in context of India
- Develop among the student's professional ethics and sense of commitments.
- Enable the students to understand about in-service and pre-service teacher education programme for the profession.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the changing context and concerns in teacher education in India.
- Know concept, objectives, new thrusts and structure of teacher education in emerging context.
- Understand teaching and training techniques including IT enabled training devices.
- Organize various types of student teaching programmes including students support services.
- Know the concept and practice of evaluation in teacher education in the emerging context.
- Explore area of research and experiment in teacher education.
- Understand professional ethics and sense of commitments.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

COURSE CONTENT

UNIT- I: CONCEPT AND STRUCTURE OF TEACHER EDUCATION

1.1 Concept of teacher education: Meaning, Nature and Scope of Teacher Education , Aims and objectives of teacher education

1.2 Recommendations of era (Kothari Commission and NCFTE 2009) on Teachers education .

1.3 Understanding Knowledge base of Teacher Education from the view point of Schulman, Deng and Luke &Habermas

UNIT-II: TEACHER EDUCATION CURRICULUM & INSTRUCTIONAL METHODS

2.1 The structure of Teacher Education curriculum and its vision

2.2 Teacher Education curriculum at different stages i.e. primary, secondary and higher secondary.

2.3 Patterns of student teaching – Internship, Microteaching, simulated teaching

2.4 Reflective Teaching: Meaning and concept, Strategies for Promoting Reflective Teaching,

UNIT III:TYPES AND ORGANIZATION OF TEACHER EDUCATION PROGRAMME

3.1 Pre-Service Teacher Education: Concept and Objectives, Need and Importance

3.2 In-Service Teacher Education: Concept and Objectives, Need and Importance

3.3 Agencies for organizing in service teacher education programmes, SSA, RMSA, CTEs, SCERT, NCERT and UGC

3.4 Qualities and Characteristics of an Effective In-Service Teacher Educator

UNIT - IV: TEACHER EDUCATION IN NEP 2020

4.1 Recommendations of NEP 2020 Regarding Teacher Education

4.2 Role of the Teacher according to NPE 2020

4.3 Challenges & Suggestions of Teacher Education in NEP 2020

4.4 National Curriculum Framework for Teacher Education according to NEP-2020

4.5 Challenges & Suggestions of implementation NEP 2020 regarding Teacher Education curriculum

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete one of the following practicum activities

- Presenting Power point Presentation on NEP 2020
- Prepare a Report on Transactional Approaches used by Teacher educators of Your Department.
- Critical Review of NEP-2020 with special reference to NEP-2020.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUGGESTED READINGS:

MOE-2204
TECHNOLOGY IN EDUCATION-I

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the role of Information Communication Technology in present and future.
- To describe the concept, types, need and importance of ICT in education.
- To explain the communication process in ICT.
- To describe the difference between IT and ICT.
- To explain the social learning and Social networking in education.
- Understand about the E-inclusion and qualities of e-learning.
- Understand the use of ICT in research and evaluation.
- Describe the use of internet in ICT.
- Understand the Online & offline tools in education.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the concept, types, need and importance of ICT in education.
- Understand the communication process in ICT and social learning and Social networking in education.
- Understand about the E-inclusion and qualities of e-learning.
- Understand the use of ICT in research and evaluation.

COURSE CONTENT

UNIT - I: EDUCATIONAL TECHNOLOGY

1.1. Meaning and Concept of Educational Technology;
1.2. Nature, Scope and Significance of Educational Technology.
1.3. Components of Educational Technology Hardware and Software.
1.4. Educational Technology and Instructional Technology.
1.5. Application of Educational Technology in-Formal, Non-Formal, Informal, Inclusive Education and Distance Education and Open Learning Systems

Chairperson
Department of Education
BPS Mahila Vishwavidyalay
Khahpur Kalan (Sonipat)

UNIT - II: BASICS OF INFORMATION COMMUNICATION TECHNOLOGY

2.1 ICT: - Meaning, Origin and Growth, Nature and Importance
2.2 Different form of ICT:- Traditional and Modern ICT
2.3 Advantages and Disadvantages of ICT
2.4 Difference between Information Technology, Communication Technology, ICT and Instructional Technology

UNIT- III: INTRODUCTION TO LEARNING THEORIES AND THEIR TECHNOLOGICAL IMPLICATIONS

3.1 Contributions of Key Theorists and their Relevance in a Technology -Integrated Environment : B.F. Skinner, Jean Piaget, David Ausubel, Jerome Bruner, Lev Vygotsky
3.2 Implications of Learning Theories for Technology-Enhanced Instructional Design: Behaviourist Perspective, Cognitive Perspectives and Constructivist Perspective.

UNIT - IV: EMERGING TRENDS IN EDUCATIONAL TECHNOLOGY

4.1 E-Learning: Meaning, concept, merits and demerits of e-Learning
4.2 Approaches to E- learning (Offline, Online, Synchronous, Asynchronous, Blended learning, mobile learning.
4.3 Emerging Trends in e learning:
4.4 Social learning-Concept, use of web 2.0 tools for learning, social networking sites, blogs, chats, video conferencing, discussion forum
  4.4.1 Open Education Resources-Concept and Applications of Creative Common, Massive Open Online Courses
  4.4.2 E-Inclusion-Concept, application of Assistive Technology in E-learning,
  4.4.3 Flipped Learning
4.5 Quality of E-Learning- Measuring quality of system: Information, System, Service, User Satisfaction and Net Benefits

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Set up and explore various educational hardware (interactive whiteboards, projectors) and software (Learning Management Systems, educational apps).
- Create short instructional video using video editing software (e.g., Camtasia, iMovie) on a selected topic.
- Analyze a case study of technology integration in formal, non-formal, or informal education settings.Demonstrate the use of traditional vs. modern ICT tools (e.g., overhead projectors vs. interactive panels).
- Develop a plan for implementing ICT in a classroom or school setting, highlighting advantages and addressing potential disadvantages.
- Create a comparative chart highlighting the differences between Information Technology (IT), Communication Technology (CT), and ICT
- Develop a lesson plan incorporating technology based on a selected learning theory (e.g., constructivist, cognitive).
- .Use educational simulations or gamified tools (e.g., Kahoot, Quizizz) to demonstrate a learning concept.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Create a presentation on how key learning theorists (e.g., Skinner, Piaget) influence current educational technology practices.
- Design an e-learning module using tools like Google Classroom or Moodle, incorporating synchronous and asynchronous elements.
- .Develop a social media campaign or blog for educational purposes using platforms like Twitter, Facebook, or a personal blog.
- Implement a flipped classroom strategy by providing pre-class online resources and conducting interactive sessions during class time.
- Explore and demonstrate the use of assistive technologies (e.g., screen readers, speech-to-text software) for e-inclusion in learning.
- Any other relevant activity, project, or assignment assigned by the teacher.

EDUCATIONAL ADMINISTRATION, MANAGEMENT AND LEADERSHIP -I

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Acquaint the students with changing concepts of educational management along with their significance.
- Help the students to understand educational management as a process at various levels.
- Develop an understanding in students about education and problems of educational trends.
- Help the students to know about resources of education and problems of educational finance.
- Assist the students to learn about planning and organizing supervisory programmes in educational institutions.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Know changing concepts of educational management along with their significance.
- Understand process of educational management at various levels.
- Understand about education and problems of educational trends.
- Know about resources of education and problems of educational finance.
- Plan and organize supervisory programmes in educational institutions.

COURSE CONTENT

UNIT - I: EDUCATIONAL MANAGEMENT AND ADMINISTRATION

1.1 Educational Administration: Meaning, nature, scope, importance and function

1.2 Educational Administration and Bureaucracy

1.3Administrative Management techniques:

1.3.1 POSDCORB (Planning, Organizing, Staffing, Directing, Coordinating, Reporting and Budgeting),

1.3.2. CPM (Critical Path Method),

1.3.3.PERT (Program, Evaluation, Review Technique)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.4 Principles of Educational Administration

UNIT - II: LEADERSHIP IN EDUCATIONAL ADMINISTRATION

2.1 Leadership in Educational Administration: Meaning and nature

2.2 Approaches of Leadership

(a)Trait (b) Transformational (c) Transactional (d) Value based (e) Cultural (f) Psychodynamic (g) charismatic

UNIT - III: QUALITY IN EDUCATION

3.1 Evolution of quality: Inspection .Quality control. Quality Assurance

3.2 Total Quality Management (TQM),Six Sigma

3.3 Quality Gurus: Walter Shewart, Edward Deming, C.K.Pralhad

UNIT - IV: CHANGE MANAGEMENT

4.1 Change Management: Meaning, Need for Planned change

4.2 Three step Model of Change (Unfreezing, Moving, and Refreezing)

4.3 Japanese Models of change: Just-in –time, Poka yoke

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete one of the following practicum activities

- Case study of administrative problems in implementation of NEP 2020 in government/private schools
- Assessment of motivation level/job satisfaction/ perception of leadership among teachers in any educational institution
- Identify the Leadership style of administrator of any institution and write report
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OUTCOMES:

Students will understand science as a dynamic field and differentiate it from technology and related subjects. They will evaluate curricula, study innovative efforts in science education, and recognize the need for diverse, contextualized instructional materials. They will appreciate the role of co-curricular activities, grasp the Constructivist approach, and understand the significance of assessment, exploring various modes and innovative trends.

COURSE OUTCOMES:

Upon completion of this course, the students will be able to:

- Understand the nature of science as a dynamic, expanding body of knowledge and as a social endeavour.
- Understand the differences and complementarily between Science and Technology and other related subjects..
- Understand the need to evaluate curricula and evaluate the same on the basis of different validities.
- Know about and critically study innovative curricular efforts in India and abroad.
- Understand diversity of instructional materials, their role and the need for contextualization in science education.
- Appreciate the role of co-curricular activities in science education.
- Understand the Constructivist approach to science instruction and its implication .
- Understand the role of assessment in the teaching–learning process in science.
- Understand various modes of assessment and their application.
- Familiarize with new, innovative trends in assessment.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

COURSE CONTENT:

UNIT I - NATURE OF SCIENCE

1.1 What is Science? Evolution of science as a discipline. Science as a dynamic expanding body of knowledge.
1.2 Development of scientific knowledge; Scientific method and Structure of Science
1.3 Science and Technology, complementarities between Science and Technology.
1.4 Common misconceptions of pupils about the nature of science.
1.5 Characteristics of different disciplines of science, their interrelationship and integration.

UNIT II -CURRICULUM TRENDS IN SCIENCE EDUCATION

2.1 Criteria of validity of science curriculum: content, cognitive, process, historical, environmental, ethical.
2.2 Recommendations of NCF 2023 on curriculum of Science.
2.3 Curriculum at different stages- at primary, upper primary secondary, higher secondary as per NCF 2023
2.4 Integrating co-curricular activities with science education Science Centers, Science museums, Science Clubs, Science Fairs, Field Trips, Mobile science Lab, Herbarium, Vivarium, Aquarium, Terrarium

UNIT III- APPROACHES TO SCIENCE LEARNING

3.1 Constructivist paradigm and its implications for Science
3.2 Different types of constructivist approaches to science learning: inquiry method, problem solving strategies, investigatory approach, inductive method, project based learning, cooperative and collaborative learning, activity based learning
3.3 Role of experiments in science, integration of theories and experiments in science
3.4 Development of laboratory design, planning and organisation of laboratory work, reporting skills, procedural knowledge
3.5 Encouraging and respecting children responses, introducing alternative approaches in science learning, integrating science across different disciplines and with real life situations.

UNIT IV-ASSESSMENT IN SCIENCE EDUCATION

4.1 Role of assessment in Science Teaching and Learning.
4.2 Formative and Summative evaluation.
4.3 Changing trends in assessment: from paper-pencil tests to authentic assessment: from single attribute to multidimensional assessment, from individual assessment to group assessment, from learning outcome to learning experiences performance based assessment of Projects models, activities and investigative skills, reporting students achievement by comparing students prior and current learning achievement and relevant feedback to students
4.5 Assessment of effective measures in Science: use of tools and techniques such as observation, rating scale, check-list, anecdotal records, attitude scales, interest inventories and interviews
4.6 Self-assessment by students and by teachers, peer assessment, assessment of teachers by students.
4.7 Portfolios: Planning and assessment of Portfolios in Science learning.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Assignment/term paper on selected themes from the course.

Chairperson
Department of Educatio
BPS Mahila Vishwavidya
Khahpur Kalan (Sonipat

- A critical study of any two discoveries selected from different areas of science to illustrate the importance of history of science, for example, Discovery of the electron; the development of electromagnetism; theory of evolution; Newtonian calculus and its importance to Physics; Thermodynamics.
- A critical study of a curricular project selected from any area of science (e.g. PSSC, BSCS, and Chemical Education Material Study Programme (CHEM), Nuffield, O and A level Curricula, NCERT etc.).
- Development of an action plan to organize a science exhibition at different levels, framing guideline on a selected theme and various subthemes.
- Development of a concept map of a selected topic in Physics/Chemistry/Biology;
- Development of a constructivist based lesson plan in a collaborative mode;
- Preparation of low-cost and no cost teaching aids and studying their effectiveness in a classroom transaction.
- Any other relevant activity, project, or assignment assigned by the teacher.

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop a deep understanding of the nature and essence of mathematics.
- Comprehend the characteristics and structure of mathematical language.
- Explore and appreciate the historical evolution of mathematical concepts.
- Analyse and articulate the contributions of Indian mathematicians to the field.
- Relate mathematics to other academic disciplines and understand its interdisciplinary connections.
- Formulate specific instructional objectives in behavioural terms.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Distinguish between the roles of pure and applied mathematics
- Develop the skill of solving real-life problems through Mathematics
- Develop the understanding of using constructivist approach in mathematics
- Highlight the significance of mathematics laboratory
- Gain knowledge of principles of curriculum construction
- Know and use various methodologies of teaching mathematics
- Develop the skill of using various methods of teaching mathematics
- Evaluate students' performance in mathematics

COURSE CONTENTS

UNIT-1: NATURE, DEVELOPMENT AND SIGNIFICANCE OF MATHEMATICS

1.1 Meaning, Nature and significance of mathematics.
1.2 Distinction between mathematics and science
1.3 Distinct roles of pure and applied Mathematics
1.4 Historical Development of Mathematics with some famous anecdotes like Aryabhatta, Ramanujam, Brahmagupta, Archimedes, Pythagoras etc.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.5 Aims and Objectives of Teaching Mathematics at various School levels.

1.6 Recreational and Aesthetic aspect of Mathematics: Games, Puzzles, Riddles, Symmetry etc. and their role in learning mathematics.

UNIT-2: CURRICULUM DEVELOPMENT OF MATHEMATICS AT SCHOOL LEVEL

2.1 Curriculum: Meaning, Principles of Curriculum Construction and Organisation at different stages of school education – at elementary, secondary and senior secondary.

2.2 Approaches to Organization of Mathematics Curriculum at various stages of School Education.

2.3 Development of Curriculum in Mathematics

2.4 Integrating Co-curricular activities with Mathematics Education.

2.5 Mathematics Club: Objectives, Need, Importance, Organization and Activities.

2.6 Mathematics Laboratory: Need, Importance, Materials and Procedure to set up

2.7 Methodology of development of Curricular materials viz. Textbooks, Workbooks, Teacher Handbooks

UNIT-3: METHODS AND STRATEGIES OF MATHEMATICS EDUCATION

3.1 Teaching Methods: Inductive and Deductive Method, Analytic and Synthetic Method, Problem solving Method, Project Method, Laboratory Method

3.2 Modern Techniques: Brain Storming, Quiz, Seminar, Discussion, Drill, Self Study, Supervised Study, Group Study

3.3 Pedagogical Approaches: Constructivist Approach, Discovery Approach, Collaborative Approach, Reflective Approach

3.4 Teaching gifted /Slow learners in Mathematics

3.5 Uses and Preparation of Teaching Aids

UNIT-4: EVALUATION IN MATHEMATICS

4.1 Concept of Evaluation in teaching – learning process (Formative, Summative, Diagnostic)

4.2 Norm Referenced and Criterion Referenced Test

4.3 Types of common mistakes in Mathematics; their identification and analysis with a purpose of prevention and remedial measures

4.4 Types of Test Items in Mathematics

4.5 Meaning, Merits, Limitations and Construction of Long Answer Type Items, Short Answer Type Items and Objective Type Items

4.6 Precautions taken while constructing test items

4.7 Action Research in Mathematics

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete one of the following practicum activities:

- A critical study of any two discoveries selected from different areas of mathematics to illustrate the importance of history of Mathematics. i.e. discovery of the zero; the development of Pythagoras theorem etc.
- A critical study of Mathematics curriculum of secondary school stage of Haryana.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Prepare and experiment on an action plan for use of ICT multi-media in teaching concepts of Mathematics.
- Development of an action plan for organization of an exhibition at different levels, framing guidelines on a selected theme and various sub-themes.
- Development of criteria for evaluation of laboratory work and using it in laboratory.
- Make a study of the evaluation practices in selected schools making critical analysis of examination papers.
- Prepare low cost and no cost teaching aids and study their effectiveness in a Mathematics classroom transaction.
- Analyze famous quotations on Mathematics and prepare a report.
- Any other relevant activity, project, or assignment assigned by the teacher.

Internal Marks/Practicum: 20 **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVE:

After completing the course, students will be able to:

- Understand the differences and complementarily between language other related subjects.
- Understand the Constructivist approach to science instruction and its implication .
- Understand the role of assessment in the teaching–learning process in language.
- Understand various modes of assessment and their application.
- Familiarize with new, innovative trends in assessment.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the nature of language as a dynamic, expanding body of knowledge and as a social endeavour.
- Understand the need to evaluate curricula and evaluate the same on the basis of different validities.
- Understand diversity of instructional materials, their role and the need for contextualization in language.
- Appreciate the role of co-curricular activities in language.

COURSE CONTENT

UNIT I - GENERAL INTRODUCTION ON LANGUAGE

1.1 What is Language? Various components of language;
1.2 Functions of language;
1.3 How different are different languages?
1.4 Critical analysis of the following terms: Dialect, Standard and Non-standard language,
1.5 Characterizing mother tongue, first language, and second language, bilingual and multilingual

UNIT II - LANGUAGE ACQUISITION

2.1 Language learning in early childhood

-376-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

2.2 Language and Cognition: Piaget, Vygotsky, And Chomsky on language acquisition and relevance of their views for the language teacher
2.3 Second language acquisition

UNIT III- LANGUAGE PROCESSES AND THE CLASSROOM CONTEXT

3.1 Oral language in the classrooms; Participation in the classroom
3.2 Reading: Engaging with books of different types
3.3 Comprehension of stories and non-fiction (content area texts)
3.4 Writing as a composing process
3.5 Problem solving, developing a sense of audience, purpose, and understanding the process of writing

UNIT IV-ASSESSMENT IN SCIENCE EDUCATION

4.1 Role of assessment in language Teaching and Learning.
4.2 Formative and Summative evaluation.
4.3 Changing trends in assessment
4.4 Assessment of effective measures in language: use of tools and techniques such as observation and interviews

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- A critical study of a curricular project selected from any area of science (level Curricula, NCERT etc.).
- Development of a constructivist based lesson plan in a collaborative mode
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To develop an understanding about the concept of Social Studies.
- To develop an understanding of aims and objectives of teaching of Social Studies.
- To develop ability to organize curriculum of Social Studies.
- To acquaint pupil-teachers with different methods, devices and techniques of teaching Social Studies.
- To develop proper understanding of modern concepts and tools of evaluation.
- To acquaint the pupil-teachers with current events and Community Resources.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand about the concept, aims and objectives of Social Studies.
- Able to organize curriculum of Social Studies.
- Use different methods, devices and techniques of Social Studies.
- Understand modern concepts and tools of evaluation.
- Know about current events and Community Resources.

COURSE CONTENT

UNIT - I: CONCEPTUALIZATION OF SOCIAL SCIENCE EDUCATION

1.1 Concept, Nature and Scope of Social sciences.
1.2 Aims and objectives of teaching social sciences at school level.
1.3 Values or Advantages of social sciences
1.4 Relationship of social sciences with other subjects and within the subject.
1.5 Research perspectives in pedagogy of social science education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalay
Khanpur Kalan (Sonipat)

UNIT - II: APPROACHES TO PEDAGOGY OF SOCIAL SCIENCE

2.1 Different Approaches: Correlation approach, integrated approach, spiral approach
2.2 Behaviourist approach, Constructivist approach.
2.3 Social studies teacher – Qualities and Role in Global Perspective.

UNIT - III: SOCIAL SCIENCE CURRICULUM METHODS, AND TEACHING LEARNING MATERIAL

3.1 Concept, nature and objectives of social science curriculum
3.2 Organization of curriculum: Principle of social science curriculum
3.3 Teaching learning material: Textbook, Reference book, Newspapers, Maps.
3.4 Methods: Discovery method, Discussion method, Computer Assisted Instruction (CAI), Inductive and deductive method, project method, problem solving method and survey method.

UNIT - IV: COMMUNITY RESOURCES AND EVALUATION OF TEACHING LEARNING OF SOCIAL SCIENCE

4.1 Concept, types and importance of community Resources
4.2 Organization of different co-curricular activities
4.3 Evaluation in social science: Types and techniques
4.4 Criteria of good evaluation or testing device in social science

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Write a detailed essay on 'Evolution of Social Science as a discipline.
- Development of a lesson design based on Activity based approach
- Prepare, administer and interpret a diagnostic test to conduct a continuous evaluation in scholastic and non-scholastic areas
- Construction, administration and interpretation of an achievement test of any subject.
- Any other assignment/ project given by the teacher.

SEMESTER-III
MOE-2207
ACADEMIC WRITING

Max. Marks:50
External Marks: 40
Internal Marks: 10

Total Inst. Hours : 04

Credit: 02

SUBJECT SPECIFIC OBJECTIVES:

Upon completing this course, students will understand academic writing fundamentals and various styles. They will demonstrate skills in paraphrasing, citation, editing, and adhering to formats. They will produce professional reports and diverse articles, format theses according to style guides, write insightful book reviews, and draft effective professional correspondence. Additionally, students will distinguish and apply different writing styles, prepare resumes and professional profiles, and conduct content analysis.

COURSE OUTCOMES:

After the completion of this course the student will be able to:

- Grasp the fundamentals of academic writing and recognize various writing styles.
- Demonstrate skills in good academic writing, including paraphrasing, acknowledging sources, editing, and proofreading, while adhering to appropriate styles and formats.
- Produce professional reports, including seminar, project, research, and field visit reports, by applying principles learned through sample reports.
- Write different types of articles, such as thematic articles, research articles, article reviews, and editorials.
- Write and format a thesis, including chapters, a review of related literature, bibliography, tables, figures, appendices, and references according to an accepted style guide (e.g., APA).
- Write insightful and structured book reviews.
- Draft effective professional letters and emails.
- Distinguish between different types of writing and writing styles and apply them appropriately.
- Prepare a resume and effective professional profile suitable for job interviews.
- Perform content analysis

COURSE CONTENT

Students should engage in the following activities:

1.1 Introduction to Academic Writing and Styles of Writing

1.2 Essentials of good academic writing, Paraphrasing and acknowledging, Editing and Proofreading, Style and Type of Writing in different formats

-381-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

1.3 Report writing: Sample Reports of Seminars, Project Reports, Research reports, and Field visit reports will be explained and students will write a professional report of any of these workshops/seminars/field visits.

1.4 Articles: Thematic article, research article, article reviews, editorials

1.5 Thesis: Writing a thesis, chapters included, RRL, Bibliography, Format of Tables, Figures, Appendix, Referencing as per an accepted style guide (E.g. APA), Pagination, header, footnote etc

1.6 Book review writing

1.7 Writing or drafting professional letters and mail etc.

1.8 Use & differentiate different kinds of writing and writing styles

1.9 Preparation of resume/effective profile for an interview by each student

1.10 Content analysis & reporting any one event/ news (from electronic/ print media) related to the field of education.

TASKS AND ASSIGNMENTS:

Students are required to maintain a comprehensive record of their activities in the form of a detailed file. This file should include documentation of all tasks completed, assignments undertaken, and relevant reflections or analyses of each activity.

SEMESTER-III
MOE-2208
INTERNSHIP PHASE-III

Max Marks: 100 **Total Inst. Hours: Four Weeks**

External Marks: 80

Internal Marks: 20 **Credits :04**

SUBJECT SPECIFIC OBJECTIVES

The Internship Phase-III aims to provide students with advanced practical exposure in specialized areas of Elementary and Secondary Education. This phase emphasizes hands-on experience, community engagement, and the application of theoretical knowledge in real educational settings, in line with the Ministry of Education's current initiatives and the National Education Policy (NEP) 2020. By the end of this course, students will:

- **Understand the Importance of RTE 2009:** Gain insights into the role and impact of the Right to Education (RTE) Act, 2009, within the current educational framework, promoting inclusive and equitable learning opportunities.
- **Conduct Field Research:** Perform interviews with parents, teachers, and community members to gather perceptions on education, institutional practices, and community engagement.
- **Observe Institutional Functioning:** Analyze the functioning of educational institutions, focusing on administrative, teaching, and learning aspects at village, ward, and locality levels.
- **Engage with the Community:** Participate in socio-economic and cultural activities to understand the role of education within the broader community context.
- **Document and Report:** Compile comprehensive documentation of the internship experience, including a detailed report on the projects undertaken.
- **Collaborate and Reflect:** Work collaboratively with peers, educators, and community members, sharing insights and reflecting on their professional growth and learning experiences.

COURSE OUTCOMES

Upon successful completion of the course, students will be able to:

- **Recognize the Role of RTE Act, 2009:** Understand the significance of the RTE Act, 2009, in promoting inclusive education and its impact on school-level practices.

- **Analyze Institutional Dynamics:** Critically evaluate the operational aspects of educational institutions, contributing to improved educational practices.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- **Enhance Community Engagement Skills:** Actively participate in community activities, fostering a deeper understanding of the socio-cultural influences on education.
- **Develop Collaboration Skills:** Work effectively in team settings, communicate their experiences, and engage with the broader educational community.

COURSE CONTENT

The third phase of the internship is designed to develop the competencies of future teacher educators by immersing them in real-world educational environments. Students specializing in Secondary Education will be placed in secondary teacher education institutions, while those in Elementary Education will be placed in District Institutes of Education and Training (DIETs) or similar institutions.

WEEK 1: ORIENTATION AND FAMILIARIZATION

- **Institutional Orientation:** Acquaint students with the functioning, policies, and practices of the assigned teacher education institutions.
- **Outcome:** Understand institutional structures, key roles, and operational dynamics, setting the stage for active engagement in subsequent weeks.

WEEKS 2-4: PRACTICAL ENGAGEMENT AND FIELD ACTIVITIES

1. Teaching and Lesson Planning

- **Activity:** Deliver six lessons from the B.Ed. or D.Ed. curriculum, ensuring that at least two lessons incorporate technology integration.
- **Outcome:** Develop skills in lesson planning, use of teaching aids, and effective teaching methodologies under the guidance of mentor educators.

2Community Engagement and Awareness Activities (Choose Any Three)

Activities:

- Literacy and Social Awareness Camp
- Nukkad Natak (Street Play)
- Voting Awareness Rally
- Anti-Ragging Awareness Campaign
- Poster Making, Skit, Slogan Writing, Art & Craft Activities
- Any other relevant educational activity approved by school authorities
- **Outcome:** Strengthen community engagement skills and raise awareness on critical social issues through active participation.

3. Awareness Programs on Government Schemes (Choose Any Two)

- **Activity:** Conduct awareness sessions on government initiatives like Samagra Shiksha, Beti Bachao Beti Padhao, and other schemes relevant to education and social welfare.
- **Outcome:** Increase awareness and understanding of government programs that impact educational and social outcomes.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

4. Institutional Survey

- **Activity:** Conduct a survey focusing on specialized areas (Elementary/Secondary Education) to evaluate institutional effectiveness and areas for improvement.
- **Outcome:** Gain practical skills in research, data collection, and analysis, aligning with field-based educational practices.

5. Curriculum Review

- **Activity:** Critically review existing Elementary or Secondary school curricula in Haryana in light of NCF 2023 recommendations.
- **Outcome:** Develop a critical perspective on curriculum content, inclusivity, and alignment with current educational standards.

6. Project Design for School Children (Choose Any One)

- **Activity:** Develop a project that includes counseling and organizing an exhibition on relevant themes such as:
  - Save Trees, Save Water
  - Population Explosion, Female Foeticide
  - Say 'No to Polybags'
  - Vermiculture, Rainwater Harvesting
  - Solid Waste Management, Tree Plantation
  - Any other relevant educational project approved by school authorities
  - **Outcome:** Enhance project management skills, fostering creativity and leadership in educational settings.

7. Evaluation of ICT Integration

- **Activity:** Prepare an evaluation report on the integration of ICT in the Teacher Education Curriculum at the Elementary/Secondary level in the state.
- **Outcome:** Develop evaluation and reporting skills, highlighting the impact of technology on teaching and learning.

8. Development of Educational Resources

- **Activity:** Create an animated video on an educational topic using appropriate software, targeting Elementary or Secondary level students.
- **Outcome:** Build skills in educational technology and resource development, promoting digital literacy.

9. Monitoring Mechanism Analysis

- **Activity:** Prepare a detailed flowchart and report on the existing monitoring mechanisms at the Elementary or Secondary school level in the state, providing suggestions for improvement.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- **Outcome:** Understand institutional monitoring and accountability frameworks, contributing to institutional improvement.

10. Effectiveness of RTE 2009

- **Activity:** Measure and analyze the effectiveness of the Right to Education Act, 2009, in enhancing access and quality of education.
- **Outcome:** Gain insights into policy impact assessment, aligning with the goals of inclusive and equitable education.

ASSESSMENT AND REPORTING

- **Documentation:** Students are required to maintain a detailed portfolio documenting all observations, activities, and reflections during the internship.
- **Assessment Criteria:** Evaluation will be based on active participation, quality of documentation, reflective practices, and the comprehensiveness of submitted reports.
- **Internal and External Marks:** Marks will be awarded based on demonstrated competencies, adherence to internship objectives, and the quality of the final project reports.

DISSERTATION (PHASE-III)

Max. Marks: 50
External Marks: 40 **Credits: 02**
Internal Marks: 10

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop scientific and research attitude among students.
- Develop skills in preparing a good research tool.
- Select the appropriate research tool for the study.

COURSE OUTCOMES

Upon successful completion of the course, students will:

- Understanding and applying ethical guidelines in research, including issues related to informed consent, confidentiality, and the respectful treatment of research participants.
- Design and conduct research using appropriate methodologies.
- Critically evaluate existing research, theories, and practices in education.
- Engaging in self-reflection about the research process, the challenges encountered, and the learning gained

COURSE CONTENT

1.1 Develop relevant tools for data collection.
1.2 Develop data analysis plans and procedures
1.3 Collection of data with the help of developed/standardized tools.
1.4 Determine the data analysis methods and Techniques
1.5 Presentation depicting development of research tool and procedure of data collection.

MOE-2202
HISTORY, POLITICS AND ECONOMICS OF EDUCATION-II

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES: After completing the course, students will be able to:

- Understand the process of historical development of education in India.
- Know about various commissions and committees related to education in India.
- Understand the relationship of education with economic growth and development.
- To know how to improve the Human development index of India.

COURSE OUTCOMES:

Upon successful completion of the course, students will be able to:

- Know about the evolution of education in india.
- Understand education for equality in a global society.
- Learn about educational finance.
- Gain knowledge about education and human development.

COURSE CONTENT

UNIT – I: EVOLUTION OF EDUCATION IN INDIA

1.1 National Policy of Education (1986)
1.2 National Policy of Education (1992)
1.3 National Education Policy (2020)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur K (Sonipat)

1.4 Macaulay's Minutes
1.5 Indian Education Commission

UNIT - II: NATIONAL POLICY AND EDUCATION SYSTEM

2.1 Inclusive Education: Focus on marginalized Groups, Women Education and Inclusivit
2.2 Empowering Girls in Education: Breaking Barriers and Fostering Equality
2.3 Addressing Socio-Economic Disparities in Education: A call for Equity
2.4 Right to Education Act (2009)

UNIT – III: EDUCATIONAL FINANCE

3.1 Educational Finance: meaning, importance and scope
3.2 Principles of educational finance
3.3 Educational finance at Micro and Macro Levels
3.4 Budgeting: Concept, importance and types

UNIT – IV: EDUCATION AND HUMAN DEVELOPMENT

4.1 Education and Human capital development
4.2 Education and Human development index
4.3 Education for Human Resource Development
4.4 National integration and International understanding

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE):

Students will select and complete **one** of the following practicum activities:

- Prepare a report on estimation of institutional cost of a secondary school/ Estimation of unit cost of education in a school taking student as a unit.
- Review of related literature to justify the role of political/economic/ historical foundation of education in shaping of education.
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES: After completing the course, students will be able to:

- To explore and critically analyse the various theories and models underpinning inclusive education.
- To understand the concepts of social justice and equity in education and their implications for inclusive practices.
- To examine the essential elements of inclusive school environments, focusing on ensuring physical, social, and academic accessibility for all students.
- To identify and evaluate the roles of teachers, special educators, and collaborative practices in fostering inclusive school communities.
- To develop proficiency in inclusive pedagogical approaches such as Differentiated Instruction, Universal Design for Learning (UDL), and Culturally Responsive Teaching.
- To explore and apply collaborative teaching models, including co-teaching and peer-assisted learning, in inclusive classroom settings.
- To design inclusive lesson plans that effectively integrate technology and interactive methods, ensuring all students can access and engage with the curriculum.
- To critically assess the importance of pre-service and in-service teacher education for effective inclusive practices.
- To understand and apply professional ethics and standards required of inclusive educators.

Chairperson
Department of Education
BPS Mahila Vishwavidyalay
Khahpur Kalan (Sonipat)

- To explore leadership roles in inclusive education, including the responsibilities of school leaders, administrators, and policymakers.
- To examine the role of national and international agencies in promoting and supporting inclusive education.
- To analyse current research trends and developments in inclusive education, identifying emerging issues and best practices.
- To develop skills in evaluating inclusive education programs using appropriate tools and techniques.
- To engage in action research within inclusive classrooms, identifying challenges and implementing solutions to improve practices.
- To understand the concept, meaning, and importance of adapted physical education and sports within inclusive education frameworks.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Students will be able to critically evaluate and apply various theories and models related to inclusive education.
- Students will demonstrate an understanding of social justice and equity issues in education and how they influence inclusive practices.
- Students will be able to design and assess inclusive school environments that ensure accessibility for all students.
- Students will identify the roles and collaborative strategies necessary for teachers, special educators, and other stakeholders to effectively support inclusion in schools.
- Students will demonstrate competence in applying differentiated instruction, UDL, and culturally responsive teaching methods in inclusive classrooms.
- Students will be able to implement collaborative teaching models and design inclusive lesson plans that utilize technology and interactive strategies to enhance learning for all students.
- Students will critically analyse the significance of ongoing professional development for inclusive educators and apply ethical standards in their practice.
- Students will understand the leadership roles required in inclusive education and the contribution of various agencies in fostering inclusive practices globally.
- Students will engage in and contribute to current research in inclusive education, demonstrating the ability to evaluate inclusive programs and conduct action research to address classroom challenges.
- Students will articulate the importance of adapted physical education and sports, integrating these concepts into inclusive education strategies.

These objectives and outcomes are designed to equip students with the knowledge, skills, and ethical grounding necessary to become effective educators and leaders in the field of inclusive education.

COURSE CONTENT

UNIT I: THEORETICAL FOUNDATIONS OF INCLUSIVE EDUCATION &BUILDING INCLUSIVE SCHOOL

1.1 Theories and models underpinning inclusive practices., Social justice and equity in education, The social model of disability vs. the medical model, Vygotsky's Social Development Theory, Bronfenbrenner's Ecological Systems Theory

1.2 Inclusive School Environments and Accessibility: Ensuring physical, social, academic access.

1.3 Role of teachers and special educators in inclusive classrooms.

1.4 Collaborative Practices in Inclusive Schools: Strategies for promoting collaboration among teachers, parents, and students, Role of teamwork and shared responsibility in supporting inclusion

UNIT II: INCLUSIVE PEDAGOGY AND TEACHING STRATEGIES

2.1 Pedagogical Approaches: Differentiated Instruction, Universal Design for Learning (UDL), and Culturally Responsive Teaching

2.2 Collaborative Teaching Models: Co-Teaching, Team Teaching, and Peer-Assisted Learning

2.3 Assessment for Learning in Inclusive Classrooms: Formative and Summative Approaches

2.4 Designing Inclusive Lesson Plans: Integrating Technology and Interactive Methods

UNIT III: PROFESSIONAL DEVELOPMENT AND ETHICS IN INCLUSIVE EDUCATION

3.1 Teacher Education for Inclusive Education: Pre-Service and In-Service Training

3.2 Professional Ethics and Standards for Inclusive Educators

3.3 Leadership in Inclusive Education: Roles of School Leaders, Administrators, and Policymakers

3.4 Role of different national and international agencies {institutions, universities} in promoting inclusive education.

UNIT IV: RESEARCH AND EVALUATION IN INCLUSIVE EDUCATION

4.1 Research trends and recent development in Inclusive Education.

4.2 Evaluating Inclusive Education Programs: Tools and Techniques

4.3 Action Research in Inclusive Classrooms: Identifying Issues and Implementing Solutions

4.4 Concept, meaning and importance of adapted physical education and sports.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- During the internship period visit, a nearby school. Observe the teaching learning processes, infrastructure available and assess the nature of inclusive practice. List the existing challenges and factors that promote inclusive practices. Please give justifications.

Chairperson
Department of Education
BPS Mahila Vishwavidyala
Khahpur Kalan (Sonipat)

- Prepare the need profile of all children in a class. Critically analyse the profile thus prepared for establishing relation between students' needs and their abilities/disabilities. Identify relationship between students' needs and their socio-economic and educational status.
- Adapt at least one pedagogical practice studied in the pedagogy course and suggest ways to make it appropriate for addressing the needs of all learners in the class.
- Preparation of status report on school education of children with diverse needs. Evaluation of text books from the perspective of differently abled children.
- Field visit to school/institutions promoting inclusive practices and discussion with teachers and observation and analysis of teaching learning practices, Visit to special, integrated and inclusive classrooms .Reflective journal writing
- Analysis of policy document (national, international) related to diversity.
- Survey the locality for early identification of children with disabilities.
- Planning and conducting multi-level teaching in the local school.
- Critical review of policy and practice and panel discussion by a group of students. .
- Review of literature related to education of children with diverse needs presentation of reports in a seminar.
- Make a list of existing resources in the local area and discuss their use and limitations based on survey of five inclusive schools.
- Any other relevant activity, project, or assignment assigned by the teacher.

COURSE CONTENT

UNIT I: MODELS OF TEACHING & ACCREDITATION OF INSTITUTION

-399-

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.1 Models of Teaching: Behaviouristic, Competency-based and Inquiry Oriented Teacher Education Models
1.2 Recognition, assessment and accreditation of Teacher Education Institutions: Concept & Need
1.3 Different Agencies for recognition, assessment and accreditation: UGC, NCTE, NAAC

UNIT II: II: PROFESSIONAL DEVELOPMENT IN TEACHER EDUCATION

2.1 Strategies of Continuous Professional Development: Seminars, Workshops, Group Discussion, Conferences, Symposium. Distance Education, Refresher Courses, Orientation courses
2.2 Problems and issues related to CPD of teachers and Teacher Educators
2.3 Personal and Contextual factors affecting Teacher Development.
2.4 Teacher Effectiveness: Concept, Importance & factors

UNIT III: TEACHER EDUCATION AS PROFESSION

3.1 Concept of Profession and Professionalism, Teaching as a Profession, Professional Ethics of Teachers
3.2 Factors Influencing Teaching profession as first Choice in India
3.3 Quality Enhancement for Professionalization of Teacher Education:
3.4 GOI initiatives across all the levels

UNIT IV: CURRENT TRENDS AND RESEARCH IN TEACHER EDUCATION

4.1 Innovations in teacher education
4.2 Use of ICT in teacher education
4.3 Challenges in Teacher education
4.4 Research trends in Teacher Education

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Critical appraisal of teacher education programme (ETT/B.Ed. /M.Ed.) being implemented in a teacher education institution.
- Evaluation of an in-service training programme for school teachers.
- Attitudinal survey of teacher trainees.
- Class Test
- Assignment
- Attendance
- Any other relevant activity, project, or assignment assigned by the teacher.

COURSE CONTENT

UNIT I: COMMUNICATION PROCESS IN EDUCATION

1.1 Concept of communication,
1.2 Components of communication process
1.3 Principles of Communication;
1.4 Barriers and Facilitators of Communication
1.5 Classroom Communication.
1.6 Tele-communication and Satellite-communication-Teleconferencing, Video Conferencing

UNIT II: MULTIMEDIA APPROACH IN EDUCATION

2.1 Multi media: Concept, nature and importance
2.2 Different medias of multimedia
2.3 Principles for Selection of Multimedia in Education
2.4 Uses and applications of Multimedia Approach

UNIT III: INNOVATIVE INSTRUCTION: THEORIES, TECHNOLOGY AND DESIGN

3.1 Designing Technology-Supported Instruction for Large Groups (Blended Learning Environments, MOOCs and Webinar Platforms)
3.2 Technology Supported Strategies for Small Groups (Collaborative Tools, Online Group Discussions and Peer Review Systems)
3.3 Adapting instruction for Formal and Non- Formal Settings Using Technology (Digital Learning Management Systems (LMS) for Formal Education; Mobile Learning Apps and Community-Based Learning Networks for Non-Formal Education)
3.4 Exploring Technology Driven Models: ADDIE, ASSURE, Dick and Carey Model, Gagne's Nine Events in Digital Learning and 5E's of Constructivism

UNIT IV: ASSESSMENT AND RESEARCH IN ICT

4.1 Use of ICT in Assessment, Administration and Research: E portfolios
4.2 ICT for Research - Online Repositories and Online Libraries
4.3 Online and Offline assessment tools (Online survey tools or test generators) – Concept and Development.
4.4 Effective pedagogical practices :Teacher's role in use of ICT

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

- Conduct role-playing sessions to simulate various classroom communication scenarios, highlighting barriers and facilitators.
- Organize a teleconference or video conference session with external experts or peer groups. Use platforms like Zoom, Google Meet, or Microsoft Teams.
- Explore and compare different online communication tools (e.g., discussion forums, live chats) and their effectiveness in educational contexts.

Chairperson
Department of Education
BPS Mahila Vishwavidyala
Khahpur Kalan (Sonipat)

- Create an educational multimedia presentation using various media types (images, videos, animations) with tools like PowerPoint, Prezi, or Canva.
- Evaluate different multimedia resources (educational videos, interactive simulations) and assess their suitability for classroom use based on set principles.
- Understand criteria for selecting multimedia in educational settings and their impact on learning outcomes.
- Design a multimedia learning module for a specific topic, incorporating videos, audio, interactive quizzes, and graphics.
- Create a lesson plan incorporating blended learning strategies using platforms like Google Classroom, Moodle, or other LMS.
- Participate in a mock webinar or MOOC and present a reflection on the experience, focusing on instructional design and delivery.
- Select and apply one of the instructional design models (ADDIE, ASSURE, Dick and Carey) to create a short educational module.
- Create an e-portfolio showcasing your work, projects, and reflections on the use of ICT in assessment and research.
- Develop an online quiz or survey using tools like Google Forms, Kahoot, or Quizizz to assess learning outcomes.
- Explore and present on the use of online research repositories (e.g., Google Scholar, ERIC) and libraries for conducting educational research.
- Create a video or presentation highlighting best practices for teachers in integrating ICT in the classroom, focusing on the teacher's role in facilitating technology use.
- Any other relevant activity, project, or assignment assigned by the teacher.

SEMESTER-IV
MOE-2210
EDUCATIONAL ADMINISTRATION, MANAGEMENT AND LEADERSHIP-II

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To develop understanding about developmental process of educational administration and management
- To understand the basic concepts and process of educational administration and management.
- To develop an understanding about the role of different agencies in educational administration and management.
- To become conversant with the different sub-structures operating within the educational system and their interrelationships.
- To develop understanding of trends in educational administration in India.
- Critically examine the present administrative/managerial practice and the issues related.
- To acquaint the learner with the challenges and opportunities emerging in the management.
- To develop competencies to use concept of management in areas of educational system.

COURSE OUTCOMES:

Upon successful completion of the course, students will be able to:

- Understand about developmental process of educational administration and management
- Know the basic concepts and process of educational administration and management.
- Understand about the role of different agencies in educational administration and management.
- Know recent trends in educational administration in India.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Examine the present administrative/managerial practice and related issues.
- Use concept of management in areas of educational system.
- Understand the challenges and opportunities emerging in the management.

COURSE CONTENT

UNIT I: DEVELOPMENTAL PROCESS OF EDUCATIONAL ADMINISTRATION

1.1 Process of educational administration
(Purposing, Planning, Organizing, Operating direction, coordination and control and Evaluating)
1.2 Specific trends in Educational Administration;
1.2.1. Organizational climate
1.2.2. Organizational Compliance
1.2.3. Organizational Development

UNIT II: LEADERSHIP IN EDUCATIONAL ADMINISTRATION

2.1 Models of Leadership
2.2Tri- dimensional Model
2.2.1Hersey and Blanchard's Model
2.2.2 Leader-Member Exchange Model
2.2.3 Blake and Mouton's Managerial Grid

UNIT III: EDUCATIONAL MANAGEMENT

3.1 Educational Management System : SWOT Analysis
3.2 Cost of Quality in Education:
3.2.1 Appraisal Costs,
3.2.2 Failure Costs
3.3.3 Preventable costs

UNIT IV: ANALYSIS IN EDUCATION

4.1 Structural positions and expected roles of special agencies in Indian education:
4.1.1 NAAC
4.1.2 QCI (Quality Council of India)
4.1.3 INQAAHE (International Network for Quality Assurance Agencies in Higher Education)
4.2 Cost Effective Analysis in Education

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

The students may undertake any one of the following activities:

- Prepare a detail report on the cost effective strategies implemented in education institutions.
- Do the SWOT Analysis of an educational institution.
- Any other relevant activity, project, or assignment assigned by the teacher.

Chairperson

Max Marks: 50
External Marks/Theory: 40
Internal Marks/Practicum: 10 **Credits: 02**

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Implement measuresto ensure the research quality,validity and reliability
- Understand the dissertation structure,formatting and writing requirements
- Fulfil the dissertation requirements
- Make an original contribution to the field of study

COURSE OUTCOMES:

Upon successful completion of the course, students will be able to:

- Understand the enhance your ability to critically evaluate literature and evidence.
- Know contribute to your personal and professional growth. For instance:
- Understand theanalyze complex data sets using statistical methods.
- Understand thesynthesize information from various sources to construct a coherent argument.
- Understand theevaluate the effectiveness of different methodologies in addressing your research question.

COURSE CONTENT

1.1 Data analysis
1.2 Interpretation of data
1.3 Finding result and drawing conclusions
1.4 Summary writing
1.5 Dissertation Submission

SELF DEVELOPMENT

Max Marks: 25 **Total Inst. Hours: 02**
External Marks/Theory: 20
Internal Marks/Practicum: 05 **Credits: 01**

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the self through self exploration and self evaluation.
- Help them in achieving mental and physical well-being
- To know about the human conduct, human character and to live accordingly in the society
- Enable to understand the harmony with one self and in harmony with entire existence.

COURSE OUTCOMES:

Upon successful completion of the course, students will be able to:

- Understand the development of self as resource to exercise their professionalism.
- Know the integrated development and physical, cognitive, social, emotional, aesthetic, moral, and spiritual developments.
- Know the process of achieving mental and physical well-being.

COURSE CONTENT

1.1 Self: Meaning, nature, and functional model of the self
1.2 Self-Concept : concept and components
1.3 SWOT analysis: Strength, weakness, opportunity and threats
1.4 Self-Esteem: Meaning, nature, and functional model of the self esteem
1.5 Stress management: Concept, components, types of stress
1.6 Techniques to cope with stress

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

INFORMATION &COMMUNICATION TECHNOLOGY

Max Marks: 50 **Total Inst. Hours: 04**
External Marks/Theory: 40
Internal Marks/Practicum: 10 **Credits: 02**

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to

- To understand the role of ICT in education and its application in teaching-learning processes.
- To develop skills in using various ICT tools and platforms for educational purposes.
- To analyze the impact of ICT on the educational environment, pedagogy, and assessment.
- To explore the ethical and legal issues related to the use of ICT in education.
- To create and manage digital content for educational purposes.

COURSE OUTCOMES:

Upon successful completion of the course, students will be able to:

- Understand the Evolution and Role of ICT in Education.
- Apply ICT Tools in Educational Settings.
- Utilize Virtual Learning Environments and Online Collaboration Tools.
- Implement ICT-Based Assessment Tools.
- Manage Databases and Perform Data Analysis.
- Engage in Ethical Considerations with AI and Data Analytics.

COURSE CONTENT

1.1. Evolution and importance of ICT in Education.
1.2. Introduction to various ICT tools (e.g., interactive whiteboards, projectors, learning management systems).
1.3. Multimedia tools: Creating and using audio, video, and animation in education.
1.4. Virtual learning environments and online collaboration tools
1.5. ICT-based assessment tools and techniques.
1.6. Open Educational Resources (OER) and Massive Open Online Courses (MOOCs).
1.7. Data Basesand its uses- M.S. Power Points, M.S Word, Excel, Web pages, Websites, search enginesetc.
1.8. Emerging Technologies in Education: Blended learning, flipped classroom learning and Mobile learning.
1.9. E-Mail: (Creation of Email id and uses of various Google apps i.e Google forms, Google drive, Google sheets etc.

M.A Education Programme (2024-2026)

Program Outcomes (POs) for M.A. (Education) Programme

Program Outcomes (POs) for M.A. (Education) Programme will enable the students to:

1. Develop a deep understanding of major educational theories and philosophies and analyze how these theories apply to current educational practices and issues.
2. Design, implement, and evaluate innovative instructional strategies tailored to diverse learning needs, instructional decisions and improve student learning outcomes.
3. Apply research findings to solve practical problems in educational settings and contribute to the field.
4. Increase awareness of environmental, social, and economic sustainability issues and understanding of the interconnections between human activities and environmental impacts.
5. Increase awareness and understanding of mental health issues and the importance of mental hygiene.
6. Integrate Indian Knowledge Systems into contemporary curricula to provide a holistic and enriched educational experience.
7. Do thorough examination of a particular case study, including its context, key elements, and dynamics.
8. Investigate how educational settings contribute to the socialization of individuals, including the transmission of cultural norms, values, and social roles.
9. Uncover trends and patterns in educational data that can inform policy decisions and instructional practices.
10. Ensure that students with disabilities can participate in the general education curriculum alongside their peers to the fullest extent possible.
11. Providing information and understanding necessary to address environmental challenges and make informed decisions about their environment.
12. Strategies needed to succeed academically, including time management, study skills, and overcoming academic challenges.
13. Comprehensive understanding of environmental systems, processes, and interactions.
14. Effectively convey the results of research and investigations to an academic or professional audience.
15. Provide interactive simulations, educational games, and multimedia presentations that make learning more engaging and effective.
16. Foster a sense of curiosity, interest, and motivation in learners to actively participate and engage in the learning process.
17. Gain a comprehensive understanding of how different educational systems function and the factors that influence their design and implementation.
18. Provide a long-term vision and strategic direction that aligns with the organization's mission and values.
19. Encompass a broad range of learning opportunities designed to help adults improve their skills, knowledge, and personal development.
20. Increase awareness and understanding of gender equality and advocate for equal rights and opportunities for all genders.
21. In still core ethical values such as honesty, integrity, responsibility, and respect.

Program Specific Outcomes (PSOs) for M.A. Education Programme:

Program Specific Outcomes (PSOs) for M.A. Education Programme will enable the students:

1. Critically assess various educational philosophies and their impact on teaching and learning environments.
2. Prepare educators to take on leadership roles within educational settings and advocate for positive changes in education policies and practices.
3. Development into the latest advancements in educational technology and their practical applications to enhance teaching and learning experiences.
4. Explore into advanced research methodologies and techniques to conduct high-quality educational research.
5. Equip with strategies to advocate for and implement sustainable practices within educational institutions and broader communities.
6. Design and apply effective interventions and support systems for managing mental health issues within educational settings.
7. Apply principles from Indian knowledge systems to contemporary educational practices, enhancing cultural relevance and contextual understanding.
8. Increase access to higher education and promote equity by addressing barriers and supporting diverse student populations.
9. Enhance writing skills to develop clear, effective, and well-structured expository texts.
10. Conduct a thorough and detailed analysis of specific educational cases, including context, challenges, and outcomes.
11. Ability to articulate and apply major sociological theories and concepts relevant to education, such as functionalism, conflict theory, and symbolic interactionism.
12. Gain proficiency in designing research studies, collecting quantitative data, and employing appropriate statistical methods to interpret and present findings in a meaningful way.
13. Develop a deep understanding of the characteristics and needs of learners with diverse abilities and disabilities.
14. Develop a deep understanding of the historical, social, and cultural factors contributing to gender inequality and how education can be a powerful tool for challenging and overcoming these barriers.
15. Implement and evaluate comprehensive guidance and counseling programs that address the academic, career, and personal-social needs of students.
16. Implement educational programs that raise awareness about environmental issues, encouraging students and communities to adopt sustainable practices.
17. Gain a thorough understanding of key psychological theories, including cognitive, behavioral, and socio-cultural perspectives, and how they apply to teaching and learning processes.
18. Gain a deep understanding of the key historical milestones in the development of the Indian education system, from ancient times to the present, and their impact on contemporary education.
19. Critically analyze various educational systems, identifying similarities and differences in policies, practices, and outcomes across different countries.
20. Acquire skills in strategic decision-making, enabling them to create effective educational plans that align with institutional goals and respond to emerging challenges.
21. Equipped to promote and facilitate lifelong learning among adults, encouraging continuous personal and professional development through education.
22. Address the specific needs and challenges of rural communities, focusing on improving access, quality, and relevance of education.
23. Promote gender equality, challenge gender stereotypes, and address gender-based issues in education.
24. Develop a comprehensive understanding of fundamental values, such as respect, integrity, justice and human rights principles, international frameworks and applications.

DEPARTMENT OF EDUCATION
FACULTY OF EDUCATION
B.P.S. MAHILA VISHWAVIDYALAYA, KHANPUR KALAN
MASTER OF ARTS (EDUCATION)
SEMESTER-I
MAE-2102
TEACHER EDUCATION-I

Max. Marks: 100
External Marks: 80
Internal Marks: 20

Inst. Hours Per Week: 03+02
Exam Hours: 3hrs.
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Explore the Aims and Objectives of Teacher Education.
- Explore different models of teaching and their characteristics, including philosophical, psychological, and modern teaching models
- Evaluate the contributions of key commissions, committees, and national policies in shaping teacher education in India.
- Identify challenges and reforms in Indian Teacher Education
- To develop the ability to design and evaluate teacher education programs.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Critically evaluate the historical context of teacher education in India and its evolution over time.
- Demonstrate a thorough understanding of the different aims and objectives of teacher educationat various levels,
- Apply knowledge of teaching models and methods to develop effective teaching strategies tailored to diverse learning environments
- Analyze the influence of national policies and governance bodies on the current state of teacher education in India, identifying key reforms and areas for improvement.

COURSE CONTENT

UNIT- I: FOUNDATIONS OF TEACHER EDUCATION

1.1 Historical development of Teacher Education
1.2 Concept, nature and Scope of teacher education
1.3 Aims and objectives of teacher education at primary, secondary level and higher level
1.4 Recommendations of Various commissions and committees on Teacher's education in India in the post-independence era:University Education Commission (1948- 49), Secondary Education Commission (1952-53),Kothari Commission (1964-66), National Policy on Education (NPE), 1986 and its Review in 1992

UNIT – II TYPES AND LEVELS OF TEACHER EDUCATION

2.1 Types of Teacher Education Institutions in India:.In-service Teacher Education, Pre-service Teacher Education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.2 Concept, Need, Purpose and Scope of In-service Teacher Education, Organization and Modes of In-service Teacher Education

2.3 Agencies for organizing In- service teacher education programmes, SSA, RMSA, CTEs, NCERT, HRDC

2.4 Concept, Need, Purpose and Scope of pre-service professional education of teachers at different levels in the present Indian situation.

UNIT - III: MODELS, METHODS AND STRATEGIES OF TEACHING

3.1 Concept, Characteristics and Functions of Teaching Models

3.2 Models of Teaching: (i) Philosophical Model(ii) Psychological Model iii) Modern Teaching Model- iv) Concept Attainment Model (v) Inquiry Training Model (vi) Value attainment Model (vii)Role Playing Model

3.3 Meaning and Characteristics of Methods of Teaching

3.4 Different Methods of Teaching

3.5 Innovative Strategies of Teaching

UNIT - IV: POLICY AND GOVERNANCE IN TEACHER EDUCATION

4.1 Commissions, and committees related to teacher education in India: National Commission on Teachers I (1983-85),National Commission on Teachers II (1985-89), Yashpal Committee (1992-93),Justice Verma Commission (2012).

4.2 National Education Policies related to teacher education in India: National Education Policy (NEP) 2020, Right to Education (RTE) Act, 2009,National Curriculum Framework for Teacher Education (NCFTE), 2009

4.3 Governance Bodies in Teacher Education: National Council for Teacher Education (NCTE), University Grants Commission (UGC),National Councils of Educational Research and Training (NCERT),Centrally Sponsored Scheme for Teacher Education (CSSTE).

4.4 Challenges and Reforms in Indian Teacher Education

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Assign some reflective papers to analyze how the recommendations from various commissions have shaped current teacher education practices.
- Report writing on comparison the institutional structures, curricula, and training methods.
- Peer teaching and feedback sessions for demonstration of various teaching methods and strategies.
- Analyze a specific policy or reform in teacher education, focusing on its implementation and impact at the grassroots level.
- Debate on policy decisions or reforms related to teacher education.
- Any other relevant activity, project, or assignment assigned by the teacher.

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the role of Education Technology in present and future.
- To describe the concept, types, need and importance of Education Technology in education.
- To explain the communication process in Education Technology.
- To explain the social learning and Social networking in education.
- Understand about the E-inclusion and qualities of e-learning.
- Understand the use of ICT in research and evaluation.
- Describe the use of internet in ICT.
- Understand the Online & offline tools in education.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Learn about concept and evolution of education technology.
- Learn about communication process in educational technology.
- Know the role of computer in life.
- Gain knowledge about online learning and its uses.

COURSE CONTENT

UNIT-I CONCEPT AND EVOLUTION OF EDUCATIONAL TECHNOLOGY

1.1 Meaning and Nature of Educational Technology
1.2 Scope and Significance of Educational Technology
1.3 Types of Educational Technology- Information Technology, Communication Technology & Information and Communication Technology and Instructional Technology
1.4 Importance and application of educational technology (H/W & S/W) in improving theory and practice of education.

UNIT-II COMMUNICATION PROCESS IN EDUCATION TECHNOLOGY

2.1 Concept of Communication, Principles of Communication
2.2 Modes, Barriers and Facilitators to Communication
2.3 Classroom Communication: Interaction- Verbal and Non-Verbal.
2.4 Concept of Tele-Communication and Satellite Communication, Tele-Conferencing and Video Conferencing

UNIT-III INTRODUCTION TO COMPUTERS

-424- 9

Chairperson
Department of Education
BPS Mahilavishwavidyalaya
Khanpur Kalan (Sonipat)

3.1 Concept, Characteristics and Types of Computer.
3.2 Essential Components of Computer-Input devices, Output devices, Types of Memory.
3.3 Computer software- Meaning and Types of Software.
3.4 Operating System-Meaning and Types of Operating System.
3.5 Application of Computers in Education: CAI, CAL, CBT, CML.

UNIT-IV EMERGING TRENDS IN EDUCATIONAL TECHNOLOGY

4.1 Educational Technology in Formal Education, Non-Formal Education, Informal Education, Distance Education and Open Learning Systems
4.2 Concept of E-Inclusion, Application of Assistive technology in e-learning
4.3 Concept of E-Learning: Approaches to e-learning (Offline, Online, Synchronous, Asynchronous, Blended learning & Mobile learning)
4.4 Quality of E Learning – Measuring quality of system: Information, System, Service, User Satisfaction and Net Benefits, Ethical Issues for E- Learner and E- Teacher Teaching.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Develop lesson plans that incorporate technology, such as interactive whiteboards, educational apps or online resources.
- Explore and use digital platforms and tools for online learning, reflecting on their impact on daily life.
- Use tools like Google Classroom, Microsoft Teams, or Moodle to manage coursework, facilitate communication.
- Reflect on your experiences using technology in the classroom and share insights or challenges with peers through discussions or written reflections.
- Participate in workshops or webinars on emerging educational technologies and best practices.
- Use model digital citizenship, including online safety, ethical use of information, and respectful online communication.
- Any other relevant activity, project, or assignment assigned by the teacher.

EDUCATIONAL RESEARCH

Max. Marks: 100
External Marks: 80
Internal Marks: 20

Inst. Hours Per Week: 3+2
Exam Hours: 3hrs.
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To define educational research and explain its purpose and significance.
- To identify the scope of educational research and its impact on educational practices and policies.
- **To formulate** testable hypotheses and **describe** methods for testing them.
- To **identify** the characteristics of a good sample and how they contribute to the validity of research findings.
- To **explain** the role and significance of each type of data in educational research.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Develop scientific and research attitude among them.
- Develop skills in preparing a good and significant research plan.
- Describe the nature of different types of research.
- Select /formulate the design of the study.
- Develop competency to plan, execute and report research.

COURSE CONTENT

UNIT-I EDUCATIONAL RESEARCH, PROBLEM AND PROPOSAL

1.1 Methods of acquiring knowledge: tradition, experience, authority, reasoning (deductive and inductive), and scientific method.
1.2 Meaning and scope of Educational Research
1.3 Types of Educational Research: fundamental, applied, and action

UNIT-II FORMULATION OF RESEARCH PROBLEM

2.1 Criteria and Sources of Identifying the problem
2.2 Definition of the problem
2.3 Review of related literature.
2.5 Hypothesis: characteristics, types, formulation and testing
2.6 Preparation of research proposal

UNIT-III SAMPLING

3.1 Concept of population and sample

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3.2 Steps and characteristics of a good sample
3.3 Sampling Errors and how to reduce them
3.4 Various methods of sampling

UNIT-IV RESEARCH TOOLS & SAMPLE

4.1 Types of data: Qualitative and Quantitative
4.2 Techniques and tools of data collection
- (a) Documentary Sources
- (b) Observation
- (c) Questionnaires and Schedules
- (d) Interview
- (e) Rating Scales and Tests

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Preparation of a Research Proposal.
- Review 5 Research Articles related to selected topic of research.
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understanding ESD Concepts: Define and explain key concepts related to Education for Sustainable Development (ESD).
- UNESCO's SDGs: Describe and interpret the Sustainable Development Goals (SDGs) as outlined by UNESCO.
- ESD Approaches and Strategies: Analyze and discuss various approaches and strategies for achieving Education for Sustainable Development Goals.
- Environmental Awareness: Identify and explain local and regional environmental issues, and understand the roles of individuals, society, government, ICT, and media in environmental protection, preservation, and conservation.
- Global Peace and Education: Explain the concept of global peace and the significance of educational institutions and teachers in promoting a culture of peace.
- Teacher Competencies: Discuss the essential competencies required for teachers to raise awareness among students about the need for sustainable development.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Explain concepts concerning various aspects of the Education for sustainable development.
- Explain the Sustainable Development Goals as given by UNESCO.
- Discuss approaches and strategies of education for Sustainable Development Goals.
- Identify local and region specific environmental problems, and understand the role of individuals, society, the government, ICT and media in protection, preservation and conservation of environment.
- Explain the concept of global peace and the role of educational institutions and teachers in developing a culture of peace.
- Discuss the competencies in teacher for creating awareness among students about need for sustainable development.

COURSE CONTENT

UNIT-I EDUCATION FOR SUSTAINABLE DEVELOPMENT

1.1 Meaning nature and scope of Sustainable
1.2 Sustainable Development Goals as given by UNESCO
1.3 Education for Sustainable Development: Approaches &Strategies

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.4 Role of teacher in promoting sustainable development.

UNIT-II ENVIRONMENT AND SUSTAINABLE DEVELOPMENT

2.1 Conservation of Natural Resources: Environmental conservation in the globalized world
2.2 Deforestation in the context of tribal life
2.3 Role of individual in conservation of natural resources: water, energy and food
2.4 Role of individual, school and community for prevention of pollution, management of natural resources
2.5 Responsible Environment Behavior (REB)

UNIT-III GLOBAL PEACE AND SUSTAINABLE DEVELOPMENT

3.1 Concept of Global peace
3.2 Education for global peace
3.3 Role of educational institutions and teachers in developing a culture of peace
3.4 Role of ICT, text books and media in creating awareness about human rights; environmental and peace values.

UNIT-IV COMPETENCIES IN TEACHERS FOR EDUCATION FOR SUSTAINABLE DEVELOPMENT

4.1 ESD model for competencies in teachers: Knowledge, system, thinking, and values in teachers for educating students for Sustainable Development
4.2 Individual life style
4.3 Carbon foot printing
4.4 Integrating ESD into school curriculum
4.5 Methods of transacting sustainability: Seminar, Workshop, Field Survey, Projects, Exhibition and Experimental Learning.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Lab and Field Work: Lecture, Seminar, team teaching, blended learning, peer group discussion, self-learning etc.
- Assessment Methods: Attendance, Participation, assignments and presentations
- Resources and Materials: Books, articles and online resources
- Any other relevant activity, project, or assignment assigned by the teacher.

MENTAL HEALTH AND HYGIENE

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Enable the understanding of Concept of mental health and hygiene.
- Develop awareness of good mental health in both teachers and students.
- Identify principles and conditions conducive to good mental health.
- Suggest measures for fostering good mental health among students.

COURSE OUTCOMES:

Upon Successful completion of this course, students will:

- To explain the interrelationship among personality adjustment and mental health.
- To develop the understanding of the role of home, school and society in mental health.
- To identify factors influencing mental health
- To develop skills for stress management and relaxation
- To learn techniques for positive thinking and emotional regulation
- To understand the role of nutrition, exercise, and sleep in mental hygiene
- To develop strategies for building resilience and coping with adversity

COURSE CONTENT

UNIT-I: INTRODUCTION TO MENTAL HEALTH AND MENTAL HYGIENE

1.1 Meaning, Definition, Scope & Importance of Mental Health and Mental Hygiene
1.2 History and evolution of mental health practices
1.3 Need of Mental Health in Indian Adolescence
1.4 Relationship between Human Needs and Mental Health

UNIT-II: FACTORS INFLUENCING MENTAL HEALTH & NUTRITION, EXERCISE AND SLEEP FOR MENTAL HYGIENE

2.1 Biological factors: Genetics, Brain Chemistry, Psychological factors: Thought Emotions, Behavioral & Social and Environmental factors: Relationships, Culture, Stress
2.2 Nutrition and mental health: food, hydration, supplements

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.3 Exercise and physical activity for mental well-being
2.4 Sleep and relaxation: sleep hygiene, sleep disorders

UNIT-III: STRESS MANAGEMENT AND RELAXATION TECHNIQUES

3.1 Understanding stress and its impact on mental health
3.2 Relaxation techniques: deep breathing, progressive muscle relaxation, visualization
3.3 Stress management strategies: time management, prioritization, boundary setting
3.4 Techniques for positive thinking and reframing negative thoughts&Emotional regulation strategies: mindfulness, self-awareness, emotional expression

UNIT-IV: BUILDING RESILIENCE AND COPING WITH ADVERSITY

4.1 Understanding resilience and its importance, Strategies for building resilience i.e. self-care, social support, problem-solving
4.2 Coping with adversity: grief, trauma, crisis intervention, Yoga for Mental Health
4.3 Home and Mental Health, Qualities of Healthy Home Environment
4.4 Child Rearing Practices and Personality Development & Community and Mental Health

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Prepare an assignment on the given content.
- Prepare a presentation on the History and Evolution of Mental Health Practices.
- Make a report on how will you cope up with stress.
- Conduct a survey on Need of Mental Health in Indian Adolescence.
- Any other relevant activity, project, or assignment assigned by the teacher.

SEMESTER-I
MAE-2105 (Opt-iii)
INDIAN KNOWLEDGE SYSTEM AND EDUCATION (IKSE)

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To provide a tribune of our rich culture and traditions of Indian knowledge system to students.
- To develop over all understanding of the various components of Indian knowledge system
- To spread awakening about scientific and eternal knowledge of the Indian knowledge system.
- To promote advance study and inter disciplinary research on all aspects of Indian knowledge system.
- To recognize the sources and concept of Indian Knowledge System.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Analyze the concept and sources of Indian Knowledge System.
- Examine the contributions of Purushartha in one's life.
- Examine critically the purpose of knowledge and ancient Indian pedagogies.
- Reflect upon the concept, types and sources of values and their application in their life.

COURSE CONTENT

UNIT I: INTRODUCTION TO INDIAN KNOWLEDGE SYSTEM

1.1 Knowledge: Understanding the Knowledge, Definition of Knowledge, Ways of Knowing and Forms of Understanding, Knowing and Knowledge: The Indian way.
1.2 Indian Knowledge System (IKS): Concept, and Origin
1.3 Sources of IKS and their implications on education
1.4 Preservation of culture, tradition and Dharma through education

UNIT II: EDUCATIONAL INTEGRATION OF IKS

2.1 Integration of Indian Knowledge System at different levels of education.
2.2 Ancient Indian Gurus in educational and social transformations.
2.3 Purushartha and its implications on education and society
2.4 The Purpose of Knowledge in India: Para Vidya and AparaVidya.

UNIT-III: CONTRIBUTION OF IKS TO THE WORLD

3.1 Mathematics& Astronomy

- Number System

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Algebra & Arithmetic
- Geometry
- Trigonometry
- Planetary System
- Speed of Light
- Eclipse

3.2 AYURVEDA

- Introduction of Ayurveda- Definition,
- Branches of Ayurveda, Books and Pioneers
- Concept of Tri Dosh and importance of its
- Balance in the body
- Indic Medical Science Achievement: Tools & Technology

3.3 ART & TRADITIONS

- History and Origin
- Skill Enhancement with 64 Kala
- Science behind our traditions and rituals

3.4 TOWN PLANNING & TEMPLE ARCHITECTURE

- Indigenous tools & technologies for town planning & Temple Architecture
- Science of Architecture

UNIT-IV: INDIAN KNOWLEDGE SYSTEM IN PRACTICE

4.1 Five Universal Values: Truth, Righteous conduct, peace, love and Non-Violence
4.2 Sources of Values: Culture, religion, constitution
4.3 Indian knowledge system in practice: Yoga and Meditation
4.4 Bhagavad Gita: Teachings and five main themes of the Bhagavad Gita.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Discussions of five main themes of Bhagavad Gita
- Discussions about ancient Indian contributions to astronomy, including the work of Aryabhata and Varahamihira.
- Prepare a detailed report on the contributions of specific ancient Indian Gurus (e.g., Chanakya, Swami Vivekananda) to education and social transformation and present the report in classroom for discussion.
- Organization of a debate on the relevance and application of Purushartha in modern education and society.
- Skill Development Session for learning and practicing traditional Indian arts or crafts.
- Any other relevant activity, project, or assignment assigned by the teacher.

HIGHER EDUCATION IN INDIA

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- To provide an understanding of the historical development of higher education in India.
- To analyze the current structure and functioning of higher education institutions in India.
- To critically evaluate the policies and reforms in the Indian higher education sector.
- To explore the challenges and opportunities in Indian higher education.
- To discuss the future directions and innovations in higher education in India.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Analyse the evolution of higher education in Pre and Post-Independence India.
- Evaluate the functions and importance of different higher education institutions.
- Examine the problems in implementation of the policies of higher education in India.
- Analyze role of various agencies of higher education in India.
- Explore the multiple entry-exit options in academic programs, as proposed in NEP 2020

COURSE CONTENT

UNIT-I: HISTORICAL DEVELOPMENT OF HIGHER EDUCATION IN INDIA

1.1 Ancient and medieval systems of higher education in India (e.g., Nalanda, Takshashila)
1.2 Development of Higher Education in India during the Pre- Independence period-a brief history
1.3 Development of Higher Education in India during the Post-Independence period with special reference to recommendations of:
  1.3.1 UEC (1948)
  1.3.2 IEC (1964-66)
  1.3.3 NPE (1986)
  1.3.4 NEP (2020)
1.4 Challenges in achieving quality in higher education

UNIT-II: HIGHER EDUCATION INSTITUTIONS

2.1 Types of Higher Education Institutions (universities, colleges, deemed universities, autonomous institutions) Establishment, management and functions.
2.2 Human Resources Development Centre- Role and functions
2.3 Types of Universities in NEP 2020: Teaching-Intensive Universities, Research Intensive Universities and Autonomous Degree-Granting Colleges

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.4 Private sector participation in higher education.

UNIT-III: MANAGEMENT OF HIGHER EDUCATION

3.1 Ministry of Human Resources Development (MHRD)- Role and functions
3.2 State Department of Higher Education- Role and functions
3.3 University Grant Commission (UGC)- Role, management and functions
3.4 All India Council for Technical Education (AICTE)-Role, management and functions.
3.5 Role, management and functions of NAAC

UNIT-IV INNOVATIONS IN HIGHER EDUCATION

4.1 Emerging trends in global higher education.
4.2 The role of digital technology and online learning
4.3 Academic Credit Bank in NEP 2020
4.4 Multiple Entry-Exit Options in Academic Programmes
4.5 Research and innovation in higher education

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Visits or virtual tours to different types of higher education institutions (e.g., universities, autonomous institutions) to understand their functioning, management, and challenges.
- Comparison of the roles, functions, and governance structures of teaching-intensive universities, research-intensive universities, and autonomous degree-granting colleges as outlined in NEP 2020.
- Analyze a specific policy (e.g., NEP 2020) and its impact on the roles and functions of organizations like the UGC and AICTE
- Organization of Group Discussion/Seminars on the challenges and innovations in higher education to allow students to engage with real-world issues.
- Explore and use digital platforms and tools for online learning, reflecting on their impact on higher education.
- Any other relevant activity, project, or assignment assigned by the teacher.

MAE-2106
DISSERTATION (PHASE-1)

Max. Marks: 50
External Marks:40 **Credits : 02**
Internal Marks: 10

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop ability to design and conduct original research.
- Critically analyse and synthesize existing research related to topic
- Develop the ability to write a clear and concise research topic related to education.
- Describe the nature of different types of research.
- Select the appropriate research topic for the study.
- Develop competency to plan a good research area.
- Develop the techniques of reviewing the literature.
- Identify a specific, concise and significant research question or problem

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Identify and articulate a researchable problem or issue.
- Conduct a thorough review of relevant literature to inform the problem statement.
- Develop a clear and concise statement of the problem.
- Demonstrate understanding of the significance and relevance of the problem.

COURSE CONTENT

1.1 Review the literature to discover possible research areas related to Education, Educational Psychology, Educational Technology and Teaching –Learning Process.
1.2 Analyse and synthesize literature to identify different research patterns and themes
1.3 Finalise the topic under the guidance of the research supervisor.
1.4 Formulation of the statement of the problem
1.5 Develop a conceptual framework for the research study.

COMMUNICATION & EXPOSITORY WRITING

Max Marks: 50
External Marks: 40
Internal Marks: 10

Total Inst. Hours Per Week:04
Credits- 2

INSTRUCTIONS FOR THE EXAMINER: This practical paper assesses the pupil-teachers' ability to effectively. Communication &Expository pwriting is a way of communicating ideas to someone with the aim to inform, to define, to persuade, or to compare and contrast. The goal of this course is to help writers understand the purpose of the audience for whom they are writing, recognize what the purpose of writing to that audience is, and how to figure out how to communicate using their knowledge of how to (inform, define, persuade, compare/contrast) to construct a meaningful response suited for that purpose.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop critical thinking and writing skills for academic and professional purposes
- Understand the principles of expository and communicative writing
- Learn to write clear, concise, and well-structured texts
- Apply writing skills to educational contexts
- Develop the capacity to use ICT in effective communication
- Enhance the ability to listen, converse, speak, present and explain ideas in groups and before an audience.
- Develop the writing skills
- To use the knowledge of communication in classroom discussion and daily life.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Develop their writing through a series of steps, the first of which is critical reading of passages
- Practice writing to refine their macro level as well as micro level compositional skills.
- Develop various rhetorical modes like argument, cause and effect, narration, description, comparison and contrast exemplification and classification in their writings.
- Reading current non-fiction articles with different targeted audiences from CommonLit.org and Newsela.com
- Viewing selected advertisements and media to see the power of persuasion and information in the age of Youtube.
- Expanding upon vocabulary and working on polishing grammar technique will be added by the use of Jean Bunnell's book and Noredink.com
- Writing various expository pieces including, but not limited to a cover letter, recommendation letter, grievance letter, directions, persuasive skit, and a compare and contrast short essay.

COURSE CONTENT

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT-1 INTRODUCTION TO COMMUNICATIVE AND EXPOSITORY WRITING

1.1 Overview of writing styles
1.2 Importance of writing in education
1.3 Definition and characteristics
1.4 Types (description, explanation, comparison)

UNIT-2 COMMUNICATIVE WRITING AND WRITING FOR EDUCATIONAL PURPOSES

2.1 Writing expository paragraphs and essays
2.2 Definition and characteristics
  2.2.1 Types (narrative, persuasive, analytical)
  2.2.2 Writing communicative texts

PRACTICUM ACTIVITIES:

Communication & Expository Writing Activities:

- Debates: Assign topics and have students research and debate.
- Role-plays: Practice real-life scenarios, like job interviews or customer service interactions.
- Group discussions: Facilitate discussions on current events or thought-provoking topics.
- Presentations: Have students present on a topic, using visual aids and clear communication.
- Active listening exercises: Pair students up to practice listening and responding.
- Essay writing: Assign topics and have students write clear, well-structured essays.
- Research papers: Have students research and write on a topic, using proper citation.
- How-to guides: Ask students to write step-by-step instructions on a process.
- Compare/contrast essays: Assign topics and have students write comparative essays.
- Reflective writing: Ask students to write reflectively on a experience or topic.
- Write and present: Have students write an essay and then present on the topic.
- Peer review: Have students exchange writing samples and provide constructive feedback.
- Group writing: Assign a group writing project, where students collaborate on a topic.
- Communication scenarios: Write scenarios that require students to communicate effectively.
- Writing workshops: Host workshops where students can share and improve their writing.

These activities help students develop strong communication and expository writing skills, preparing them for success in academics and beyond!

CASE STUDY

Max Marks: 50 **Total Inst. Hour Per Week: 04**
External Marks: 40
Internal Marks: 10 **Credits: 2**

INSTRUCTIONS FOR THE EXAMINER: This practical paper will assess the student's ability to analyse, interpret and drew conclusions from a case study. This paper will evaluate their critical thinking. Examiner will evaluate the depth and rigor of the analysis and check the structure, coherence and clarity of the written material. Examiner also assess the creativity and innovative ability of the students.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the real-world problems in their surroundings.
- Understand the role and methodology of case studies in research and practice.
- Understand the challenges and issues of problematic children.
- Develop analytical and critical thinking skills.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the purpose and process of case study.
- Work collaboratively in team to solve complex situations.
- Acquaint to the problems and difficulties of specific institution or individual.
- Suggest solutions for the problem of institution or individual.

COURSE CONTENT

1.1 Meaning, need and importance of Case study
1.2 Merits and demerits of case study
1.3 Types of case study
1.4 Steps of case study
1.5 Role of case study in Research attitude enhancement
1.6 Case study and Technology integration
1.7 Develop a case study Proposal (Individual/Group)
1.8 Case Studies

Internal Marks: 20

Inst. Hours Per Week:03+02
Exam Hours: 3Hrs.
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop an understanding of the Nature and Scope of guidance.
- Develop an understanding of the role of guidance for the population with special Needs.
- Develop an understanding of the Nature and Scope of counselling and their
- Applications in various related fields of counselling.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understanding of the Nature and Scope of guidance.
- Know the role of guidance for the Students with special Needs.
- Know of the Nature and Scope of counselling and their
- Understand the applications in various related fields of counselling.

COURSE CONTENT

UNIT-1: GUIDANCE & VARIOUS TYPES OF GUIDANCE

1.1 Meaning of guidance – Concept, Nature, Principles and Scope and Areas in Guidance
1.2 Meaning of Personal guidance: Concept and Definition, Nature, Principles and Scope of guidance
1.3 Educational guidance: Concept and Definition, Nature, Principles and Scope of guidance
1.4 Vocational guidance: Concept and Definition, Nature, Principles and Scope of guidance

UNIT-II: ELEMENT AND SCOPE OF COUNSELLING

2.1 Meaning of Counselling: Concept, Importance and purposes
2.2 Function and Element, Process of Counselling
2.3 Directive counseling – concept, advantages and limitations
2.4 Non-Directive Counseling-concept, advantages and limitations
2.5 Elective counseling – concept, advantages and limitations

UNIT-III ISSUES IN GUIDANCE

After completing the course, students will be able to:

- Understand the relationship between human's beings and their environment.
- Develop sensitivity towards environmental disaster management.
- Acquire an understanding of the process of environmental education.
- Develop skills and competencies as teachers for management of environmental awareness programmes.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand issues and concerns of environment..
- Become sensitive towards environmental management.
- Concept, objectives, rationale, challenges and extent of success of Universal Elementary Education.
- Know the process of environmental education.
- Develop skills and competencies for management of environmental awareness programmes..

COURSE CONTENT

UNIT-I: CONCEPT, SCOPE AND CURRICULUM OF ENVIRONMENT EDUCATION

1.1 Meaning, Concept & Scope of Environment Education.
1.2 Aims, objectives and role of Environment Education for sustainable development.
1.3 Principles of Environment Education.
1.4 Curriculum Development in Environment Education.

UNIT-II: TEACHING STRATEGIES AND COMPONENTS OF ENVIRONMENT EDUCATION

2.1 Role of school and teacher in Environmental Education.
2.2 Teaching strategies (survey, projects, seminar, discussion and field trips etc) of Environment Education
2.3 Eco-Club and Eco Magazine
2.4 Components of responsible environmental behavior among teacher and students

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

UNIT-III: ENVIRONMENT CONSERVATION AND SUSTAINABLE DEVELOPMENT

3.1 Conservation of Natural Resources: Concept, need and Importance
3.2 Environmental Movements: -Chipko, Silent Valley, Narmada Bachao.
3.3 Role of Environmental Movements in Environmental Conservation
3.4 Role of Environmental Education in Sustainable Development

UNIT-IV: ENVIRONMENTAL EDUCATION-TRANSACTION AND EVALUATION

4.1 Teaching -Learning Strategies for Environmental Education: Field visits, Experimentation, Demonstration, Observation, Group- Discussion, Dramatization & Games.
4.2 Field visits and experiments
4.3 Projective Techniques in Environmental Education.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Project on Environmental assets or heritages.
- Prepare a first-aid-box to be used during a disaster
- Day celebrations/observation on different environmentally importance days.
- Preparation of slogans, Charts and plantation activities for awareness.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUGGESTED READINGS:

- DattaAmol K., (2011). *Introduction to Environmental Science & Engineering.* NewDelhi-110 001: RajuPrimlani for Oxford & IBH Publishing, Co. Pvt. Ltd., 66, Janpath.

MASTER OF ARTS (EDUCATION)
SEMESTER-II
MAE-2114
DISSERTATION (PHASE-II)

Max Marks: 50
External Marks: 40 **Credits: 02**
Internal Marks: 10

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Select a researchable problem
- Establish a time line for completing the research study
- Choose an appropriate research design,sampling strategy and data collection methods
- Understand the concept of review
- Frame accurate objectives of the study
- Formulation Hypothesis of the study

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Design and conduct original research that contributes to the field of education
- Develop a research question and objectives that address a gap in current research.
- Evaluate and synthesize existing research in the field.
- Select appropriate research methodology and data analysis techniques.
- Identify and articulate the research objectives and hypothesis.

COURSE CONTENT

1.1 Introduction /Background of the study
1.2 Review of related literature
1.3 Justification of the study
1.4 Statement of the problem
1.5 Operational definition of key terms
1.6 Variables of the study
1.7 Objectives of the study
1.8 Hypothesis of the study
1.9 Research Methodology
1.10 Population and sample
1.11 Tools to be used
1.12 Statistical Techniques to be used
1.13 Delimitations of the study

MAE-2109
SOCIOLOGY OF EDUCATION

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the meaning and nature of educational sociology and relationship between education and sociology.
- Acquire the knowledge about social change and role of teacher & school in social change.
- Understand the concept, types and factors of social mobility.
- Explain the meaning and characteristics of education and culture.
- Familiarize with education and culture.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Know about the meaning and scope of educational sociology.
- Grasp the role of education in social change.
- Explain the role of education in social mobility.
- Understand the role of education in the preservation, transmission and enrichment of culture.

COURSE CONTENT

UNIT-I MEANING AND SCOPE OF EDUCATIONAL SOCIOLOGY

1.1 Meaning, Definition and Scope of Educational Sociology
1.2 Nature of Educational Sociology
1.3 Need and Importance of Educational Sociology
1.4 Relationship between Education and Sociology

UNIT-II EDUCATION AND SOCIAL CHANGE

2.1 Meaning and Definition of Social Change
2.2 Role of Education in Social Change
2.3 Factors of Social Change
2.4 Role of Teacher & School in Social Change

UNIT-III EDUCATION AND SOCIAL MOBILITY

3.1Definition, Types and dimensions of Social Mobility
3.2 Factors affecting Social Mobility
3.3 Relationship between Education and Social Mobility
3.4 Role of Education in Social Mobility

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT-IV EDUCATION AND CULTURE

4.1Meaning, Definition and Characteristics of Culture
4.2 Relationship between Education and Culture
4.3 Role of Education in culture
4.4 Preservation, Transmission and Enrichment of Culture

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Visit a school to study the philosophical ideology of the school; and prepare a report based on your observations and experience.
- Study the contents of Geeta in Reference to teacher child relationship and education management.
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Analyze teaching as a profession and its unique features.
- Examine the professional ethics applicable to teachers and their implications for practice.
- Explore various strategies for professional development in teacher education.
- Critically examine the role and contribution of various regulating bodies and support institutions for improving quality of teacher's education.
- Examine the key reforms introduced by NEP-2020 in teacher education.
- Identify and analyze new trends and innovations in teacher education curricula.
- Understand the role of research in shaping and developing teacher education curricula.
- Understand the importance of teacher effectiveness for student outcomes.
- Identify challenges that affect teacher effectiveness and explore strategies to address them.
- Discuss the current challenges facing teacher education.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Identify and apply ethical principles to real-world teaching scenarios.
- Describe various appraisal processes and methods, and assess their effectiveness.
- Summarize the major changes brought about by NEP-2020 and their implications for teacher education.
- Explain how research contributes to curriculum development and provide examples of research-driven changes.
- Discuss the significance of teacher effectiveness in educational settings.
- Analyze and articulate major problems in teacher education and potential solutions.

COURSE CONTENT

UNIT- I: PROFESSIONAL DEVELOPMENT OF TEACHERS

1.1 Concept of Profession and Professionalism, Teaching as a Profession, Professional Ethics of Teachers
1.2 Professional Development Strategies in Teacher Education
1.3 Quality Enhancement for Professionalization of Teacher Education: Distance Education, Refresher Courses, Orientation courses
1.4 Performance Appraisal of Teachers: Concept, Process and Methods

UNIT-II: CONTEMPORARY TRENDS AND INNOVATIONS IN CURRICULUMOF TEACHER EDUCATION

Chairperson
Department of Education
B.P.S Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.1 Structure of Teacher Education curriculum
2.2 Curriculum Reforms in Teacher Education (NEP-2020)
2.3 Emerging Trends in Teacher Education Curriculum
2.4 The role of research in curriculum development in Teacher Education

UNIT-III: TECHER EFFECTIVENESS

3.1Definitions, dimensions, and significance ofTecher Effectiveness
3.2 Factors Influencing Teacher Effectiveness
3.3 Tools for Measuring Teacher Effectiveness
3.4 Influence of Teacher effectiveness on student learning and performance.
3.5 Challenges in Teacher effectiveness and strategies to overcome challenges

IV: CURRENT TRENDS AND ISSUES IN TEACHER EDUCATION

4.1 Recognition, Assessment and Accreditation of Teacher Education Institutions: Role of UGC, NCTE, NAAC, NCERT, SCERT and various other central and state regulating bodies
4.2 Preparing teachers for inclusive classrooms
4.3 Current problems of Teacher Education
4.4 Research trends in Teacher education

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Design a professional development workshop or seminar for teachers, focusing on a specific area (e.g., new teaching strategies, technology integration).
- Write a reflection on a professional development program attended or observed, evaluating its effectiveness and suggesting improvements.
- Simulate a performance appraisal process for teachers, including the development of evaluation criteria and feedback mechanisms.
- Analyze the NEP-2020 reforms and their implications for a teacher education program. Present a report on how these reforms could be integrated into existing curricula.
- Write a report on an emerging trend in teacher education, such as technology integration or experiential learning, and propose its incorporation into the curriculum.
- Develop a framework for measuring teacher effectiveness
- Identify common challenges in teacher effectiveness and develop a set of strategies to address these challenges.
- Research and analyze a current problem in teacher education. Prepare a presentation on potential solutions and strategies to address the issue.

Max. Marks: 100 | **Inst. Hours Per Week: 3+2**
External Marks: 80 | **Exam Hours: 3hrs.**
Internal Marks: 20 | **Credit Per Week: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Gain insight and reflect on the concept of teaching and the status of teaching as a profession
- Understand the roles and responsibilities of teacher educators
- Use various methods of teaching for transacting the curriculum in schools
- Critically examine the role and contribution of various regulating bodies and support institutions for improving quality of teacher's education
- Reflect on the issues and problems related to teacher education in the country

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Learn about multimedia and software.
- Understand about the system approach in educational technology.
- Gain knowledge about the learning resources and virtual classroom.
- Understand the role of teacher in classroom.

COURSE CONTENT

UNIT-I MULTIMEDIA APPROACH IN EDUCATION TECHNOLOGY

1.1 Multimedia approach in Education Technology: Concept, Meaning and Nature.
1.2 Importance and Principles of using multimedia, Approaches and Limitation.
1.3 Required Software and Use in Education.
1.4 Recommendations of NEP-2020 for integrating technology in education

UNIT- II: SYSTEM APPROACH AND INSTRUCTIONAL TECHNOLOGY IN EDUCATION

2.1 Concept of System approach –System approach to Instructional Design
2.2 Models of Development of Instructional Design (ADDIE, ASSURE, Dick and Carey Model Mason's),
2.3 Gagne's Nine Events of Instruction and Five E's of Constructivism,
2.4 Nine Elements of Constructivist Instructional Design

UNIT-III E-LEARNING AND VIRTUAL CLASSROOMS

3.1 Emerging Trends in e learning- Social learning (use of web 2.0 tools for learning),Social networking sites, blogs, chats, discussion forum
3.2 Computer Assisted Instruction & On-line tutoring (e-sourcing)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3.3 Open Education Resources (Creative Commons, Massive Open Online Courses(MOOC), Concepts and Application)
3.4 Concept, Process of preparing ODLM (Open and distance learning)

UNIT-IV: EVALUATION AND RESEARCH IN ICT

4.1 Use of ICT in Evaluation, Administration and Research: E portfolios
4.2 ICT for Research - Online Repositories and Online Libraries
4.3 Online and Offline assessment tools (Online survey tools or test generators) – Concept and Development.
4.4 Effective pedagogical practices :Teacher's role in use of ICT

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Develop lesson plans that incorporate technology, such as interactive whiteboards, educational apps or online resources.
- Explore and use digital platforms and tools for online learning, reflecting on their impact on daily life.
- Use tools like Google Classroom, Microsoft Teams, or Moodle to manage coursework, facilitate communication.
- Reflect on your experiences using technology in the classroom and share insights or challenges with peers through discussions or written reflections.
- Participate in workshops or webinars on emerging educational technologies and best practices.
- Use model digital citizenship, including online safety, ethical use of information, and respectful online communication.
- Any other relevant activity, project, or assignment assigned by the teacher.

STATISTICS METHODS IN EDUCATION

Max. Marks: 100
External Marks: 80
Internal Marks: 20

Inst. Hours Per Week: 03+02
Exam Hours: 3hrs.
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Define statistics and explain its role and significance as a tool in educational research.
- Create and interpret various types of graphs: bar graphs, pie charts, histograms, frequency polygons, and cumulative frequency curves.
- Interpret the measures of central tendency and explain their significance in educational research.
- Discuss the importance of NPC in statistical analysis and its application in educational research.
- Identify and interpret instances of skewness and kurtosis in educational research data, and discuss their implications for data analysis.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Compute different types of Statistical Measures.
- Practical orientation involving selection of appropriate data analysis techniques.
- Explain and illustrate the concept & application of measures of central tendency, dispersion and relative positions.

COURSE CONTENT

UNIT-I: STATISTICS AS A TOOL IN EDUCATIONAL RESEARCH

1.1 Meaning of Statistics: Statistics as a tool in Educational Research
1.2 Types of statistics: descriptive and inferential
1.3 Organization and Graphical presentation of data:
1.3.1 Organization of Data: Frequency distribution
1.3.2 Graphical presentation of data: Bar graph, Pie chart, Histogram, The frequency polygon, Cumulative frequency Curve

UNIT-II: DESCRIPTIVE STATISTICS

2.1 Measures of central tendencies: Mean, Median and Mode- Meaning, uses and computation
2.2 Measures of variability-I : Range, Quartile Deviation, Percentiles and Deciles- Meaning, uses and computation
2.3 Measures of variability-II : Mean Deviation, Standard Deviation and Variance- Meaning, uses and computation

UNIT-III: INFERENTIAL STATISTICS

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

3.1 Inferential Statistics: Meaning, Concept and uses
3.2 Parametric Statistics: Meaning, assumptions, types and uses
3.3 Non-parametric Statistics: Meaning types and uses

UNIT-IV: SCALES OF MEASUREMENT AND NPC

4.1 Scales of measurement: nominal, ordinal, internal, Ratio.
4.2 Meaning and characteristics of Normal Probability Curve (NPC)
4.3 Applications of Normal Probability Curve (NPC)
4.4 Divergence from Normality: Skewness and Kurtosis.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Discussion on various scales of measurement.
- Practice on Graphical representation on data using Bar graph, Pie chart, Histogram
- Practice on data analysis with various statistical method..
- Any other relevant activity, project, or assignment assigned by the teacher.

SPECIAL EDUCATION

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand about the concept, importance, scope and aims of Special education.
- Develop a pedagogical thought built upon acknowledging, accepting and valuing diversity, for facilitating education with its true spirit of enabling each child optimize her/his potential despite variations among them and through a common curriculum
- Develop an understanding the concept of exceptionality and of different policies, programmes and legislations related to children with special needs.
- Understand the concept of disability and of disabled person's diverse needs.
- Sensitized towards disabled and contribute better in making inclusive classrooms
- Plan need-based programmes for all children with varied abilities in the classroom.
- Incorporate innovative practices to respond to education of children with special needs
- Critique policies and contribute to the formulation of policy
- Critique implementation of policies and contribute to implementation of laws pertaining to education of children with special needs.
- Understand the history and philosophy of special education
- Know the legal foundations and regulations governing special education
- Identify and describe the characteristics and needs of students with diverse abilities and disabilities
- Learn about evidence-based interventions and instructional strategies for students with disabilities
- Develop skills in assessing and supporting students with diverse needs

COURSE OUTCOMES:

Upon successful completion of this course, students will:

- Explain the concept and stages of growth and development and their relationship with learning.
- Differentiate between the concepts of growth and development in human beings.
- Analyse various development theories and apply appropriate theories in the learning process.
- Understand the concept of socialization and its impact on children within school and peer group contexts.
- Reflect on and address issues related to adolescence, including the impact of media, urbanization, and economic changes.

COURSE CONTENT

Chairperson
Department of Education
BPS Mahila Vishwavidyalay
Khanpur Kalan (Sonipat)

UNIT-1: CONCEPT OF EXCEPTIONALITY AND SPECIAL EDUCATION

1.1 Meaning, concept of Exceptionality, the Concept of Negative, Positive and Multiple Deviation
1.2 Concept, Meaning, Objectives and need of special education
1.3 Principles of Special Education
1.4 Continuum of Special Education services
1.5 Difference between Handicap, Disability & Impairment.

UNIT-II: POLICIES, PROGRAMMES AND LEGISLATIVE PROVISIONS WITH REFERENCE TO CHILDREN WITH SPECIAL NEEDS:

2.1 Rehabilitation Council of India Act (1992)
2.2 Persons with Disabilities Act (1995)
2.3 National Policy of Disabilities (2006)
2.4 Inclusive Education under Sarva Shiksha Abhiyan (SSA)
2.5 Rights to Persons with Disabilities Act-2016.

UNIT-III: UNDERSTANDING SENSORY & INTELLECTUAL DISABILITIES:

3.1 Visual Impairment: Concept, Characteristics, Types, Identification, Etiology, Educational Accommodations
3.2 Hearing Impairment: Concept, Characteristics, Types, Identification, Etiology, Educational Accommodations
3.3 Learning Disability: Concept, Characteristics, Types, Identification Etiology, Educational Accommodations
3.4 Emotional Disturbed children: Meaning, Definitions, Nature & Characteristics, Biological factors etc.

UNIT-IV: UNDERSTANDING OTHER EXCEPTIONALITIES:

4.1 Gifted Children: Concept, Characteristics, Types, Identification, Educational Accommodations
4.2 Creative Children: Concept, Characteristics, Types, Identification, Nurturing and stimulation of creativity among children.
4.3 Mentally Retarted Children: Concept, Characteristics, Causes and treatment and measures for Mentally Retarted Children.
4.4 Emotionally Disturbed Children: Concept, Characteristics, Identification and Educational and treatment measures.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Visit to inclusive/special school with an objective of observing and understanding the transactional processes, school ethos and student-teacher relationships. Report of the visit to be submitted and presented.
- Preparation of individualised learning materials to meet the needs of a child with any of the disabilities discussed with a report on how it/they can be effectively used.
- Prepare a checklist for accessibility in inclusive school with reference to architectural barriers.
- Carry out case study of a child with any of the disabilities discussed, with a presentation in the class.
- Taking any topic of your interest from the school curriculum, chalk out the process of teaching it along with teaching aids, in an inclusive classroom. The inclusive classroom should have at least 2 students with disability.
- Preparation of status report on school education of children with diverse needs.

– 463 –

- Evaluation of text books from the perspective of differently abled children.
- Analysis of policy document (national, international) related to diversity.
- Survey the locality for early identification of children with disabilities.
- Critical review of policy and practice and panel discussion by a group of students
- Review of literature related to education of children with diverse needs presentation of reports in a seminar.
- Design a poster and slogan on Inclusive Education.
- Any other relevant activity, project, or assignment assigned by the teacher.

EDUCATION FOR WOMEN EMPOWERMENT

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the concept of women's empowerment and examine its historical perspectives.
- Identify and evaluate the barriers to women's education.
- Discuss the role of women entrepreneurs in economic development
- Evaluate government policies and programs designed to promote women entrepreneurship.
- Examine the issues related to women and their impact on women.
- Explore the role of social institutions (family, community, educational institutions, and media) in promoting women's empowerment.
- Discuss the involvement of women in leadership, policy, and decision-making roles.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Recognize and critically assess the barriers to women's education and suggest measures to overcome these obstacles
- Review government policies and programs aimed at supporting women entrepreneurs, and suggest improvements
- Evaluate the different issues related to women and effectiveness of different acts to overcome these issues.
- Discuss the challenges and achievements of women in leadership, policy-making, and decision-making positions and suggest ways to promote greater participation
- Evaluate the contributions of various social institutions to women's empowerment and propose strategies to enhance their effectiveness.

COURSE CONTENT

UNIT-I WOMEN EMPOWERMENT AND EDUCATION

1.1 Women's Empowerment: Concept and Historical perspectives on women's empowerment
1.2 Dimensions of Women's Empowerment
1.3 The role of education in women's empowerment
1.4 Barriers to Women's Education

UNIT-II WOMEN ENTREPRENEURSHIP

2.1 Meaning, Characteristics, Barriers in Women entrepreneurship
2.2 Role of Women Entrepreneurs in Economic Development
2.3 Women Entrepreneurship and Gender Equality

-466

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.4 Government Policies and Programs for Promoting Women Entrepreneurship

UNIT-III WOMEN RIGHTS

3.1 Women, work and livelihood: Sexual Harassment at work place
3.2 Dowry Prohibition Act 1961
3.3The Protection of Women from Domestic Violence Act, 2005
3.4 Prohibition of Child Marriage Act, 2006

UNIT-IV SOCIETY AND WOMEN EMPOWERMENT

4.1 Women and Gender Issues.
4.2 Role of Social Institutions (family, Community, Educational Institutions and media) in Women Empowerment
4.3 Role of Non-Governmental Organizations (NGOs) in Women Empowerment
4.4 Women in Leadership, Policy, and Decision Making

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Presentation on government policies and programs related to women entrepreneurship.
- Role-play scenarios related to workplace sexual harassment or domestic violence.
- Awareness presentation on specific women's right issue, such as child marriage or domestic violence etc.
- Presentation on role of Organize a symposium on women in leadership, policy, and decision-making.
- Organize a debate on the role of education in overcoming barriers to women's empowerment.
- Group discussion on role of various social institutions (family, community, media) in women's empowerment.
- Any other relevant activity, project, or assignment assigned by the teacher.

ACADEMIC WRITING

Max. Marks:50 **Inst. Hours Per Week: 04**
External Marks: 40
Internal Marks: 10 **Credits: 02**

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Master academic writing fundamentals and various styles, developing skills in paraphrasing, citation, editing, and proofreading.
- Produce professional reports and diverse articles, including thematic and research pieces.
- Write and format theses according to style guides, craft insightful book reviews and draft effective professional communications. Additionally,
- Distinguish between different writing types, prepare job application materials, and perform content analysis.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Grasp the fundamentals of academic writing and recognize various writing styles.
- Demonstrate skills in good academic writing, including paraphrasing, acknowledging sources, editing, and proofreading, while adhering to appropriate styles and formats.
- Produce professional reports, including seminar, project, research, and field visit reports, by applying principles learned through sample reports.
- Write different types of articles, such as thematic articles, research articles, article reviews, and editorials.
- Write and format a thesis, including chapters, a review of related literature, bibliography, tables, figures, appendices, and references according to an accepted style guide (e.g., APA).
- Write insightful and structured book reviews.
- Draft effective professional letters and emails.
- Distinguish between different types of writing and writing styles and apply them appropriately.
- Prepare a resume and effective professional profile suitable for job interviews.
- Perform content analysis.

COURSE CONTENT

1. FOUNDATIONS OF ACADEMIC WRITING

1.1 Introduction to Academic Writing: Understanding the fundamentals and importance of academic writing.
1.2 Styles of Writing: Overview of different writing styles and their applications.
1.3 Key Skills: Techniques for academic writing, proper acknowledgement of sources, editing, and proofreading.

2. REPORT WRITING

2.1 Types of Reports: Exploration of seminar reports, project reports, research reports, and field visit reports.
2.2 Practical Application: Students will prepare a professional report based on a selected workshop, seminar, or field visit.

Chairperson
Department of Education

3. THESIS WRITING

3.1 Components of a Thesis: Structuring a thesis, including chapters, literature review (RRL), and bibliography.

3.2 Formatting Guidelines: Proper formatting of tables, figures, appendices, and adherence to referencing styles (e.g., APA), Pagination, headers, footnotes, and other formatting essentials.

4. RESUME AND PROFILE PREPARATION

4.1 Resume Writing: Preparing a professional resume.

SUGGESTED PRACTICUM ACTIVITIES:

- Activity File: Students are required to maintain a detailed file documenting all completed tasks, assignments, and reflections.

EDUCATIONAL RESOURCES

Max Marks: 50 **Total Inst. Hours Per Week : 04**
External Marks: 40 **Credits: 02**
Internal Marks: 10

INSTRUCTIONS FOR THE EXAMINER: This Practical paper will assess the student's understanding of educational resources, their evaluation of resource effectiveness and their ability to propose enhancement. The examiner will evaluate student's grasp of different types of educational resources i.e. digital tools, multimedia etc and their purposes. This paper also assess how well students analyze the effectiveness of the resources discusses, including their relevance, usability and impact on learning outcomes. Each student must submit a well-organized portfolio documenting all activities done, educational resources creation, presentations, multimedia content and engagement in online courses.

SUBJECT-SPECIFIC OBJECTIVES:

After the completion of the course the students will be able to:

- Understand the role and types of educational resources in the teaching-learning process.
- Apply the critical knowledge in practical settings
- Analyze the selection, design, and evaluation of educational resources.
- Integrate technological tools and resources effectively into educational practices.
- Develop skills in managing and utilizing educational resources in diverse educational settings

COURSE OUTCOMES:

Upon successful completion of this course, the students will:

- Develop and design the educational resources.
- Create or modify the educational resources.
- Integrate educational resources into practical teaching practices.
- Demonstrate and use effectively in real world educational situations and settings.

COURSE CONTENT

UNIT I: INTRODUCTION TO EDUCATIONAL RESOURCES

1.1 Definition and importance of educational resources
1.2 Classification of resources: Print, digital, multimedia, and human resources
1.3 Historical evolution and current trends in educational resources
1.4 Integration of Educational Technology: Learning Management Systems (LMS), Educational apps and online tools

UNIT II: DESIGN AND DEVELOPMENT OF EDUCATIONAL RESOURCES

2.1 Principles of designing effective educational materials
2.2 Designing multimedia resources: Audio-visual aids, simulations, and interactive tools
2.3 Creative Commons Licenses for Open Educational Resources
2.4 Repositories of Open Educational Resources (OER)

PRACTICUM ACTIVITIES:

- Develop any two educational resources out of following: Posters/ Newspaper clippings/ Worksheets/ Puppets/ Flashcards/ Quiz
- Access any two Open Educational Resources out of following: Open Education Consortium(http://www.oeconsortium.org/)/Sakshat/ e-Gyankosh/ National Digital Library of India (NDLI)/ SWAYAM/ ShodhGanga/ Vidya-Mitra

Chairperson

SEMESTER-III
MAE-2201
LEARNER AND LEARNING PROCESS-I

Max Marks: 100 | **Total Inst. Hours: 03+02**
External Marks/Theory: 80 | **Exam Hours: 3hrs**
Internal Marks/Practicum: 20 | **Credits: 04**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the Relationship between Education and Psychology.
- Learn the different methods used in psychology.
- Explore major schools of Psychology and their contribution to education
- Understand the concept and principles of growth and development.
- Identify stages of growth and development with special reference to adolescence
- Analyze theories of development and understand the educational implications of these developmental theories.
- Develop skills in problem solving and creativity.
- Explore the concept of creativity, its characteristics, and techniques to enhance creativity in students.
- Define and explore different types of memory and the process of memorization.
- Analyze the concept of mental health and hygiene, characteristics of a mentally healthy person, and methods to improve mental health

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Demonstrate how psychological principles can be applied to educational practices.
- Identify, describe, and apply various psychological methods to analyze educational phenomena.
- Demonstrate an understanding of the major psychological schools and evaluate their impact on educational theories and practices.
- Explain the fundamental concepts and principles of growth and development, illustrating how these principles apply to educational contexts
- Describe the stages of human growth and development, with an emphasis on the physical, cognitive, and socio-emotional changes that occur during adolescence.
- Analyze key developmental theories and apply their insights to educational practices.
- Demonstrate the ability to employ various problem-solving techniques and strategies, showing creativity in overcoming educational challenges.
- Differentiate between various types of memory, describe the process of memorization, and apply techniques to enhance memory retention in learning environments.
- Identify characteristics of a mentally healthy person, and recommend practices to promote mental well-being in educational contexts.

COURSE CONTENT

UNIT I: EDUCATIONAL PSYCHOLOGY

1.1 Concept, Nature and Scope of Educational Psychology
1.2 Relationship between Education and Psychology
1.3 Methods of Psychology- Experimental, Clinical, Survey
1.4 Major Schools of psychology: Structuralism, functionalism, behaviorism, gestalt, psycho-analytic, cognitive, constructivism and contribution of these schools to Education

UNIT-II: GROWTH AND DEVELOPMENT

2.1 Growth and development: Concept and principles
2.2 Stages of Growth and Development with special reference to Adolescence.
2.3 Theories of development:
a) Piaget's cognitive development, b) Freud's psychosexual development,
c) Erikson's psycho-social development d) Kohlberg's moral development

UNIT-III: PROBLEM SOLVING AND CREATIVITY

3.1 Problem solving: Meaning, concept and techniques of problem solving.
3.2 Reasoning: Meaning, concept, types of Reasoning, Logical thinking and its relationship with decision making
3.3 Creativity: Concept, characteristics of a creative child, techniques to enhancing creativity
3.4 Needs and problems of creative individuals, and the role of a teacher in fostering creativity.

UNIT-IV: MEMORY, FORGETTING AND MENTAL HEALTH

4.1 Memory: Concept & types of memory, process of memorization and training in memory.
4.2 Forgetting: Concept, types, theories, and Ebbinghaus's curve of forgetting.
4.3 Mental health and hygiene: Concept, characteristics of a mentally healthy person, causes of poor mental health, improving mental health- ways & means.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- An experiment can be conducted for applying different memorization techniques (e.g., mnemonics, chunking, and rehearsal) to a group of participants to check their memory retention.
- A survey can be conducted by targeting a sample of students to assess their mental health status, hygiene practices, and factors affecting their well-being.
- Some creativity enhancement programmes like creative writing, problem-based learning etc. can be conducted to foster creativity among students.
- Comparative analysis of psychological schools of thought can be done to understand the contributions of different schools of psychology to education.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the historical development of Indian education system
- Analyze the impact of colonialism and nationalism on Indian education
- Examine the post-independence era and contemporary Indian education system
- Evaluate the role of government policies and commissions in shaping Indian education
- Develop critical thinking and research skills in understanding Indian education system

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the historical development of Indian education system
- Analyze the impact of colonialism and nationalism on Indian education
- Examine the post-independence era and contemporary Indian education system
- Evaluate the role of government policies and commissions in shaping Indian education
- Develop critical thinking and research skills in understanding Indian education system

COURSE CONTENT

UNIT 1: ANCIENT AND MEDIEVAL INDIAN EDUCATION

1.1 Vedic period: Gurukul and Ashrams
1.2 Buddhist and Jain education
1.3 Education in ancient Indian texts (Upanishads, Manusmriti)
1.4 Education during Mughal and regional kingdoms
1.5 Women's education in ancient and medieval India

UNIT 2: BRITISH COLONIAL ERA AND INDIAN EDUCATION

2.1 Introduction of Western education
2.2 Macaulay's Minutes (1835) and its impact
2.3 Hunter Commission (1882) and Indian Education Commission (1886)
2.4 Women's education and social reform
2.5 Education policy and legislation during British colonial era

UNIT 3: POST-INDEPENDENCE ERA AND INDIAN EDUCATION

3.1 Mudaliar Commission (1952-54)
3.2 Kothari Commission (1964-66)
3.3 National Education Policy (1968)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3.4 42nd Constitutional Amendment (1976)
3.5 National Adult Education Programme (1978)
3.6 Education for All: National Minimum Programme (1986)

UNIT 4: CONTEMPORARY INDIAN EDUCATION

4.1 Sarva Shiksha Abhiyan (2001)
4.2 Right to Education Act (2009)
4.3 National Education Policy (2020)
4.4 Education for sustainable development
4.5 Inclusive education and diversity

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Organize a drama/play on it. Write a script on Educational development in Ancient and Medieval Indian Education after classroom discussion on the script.
- The Essay Course: Students will be required to submit a long essay of 5000 – 7000 words on a Post-Independence and Contemporary Indian Education topic to the supervisor.
- Visit any school claim to run on Gurukul principles and reflect critically on how the principles are translated into action (write in about 500- 700 words).
- Identify the different instruments of knowledge used by a proficient teacher in an Inclusive classroom situation and explain them briefly.
- Critically Analysis of Implementation and effectiveness of National Education Policy (2020)
- Any other relevant activity, project, or assignment assigned by the teacher

COMPARATIVE EDUCATION

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop understanding among studies regarding concept of comparative education, its aim.
- Achieve understanding in students regarding the factors influence education system of different countries.
- Acquaint the students regarding the approaches to study internal system of different countries.
- Acquaint the students regarding educational system of Indian as well as other countries like, UK, USA and Japan.
- Development understanding regarding educational administration, education teacher and innovative education system of different countries.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Develop an understanding of various approaches to studying education systems across countries, allowing them to compare and contrast different educational practices and methodologies.
- Learn to define and explain the concept and aims of comparative education, recognizing its importance in identifying best practices and improving global education systems.
- Analyze factors such as cultural, economic, and political influences on education systems, gaining insights into how these elements shape educational delivery and administration.
- Acquire skills to compare primary and secondary education systems in countries like India, the UK, the USA, and Japan, focusing on differences in aims, content, and teaching methods.
- Develop critical thinking abilities to evaluate educational practices from various countries, enabling them to make informed recommendations for enhancing educational practices in their own contexts.

COURSE CONTENT

UNIT I: CONCEPT AND FACTORS COMPARATIVE EDUCATION

1.1Approaches of Comparative Education
1.2 Concept and aims of comparative education.
1.3 Need and Scope of Comparative Education.
1.4 Factors influencing comparative education.
1.5 History and Developmental stages of comparative Education.

UNIT II: PRIMARY EDUCATION IN DIFFERENT COUNTRIES

2.1 Primary Education Systems in India (Aims, Contents and Methods)
2.2 Primary Education Systems in UK (Aims, Contents and Methods)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

2.3 Primary Education Systems in USA (Aims, Contents and Methods)
2.4 Primary Education Systems in Japan (Aims, Contents and Methods)

UNIT III: SECONDARY EDUCATION SYSTEM IN DIFFERENT COUNTRIES

3.1 Secondary Education Systems in India (Aims, Contents and Methods)
3.2 Secondary Education Systems in UK (Aims, Contents and Methods)
3.3 Secondary Education Systems in USA (Aims, Contents and Methods)
3.4 Secondary Education Systems in Japan (Aims, Contents and Methods)

UNIT IV: EDUCATIONAL ADMINISTRATION AND INNOVATIVE EDUCATION

4.1 Comparison of Other Perspectives of Educational Administration in UK, USA & India.
4.2 Distance Education in UK, USA & India.
4.3 Teacher Education Programme in UK, USA & India.
4.4 Recent trends and innovation in Education in UK, USA & India.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE):

Students will select and complete **one** of the following practicum activities:

- Conduct a comparative analysis of primary or secondary education systems in two countries, focusing on aims, contents, and methods, or any other assignment by the teacher.
- Prepare and present a case study on educational administration or innovative practices in one of the studied countries, discussing challenges and solutions, or any other assignment by the teacher.
- Arrange a field visit to a local school, followed by a reflective essay comparing observed practices with those in other countries, or any other assignment by the teacher.
- Engage in a debate or group discussion on how socio-cultural, political, and economic factors influence the education systems of different countries, or any other assignment by the teacher.
- Develop models or diagrams representing the structure of education systems in two or more countries, highlighting administration, curriculum, and assessment, or any other assignment by the teacher.
- Write a research paper on the history and developmental stages of comparative education, analyzing its influence on educational reforms, or any other assignment by the teacher.
- Create a proposal for an innovative educational initiative in your country, inspired by successful practices from the UK, USA, or Japan, or any other assignment by the teacher.
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Explain the concept and trends of Educational Management.
- To help the students to understand educational planning and supervision.
- To familiarize the students with the process and role of communication.
- To acquaint the students with the concept of leadership in education.
- To enable the students to understand the approaches of educational administration and management

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Know about the role of the various agencies in effective institutional management
- Understand about the various methods of communication.
- Analyze about the various styles of leadership

COURSE CONTENT

UNIT 1: THE CONCEPT AND FEATURES OF EDUCATIONAL MANAGEMENT

1.1 Management – Concept, Characteristics of good Management.
1.2 Management process
1.3 Various types of educational management
1.4 Role of the following agencies in effective institutional management
(a)School Management Committee, (b) Teachers, (c) Parents/Guardians

UNIT 2: LEADERSHIP IN EDUCATIONAL MANAGEMENT

2.1 Meaning and Nature of Leadership
2.2 Theories of leadership
2.3 Styles of leadership: Autocratic, Democratic and Laissez-faire/ Free-rain

UNIT 3: EDUCATIONAL PLANNING AND SUPERVISION

3.1 Meaning, Approaches to educational planning, Perspective Planning, Institutional Planning
3.2 Meaning and functions of Supervision

MASTER OF ARTS (EDUCATION)
SEMESTER-III
MAE-2205 (Opt-ii)
EDUCATION FOR RURAL DEVELOPMENT

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the principles of curriculum construction and development in mathematics.
- Identify the characteristics and the need for good mathematics textbooks.
- To examine the issues prevailing in rural areas
- Develop a critical understanding of the challenges facing by Indian education today.
- To understand the socio economic conditions of rural folk.
- Define the rural society and social structure of rural areas.
- Define the concept of village and settlement pattern
- Analyse the problems of rural sanitation
- Define the basic concepts of constitution, fundamental rights and directive principles of state policy
- Identify the importance of empowerment of women

COURSE OUTCOMES:

Upon successful completion of this course, the students will:

- Define the rural society and social structure of rural areas
- Identify the demographic structure of rural areas
- Explain the Rural Governance and impact of Decentralized Governance
- Elucidate the empowerment of women, SHGs and community organisations
- Elucidate the rural infrastructure viz. transportation, rural energy, and education
- Analyse the problems of rural sanitation for promotion of total sanitation in rural areas

COURSE CONTENT

UNIT-1 EDUCATION AS A TOOL FOR RURAL DEVELOPMENT

1.1 Concept, Nature, Strategies and Scope of Rural Development

1.2 Relationship between Education and Development

1.3 Education in Rural India: Status, Challenges and Solutions

1.4 Government Initiatives for Promotion of Rural Education in India: Mid- Day Meal Scheme, Sarva Shiksha Abhiyan, National Literacy Mission, Rashtriya Madhyamik Shiksha Abhiyan (RMSA), National Programme of Education for Girls at Elementary Level (NPEGEL), Kasturba Gandhi Balika Vidyalaya (KGBV), NEP-2020, implications and challenges

1.5 Extension Education: Aims, Principles and Role of Extension Education in Rural Development.

Chairperson
Department of Education
BPS Mahila Vishwavidyala

UNIT-II: RURAL SETTLEMENT AND INFRASTRUCTURE

2.1 Concept of Village, Settlement pattern, Factors for pattern of settlement.
2.2 Rural Sanitation- Drinking water, Drainage, Toilets (Public and Private), Nirmala Grama
2.3 The Problem of Housing, Housing types, low cost houses, the housing schemes in rural area.
2.4 Importance of Transport system in rural development
2.5 Community Buildings: Hospitals, Schools, Community Halls etc.

UNIT-III: RURAL GOVERNANCE

3.1 Concept of Nation, State, Constitution, Government, Democracy, Decentralization and its significance in Rural Development.
3.2 Indian Constitution: Salient features with particular reference to Fundamental Rights, Citizens Charter Constitutional provisions for Protection of Weaker Sections
3.3 Concept, Salient Features, Scope and Challenges of Public Administration and Good Governance
3.4 Panchayati Raj Institutions and its role in Rural Governance
3.5 e-Governance: Meaning, features and scope

UNIT-4 WOMEN DEVELOPMENT AND RURAL DEVELOPMENT

4.1 Rural Women – Status and Development
4.2 Women Empowerment: Definition, Need, Strategies for Women Empowerment
4.3 Education and Training of Rural women
4.4 Empowerment of Rural women – Policies and Programme
4.5 Hindrances to Women Empowerment: Literacy, Poverty, Nutrition, Education etc.
4.6 Self-help groups: Concept, Elements, Stages - Structure of Self-help groups, Precautions to be taken while forming the SHGs

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Organize workshop on health, hygiene, and sanitation practices for rural students and their families.
- Prepare a multi-media project on rural development in India
- Discuss various Policies and Programme related to women empowerment
- Organise awareness programme to educate women on managing finances, savings, and understanding digital banking services.
- Community-Based Project on issues in rural areas
- Organise awareness programme to educate mothers on early childhood education and the importance of schooling for their children in rural area
- Conduct sessions to inform women about their legal rights and how to access legal aid.
- Any other relevant activity, project, or assignment assigned by the teacher.

GENDER EDUCATION

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the concept of sex and gender and analyze socialization process.
- Evaluate critically gender roles and identities in various societal contexts.
- Understand gender-based harassment and its impact on gender identity.
- Examine the role of schools and families in shaping gender identity and roles.
- Explore the development and empowerment of women through government programs, legal protections, entrepreneurship, and their participation in politics and decision-making processes.
- Explore the concept of gender sensitization and its application in various areas.
- Explore the significance of women entrepreneurship in economic development and identify challenges and opportunities.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Evaluate the impact of gender socialization from family, school, and media on individual development.
- Discuss the significance of gender education in modern contexts and suggest effective approaches to incorporate gender perspectives in education.
- Identify common gender issues in educational settings and propose solutions to address them.
- Identify gender stereotypes and discrimination in curriculum, textbooks, media, and societal expectations, and propose strategies for promoting gender equality in education.
- Become aware regarding gender issues and become familiar with key concepts–gender, gender bias, gender stereotype, empowerment and equality.
- Discuss the role of women entrepreneurship in economic development.

COURSE CONTENT

UNIT- I: GENDER AND EDUCATION

1.1 Concept of Sex and Gender
1.2 Gender and Socialization: Family, School, and Media
1.3 Gender Stereotyping and Gender Discrimination
1.4 Gender Bias in Curriculum and Textbooks
1.5 Role of gender education in 21st century

UNIT- II: DEVELOPMENT OF GENDER IDENTITY AND GENDER ROLES

490

Chairperson
Department of Education
BPS Mahila Vishwavidya

2.1 Gender identity and gender role: Media and Masculine Identities, Media and Feminine Identities
2.2 Images of Women in Sports, Arts, Entertainment and Fashion Industry
2.3 Gender and gender-based harassment
2.4 Role of School and Family in determining gender identity
2.5 Issues related to gender in school

UNIT- III: GENDER AND SOCIETY
3.1 Brief history and current scenario of Indian women
3.2 Issues related to Indian women
3.3 Concept of Gender equality and role of school and teachers in reinforcing gender equality
3.4 Impact of religion and culture on gender roles and identification
3.5 Gender sensitization: concept, Areas of gender sensitization

UNIT- IV: WOMEN DEVELOPMENT AND EMPOWERMENT
4.1 Role of Non-Governmental Organizations (NGOs) in Women Empowerment
4.2 Women entrepreneurship and its role in economic development
4.3 Introduction of Laws related to women's right protection
4.4 Indian constitution and provisions according to women
4.5 Gender and Politics: Women in Leadership, Policy, and Decision Making

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)
Students will select and complete **one** of the following practicum activities:

- Organizing debates on gender issues, gender roles, necessity of gender equality and reasons for gender inequalities through real-life examples
- Role-playing scenarios to simulate situations involving bullying, eve teasing, and sexual abuse. Discuss the appropriate responses and preventive measures.
- Workshops and awareness campaigns or overcoming gender stereotypes in school or community.
- Design and implement an awareness campaign in the community to educate people about the legal provisions against different issues related to women for social change.
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Know about the nature of values and role of values in human life.
- Understand the importance of Value-Education.
- Understand the Constitutional or national values and National Integration and international understanding with emphasis on patriotism and nation-building.
- Elucidate the role of educational institutions in promoting value education.
- Understand the international dimensions of Human Rights Education.
- Elaborate the significance of constitutional provisions for Human Rights and the Millennium Development Goals.
- Explain the role of different national, international agencies for promoting human rights education
- Elucidate the role of educational institutions and NGOs in promoting human rights education
- Recognise the role of media in dissemination of human rights.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the levels of value realization.
- Understand the development of Value Education in India
- Analyse the role of educational institutions in dissemination of values.
- Analyse the role of non-governmental organization in promotion of human rights

COURSE CONTENT

UNIT I: CONCEPTUAL FRAMEWORK: VALUE EDUCATION

1.1 Concept and Nature of values
1.2 Need and importance of Values Education
1.3 Objectives of value education:
1.4 Different types of values-Personal, Social, Moral, Professional, Spiritual and Behavioural values, extrinsic and intrinsic values.
1.5 Levels of Value Realization: Kohlberg's stages of moral understanding and value realization

UNIT II: DEVELOPMENT OF VALUE EDUCATION AND VALUE EDUCATION TOWARDS NATIONAL AND GLOBAL DEVELOPMENT

2.1 Development of Value Education in India

-493-

Chairperson
Department of Educatio

2.1.1 Vedic Period: Religious, Spiritual and Moral Education
2.1.2 Hindu Period
2.1.3 Buddhist Period: Religious and Moral Education
2.1.4 Muslim Period: Religious and Moral Education
2.1.5 British Period: Religious and Secular Education
2.1.6 In the Post-Independence Period: Secular Value Education

2.2 Constitutional or national values
2.3 National Integration and international understanding with emphasis on patriotism and nation-building.
2.4 Role of educational institutions (at school, college and higher education level) in dissemination of values.

UNIT-III: CONCEPTUAL FRAMEWORK: HUMAN RIGHTS

3.1 Evolution and Universal declaration of Human Rights.
3.2 Concept, Characteristics and Principles of Human Rights
3.3 Post-Independence Developments: Human Right in India
3.4 Human Rights in Indian Constitutions

UNIT-IV: ROLE OF DIFFERENT AGENCIES IN DISSEMINATION OF HUMAN RIGHTS

4.1 Need and importance of human rights Education - in the existing social scenario
4.2 Role of educational institutions (at school, college and higher education level) in dissemination of human right Education.
4.3 Role of media in dissemination of awareness about human rights.
4.4 Role of non-governmental organization in promotion of human rights (International, National and State Level).

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Organize interactive sessions that explore personal, social, and moral values.
- Presentation on evolution of value through different periods in Indian history
- Conduct debates on national integration and constitutional values to encourage critical thinking about patriotism and civic responsibility.
- Develop awareness programs for highlighting human rights issues.
- Any other relevant activity, project, or assignment assigned by the teacher.

TEACHING TAXONOMY

Max Marks: 50 **Total Inst. HoursPer Week: 04**
External Marks: 40
Internal Marks: 10 **Credits: 02**

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the concept of taxonomy in teaching and learning
- Analyze the different levels of cognitive, affective, and psychomotor domains
- Apply Bloom's Taxonomy in instructional design and assessment
- Develop skills in creating effective learning objectives and assessments

COURSE OUTCOMES:

Upon completing this course, students will be able to:

- Demonstrate an understanding of the role of taxonomy in teaching and learning, and its application in instructional design and delivery.
- Design effective lessons and assessments using Bloom's Taxonomy and other approaches.
- Enhance lessons using technology: PPT, PDF, Animated Video, and other digital tools
- Critically evaluate traditional taxonomy and explore new approaches to improve teaching and learning.

COURSE CONTENT

1) Introduction to Taxonomy in Teaching: - Definition and importance of taxonomy in Education
2) Historical background of taxonomy
3) Cognitive Domain :Revised Bloom's Taxonomy
4) Levels of Teaching
5) Three phases of Teaching
6) Four Skill of Teaching (student will prepare two lesson plan related to skills)
7) Methodology (student will prepare two Lesson Plan)
8) PPT, PDF, Animated Video (student will prepare related to lesson plan)
9) Critique of traditional taxonomy
10) New approaches to taxonomy (e.g., SOLO Taxonomy)

ADMINISTARTION OF PSYCHOLOGICAL TOOLS & HANDLING OF APPARATUS

Max. Marks: 50 **Ins. Hours Per Week: 04**
External Marks: 40 **Credit: 02**
Internal Marks: 10

INSTRUCTIONS FOR THE EXAMINER: This course aims to equip students with the necessary skills and ethical awareness to effectively administer psychological tests and handle various apparatus, preparing them for future practice in the field of psychology.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Evaluate the quality of psychological tests based on validity, reliability, and fairness.
- Understand the steps involved in the standardization process of psychological tests.
- Identify ethical considerations related to psychological testing and apply them in practice.
- Demonstrate practical skills in the use of various psychological apparatus for cognitive and motor assessments.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Students will evaluate psychological tests for validity, reliability, fairness and understand the standardization process.
- They will identify and apply ethical considerations in testing and demonstrate practical skills in using psychological apparatus for cognitive and motor assessments.

COURSE CONTENT

UNIT-I: QUALITY OF PSYCHOLOGICAL TESTS ANDMEASUREMENT

1.1 Quality of Psychological Tests: Criteria for evaluating the quality of psychological tests, including validity, reliability, and fairness.
1.2 Scoring and Interpretation of Psychological Tests

UNIT-II: ETHICAL ISSUES & USE OF PSYCHOLOGICAL APPARATUS

2.1 Ethical Considerations: Ethical issues related to psychological testing, including consent, confidentiality, and the responsible use of test results
2.2 Hands-on Experience with Apparatus/test given below:
2.2.1 Finger Maze
2.2.2 Koh's Block Test
2.2.3 Bhatia Battery of Intelligence/Any other available Psychological test
2.2.4 Mirror Drawing Apparatus

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Collect, analyze, and interpret data that addresses the research question.
- Draw meaningful conclusions and implications from research findings.
- Communicate research findings effectively through written and oral presentation.
- Demonstrate expertise in a specific area of research.
- Contribute to the advancement of knowledge in the field of study.

COURSE CONTENT

1.1 Develop relevant tools for data collection.
1.2 Develop a research design
1.3 Develop data analysis plans and procedures
1.4 Collection of data with the help of developed/standardized tools.
1.5 Determine the data analysis methods and Techniques
1.6 Presentation depicting development of research tool and procedure of data collection.

MASTER OF ARTS (EDUCATION)
SEMESTER-IV
MAE-2209
LEARNER AND LEARNING PROCESS-II

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Total Inst. Hours: 03+02
Exam Hours: 3hrs
Credits: 04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand concepts and principles of Educational Psychology as an applied science.
- Outline the scope of educational psychology.
- Describe the process of growth and development.
- Understand the meaning and concepts of individual differences
- Explain meaning and concepts of gifted and mentally retarded children
- Understand the concept and characteristics of creativity & importance of creativity in education

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Describe the stages of human growth and development, with an emphasis on the physical, cognitive, and socio-emotional changes that occur during adolescence. Analyze key developmental theories and apply their insights to educational practices.
- Demonstrate the ability to employ various problem-solving techniques and strategies, showing creativity in overcoming educational challenges.
- Differentiate between various types of memory, describe the process of memorization, and apply techniques to enhance memory retention in learning environments.
- Identify characteristics of a mentally healthy person, and recommend practices to promote mental well-being in educational contexts.

COURSE CONTENT

UNIT-I PERSONALITY AND ADJUSTMENT

1.1 Personality: Meaning and Determinants.
1.2 Type and Trait theories: Cattle, Eysenck, Allport, Freud
1.3 Assessment of personality by subjective and projective methods
1.4 Adjustment: Concept and nature, Conflict Management

UNIT-II MOTIVATION AND INDIVIDUAL DIFFERENCES

2.1 Motivation :Concept of Motivation

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.2 Theories of Motivation: Physiological theory ,Psycho-Analytical Theory, Maslow's Theory of Hierarchy of Needs
2.3 Factors affecting motivation
2.4 Individual differences: Concept and areas

UNIT-III: INTELLIGENCE AND GIFTED CHILDREN

3.1 Intelligence: Concept and Characteristics
3.2 Theories of intelligence :Spearman's two factor theory, Thurston's Group Factor theory, Guilford's SOI Model ,Gardner's Multiple Intelligence Theory
3.3 Measurement of intelligence: verbal, non-verbal, performance, individual and group.
3.4 Gifted Children: Meaning and Characteristics, Needs and Problems, Educational Progamme

UNIT-IV LEARNING

4.1 Definitions, scope and learning process, Factors influencing learning
4.2 Behaviorism, Cognitivism and Constructivism
4.3 Theories of Learning: Pavlov's Classical Conditioning, Skinner's Operant Conditioning Theory of Learning, Learning by Insight (Gagne)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Case Study of Special Children
- Participation in a workshop for presenting various educational problems (e.g., classroom management issues, learning difficulties) and classroom discussion for solution of different educational problems.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUGGESTED READING:

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Develop a critical understanding of the challenges facing by Indian education today.
- Get the knowledge of contemporary issues in Indian education in a global perspective.
- Get a historical insight into the development of education in India.
- Have a critical understanding of the development of education as a distinct discipline.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the challenges facing by Indian education today.
- Know the contemporary issues in Indian education in a global perspective.
- Have critic historical inside into the development of education in India.
- Become conscious about the provisions of RTE.

COURSE CONTENT

UNIT-I: STATUS OF EDUCATION IN INDIAN CONSTITUTION

1.1 Constitutional Provisions and status of Education
1.2 Directive principles of state Policies
1.3 Social diversity based on caste, religion, region, language
1.4 Equality of opportunities for Education
1.5 Right to Education 2009

UNIT-II: DEVELOPMENT OF EDUCATION DURING PRE AND AFTER-INDEPENDENCE

2.1 Wood's dispatch 1854
2.2 Maculay's Minutes of 1935
2.3 Kothari Commission (1964-1966)
2.4 National Policy on Education (1986)
2.5 National Knowledge Commission (2005-2009)
2.6 National Education Policy (2020)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT-III: CONTEMPORARY ISSUES IN INDIAN EDUCATION IN SPECIAL REFERENCE TO:

3.1 Issues related to caste and social inequality
3.2 Religious and ethnic minorities' issues and challenges
3.3 Emerging trends and future challenges
3.4 Issues related to gender inequality
3.5 Issues related to Integration of Technology in Education

UNIT-IV: EDUCATION AS A TOOL FOR SOCIAL CHANGE

4.1 Role of Education in promoting social equity
4.2 NEP-2020, implications and challenges
4.3 Education for Sustainable development
4.4. Issues related to quality of education and curriculum development
4.5 Innovative educational practices addressing contemporary issues

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Case Study Analysis on Right to Education (RTE) Act, 2009
- Historical Document Analysis
- Debate on National Policy on Education (1986) vs. NEP 2020
- Community-Based Project on Caste and Social Inequality
- Case Study of a Successful Educational Reform for Social Change
- Any other relevant activity, project, or assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the concept of curriculum and curriculum development.
- Understand the factors that affect the development of curriculum
- Know various models and designs of curriculum development
- Understand how to critically evaluate the curriculum
- To help student teachers understand the bases and determinants of curriculum.
- To acquaint student teachers with curricular content, curriculum implementation and process of curriculum evaluation.
- To help student teachers understand issues, trends and researches in the area of curriculum development in India.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Describe and analyse major curriculum models such as Grassroot etc.
- Written analysis of different curriculum models and their applications in various educational contexts.
- Demonstrate the ability to design, develop, and evaluate curricula that align with educational standards, learning objectives and student needs.
- Demonstrate how curriculum can be applied to educational practices.

COURSE CONTENT

UNIT-I: CONCEPT OF CURRICULUM

1.1 Curriculum: Meaning, Concept and need of curriculum
1.2 Curriculum development, theories and procedures
1.3 Base/Foundations of Curriculum (Philosophical-epistemic activism, Social and Psychological)
1.4 Factors affecting curriculum: social factors, pressure groups, writers and publishers.

UNIT-II: TYPES AND APPROACHES IN CURRICULUM

2.1 Types of Curriculum:

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.1.1 Knowledge based Curriculum
2.1.2 Activity based Curriculum
2.1.3 Skill based Curriculum
2.1.4 Experienced based Curriculum

2.2 Approaches in Curriculum Development:

2.2.1 Developmental Approach
2.2.2 Interdisciplinary Approach
2.2.3 Functional Approach
2.2.4 Eclectic Approach

UNIT-III: MODELS OF CURRICULUM DEVELOPMENT:

3.1 Administrative model
3.2 Grass root model
3.3 Demonstrative model
3.4 System analysis model
3.5 Curriculum issues and trends and future directions to curriculum development

UNIT-IV CURRICULUM EVALUATION AND RESEARCH

4.1 Curriculum Evaluation: concept need and process of evaluation
4.2 Scope of evaluation of curriculum
4.3 Models of Curriculums evaluation
4.4 Interpretation of evaluation results and method.
4.5 Issues and trends in curriculum development, curriculum research in India.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Critical appraisal of present curriculum in secondary schools of Haryana.
- Prepare a power point presentation on Curriculum issues and trends and future directions.
- Compare and prepare report on different y curriculum prescribed by different boards.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Explain the concept and process of Management.
- To help the students to understand Cost-benefit and Cost-efficiency Analysis in Education.
- To familiarize the students with the process SWOT analysis.
- To acquaint the students with the concept of TQM.
- To enable the students to understand the role of IQAC in educational management.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Know about management of physical resources, human resources, financial management and budgeting.
- Do SWOT analysis of any institution.
- Role of NAAC in quality management in education.

COURSE CONTENT

UNIT 1: MANAGEMENT OF RESOURCES IN ORGANISATIONS

1.1 Management of Physical Resources
1.2 Human Resource Management (The concept of human relations in educational organizations: group dynamics, motivating people, Communication, Management of Teaching and Learning Process and Classroom Management.)
1.3 Financial Management and Budgeting
1.4 Office Management (overview of office functions, record management and material management, work simplification.)

UNIT 2: MANAGERIAL PROCESS AND SWOT ANALYSIS IN EDUCATION

2.1 Managerial Process and its importance: Planning: process and means , Organizing: process and means
2.2 Controlling and staffing: process, means and new practices
2.3 SWOT Analysis: Concept and Process
2.4 Application of SWOT Analysis in various levels of Education

COMMUNITY PARTICIPATION

Max Marks: 50
External Marks: 40
Internal Marks: 10

Total Inst. Hours per week: 04
Credits: 02

INSTRUCTIONS FOR THE EXAMINER: This practical paper assesses the pupil-teachers' ability to effectively. Community & Participation is a way of communicating ideas to someone with the aim to inform, to define, to persuade, or to compare and contrast. The goal of this course is to help writers understand the purpose of the audience for whom they are writing, recognize what the purpose of writing to that audience is, and how to figure out how to communicate using their knowledge of how to (inform, define, persuade, compare/contrast) to construct a meaningful response suited for that purpose.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the concept and significance of community participation in education
- Learn about types of community participation (volunteering, advocacy, decision-making)
- Develop skills to engage with communities and build partnerships
- Understand how to develop collaborative projects with communities
- Analyse case studies of successful community participation initiatives

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Understand the importance of community involvement and social responsibility.
- Learn about local issues, needs, and resources.
- Develop knowledge of diverse cultures, perspectives, and experiences.
- Develop communication and interpersonal skills through interactions with community members.
- Improve problem-solving and critical thinking skills through hands-on experience.
- Enhance leadership and teamwork skills through collaborative projects.

COURSE CONTENT

UNIT-I: CONCEPT AND BENEFITS OF COMMUNITY PARTICIPATION

1.1 Introduction to Community Participation
1.2 Concept and significance of community participation
1.3 Benefits of community participation

UNIT-II: TYPES OF COMMUNITY PARTICIPATION

2.1 Volunteering
2.2 Decision-making
2.3 Engaging with Communities

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonepat)

2.4 Building partnerships
2.5 Communication strategies
2.6 Trust-building
2.7 Collaborative Projects
2.8 Project planning
2.9 Implementation
2.10 Evaluation
2.11 Case Studies and Group Work
2.12 Analysing successful community participation initiatives Group project: Developing a community participation plan

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Volunteer days: Organize group volunteer days at local charities, parks, or community centres.
- Neighbourhood clean-ups: Arrange community clean-up events to beautify public spaces.
- Community events: Plan and participate in community events like festivals, parades, or street fairs.
- Mentorship programs: Establish mentorship programs pairing students with community members.
- Service learning projects: Develop projects addressing community needs, like environmental conservation or social justice.
- Community surveys: Conduct surveys to understand community needs and concerns.
- Partnerships with local organizations: Collaborate with local organizations on projects and events.
- Reflection sessions: Hold reflection sessions to discuss community participation experiences.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUGGESTED READINGS:

- "Community Participation in Education" by David Zingier
- "Building Community Partnerships" by Dennis Shirley
- "Case Studies in Community Participation" (edited volume)
- The Power of Community" by Jim Diers
- "Community Participation" by Marie Hardin
- "The Community Builder's Handbook" by Arthur T. Himmelman
- "Community Development: A Critical Approach" by Janet Newman
- "Participatory Action Research" by Whyte, W.F. (Ed.)

Curriculum and Credit Frame Work for B.Ed. Programme with effect from July 2024

About the programme: The two-year Bachelor of Education (B.Ed.) program is structured into four semesters, providing a comprehensive blend of theoretical knowledge and practical teaching experience. Each semester progressively builds on pedagogical concepts, educational psychology, curriculum development, and teaching methodologies. The curriculum also includes school internships, workshops, and hands-on teaching practice, ensuring that students are well-prepared for a career in education. This structured approach allows for a gradual and in-depth understanding of the teaching profession, equipping graduates with the skills and knowledge required to excel as educators.

PROGRAMME SPECIFIC OBJECTIVES (PSOS) FOR THE TWO-YEAR B.ED. PROGRAMME:

- Develop a deep understanding of the physical, cognitive, emotional, and social development of children.
- Apply knowledge of child development to create inclusive and supportive learning environments.
- Analyse the impact of socio-political, economic, and cultural factors on education in India.
- Engage critically with educational policies to promote equity and justice in classrooms.
- Enhance language proficiency and communication skills across various subjects.
- Integrate language development strategies into subject teaching to support diverse learners.
- Master subject-specific pedagogical approaches for effective teaching of school subjects like English, Hindi, Mathematics, Science, Social Studies, etc.
- Design and implement lesson plans that cater to the diverse needs of students in various subjects.
- Utilize Information and Communication Technology (ICT) to enhance teaching and learning.
- Critically assess the role of ICT in contemporary education and integrate it meaningfully into the classroom.
- Develop clear and effective blackboard writing skills to facilitate student understanding.
- Use blackboard writing as a tool for better classroom management and instruction.
- Cultivate critical reading and reflective practices that inform teaching and learning.
- Engage with educational texts to develop a deeper understanding of educational theories and practices.
- Gain initial exposure to school environments, understanding the practical aspects of teaching.
- Reflect on classroom observations to inform future teaching practices.
- Apply learning theories to develop effective teaching strategies that meet the needs of all students.
- Reflect on the relationship between teaching practices and student outcomes.
- Understand the philosophical and theoretical foundations of curriculum design.
- Apply curriculum knowledge to create effective and engaging lesson plans.
- Design and implement assessment strategies that accurately measure student learning.
- Use assessment data to inform and improve teaching practices.
- Incorporate instructional technology to enhance educational practices.
- Evaluate the effectiveness of various technological tools in the classroom.
- Engage in extended teaching practice in schools, developing classroom management and instructional skills.

- Conduct community surveys to understand the socio-cultural context of education and apply this knowledge to teaching.
- Prepare for and engage in an extensive teaching internship, gaining practical experience in lesson planning, classroom management, and student assessment.
- Reflect on the internship experience to develop professional competencies and prepare a comprehensive internship report.
- Explore the intersection of gender, education, and society.
- Develop strategies to create gender-sensitive and inclusive educational environments.
- Understand the importance of environmental education in the curriculum.
- Integrate environmental awareness and sustainability practices into teaching.
- Develop strategies to create an inclusive school environment that supports all learners.
- Address the needs of diverse student populations, including those with special educational needs.
- Promote physical health, well-being, and holistic development in students.
- Integrate health and physical education into the overall educational experience.
- Gain expertise in designing assessments and evaluating educational outcomes.
- Provide effective guidance and counselling to support students' academic and personal development.
- Value Education and Human Rights Education: Promote ethical values and human rights awareness in educational settings.
- Teacher Education: Develop an understanding of teacher education principles to train future educators.
- Utilize drama and arts as tools for creative expression and learning in the classroom.
- Foster an appreciation of the arts and encourage self-expression among students.
- Engage in self-reflection to develop self-awareness and personal growth.
- Apply self-understanding to enhance teaching practices and professional development.

PROGRAMME SPECIFIC OUTCOMES (PSOS) FOR THE TWO-YEAR B.ED. PROGRAMME

- Graduates will have a deep understanding of children's physical, cognitive, emotional, and social development, enabling them to create inclusive and supportive learning environments.
- They will be able to apply theories of child development to design learning experiences that cater to diverse learners.
- Graduates will be able to analyze the impact of socio-political, economic, and cultural factors on education in India and engage critically with educational policies to promote equity and justice in classrooms.
- They will be skilled in addressing issues of gender, socio-economic disparities, and cultural diversity within the educational system.
- Graduates will master subject-specific pedagogical approaches for teaching various school subjects, such as English, Hindi, Mathematics, Science, and Social Studies.
- They will design and implement lesson plans that address the diverse needs of students, integrating language development strategies into their teaching practices.
- Graduates will be proficient in utilizing Information and Communication Technology (ICT) to enhance teaching and learning.
- They will critically assess the role of ICT in education and integrate it meaningfully into their classroom practices.
- Graduates will develop the skills necessary to design and implement effective assessment strategies that accurately measure student learning.
- They will use assessment data to inform and improve teaching practices, with a strong understanding of continuous and comprehensive evaluation (CCE).

- Graduates will develop strong classroom management and instructional skills, including effective blackboard writing and the use of instructional tools.
- They will engage in extended teaching practice, applying their skills in real classroom settings and reflecting on their experiences to improve their teaching.
- Graduates will understand the philosophical, sociological, and psychological foundations of curriculum design and apply this knowledge to create effective lesson plans.
- They will be able to develop and critique curricula, ensuring alignment with educational goals and contemporary trends as outlined in NCF 2023 and NEP 2020.
- Graduates will use drama and arts as tools for creative expression and learning, promoting an appreciation of the arts among students.
- They will integrate physical health, well-being, and environmental education into the curriculum, fostering holistic development in students.
- Graduates will engage in continuous professional development, staying updated with the latest educational research and practices.
- They will apply reflective practices to enhance their teaching effectiveness and contribute to their growth as educators.
- Graduates will develop strategies to create inclusive educational environments that support all learners, including those with special educational needs.
- They will be equipped to provide guidance and counselling, addressing the academic and personal development needs of students.

SEMESTER-I
COURSE- I (BOE – 101)
CHILDHOOD AND GROWING UP

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Inst. Hours: 3+2
Exam Hour: 3Hrs
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT- SPECIFIC OBJECTIVES

By the end of this course, students will be able to:

- Understand the concept of growth and development across different life stages.
- Develop an in-depth understanding of children and adolescents through observation and analysis.
- Analyse individual differences among learners and their implications for teaching.
- Understand cognitive and affective processes in learners.
- Explore the significance of social development and its implications for educators.
- Reflect on the challenges and opportunities of adolescence in the context of social, economic, and cultural changes.

COURSE OUTCOMES

Upon successful completion of this course, students will:

- Explain the concept and stages of growth and development and their relationship with learning.
- Differentiate between the concepts of growth and development in human beings.
- Analyse various development theories and apply appropriate theories in the learning process.
- Understand the concept of socialization and its impact on children within school and peer group contexts.
- Reflect on and address issues related to adolescence, including the impact of media, urbanization, and economic changes.

COURSE CONTENT

UNIT 1: GROWTH AND DEVELOPMENT

1.1 Concept of growth and development and its relationship with learning.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.2 Principles of growth and development.
1.3 Stages of growth and development.
1.4 Theories of development: Piaget's theory of cognitive development, Vygotsky's theory of social development, Kohlberg's theory of moral development.

UNIT 2: HEREDITY AND ENVIRONMENT

2.1 Concept of heredity and environment.
2.2 Influence of heredity and environment on development.
2.3 Individual differences among learners based on diversity (language, caste, gender, religion).
2.4 Importance of heredity and environment in the development of learners.

UNIT 3: SOCIAL DEVELOPMENT

3.1 Concept of social development: Meaning, nature, and characteristics.
3.2 Stages of social development.
3.3 Social world and children: Roles of teachers, parents, and peers.
3.4 Dealing with children: Separation from parents, children in crèches, and children in orphanages.

UNIT 4: ADOLESCENCE

4.1 Realistic and contextual frames of growing up in adolescence; recent issues related to adolescent development.
4.2 Impact of economic changes and urbanization on family structure, Impact of media on adolescents.
4.3 Adolescents in difficult circumstances,
4.4 Health awareness: Personal hygiene, nutrition, disease prevention, and control.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete **one** of the following activities:

- Observe children during playtime at a practicing school or nearby school for a week; analyse their play activities, relationships, and communication with peers, and prepare a report on childhood understanding.
- Prepare a case study of a girl child from a minority community, focusing on her developmental challenges and strengths.
- Observe and interact with five adolescents from different contexts (e.g., rural areas, urban slums, Dalit households, tribal communities, urban areas, and working/street children), and compare their characteristics and challenges.
- Watch a movie related to adolescent issues and discuss its content, characterization, and depiction of adolescent challenges and concerns.
- Prepare and deliver a presentation on the educational implications of one developmental theory related to child development.
- Any other activity assigned by the teacher.

Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT- SPECIFIC OBJECTIVES

After completing the course, students will be able to:

- Understand various provisions concerning education in Indian Constitution.
- Get a historical insight into the development of education in India.
- Have a critical understanding of the development of education as a discipline.
- Examine the issues and concerns related to universalization of elementary education.
- Realize the importance of right to education and the provisions made for realizing it.
- Understand the role of education in empowering the weaker section of Indian society.

COURSE OUTCOMES

- Gain knowledge about the contemporary issues in Indian education.
- Know about educational commissions and policies in India.
- Learn about modern education and alternative vision of education in India.
- Understand the policy for nation

COURSE CONTENT

UNIT-1: CONTEMPORARY ISSUES IN INDIAN EDUCATION

1.1 Universalization of Elementary Education in India
1.2 Mid-day Meal Scheme (MMS)
1.3 Impact of globalization, liberalization and privatization on education in India
1.4 Open and Distance Learning Systems in India

UNIT-2: EDUCATION COMMISSIONS, COMMITTEES AND POLICIES IN INDIA

2.1 Secondary Education Commission (1952-53)
2.2 Kothari Commission (1964-66)
2.3 National Policy of Education (1986)
2.4 National Curriculum Framework (2005)

UNIT-3: MODERN EDUCATION AND ALTERNATIVE VISIONS OF EDUCATION IN INDIA

3.1 Equal Access Education between Men and Women in India
3.2 Women Education in Modern India

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3.3 Status of Women Education in India
3.4 Nai Talim

UNIT-4: POLICY FORMATION FOR PUBLIC EDUCATION IN INDIA
4.1 Indian Education System
4.2 Right of Children to Free and Compulsory Education Act.
4.3 Sarva Shiksha Abhiyan (SSA)
4.4 Child Labour and Education Policy in India

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE):

Students will select and complete **one** of the following practicum activities:

- Lab and Field Work: Group discussions and presentations on contemporary issues in Indian education
- Assessment Methods: Attendance, Participation, assignments and presentations
- Resources and Materials: Books, articles and online resources
- Any other activity, project, assigned by the teacher.

COURSE- III (BOE – 103)
LANGUAGE ACROSS THE CURRICULUM

Max. Marks: 50
External Marks/Theory: 40
Internal Marks: 10

Inst. Hours: 2
Exam Hours: 1.5 Hrs.
Credit: 2

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of five questions for the examination. Of these, students must attempt only three questions. Question 1 will be compulsory and will consist of two short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of three questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT-SPECIFIC OBJECTIVES

The course will enable students to:

- Enhance knowledge acquisition through the Language Across the Curriculum (LAC) approach.
- Understand the various roles of language in education and society.
- Create connections among different subjects through language learning.
- Utilize multilingualism as a strategic tool in classroom situations.
- Study and analyse authentic literary and non-literary texts.
- Understand and develop different language skills.
- Foster creativity among learners.
- Recognize the importance and role of language in content areas, with a focus on National Education Policy (NEP) 2020 and National Curriculum Framework (NCF) 2023.

COURSE OUTCOMES

After completing this course, learners will be able to:

- Comprehend and effectively use language across various domains.
- Implement multilingualism as a classroom strategy.
- Establish links between different school subjects through language learning.
- Develop insight into the symbolic relationship between curriculum and syllabus, as highlighted in NCF 2023.
- Cultivate language skills (Listening, Speaking, Reading, Writing - LSRW).
- Explain the impact of multilingualism and related aspects, in alignment with NEP 2020.

COURSE CONTENT

UNIT 1: LANGUAGE ACROSS THE CURRICULUM (LAC)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.1 Concept, Nature, and Functions of Language
1.2 Origin and Basic Tenets of Language Across the Curriculum (LAC)
1.3 Goals, Benefits, and Challenges of the LAC Approach
1.4 Role of the Teacher in LAC: Effective Language Use and Multilingualism (NEP 2020, NCF 2023)

UNIT 2: LANGUAGE DISCOURSE AND TEACHING SKILLS

2.1 Language Learning and Teaching in the Classroom
2.2 Development of Language Skills: Listening, Speaking, Reading, and Writing (LSRW)
2.3 Multilingualism and Language Diversity: Strategies and Challenges in the Classroom (NCF 2023)
2.4 Integrating Language Skills with Content Areas: Reports, Reviews, Essays, and Creative Writing

SUGGESTED PRACTICUM ACTIVITIES

- Presentation on Language Skills: Prepare a detailed presentation on how different language skills (LSRW) can be integrated into the curriculum.
- Survey on Multilingualism: Conduct a survey to explore the challenges and opportunities of teaching in a multilingual classroom, and present the findings.
- Project on LAC Activities: Develop a project that includes activities to promote language learning across the curriculum, considering NEP 2020 guidelines.
- Language and Content Integration: Create a project that demonstrates the integration of language skills with content areas, highlighting best practices from NCF 2023.
- Classroom Language Strategy: Develop a classroom strategy that effectively uses multilingualism to enhance learning outcomes.
- Any other activity, assignment, project assigned by the teacher

COURSE- IV (BOE-104)
PEDAGOGY OF ENGLISH (OPTION I)

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

- Develop an understanding of the nature and structure of the English language.
- Enhance their proficiency in English, focusing on listening, speaking, reading, and writing (LSRW) skills.
- Understand the contextual use of language, including grammar and vocabulary.
- Critically analyses and appraise the existing English curriculum.
- Gain knowledge of effective strategies for teaching poetry, prose, grammar, and composition.
- Review and apply various teaching methods and approaches in the Indian context.
- Prepare and deliver lesson plans on different aspects of English as a second language.
- Develop tools and techniques for evaluating students' knowledge in English.
- Understand the process of language assessment and its application in educational settings.

COURSE OUTCOMES

Upon successful completion of this course, students will:

1. Comprehend the nature, functions, and principles of the English language, particularly within the Indian context.
2. Formulate instructional objectives and design lesson plans for effective English language teaching.
3. Apply various skills, approaches, and methods in teaching English, focusing on the development of LSRW skills.
4. Analyse and implement pedagogical strategies for teaching prose, poetry, grammar, and composition in English.

COURSE CONTENT

UNIT 1: LANGUAGE AND ITS POSITION IN INDIA

1.1 Nature, functions, and principles of language.
1.2 English as a link language in the global context.
1.3 Challenges of teaching and learning English in India.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.4 Language policies and the status of English as a medium of instruction: Position of languages in India; Articles 343-351, 350A, Language policy in India with reference to Kothari Commission (1964-66), NPE-1986; POA-1992; , National Curriculum Framework-2023; NEP 2020.

UNIT 2: AIMS AND OBJECTIVES OF TEACHING ENGLISH

2.1 Aims and objectives of teaching English at different stages of schooling.

2.2 Instructional planning: Need and importance.

2.3 Formulation of instructional objectives in behavioural terms.

2.4 Bloom's taxonomy of educational objectives, RCEM approach to lesson planning.

UNIT 3: AN OVERVIEW OF LANGUAGE TEACHING SKILLS, APPROACHES, AND METHODS OF ENGLISH LANGUAGE TEACHING

3.1 Micro-teaching skills: Skill of introduction, Skill of questioning, Skill of illustration with examples, Skill of explaining, Skill of stimulus variation, Skill of reinforcement,

3.2 Methods: Difference between method and approach, Direct method, Bilingual method, Translation-cum-grammar method.

3.3 Approaches: Structural approach, Communicative approach, Inductive and deductive approaches, Constructive approach,

3.4 Development of LSRW skills: Listening, speaking, reading, and writing.

UNIT 4: CONTENT AND PEDAGOGICAL ANALYSIS OF TEACHING ENGLISH

4.1 Pedagogical analysis: Concept and importance.

4.2 Teaching of prose: Strategies and techniques.

4.3 Teaching of poetry: Approaches and methods.

4.4 Teaching of grammar: Rules and context-based learning, Teaching of composition: Writing skills and creativity.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete **one** of the following practicum activities:

- Prepare and present a lesson plan for teaching prose or poetry, focusing on one of the LSRW skills.
- Design and conduct a micro-teaching session on any of the English teaching skills.
- Create a detailed pedagogical analysis of a prescribed English textbook, identifying strengths and areas for improvement.
- Develop a rubric for assessing students' written compositions and apply it to sample student work.
- Conduct a survey on the challenges of teaching English in a multilingual classroom and present the findings.
- Any other Activity/project/assignment assigned by the teacher.

BOE – 104
हिन्दी शिक्षण (विकल्प . द्वितीय)

अधिकतम अंक: 100 | प्रति सप्ताह घंटे: 03+02
बाहरी अंक: 80 | परीक्षा समय: 03
आंतरिक अंक: 20 | क्रेडिट प्रति सप्ताह:04

पेपर सेटर के लिए निर्देश: पेपर सेटर कुल नौ प्रश्न सेट करेगा, जिनमें से छात्रों को केवल पांच प्रश्न हल करने होंगे। प्रश्न संख्या 01 अनिवार्य होगा, जिसमें प्रत्येक इकाई से 4 अंकों के चार लघु उत्तरीय नोट्स शामिल होंगे। प्रत्येक इकाई से आंतरिक विकल्प वाले दो लंबे प्रश्न निर्धारित किए जाएंगे, जिनमें से छात्रों को प्रत्येक इकाई से एक लंबे प्रश्न का उत्तर देना होगा। सभी प्रश्न समान यानी 16 अंक के हैं।

पाठ्यक्रम.विशिष्ट उद्देश्य :–

- भावी शिक्षकों में हिन्दी शिक्षण के लिए भाषा–सम्बन्धी योग्यताओं का विकास करना ।
- भावी शिक्षकों में हिन्दी शिक्षण उपरान्त अपेक्षित कुशलताओं का विकास करना ।
- भावी शिक्षकों में एक हिन्दी अध्यापक के गुण विकसित करना ।
- भावी शिक्षकों में हिंदी पढ़ने, लिखने और बोलने की क्षमता को बढ़ाना और यह सुनिश्चित करना कि वे अपने भविष्य के छात्रों के लिए भाषा के मॉडल के रूप में काम कर सकें।
- भावी शिक्षकों को विभिन्न भाषा शिक्षण सिद्धांतों और दृष्टिकोणों का ज्ञान करना ।
- भावी शिक्षकों को समावेशी शिक्षण रणनीतियों को लागू करने के लिए प्रशिक्षित करें जो विभिन्न पृष्ठभूमि के शिक्षार्थियों की जरूरतों को संबोधित करते हैं । जिनमें विशेष शैक्षिक आवश्यकताओं वाले या दूसरी भाषा के रूप में हिंदी बोलने वाले लोग शामिल हैं।
- भावी शिक्षकों को भाषा शिक्षण के लिए विशिष्ट प्रभावी कक्षा प्रबंधन तकनीकों से लैस करें, जिसमें छात्र जुड़ाव बनाए रखनेएविविध कक्षाओं का प्रबंधन करने और एक सहायक शिक्षण वातावरण बनाने की रणनीतियाँ शामिल हैं।
- छात्रों को भाषा शिक्षा से संबंधित आलोचनात्मक सोच कौशल विकसित करने के लिए प्रोत्साहित करें, जिससे वे हिंदी शिक्षण में आने वाली समस्याओं का विश्लेषण और समाधान कर सकें।
- आजीवन सीखने और व्यावसायिक विकास के प्रति प्रतिबद्धता को बढ़ावा देना, छात्रों को हिंदी शिक्षा के क्षेत्र में नवीनतम शोध और प्रगति से अपडेट रहने के लिए प्रोत्साहित करना।
- भाषा शिक्षण में नैतिक विचारों के महत्व पर जोर दें, जिसमें सांस्कृतिक विविधता का सम्मान, समान शिक्षा को बढ़ावा देना और चिंतनशील शिक्षण अभ्यास का विकास शामिल है।

पाठ्यक्रम के निर्गमनः–

- विभिन्न स्तरों पर छात्रों को प्रभावी ढंग से पढ़ाने के लिए व्याकरण, शब्दावली और उच्चारण सहित हिंदी भाषा पर मजबूत पकड़ विकसित करें।
- भावी शिक्षकों में भाषा संबंधी आयोग की विभिन्न अनुशंसाओं के बारे में जान सकेंगे ।
- भावी शिक्षकों में भारतीय शिक्षा प्रणाली में भाषा की भूमिका को समझ सकेंगे ।
- भावी शिक्षकों में हिन्दी भाषा के उच्चारण एवं शुद्ध लेखन की योग्यता उत्पन्न करना ।
- भावी शिक्षक भाषा संबंधी त्रुटियों और भाषा के समाधानों को जान सकेंगे ।

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- हिंदी साहित्य और संस्कृति की समझ और सराहना को बढ़ावा देना, छात्रों के सीखने के अनुभव को समृद्ध करने के लिए शिक्षण प्रक्रिया में साहित्यिक कार्यों के एकीकरण को सक्षम करना।
- भावी शिक्षकों को भाषा सीखने को बढ़ाने के लिए डिजिटल टूल, मल्टीमीडिया संसाधनों और ऑनलाइन प्लेटफार्मों के उपयोग सहित आधुनिक शैक्षिक प्रौद्योगिकियों को अपने हिंदी शिक्षण अभ्यास में एकीकृत करने के लिए तैयार करें।

पाठ्यक्रम सामग्री

इकाई–प्रथम : भाषा का संप्रत्यय एवं सामान्य सिद्धांत

1.1 भाषा–अर्थ, स्वरूप व प्रकृति , भाषा की आवश्यकता , महत्व एवं कार्य ।

1.2 हिन्दी शिक्षण के सामान्य सिद्धांत ।

1.3 भाषा संबंधी कठिनाइयाँ , त्रुटियाँ और उपचार

1.4 हिन्दी शिक्षक के गुण एवं अपेक्षाएँ

इकाई–द्वितीय : भाषा संबंधित विभिन्न शिक्षा आयोगों की सिफ़ारिशें ।

2.1 कोठारी कमीशन 1964– 66, राष्ट्रीय शिक्षा नीति 1986

2.2 राष्ट्रीय पाठ्यचर्या की रूपरेखा– 2005, नई शिक्षा नीति 2020।

2.3 विविध कक्षा में भाषा शिक्षण की चुनौतियाँ

2.4 बहुभाषावाद की अवधारणा और लाभ

इकाई– तृतीय : भाषाई एवं अनुदेशनात्मक उद्देश्य

3.1 हिन्दी शिक्षण के सामान्य उद्देश्य ।

3.2 संशोधित ब्लूम टैक्सोनॉमी 2001

3.3 अपेक्षित व्यवहार परिवर्तन सम्बन्धी उद्देश्य ।

3.4 अनुदेशनात्मक उद्देश्य ।

इकाई–चतुर्थ : भाषाई कौशल एवं अनुदेशनात्मक सामग्री

4.1 श्रवण कौशल : श्रवण कौशल का अर्थ, उद्देश्य, एवं महत्व एवं विधियां,

4.2 मौखिक अभिव्यक्ति कौशल का अर्थ, उद्देश्य, एवं महत्व एवं विधियां,,

4.3 पठन कौशल का अर्थ, उद्देश्य, एवं महत्व एवं विधियां,

4.4 लेखन कौशल का अर्थ, उद्देश्य, एवं महत्व एवं विधिया

सुझाई गई अभ्यास गतिविधियाँ (कोई एक चुनें)

- किसी भी विषय पर दस हिंदी वर्कशीट तैयार करें
- बोलने की प्रक्रिया के भाग के रूप में त्रुटियों को पहचानना और कक्षा में चर्चा करना
- अपने सेमिनार प्रेजेंटेशन का अपना एक वीडियो तैयार करें और त्रुटियों और कारणों का पता लगाएं
- शिक्षक द्वारा सौंपी गई कोई अन्य गतिविधि

अनुशंसित पुस्तकें

- हिन्दी शिक्षण : मंगल उमा 1991, आर्य बुक डिपो, देहली ।

परीक्षक के लिए निर्देश: परीक्षक को परीक्षा के लिए कुल नौ प्रश्न निर्धारित करने होंगे। इनमें से छात्रों को केवल पांच प्रश्न ही हल करने होंगे। प्रश्न 1 अनिवार्य होगा और इसमें चार लघु उत्तरीय प्रश्न होंगे, प्रत्येक प्रश्न 4 अंक का होगा, प्रत्येक इकाई से एक प्रश्न चुना जाएगा। प्रत्येक इकाई से आंतरिक विकल्प वाले दो दीर्घ उत्तरीय प्रश्न पूछे जाएंगे। छात्रों को प्रत्येक इकाई/अनुभाग से एक दीर्घ उत्तरीय प्रश्न का उत्तर देना आवश्यक है। इस प्रकार, छात्र कुल पाँच प्रश्न पूरे करेंगे, यह सुनिश्चित करते हुए कि प्रत्येक इकाई से एक प्रश्न चुना गया है। सभी प्रश्न समान मूल्य के हैं, प्रत्येक 16 अंक का है।

उद्देश्य

⇒ भावी शिक्षकों में संस्कृत भाषा शिक्षण संबंधी योग्यताओं का विकास करना ।
⇒ भावी शिक्षकों में संस्कृत शिक्षण उपरांत अपेक्षित कुशलताओं का विकास करना ।
⇒ भावी शिक्षकों में एक संस्कृत अध्यापक के गुण विकसित करना।
⇒ भावी शिक्षकों में संस्कृत संबंधी विभिन्न साहित्य क्रियो के आयोजन की क्षमता विकसित करना।
⇒ भावी शिक्षकों में विभिन्न शिक्षण विधियां एवं तकनीक के उचित प्रयोग करने की क्षमता उत्पन्न करना।
⇒ भावी शिक्षकों में संस्कृत भाषा के उच्चारण एवं शुद्ध लेखन की योग्यता उत्पन्न करना।

अधिगम प्रतिफ़ल

इस पाठ्यक्रम की सामग्री के पूरा होने के बाद शिक्षार्थी सक्षम होंगे:-

⇒ संस्कृत भाषा की प्रकृति आवश्यकता का दायरा और सिद्धांतों को समझें और समझाएं।
⇒ माध्यमिक स्तर पर संस्कृत शिक्षण से संबंधित बुनियादी अवधारणा के बारे में जागरूक करना।
⇒ विद्यार्थियों में भाषाई कौशल और इसके विकास की प्रक्रिया का विकास करना।
⇒ संस्कृत पढ़ने के लिए आवश्यक शिक्षण कौशल प्राप्त करना।
⇒ छात्रों के प्रदर्शन के मूल्यांकन के विभिन्न तरीकों का प्रयोग करना।
⇒ संस्कृत भाषा के शुद्ध उच्चारण एवं शुद्ध लेखन का प्रदर्शन करना।

इकाई-1 संस्कृत भाषा- शिक्षण

1.1 संस्कृत भाषा- शिक्षण, अर्थ, महत्व एवं उद्देश्य।

1.2 भाषा परिवार, संस्कृत भाषा और भारतीय भाषाएँ।

1.3 संस्कृत भाषा एवं साहित्य का ऐतिहासिक तथा वर्तमान अवलोकन ।

1.4 संस्कृत भाषा की पाठ्यक्रम में अनिवार्यता या स्थान ।

इकाई -2 संस्कृत भाषा शिक्षण के लक्ष्य और उद्देश्य

2.1 विभिन्न स्तरों (प्राथमिक, माध्यमिक और उच्चतर माध्यमिक स्तर) पर संस्कृत शिक्षण के लक्ष्य और उद्देश्य।

2.2 संस्कृत भाषा शिक्षण में सामान्य सिद्धांत तथा सूत्र ।

2.3 विद्यालय स्तर पर संस्कृत शिक्षण से संबंधित समस्याएँ।

2.4 संस्कृत अध्यापक के गुण।

इकाई -3 संस्कृत भाषा शिक्षण की विधिया एवं अनुदेशनात्मक सामग्री

3.1 संशोधित ब्लूम टैक्सनॉमी।

3.2 पाठ्य पुस्तक विधि , प्रत्यक्ष विधि, व्याकरण अनुवाद विधि ।

3.3 संस्कृत भाषा शिक्षण की विभिन्न पद्धतियां, उद्देश्य, विशेषताएं, लाभ तथा सीमाएं।

3.4 संस्कृत भाषा शिक्षण में दृश्य-श्रव्य साधन प्रयोग ।

इकाई -4. संस्कृत भाषा शिक्षण पाठ्य- पुस्तक

4.1 संस्कृत विषय वस्तु एवं संस्कृत पाठ्य- पुस्तक निर्माण के सिद्धांत।

4.2 संस्कृत भाषा शिक्षण में श्रवण तथा पठन का अभ्यास ।

4.3 पाठ्यक्रम, पाठ्यक्रम और पाठ्यपुस्तक के बीच संबंध को समझना; सामग्री का चयन; गतिविधियों और कार्यों का विकास।

4.4 संस्कृत भाषा शिक्षण एवं पुस्तकालय।

प्रयोगात्मक कार्य

निम्नलिखित में से किसी एक को चुनें:-

- सीखने के उद्देश्यों और मूल्यांकन विधियों सहित एक विशिष्ट ग्रेड/कक्षा के लिए एक व्यापक संस्कृत पाठ्यक्रम तैयार करें।
- पारंपरिक बनाम आधुनिक दृष्टिकोण जैसे शिक्षण के विभिन्न तरीकों की तुलना और तुलना करें
- प्रमुख संस्कृत ग्रंथों, जैसे महाकाव्यों, पुराणों, या दार्शनिक कार्यों, और शिक्षा में उनकी प्रासंगिकता के सांस्कृतिक और ऐतिहासिक संदर्भ को प्रस्तुत करना और चर्चा करना।

शिक्षण घंटे: 3+2
परीक्षा घंटे: 3 घंटे

परीक्षक के लिए निर्देश: परीक्षक को परीक्षा के लिए कुल नौ प्रश्न निर्धारित करने होंगे। इनमें से छात्रों को केवल पांच प्रश्न ही हल करने होंगे। प्रश्न 1 अनिवार्य होगा और इसमें चार लघु उत्तरीय प्रश्न होंगे, प्रत्येक प्रश्न 4 अंक का होगा, प्रत्येक इकाई से एक प्रश्न चुना जाएगा। प्रत्येक इकाई से आंतरिक विकल्प वाले दो दीर्घ उत्तरीय प्रश्न पूछे जाएंगे। छात्रों को प्रत्येक इकाई/अनुभाग से एक दीर्घ उत्तरीय प्रश्न का उत्तर देना आवश्यक है। इस प्रकार, छात्र कुल पाँच प्रश्न पूरे करेंगे, यह सुनिश्चित करते हुए कि प्रत्येक इकाई से एक प्रश्न चुना गया है। सभी प्रश्न समान मूल्य के हैं, प्रत्येक 16 अंक का है।

उद्देश्य

- ⇒ भावी शिक्षकों में पंजाबी भाषा शिक्षण संबंधी योग्यताओं का विकास करना।
- ⇒ भावी शिक्षकों में पंजाबी शिक्षण उपरांत अपेक्षित कुशलताओं का विकास करना।
- ⇒ भावी शिक्षकों में एक पंजाबी अध्यापक के गुण विकसित करना।
- ⇒ भावी शिक्षकों में विभिन्न शिक्षण विधियां एवं तकनीक के उचित प्रयोग करने की क्षमता उत्पन्न करना।

अधिगम प्रतिफ़ल

इस पाठ्यक्रम की सामग्री के पूरा होने के बाद शिक्षार्थी सक्षम होंगे:-

- ⇒ पंजाबी भाषा की आवश्यकता और सिद्धांतों की प्रकृति को समझें और समझाएं।
- ⇒ विद्यार्थियों में भाषा विज्ञान कौशल और इसके विकास की प्रक्रिया का विकास करना।
- ⇒ पंजाबी सिखाने के लिए आवश्यक शिक्षण कौशल हासिल करना।
- ⇒ छात्रों के प्रदर्शन के मूल्यांकन के तरीकों को सीखें और उनका उपयोग करना।

इकाई-1 भाषा की प्रकृति एवं विकास

1.1 भाषा: अर्थ, प्रकृति, महत्व और उसका विकास।

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.2 पंजाबी शिक्षण में शिक्षण उद्देश्यों का अर्थ, महत्व और वर्गीकरण ।

1.3 व्यवहार की दृष्टि से भाषा के उद्देश्यों का वर्णन।

1.4 पंजाबी भाषा का अन्य भाषाओं (हिन्दी अंग्रेजी संस्कृत) और साहित्य के रूपों (गद्य, पद्य, व्याकरण, रचना) के साथ अंतर्संबंध।

इकाई-2 शैक्षणिक विश्लेषण और पाठ योजना

2.1 शैक्षणिक विश्लेषण का अर्थ, महत्व और चरण।

2.2 गद्य एवं पद्य में से किन्हीं दो विषयों पर शैक्षणिक विश्लेषण।

2.3 पाठ योजना : मूल तत्वों की आवश्यकता एवं महत्व एवं उसकी तैयारी।

2.4 पंजाबी में इकाई योजना: महत्व और इसकी तैयारी की आवश्यकता।

इकाई- -3 भाषाई कौशल और शिक्षण कौशल

3.1 श्रवण कौशल, मौखिक कौशल, पठन कौशल एवं लेखन कौशल

3.2 प्रश्न कौशल, उदाहरण सहित चित्रण का कौशल

3.3 व्याख्या कौशल, प्रस्तावना कौशल।

3.4 पाठों की भाषाई और वैचारिक सामग्री की पहचान।

इकाई-4 शिक्षण अधिगम संसाधन एवं प्रक्रिया

4.1 शिक्षण सामग्री: संकल्पना, घटक।

4.2 भाषा प्रयोगशाला का महत्व एवं नवीनतम तकनीकों का उपयोग।

4.3 पंजाबी भाषा का पाठ्यक्रम ।

4.4 पंजाबी भाषा की पाठ्य पुस्तकें।

प्रयोगात्मक कार्य

निम्नलिखित में से किसी एक को चुनें:-

- ऐसी गतिविधि निर्माण करें जो पंजाबी में सुनने, बोलने, पढ़ने और लिखने के कौशल को एकीकृत करे और प्रस्तुत करे कि इन गतिविधियों का कक्षा सेटिंग में कैसे उपयोग किया जा सकता है।
- पंजाबी सिखाने के लिए विशिष्ट प्रभावी कक्षा प्रबंधन तकनीकों का प्रदर्शन करें, जिसमें भागीदारी को प्रोत्साहित करने और आम चुनौतियों का समाधान करने की रणनीतियाँ शामिल हैं।
- पंजाबी शिक्षण में प्रौद्योगिकी के उपयोग का अन्वेषण करें और प्रस्तुति दें। और छात्रों की उपलब्धि पर उनके प्रभाव की व्याख्या करें।

पंजाबी **शिक्षण हेतु अनुमोदित पुस्तकें:-**

- सिंह, जे.बी. (1981)। गुरुमुखी लिपि दा जन्म ते विकास। चंडीगढ़ पंजाबी यूनिवर्सिटी. प्रकाशन ब्यूरो
- सिंह, जे.बी. (1971)। गुरुमुखी लिपि भरे। लुधियाना लाहौर किताब की दुकान।
- सिंह, एच. (1966) पंजाबी, पटियाला, पंजाबी विश्वविद्यालय।

SEMESTER-I
COURSE- IV (BOE – 104)
PEDAGOGY OF PHYSICAL SCIENCE (OPTION VI)

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT-SPECIFIC OBJECTIVES

The course aims to:

- Promote knowledge and skills in scientific inquiry and problem-solving.
- Foster the construction and application of scientific and technological knowledge.
- Develop an understanding of the nature of science and its relationship to technology, society, and the environment.
- Encourage the use of innovative teaching methods and resources in Physical Science education.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Understand the nature and scope of Physical Science and its role in secondary education.
- Appreciate that science is a dynamic and expanding body of knowledge.
- Comprehend the aims and objectives of teaching Physical Science and apply Bloom's Taxonomy in educational settings.
- Write instructional objectives in behavioural terms.
- Effectively use different activities, experiments, demonstrations, and laboratory experiences for teaching Physical Science.
- Facilitate the development of scientific attitudes in learners.
- Adopt suitable approaches and methods for teaching Physical Science.
- Appreciate the importance of instructional planning and the use of e-resources in teaching Physical Science.
- Understand and analyse the latest trends in science curriculum, including insights from NCF 2023 and NEP 2020.
- Develop skills in conducting experiments and linking theoretical concepts with practical work.

COURSE CONTENT

UNIT 1: FUNDAMENTALS OF TEACHING PHYSICAL SCIENCE

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.1 Meaning, Nature, and Scope of Physical Science; Need and Importance in Secondary Schools; Values in the Present Context

1.2 Scientific Literacy, Scientific Attitude, and Scientific Temper; Concepts of Theoretical Knowledge: Facts, Concepts, Hypotheses, Theories, Principles, and Laws

1.3 Correlation of Physical Science with Other School Subjects

1.4 Contributions of Eminent Scientists: APJ Abdul Kalam, Isaac Newton, John Dalton, Niels Bohr, Louis de Broglie, J.C. Bose, C.V. Raman, Albert Einstein, Homi J. Bhabha (Aligned with NEP 2020 and NCF 2023)

UNIT 2: AIMS AND OBJECTIVES OF TEACHING PHYSICAL SCIENCE

2.1 Aims and Objectives of Teaching Physical Science

2.2 Bloom's Taxonomy of Educational Objectives, RCEM Approach

2.3 Writing Learning Objectives in Behavioural Terms

2.4 Formulating Instructional Objectives in Behavioural Terms (Aligned with NCF 2023)

UNIT 3: MICRO-TEACHING & MICRO SKILLS

3.1 Meaning & Definition of Micro-teaching; Procedure or Cycle of Micro-Teaching Technique; Advantages of Micro Teaching

3.2 Meaning & Types of Micro-Skills

3.3 Skills of Introducing Lessons, Questioning, Explaining, Illustration with Examples, Stimulus Variation, Blackboard Writing

3.4 Co-Curricular Activities in Teaching Physical Science: Team Teaching, Panel Discussions, Science Excursions (Field Trips), Science Clubs, Science Fairs/Exhibitions (Aligned with NEP 2020)

UNIT 4: CURRICULUM AND LEARNING RESOURCES IN PHYSICAL SCIENCE

4.1 Principles of Curriculum Construction; Critical Analysis of Existing Science Curriculum at the Secondary Level

4.2 Characteristics of a Good Curriculum and a Good Science Textbook; Characteristics of an Effective Physical Science Teacher

4.3 Physical Science Laboratory: Importance, Planning, Designing, and Equipping

4.4 Audio-Visual Aids and E-learning Resources; Improvised Apparatus: Meaning, Importance, and Preparation; Professional Growth of Physical Science Teachers: In-service Training, Orientation Programs, Refresher Courses, Seminars, Workshops (Aligned with NCF 2023)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Prepare a list of basic equipment used in Physics and Chemistry laboratories, including handling procedures.
- Design and create an improvised apparatus or equipment for use in a Physical Science lesson.
- Develop a working model on a topic from the Physical Science secondary school curriculum.
- Conduct a case study of a secondary science laboratory and prepare a detailed report.
- Any other activity, assignment and project assigned by the teacher.

SUBJECT- SPECIFIC OBJECTIVES:

- Familiarize themselves with the concept of commerce, its objectives, and relevance in the school curriculum.
- Understand the various functions of commerce and its integration with other subjects.
- Develop the necessary competencies to become effective commerce teachers.
- Explore and apply various methods, approaches, and techniques specific to the teaching of commerce.

COURSE OUTCOMES:

Upon successful completion of this course, students will:

- Explain the concept, aims, and objectives of commerce education and its importance in the school curriculum.
- Demonstrate key teaching skills, understand the general qualities of an effective commerce teacher, and critically analyses commerce textbooks.
- Classify and apply different teaching methods and techniques, including lesson planning and the use of instructional aids, in commerce education.
- Prepare and execute lesson plans effectively, utilizing various teaching aids to enhance the learning experience in commerce.

COURSE CONTENT

UNIT I: CONCEPT, AIMS, AND OBJECTIVES OF COMMERCE TEACHING:

1.1 Concept, nature, scope, need, and importance of commerce education.
1.2 Integration of commerce with other subjects in the school curriculum.
1.3 Aims and objectives of teaching commerce at various educational stages.
1.4 Values and significance of commerce education in personal and societal development.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT II: INSTRUCTIONAL OBJECTIVES, TEACHER, AND TEXTBOOK OF COMMERCE TEACHING:

2.1 Bloom's taxonomy of instructional objectives: Understanding and application.

2.2 Writing instructional objectives in behavioural terms for commerce education.

2.3 Characteristics of a good commerce textbook and methods for textbook analysis.

2.4 Qualities and professional competencies required for effective commerce teachers.

UNIT III: MICRO TEACHING SKILLS AND METHODS IN COMMERCE TEACHING:

3.1 Methods of teaching commerce: Discussion method, Lecture method, Project method, Problem-solving method.

3.2 Micro-teaching skills in commerce: Skill of introduction, Skill of reinforcement, Skill of probing questions, Skill of illustration with examples.

3.3 Case Study Method: Importance of case studies in commerce education, Steps to implement the case study method in the classroom.

3.4 Role-Playing and Simulation: Benefits of role-playing and simulations in teaching commerce, Designing and conducting role-plays and simulations in commerce lessons

UNIT IV: LESSON PLANNING AND TEACHING AIDS IN COMMERCE:

4.1 Lesson planning in commerce: Need and importance of lesson planning,

4.2 Principles of effective lesson planning.

4.3 Procedure for developing a lesson plan,Various approaches to lesson planning in commerce education.

4.4 Teaching aids in commerce education: Audio aids: Meaning, use, merits, and limitations, Visual aids: Meaning, use, merits, and limitations, Audio-visual aids: Meaning, use, merits, and limitations.

SUGGESTED PRACTICUM ACTIVITIES: CHOOSE ANY ONE

Students will choose and complete **one** of the following practicum activities:

- Deliver a micro-teaching lesson focusing on one of the micro-teaching skills in commerce.
- Prepare a detailed lesson plan for teaching a specific topic in commerce and present it to peers.
- Conduct a sessional work or unit test, followed by the interpretation of results and feedback to students.
- Develop a project-based activity or terminal assessment for commerce students and analyse its effectiveness.
- Any other suggested activity/project/assignment by the teacher.

SUGGESTED READINGS:

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT-SPECIFIC OBJECTIVES

The course aims to:

- Foster the all-round development of individuals in the context of home and family.
- Prepare students for careers in home management, education, development, and welfare.
- Equip students with the skills and knowledge needed to manage homes and families across various educational and developmental programs.
- Encourage the integration of modern educational trends and digital resources into Home Science education, in alignment with NCF 2023 and NEP 2020.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Understand the nature, scope, and significance of Home Science as a discipline.
- Comprehend the aims and objectives of teaching Home Science and apply them effectively.
- Employ suitable approaches, methods, and resources to teach Home Science, including the use of e-resources.
- Formulate instructional objectives in behavioral terms, following Bloom's Taxonomy.
- Conduct various activities, experiments, demonstrations, and laboratory experiences to enhance the teaching-learning process in Home Science.
- Develop laboratory skills that link theoretical concepts with practical applications.
- Analyze and understand the latest trends in Home Science curriculum development.
- Critically evaluate the existing Home Science curriculum at the secondary level.

COURSE CONTENT

UNIT 1: FUNDAMENTALS OF HOME SCIENCE

1.1 Meaning, Nature, and Scope of Home Science; Need and Importance in Secondary Schools

1.2 Correlation of Home Science with Other School Subjects

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya

4.4 Audio-Visual Aids, E-learning Resources, and Professional Development Opportunities for Home Science Teachers: In-service Training, Orientation Programs, Refresher Courses, Seminars, and Workshops (Incorporating NCF 2023 and NEP 2020 Guidelines)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Conduct ten practical sessions in Cooking, Stitching/Embroidery/Knitting, and Home Management.
- Organize a handicrafts fair in a rural setting to promote traditional skills.
- Plan and conduct a field visit to study and report on the health habits and concerns of school students in a village.
- Design and implement a remedial teaching program for a Home Science student.
- Develop a digital resource or e-learning module for a Home Science topic.
- Create a project on sustainable practices in Home Science, aligned with NEP 2020 goals.
- Any other activity, project, assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT- SPECIFIC OBJECTIVES

The course will enable student-teachers to:

- Understand the historical development, importance, and interdisciplinary connections of Music with other school subjects.
- Gain comprehensive knowledge of swaras, sruti, and apply Bloom's taxonomy to instructional objectives in Music education.
- Develop skills in pedagogical analysis, lesson planning, and effective classroom teaching for Music.
- Acquire proficiency in using and creating teaching aids for Music instruction.
- Recognize the essential qualities of a Music teacher and the significance of classical Music in education.
- Familiarize with different methods and approaches for teaching Music, ensuring effective student engagement and learning.
- Develop competency in designing and implementing evaluation tools for assessing Music education.

COURSE OUTCOMES

Upon completion of the course, the student-teachers will be able to:

- Understand the history, significance, and correlation of Music with other academic subjects.
- Demonstrate knowledge of swaras and sruti and apply Bloom's taxonomy in Music education.
- Prepare and implement pedagogical analysis and lesson plans for effective Music teaching.
- Develop and utilize teaching aids and resources to enhance Music instruction.
- Recognize and cultivate the qualities of an effective Music teacher.
- Apply various methods and approaches to teach Music in diverse educational settings.
- Develop and implement evaluation tools to assess student progress in Music.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

COURSE CONTENT

UNIT 1: NATURE & SCOPE OF MUSIC

1.1 A Brief History of Indian Music

1.2 Need and Importance of Music in Secondary Schools

1.3 Aims & Objectives of Teaching Music in Schools

1.4 Correlation of Music with Other School Subjects

UNIT 2: PEDAGOGICAL ANALYSIS AND LESSON PLANNING

2.1 Content Analysis: Swar, Saptak, Sruti, Rhythm, Taal

2.2 Pedagogical Analysis: Identification of Concepts, Behavioral Outcomes, Activities & Experiments, Evaluation Techniques

2.3 Teaching Skills: Skill of Introducing the Lesson, Skill of Explaining, Skill of Stimulus Variation, Skill of Questioning

2.4 Need & Importance of Lesson Planning in Music

UNIT 3: TEACHING LEARNING RESOURCES AND PROCESSES

3.1 Information about Voice Culture and Caryn's

3.2 Possibilities of Notation for Indian Music

3.3 Motion and Rhythm in Music

3.4 Importance of Various Teaching Aids in Music

UNIT 4: APPROACHES AND EVALUATION IN TEACHING

4.1 Methods of Teaching Music: Play Way Method, Heuristic Method, Lecture-cum-Demonstration, Geet Method, Project Method, applying various teaching methodologies to cater to diverse learning needs in Music.

4.2 Qualities of Music Teachers: Gayak, Vadak, Vadykar

4.3 Importance of Classical Music and Suggestions for Popularization

4.4 Evaluation in Music Education

SUGGESTED PRACTICUM ACTIVITIES

Student-teachers will choose and complete any two of the following activities:

- Sing a fast Khyal or play a rezakhoni Gat with Tanas and Alaps or Jhala and Toras in Ragas such as Bhupali, Bhairvi, Brindavani Sarag, Asawari, Bhimplashi, Malkauns, Kaffi.
- Sing or play a slow Khayal (Vilambit Bara Khyal) or Masti Khayal Gat in Asawari and Malkauns Rag.
- Practice Tha's and Dvigun Laya on Tabla in Teen Tal, Dadra, Juptal, Dharva, Ektal.
- Demonstrate tuning of the instrument for instrumentalists and tuning of the Tanpura for vocal music students.
- Read and write music notation using either the Bhatkhande or Vishnu Digamber Pulskar system.
- Any other activity, assignment and project assigned by the teacher.

SUGGESTED READINGS

- Awasthi, S. (Year). *Teaching of Music (Hindi)*. Jallandhar: Govt. Training College.
- Bhatnagar, S. (Year). *Teaching of Music.*
- Goswami, O. (Year). *Indian Music.*
- Khande, B. (Year). *Short Historical Survey.*

Chairperson

DEPARTMENT OF EDUCATION
FACULTY OF EDUCATION
B.P.S. MAHILA VISHWAVIDYALAYA, KHANPUR KALAN
BACHELOR OF EDUCATION (B.ED.)
SEMESTER-I
COURSE-V (BOE-105)
PEDAGOGY OF MATHEMATICS (OPTION I)

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT- SPECIFIC OBJECTIVES

- Develop a deep understanding of the nature and essence of mathematics.
- Comprehend the characteristics and structure of mathematical language.
- Explore and appreciate the historical evolution of mathematical concepts.
- Analyse and articulate the contributions of Indian mathematicians to the field.
- Relate mathematics to other academic disciplines and understand its interdisciplinary connections.
- Formulate specific instructional objectives in behavioural terms.
- Master and apply various teaching methods effectively in the mathematics classroom.

COURSE OUTCOMES

- Upon successful completion of the course, students will:
- Understand the intrinsic nature, significance, and historical context of mathematics.
- Articulate the contributions of key Indian mathematicians and recognize the importance of Vedic Mathematics.
- Formulate and apply educational objectives within the context of Bloom's Taxonomy in behavioural terms.
- Integrate a variety of instructional media, including textbooks, reference materials, and digital resources, into their teaching practice.
- Employ a range of teaching skills and methods tailored to the secondary school mathematics curriculum.
- Design effective lesson plans, utilizing modern pedagogical approaches to cater to diverse learners.
- Implement innovative teaching strategies that address the needs of both gifted and slow learners.

COURSE CONTENT

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT I: MATHEMATICS: HISTORICAL BACKGROUND, NATURE, AND SIGNIFICANCE

1.1 Meaning, nature, and significance of mathematics, Historical development of numbers and the metric system.

1.2 Contributions of Indian mathematicians: Aryabhata, Brahmagupta, Srinivasa Ramanujan, Bhaskar Acharya, An introduction to Vedic Mathematics.

1.3 Understanding axioms, postulates, assumptions, hypotheses, and theorems in mathematics, The value of teaching mathematics at the secondary level.

1.4 Correlation of mathematics with other disciplines and branches of mathematics.

UNIT II: MATHEMATICS IN SCHOOL CURRICULUM

2.1 Aims and objectives of teaching mathematics, Bloom's Taxonomy of Educational Objectives.

2.2 Formulating instructional objectives in behavioural terms, Approaches to writing instructional objectives in behavioural terms.

2.3 Instructional media: textbooks, reference books, OERs, magazines, journals, encyclopaedias, newspapers, teaching aids, and other media.

2.4 Inclusion of Mathematics for Special Needs: Techniques for adapting curriculum for learners with disabilities and diverse needs.

UNIT III: SKILLS AND METHODS IN TEACHING MATHEMATICS AT THE SECONDARY STAGE

3.1 Micro-skills in teaching mathematics: Skill of reinforcement, Skill of probing questioning, Skill of stimulus variation, Skill of illustration with examples, Skill of explaining.

3.2 Teaching methods: steps, advantages, and disadvantages of various methods: Lecture-cum-demonstration method, Project method, Problem-solving method, Inductive and deductive methods, Laboratory method.

3.3 Cooperative Learning: Implementing group work and peer learning strategies in mathematics instruction.

3.4 Class-room Management Strategies in Mathematics Teaching : (Techniques for managing a mathematics classroom effectively, Strategies for maintaining student engagement during mathematics lessons, addressing common classroom challenges specific to mathematics instruction, Incorporating differentiated instruction to manage diverse learning needs in a mathematics classroom).

UNIT IV: INSTRUCTIONAL PLANNING, DESIGNING, AND TRANSACTION IN MATHEMATICS

4.1 Meaning, importance, steps, and qualities of a good lesson plan, Types of planning: yearly, unit, and daily.

4.2 Pedagogical approaches: Constructivist approach, Discovery approach., Collaborative approach. Reflective approach.

4.3 Strategies for teaching gifted and slow learners in mathematics.

4.4 Modern teaching techniques: Brainstorming, Quiz, Seminar, Discussion, Drill, Self-study, Supervised study, Group study.

SUGGESTED PRACTICUM ACTIVITIES: (Choose any one)

Students will complete one of the following practicum activities:

- Prepare and present a lesson based on a specific value of teaching mathematics.
- Create a PowerPoint presentation on a selected mathematics topic for secondary classes.
- Develop an album or video showcasing the contributions of Indian and Western mathematicians.
- Design an online game or video to teach a mathematical concept.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Conduct a case study of a slow or gifted learner in mathematics.
- Develop low-cost and no-cost teaching aids and evaluate their effectiveness in a mathematics classroom.
- Analyse famous quotations on mathematics and prepare a detailed report.
- Identify one concept each from the Number System, Algebra, Coordinate Geometry, Trigonometry, Statistics, Mensuration, and Geometry, and illustrate how each can be applied in daily life.
- Create a differentiated lesson plan: Design a lesson plan that includes adaptations for students with different learning needs.
- Any other activity/project/assignment given by the teacher.

SUGGESTED READINGS

- Aggarwal, J. C. (2008). *Teaching of mathematics*. Shipra Publications.
- Anice, J. (2005). *Teaching of mathematics*. Neelkamal Publication.

Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT- SPECIFIC OBJECTIVES

- Develop a comprehensive understanding of the concept, nature, and scope of Social Science.
- Explore the relationship between Social Science and other school subjects, such as History, Sociology, Political Science, Economics, Mathematics, and Science.
- Cultivate essential teaching skills and techniques specific to Social Science instruction.
- Gain proficiency in pedagogical methods, teaching aids, and evaluative strategies in the context of Social Science.
- Prepare to effectively evaluate and diagnose students' learning in Social Science.

COURSE OUTCOMES

By the end of this course, students will be able to:

- Define and explain the concept, nature, and scope of Social Science.
- Analyse and articulate the relationship of Social Science with other academic disciplines.
- Identify and apply various teaching skills and methodologies appropriate for Social Science instruction.
- Evaluate the effectiveness of teaching aids and strategies in enhancing students' understanding of Social Science.
- Construct and utilize various evaluative tools to assess student learning and provide remedial teaching as necessary.

COURSE CONTENT

UNIT 1: OVERVIEW OF SOCIAL SCIENCE

1.1 Concept, Nature, and Scope of Social Science, The Need for and Improvements in Teaching Social Science, Objectives of Teaching Social Science at Different School Levels (Elementary and Secondary)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.2 Interdisciplinary Relationship of Social Science with History, Sociology, Political Science, Economics, Mathematics, and Science.
1.3The Role of Social Science in Shaping Citizenship and Social Responsibility
1.4 Social Science in the National Curriculum Framework (NCF) 2023 and NEP 2020

UNIT 2: BASIC TEACHING SKILLS, TEACHER COMPETENCIES, AND TEXTBOOK ANALYSIS IN SOCIAL SCIENCE

2.1 Concept of Micro Teaching, Micro Teaching Skills: Questioning, Introduction, Explanation, Stimulus Variation, Black Board Writing, Illustration with Examples, and Reinforcement Skill.
2.2 Textbook Evaluation: Characteristics of a Good Social Science Textbook and Textbook Analysis Techniques
2.3 Essential Characteristics and Qualities of an Effective Social Science Teacher.
2.4 Strategies for differentiated instruction in Social Science, Use of digital resources and technology in teaching Social Science.

UNIT 3: METHODS, PEDAGOGIC PLANNING, AND TEACHING AIDS IN SOCIAL SCIENCE

3.1Pedagogical Methods: Lecture-Cum-Discussion, Project Method, Problem Solving, Storytelling, Source Method, Deductive and Inductive Approaches
3.2 Teaching Aids: Audio, Visual, and Audio-Visual Aids—Their Meaning, Use, Merits, and Limitations
3.3 Integration of experiential learning in Social Science teaching, Role of case studies and simulations in teaching Social Science concepts.
3.4 Pedagogical adaptations in teaching Social Science in inclusive classroom at all levels of school education.

UNIT 4: EVALUATION STRATEGIES IN SOCIAL SCIENCE

4.1 Concept, Need, and Types of Evaluation.
4.2 Evaluation Tools: Checklists, Observation, and Interviews.
4.3 Types and Construction of Achievement Tests.
4.4 Diagnostic and Remedial Teaching: Concepts, Needs, and Importance, Use of rubrics and self-assessment tools in Social Science education.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

- Organize visits to historical sites, ecological reserves, or political institutions.
- Conduct a social awareness campaign or an election awareness program.
- Plan and execute an exhibition related to Social Science.
- Develop and implement an annual plan, unit plan, or lesson plan.
- Create a scrapbook focused on a relevant Social Science theme.
- Any other activity assigned by the teacher.

SUBJEC- SPECIFIC OBJECTIVES

- Articulate the nature and scope of life science, recognizing its importance in contemporary education and society.
- Explain the significance and values of life science in the current educational context.
- Identify and understand the key objectives of teaching life science.
- Apply Bloom's Taxonomy to formulate clear, measurable instructional objectives in behavioural terms.
- Select and employ suitable teaching approaches, methods, and resources for effective life science instruction.
- Plan, organize, and implement extension activities, recognizing their importance in enriching the life science curriculum.
- Integrate e-resources into life science teaching to enhance instruction and student engagement.
- Conduct experiments to demonstrate life science concepts, developing practical laboratory skills.
- Perform effectively as a life science teacher, adapting practices to the specific needs of Indian school settings.
- Understand and articulate the latest trends in science curriculum design and implementation.
- Critically analyse existing science curricula to identify strengths and areas for improvement.
- Organize and participate in non-formal science programs and activities, contributing to broader science education initiatives.
- Acquire skills in experimental techniques, experiment design, and the construction, repair, and maintenance of scientific equipment.
- Implement various teaching and learning approaches in life science education to enhance pedagogical effectiveness.
- Explore and utilize process skills in science education and understand the critical role of laboratories in teaching and learning.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

COURSE OUTCOMES:

Upon completing this course, students will be able to:

- Clearly understand and explain the importance of life science in today's education and society.
- Set specific, measurable goals for learning life science and select effective methods and resources to teach it.
- Plan and organize activities that enhance the life science curriculum and use digital tools to make learning more engaging.
- Develop practical skills for conducting experiments, using scientific equipment, and adapting their approach to fit different educational settings.
- Evaluate and improve science curricula, stay current with trends in science education, and engage in science programs and activities outside the classroom.

COURSE CONTENT

UNIT I: FUNDAMENTALS OF TEACHING LIFE SCIENCE

1.1 Meaning, Nature, and Scope of Life Science

1.2 Place and Values of Life Science in Secondary Schools in the Present Context

1.3 Correlation of Life Science with Other School Subjects, Biology in the Service of Human Welfare: Agriculture, Medicine, and Industry

1.4 Recommendations of National Curriculum Framework for School Education 2023 Regarding Science Education

UNIT II: AIMS AND OBJECTIVES OF LIFE SCIENCE

2.1 Developing Scientific Attitude and Scientific Temper

2.2 Aim and Objectives of Teaching Life Science at Secondary and Senior Secondary Stages

2.3 Bloom's Taxonomy of Educational Objectives

2.4 Formulation of Instructional Objectives in Behavioural Terms

UNIT III: METHODS AND APPROACHES OF LEARNING LIFE SCIENCE

3.1 Methods of Teaching: Lecture-cum-Demonstration Method, Problem-Solving Method, Scientific Method, Remedial Teaching, and Team Teaching

3.2 Skills of Teaching: Skill of Questioning, Skill of Explaining, Skill of Illustration with Examples, and Skill of Stimulus Variation

3.3 Pedagogical Approaches and Principles as per Recommendation of National Curriculum Framework for School Education 2023

UNIT IV: CURRICULUM AND LEARNING RESOURCES IN LIFE SCIENCE

4.1 Trends in Science Curriculum and Principles of Curriculum Construction

4.2 Characteristics of a Good Curriculum,

4.3 Critical Analysis of Existing Curriculum of Life Science at the Secondary Level

4.4 Life Science Laboratory: Planning, Designing, and Maintenance of Equipment and Records, Types of Teaching Aids and Their Use in Teaching Life Science, Utilization of E-Resources and E-Learning in the Science Classroom

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

- Laboratory techniques such as collecting, culturing, staining, maceration, and temporary & permanent mounting of materials.
- Museum techniques: Preservation, preparation, and maintenance of plant, animal, and other specimens.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Setting up and maintaining an aquarium and terrarium.
- Use and maintenance of basic equipment in the biology laboratory.
- Practicing at least five experiments to be demonstrated/ conducted in secondary class.
- Preparing a working model on biological secondary school standard topics.
- Collecting and preserving any five biological specimens and writing a report.
- Conducting a case study of any senior secondary science lab and preparing a report.
- Any other activity assigned by the teacher.

SUGGESTED READINGS

SUBJECT-SPECIFIC OBJECTIVES:

- To comprehend the concept, nature, and scope of Economics and its importance in the school curriculum.
- To explore the place of Economics in the school curriculum at different stages of education.
- To articulate the aims and objectives of teaching Economics, using Bloom's Taxonomy and the RCEM approach.
- To develop and practice essential teaching skills specific to the pedagogy of Economics.
- To understand the correlation of Economics with other subjects.
- To critically analyse textbooks and other instructional materials used in the teaching of Economics.
- To explore and apply various teaching methods suited to Economics.
- To identify and effectively use appropriate teaching aids, including audio, visual, and audio-visual materials, in the teaching of Economics.
- To critically understand and apply various assessment techniques and patterns in line with the NEP vision.
- To define and appreciate the stages of evaluation, including diagnostic, formative, and summative assessments.
- To implement continuous and comprehensive assessment and recognize the characteristics of a good test.

COURSE OUTCOMES:

After completing the course, students will be able to:

- Explain the concept, nature, and importance of Economics in the school curriculum.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Identify the appropriate stage for introducing Economics in the school curriculum and justify its placement.
- Apply various teaching skills effectively, such as introductory, stimulus variation, and reinforcement, in the context of Economics.
- Analyse and evaluate Economics textbooks and correlate Economics with other subjects.
- Select and apply suitable pedagogical methods like lecture, project, role-play, and problem-solving in the teaching of Economics.
- Utilize various instructional aids effectively to enhance the learning experience in Economics.
- Design and implement evaluation strategies that align with the NEP vision and other educational standards.
- Conduct diagnostic, formative, and summative assessments, and design continuous and comprehensive evaluation plans.

COURSE CONTENT

UNIT 1: CONCEPTAND OBJECTIVES OF ECONOMICS IN SCHOOL CURRICULUM

1.1 Concept, Nature, Scope, Need, and Importance of Economics

1.2 Place of Economics in School Curriculum at Different Stages

1.3 Aims and Objectives of Pedagogy of Economics

1.4 Bloom's Taxonomy & Instructional Objectives Using RCEM Approach

UNIT 2: BASIC TEACHING SKILLS, TEACHER, AND TEXTBOOK OF PEDAGOGY OF ECONOMICS

2.1 Micro Teaching Skills: Introductory, Stimulus Variation, Probing Questioning, Black Board Writing, Illustration with Examples, and Reinforcement Skill.

2.2 Correlation of Economics with Other Subjects (Mathematics, History, Social Studies, Commerce)

2.3 Importance of a Good Textbook in Economics

2.4 Characteristics of a Good Textbook and Analysis of Economics Textbooks in Social Science

UNIT 3 PEDAGOGY OF ECONOMICS &AIDS

3.1 Methods of Pedagogy of Economics: Lecture Method, Project Method, Role-Play Method, Problem-Solving Method, Storytelling Method

3.2 Teaching Aids in Economics: Audio Aids: Visual Aids: Audio-Visual Aids.

3.3 Case Studies and Real-World Application in Economics Teaching, Experiential Learning in Economics.

3.4 Pedagogical adaptations for teaching Economics for Inclusive classroom for diverse learners at all school level.

UNIT 4: ASSESSMENT TECHNIQUES AND EVALUATION IN ECONOMICS

4.1 Critical Understanding of the Existing Pattern of Assessment: NEP Vision,

4.2 Meaning, Aims, and Importance of Evaluation in Economics

4.3 Stages of Evaluation: Diagnostic, Formative, and Summative, Continuous and Comprehensive Assessment, Characteristics of a Good Test

4.4 Action Research in Economics Education: Concept, Process, and Implementation

SUGGESTED PRACTICUM ACTIVITIES: (CHOOSE ANY ONE)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Students must choose and complete **one activity** from the following:

- Develop a multimedia lesson using appropriate ICT resources and present it in a simulated teaching exercise.
- Conduct an action research project and submit a detailed report.
- Organize visits to institutions such as the Reserve Bank of India (RBI), other banks, industries, or the Finance Ministry.
- Participate in school and community-based activities, such as visiting innovative centres of pedagogy and learning, innovative schools, and educational resource centres.
- Conduct action research based on teaching-learning processes in schools or community settings.
- Any other activity, project, assignment assigned by the teacher.

SUBJECT- SPECIFIC OBJECTIVES

- Recognize the importance of computer science as a vital subject in modern education.
- Understand and articulate the aims and objectives of teaching computer science at the secondary and higher secondary levels.
- Conduct pedagogical analysis of various computer science concepts.
- Appreciate the necessity of comprehensive lesson and unit planning in computer science education.
- Grasp the principles of curriculum construction in computer science.
- Evaluate the role and effectiveness of computer science textbooks.
- Develop strategies for the efficient planning and management of a computer laboratory.
- Acquire the skills necessary for planning and delivering computer science lessons effectively.
- Familiarize themselves with various teaching skills specific to computer science instruction.

COURSE OUTCOMES

Upon successful completion of the course, students will:

- Understand the nature, significance, and scope of computer science as a subject in school curricula.
- Formulate clear, specific instructional objectives in behavioural terms for teaching computer science.
- Develop and apply key micro-teaching skills to enhance the effectiveness of computer science instruction.
- Create well-structured lesson and unit plans for computer science topics.
- Critically analyse computer science textbooks and develop self-instructional materials.
- Design, manage, and utilize a computer laboratory effectively as a teaching and learning resource.
- Integrate e-learning resources, including multimedia tools, into computer science instruction.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Identify the qualities of an effective computer science teacher and pursue professional growth in the field.

COURSE CONTENT

UNIT I: CONCEPT AND SCOPE OF TEACHING OF COMPUTER SCIENCE

1.1 Concept, meaning, and nature of computer science.

1.2 Significance of computer science in the school curriculum.

1.3 Importance and scope of teaching computer science.

1.4 Computer science teaching at different levels: primary, secondary, and higher secondary.

UNIT II: AIMS & OBJECTIVES OF TEACHING OF COMPUTER SCIENCE

2.1 Aims and objectives of teaching computer science at different stages of schooling.

2.2 Bloom's Taxonomy of Educational Objectives.

2.3 Formulation of specific objectives in behavioural terms.

2.4 Achieving objectives in the teaching of computer science.

UNIT III: MICRO TEACHING & SKILLS

3.1 Concept, need, and importance of micro-teaching, Micro-teaching cycle and its steps.

3.2Teaching skills: Skill of introducing the lesson, Skill of questioning, Skill of explanation, Skill of illustration with examples, Skill of stimulus variation, Skill of reinforcement, Skill of blackboard writing.

3.3 Lesson Planning: Concept, need, and importance of unit planning and lesson planning.

3.4Classroom Management in Computer Science Education: Strategies for maintaining discipline and engagement in a computer lab setting, Techniques for managing student behaviour and promoting effective learning in technology-enhanced environments.

UNIT IV: TEACHING LEARNING RESOURCES AND PROCESSES

4.1 Development and designing of the computer science curriculum.

4.2 Development of textbooks & critical analysis of the textbook.

4.3 Development of self-instructional material.

4.4 Designing and managing a computer laboratory, E-learning resources: Use of multimedia, e-learning, PPT, and the internet, Qualities of a good computer science teacher & professional growth of a computer science teacher.

SUGGESTED PRACTICUM ACTIVITIES: (CHOOSE ANY ONE)

Students will choose and complete **one** of the following practicum activities:

- Prepare and present a detailed lesson plan for a specific computer science topic at the secondary or higher secondary level.
- Develop a PowerPoint presentation on a complex computer science concept tailored for secondary students.
- Design a virtual or physical model of an ideal computer laboratory, including layout and resource management strategies.
- Create an instructional video or e-learning module on a selected computer science topic.
- Conduct a critical analysis of a computer science textbook and propose improvements or alternatives.
- Develop a case study on the management of a computer laboratory, focusing on challenges and solutions.
- Design a set of self-instructional materials for a computer science topic, incorporating multimedia elements.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Create a classroom management plan specifically for computer science lessons in a technology-rich environment.
- Any other activity/project/assignment provided by the institution.

SUGGESTED READINGS:

BACHELOR OF EDUCATION (B. ED.)
SEMESTER-I
COURSE-V (BOE- 105)
PEDAGOGY OF ARTS (OPTION VI)

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT- SPECIFIC OBJECTIVES

The course aims to:

- Develop an understanding of the nature and scope of Art and its relationship with other school subjects, fostering interdisciplinary learning.
- Equip student-teachers with the ability to identify and articulate the aims and objectives of teaching Art, aligned with Bloom's Taxonomy of instructional objectives.
- Analyze and apply pedagogical approaches to Art education, focusing on the development of lesson plans and teaching skills.
- Familiarize student-teachers with the elements, principles, and curriculum of Art, enabling them to select appropriate teaching methods and resources.
- Enhance the capacity of student-teachers to evaluate Art education effectively, using diverse tools and techniques.

COURSE OUTCOMES

By the end of the course, student-teachers will be able to:

- Understand the meaning, nature, and scope of Art and its integration with other school subjects.
- Analyse Art content pedagogically and develop comprehensive lesson plans that reflect educational objectives.
- Apply various teaching methods and resources, including ICT, to teach Art effectively.
- Evaluate student learning in Art through appropriate assessment techniques, ensuring alignment with the curriculum and instructional goals.

COURSE CONTENT

UNIT 1: NATURE & SCOPE OF TEACHING ART

1.1 Meaning, Nature, and Scope of Teaching Art: Understanding the foundational concepts of Art education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.2 Aims and Objectives of Teaching Art: Aligning Art education with educational goals and Bloom's Taxonomy.
1.3 Importance of Art in Education: Exploring the role of Art in holistic student development.
1.4 Correlation of Art with Other School Subjects: Integrating Art with subjects like Science, Mathematics, and Social Studies.

UNIT 2: PEDAGOGICAL ANALYSIS AND TEACHING SKILLS

2.1 Pedagogical Analysis in Art Education: Identifying concepts, listing behavioural outcomes, activities, experiments, and evaluation techniques.
2.2 Teaching Skills in Art: Developing skills such as Art Appreciation, Observation, Imagination, Visual Communication, and handling art tools.
2.3 Art Development in Children: Understanding the stages of Art development in children.
2.4 Concept, Need, and Importance of Lesson Planning in Art: Structuring lesson plans to enhance teaching and learning in Art education.

UNIT 3: TEACHING LEARNING RESOURCES AND PROCESSES

3.1 Elements and Principles of Art: Exploring fundamental elements and principles that guide Art creation and appreciation.
3.2 Curriculum Construction in Art: Understanding the meaning, principles, and steps involved in designing an Art curriculum.
3.3 Preparation and Use of Teaching Aids in Art: Creating and utilizing teaching aids to support Art instruction.
3.4 Application of ICT and Recreational Activities in Art: Integrating ICT tools and organizing recreational activities such as Art exhibitions and classroom decoration.

UNIT 4: APPROACHES AND EVALUATION IN TEACHING ART

4.1 Methods of Teaching Art: Exploring various methods including Lecture-cum-Demonstration, Excursion, Project, and Observation Methods.
4.2 Evaluation in Art Education: Techniques and tools for assessing Art learning, including formative and summative assessments.
4.3 Professional Qualities of an Art Teacher: Identifying the key attributes and professional skills required for effective Art teaching.
4.4 Organizing and Evaluating Art Activities: Planning and evaluating activities like Art exhibitions, student portfolios, and collaborative Art projects.

SUGGESTED PRACTICUM ACTIVITIES

Students will choose and complete any two of the following practicum activities:

- Create compositions involving human figures, birds, or animals.
- Develop posters focusing on writing and design elements.
- Practice still life drawing and painting techniques.
- Create traditional designs like Alpana or Rangoli.
- Develop a thematic collage using various materials.
- Explore and create landscape paintings using different mediums.
- Any other activity, assignment and project assigned by the teacher.

COURSE VI (BOE-106)
CRITICAL UNDERSTANDING OF ICT (PRACTICUM)

Max Marks: 50 **Instructional**
Hours: 4
External Marks: 40 **Credit: 2**
Internal Marks: 10

INSTRUCTIONS FOR THE EXAMINER: This practical paper assesses the pupil-teachers' ability to effectively integrate information and communication technology (ICT) into educational practices. Examiners should evaluate the completion of practicum activities, focusing on the technical proficiency, creativity, relevance, and ethical use of ICT tools, such as MS Word, MS PowerPoint, MS Excel, and online platforms like Google Forms and Kahoot. Each candidate must submit a well-organized portfolio documenting all activities, including resume creation, presentations, digital content, online assessments, and engagement in online courses. Additionally, candidates should present a multimedia lesson or significant ICT-based project, which will serve as a key component of the assessment. Evaluation will include both internal and external assessments, with feedback and marks based on technical accuracy, innovation, practical application, and reflective practice.

SUBJECT- SPECIFIC OBJECTIVES

By the end of this course, pupil-teachers will be able to:

- Acquire practical knowledge of computer functionalities and their applications in education.
- Effectively use information and communication technology (ICT) tools, software applications, and online learning platforms.
- Develop skills in creating and organizing digital resources for educational purposes.
- Integrate ICT into teaching, learning, evaluation, and management processes in an educational setting.
- Practice safe, ethical, and legal use of ICT in their professional activities.
- Utilize ICT to make classroom processes more inclusive and responsive to diverse learning needs.

COURSE OUTCOMES

Upon successful completion of this course, pupil-teachers will:

- Demonstrate the ability to create professional documents, presentations, and data reports using various ICT tools.
- Engage in online learning platforms and contribute to digital learning environments.
- Design and deliver multimedia lessons and digital assessments.
- Organize and facilitate online classes and meetings using appropriate platforms.
- Apply ethical and legal standards in the use of digital resources and online tools.
- Employ ICT strategies to support diverse learners in inclusive educational settings.

COURSE CONTENT

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT 1: PRACTICAL APPLICATIONS OF ICT IN EDUCATION

1.1 Resume Creation and Document Management: Prepare a professional resume using MS Word, demonstrating formatting and document management skills.

1.2 Presentation Development: Create a presentation using MS PowerPoint and upload it on a digital platform like SlideShare, showcasing effective use of visual aids and presentation tools.

1.3 Data Management and Analysis: Develop progress report cards and annual results using MS Excel, including the graphical representation of data.

1.4 Multimedia Content Creation: Create and upload a multimedia content related to your pedagogy subject on YouTube, demonstrating the ability to design and share educational resources online.

UNIT 2: ADVANCED ICT INTEGRATION IN TEACHING AND LEARNING

2.1 Online Assessment Tools: Prepare an online assessment tool using freely accessible software such as Google Forms or Kahoot, and evaluate its effectiveness.

2.2 Plagiarism Checking and Article Writing: Write an article and check its originality using online plagiarism software, attaching the plagiarism report to the final document.

2.3 Multimedia Lesson Development: Develop a multimedia lesson using appropriate ICT resources and present it in a simulated teaching exercise.

2.4 Online Course Engagement and Virtual Classrooms: Participate in an online course on platforms like Swayam and organize online classes or meetings using tools like Zoom or Google Meet.

SUGGESTED PRACTICUM ACTIVITIES

- Construct a professional resume and present it as part of a portfolio.
- Develop a detailed PowerPoint presentation and upload it to a digital platform.
- Create a comprehensive progress report card in MS Excel, showcasing your data management skills.
- Produce a multimedia lesson plan and deliver it in a simulated classroom environment.
- Engage in an online course and reflect on the learning experience, focusing on the integration of ICT tools.
- Organize and conduct an online meeting or class using a virtual platform, demonstrating facilitation skills.
- Any other activity, assignment and project assigned by the teacher.

SEMESTER-1
COURSE- VII (BOE- 107)
BLACKBOARD WRITING (PRACTICUM)

Max Marks: 50
External Marks: 40
Internal Marks: 10

Instructional Hours: 4
Credit: 2

INSTRUCTIONS FOR THE EXAMINER: During the practical exam, each student will be required to demonstrate their proficiency in blackboard writing, focusing on key components such as legibility, clarity, and effective use of space. The exam will assess the student's ability to apply the principles and techniques discussed in the course, including the grammatical accuracy of content, appropriate size and shape of letters, and the overall aesthetic appeal of the blackboard work. Students will be expected to integrate their blackboard writing with a brief instructional segment, showcasing how they would use the blackboard to enhance student understanding in a real classroom scenario. Additionally, evaluative skills will be tested, as students will critique their own work and provide constructive feedback to peers. This practical exam aims to assess not only the technical skills in blackboard writing but also the ability to create an engaging and visually appealing learning environment. Students should be prepared to justify their approach and demonstrate time management, confidence, and a clear connection with the students during the presentation.

SUBJECT- SPECIFIC OBJECTIVES

The course aims to:

- Develop a comprehensive understanding of the principles and techniques of effective blackboard writing.
- Cultivate essential skills and competencies in blackboard writing for enhancing classroom teaching and learning.
- Foster awareness of the importance of blackboard writing in the context of contemporary educational practices.
- Encourage aesthetic sense, time management, tolerance, and self-confidence among student-teachers through effective use of blackboard writing.
- Emphasize the role of evaluative procedures in improving blackboard writing practices.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Demonstrate proficiency in the key components of blackboard writing, including legibility, clarity, and appropriate use of space.
- Apply rules and best practices for blackboard writing to ensure effective communication of ideas in the classroom.
- Understand the relevance and importance of blackboard writing in the current educational scenario.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Evaluate and improve their own blackboard writing skills through continuous practice and feedback.
- Integrate blackboard writing with other teaching aids and methodologies to enhance student engagement and learning.

COURSE CONTENT

UNIT 1: ESSENTIAL COMPONENTS AND PRINCIPLES OF BLACKBOARD WRITING

1.1 Components of Blackboard Writing: Legibility of Handwriting, Highlighting Main Points, Utilization of Space, Teacher's Position and Contact with Students

1.2 Rules for Effective Blackboard Writing: Grammatically Correct Content, Clarity and Distinctiveness in Sketching and Drawing, Appropriateness and Relevancy of Blackboard Content, Maintaining Appropriate Size and Shape of Letters

1.3 Techniques for Writing in Straight Lines: Strategies for Ensuring Neatness and Alignment

1.4 Importance of Blackboard Writing in Contemporary Education: Role of Blackboard Writing in Enhancing Teaching and Learning (Aligned with NCF 2023 and NEP 2020)

UNIT 2: EVALUATIVE PROCEDURES AND CONTEMPORARY SCENARIO

2.1 Importance of Evaluative Procedures in Blackboard Writing, Continuous Assessment Techniques, Self-Evaluation and Peer Feedback

2.2 Current Trends in Blackboard Writing: Impact of Technology on Traditional Blackboard Use, Integration of Blackboard Writing with Digital Tools and ICT

2.3 Aesthetic Considerations in Blackboard Writing, Promoting Visual Appeal and Engagement in Classroom Instruction

2.4 The Role of Blackboard Writing in Developing Teacher Competencies, Enhancing Time Management, Self-Confidence, and Classroom Presence through Effective Blackboard Use

SUGGESTED PRACTICUM ACTIVITIES

Students will engage in the following practicum activities:

- Blackboard Writing Practice: Practice blackboard writing focusing on key components such as legibility, space utilization, and clarity of content. Receive peer and instructor feedback to improve techniques.
- Lesson Plan Integration: Prepare and present a lesson plan that integrates blackboard writing effectively with other instructional aids. Emphasize the use of blackboard writing to highlight key concepts.
- Evaluative Exercise: Conduct a self-evaluation and peer review of blackboard writing practices. Identify strengths and areas for improvement, and develop a plan for continuous skill enhancement.
- Technology Integration: Explore the integration of blackboard writing with digital tools such as interactive whiteboards and presentation software. Prepare a report on the benefits and challenges of this integration in the classroom.
- Any other activities assigned by the teacher.

SEMESTER-I
COURSE- VIII (BOE – 108)
READING AND REFLECTING ON TEXT (PRACTICUM)

Max Marks: 50
External Marks: 40
Internal Marks: 10

Instructional Hours: 4
Credit: 2

INSTRUCTIONS FOR THE EXAMINER: Examiner should evaluate students by assessing their ability to critically analyse texts, actively participate in discussions, and produce reflective and creative work. Key areas include the quality of reflective journaling, contributions to group activities, and the originality of projects like comparative analyses and lesson plans. Examiners should also consider students' effectiveness in applying their learning through teaching simulations and practical projects. The focus should be on both understanding the content and the practical application of skills.

SUBJECT- SPECIFIC OBJECTIVES

- Engage with a variety of texts through personal, creative, and critical responses.
- Participate in interactive readings both individually and in small groups, enhancing their capacities as active readers and writers.
- Improve self-assessment and reflective practices.
- Develop advanced problem-solving skills.

COURSE OUTCOMES

Upon successful completion of the course, students will be able to:

- Engage in interactive reading sessions individually and in small groups.
- Critically analyse assigned readings and related pedagogical experiences.
- Serve as resources for their peers.
- Demonstrate active reading and writing skills.

COURSE CONTENT

UNIT 1: UNDERSTANDING TEXTS AND CRITICAL READING

1.1 Text: Meaning, Definition, and Characteristics

1.2 Types of Texts: General, Literary vs. Non-Literary, Narrative vs. Expository

1.3 Educational Texts: Descriptive, Conceptual, and Historical, Policy Documents, Narrative and Expository Texts, Poems, Letters, Screenplays, Reports, and News Reports

1.4 Selecting Course Texts and Beyond: Identifying and selecting relevant texts, Understanding the process of critical reading, Ways of Reading: Pre-reading strategies, post-reading reflection

UNIT 2: REFLECTIVE WRITING AND VOCABULARY DEVELOPMENT

2.1 Understanding Reflective Writing

2.2 Features of Reflective Writing

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.3 Critical Reflection: Reading, reflecting, and thinking critically, Recognizing the benefits of reflection in developing a teaching philosophy.

2.4 Vocabulary Development: Preparing a vocabulary book with 50 words, including meanings and usage.

SUGGESTED PRACTICUM ACTIVITIES (Any six activities)

- Comparative Analysis: Conduct a comparative analysis of themes/topics related to the course texts.
- Write essays that incorporate arguments, different styles, and relevance to the text.
- Develop lesson plans based on texts previously read by the students.
- Students maintain a reflective journal throughout the course, documenting their thoughts, challenges, and progress in reading and writing tasks.
- Students engage in peer review of each other's reflective writing or critical essays. This activity will help them develop critical thinking and editing skills while learning to provide constructive feedback.
- Create role-playing activities where students act as educators, explaining the content and significance of a text to their peers. This helps in developing their ability to convey complex ideas clearly.
- Students create digital stories based on the themes or characters in the texts studied. This could involve video presentations, podcasts, or interactive web content, integrating multimedia skills with text analysis.
- Students design and deliver mini-lessons based on the texts, focusing on different pedagogical approaches. They receive feedback from peers and the instructor on their teaching techniques.
- Analyse case studies where particular texts have been used effectively in educational settings. Discuss how these strategies could be applied in different educational contexts.
- Encourage students to write their own literary or reflective pieces inspired by the texts read in the course. This could include short stories, poems, or reflective essays that align with the themes studied.
- Students adapt a selected text into a different format (e.g., turning a narrative text into a screenplay or a poem into a short story), exploring how meaning and interpretation change across formats.
- Arrange for students to participate in a community reading program or volunteer in a local library or school, applying their reading and writing skills in real-world settings.
- Any other activity assigned by the teacher

COURSE- IX (BOE- 109)
INTERNSHIP PHASE-I (SCHOOL EXPOSURE)

Max Marks: 50 | **Total Duration:** 02 Weeks
External Marks: 40 | **Internal Marks:** 10 | **Credits:** 02

COURSE OVERVIEW

The Internship Phase-1 for B.Ed. students is designed as an initial school exposure program, acting as a crucial link between theoretical training and practical teaching experiences. This phase allows student-teachers to immerse themselves in real school environments, gaining firsthand experience of the multifaceted roles of teachers. Through this internship, student-teachers will engage in various teaching and non-teaching activities, thereby consolidating their understanding of classroom management, instructional strategies, and overall school functioning. The program emphasizes reflective practice, mentoring, and professional growth, preparing student-teachers for their future roles as educators.

SUBJECT-SPECIFIC OBJECTIVES

The primary objectives of this internship phase are to:

1. **Foster Professional Skills:** Enable student-teachers to acquire practical teaching skills and understand the responsibilities of teachers in real classroom settings.
2. **Bridge Theory and Practice:** Provide opportunities for student-teachers to connect theoretical knowledge with actual teaching and school activities.
3. **Enhance Reflective Practices:** Cultivate a reflective mindset among student-teachers, encouraging them to critically evaluate teaching practices, classroom management techniques, and school operations.
4. **Develop an Understanding of School Dynamics:** Offer insights into the organizational structure, roles, and functioning of school staff and the various facilities available in schools.
5. **Build Competence in School Administration:** Equip student-teachers with the ability to handle school records, manage classroom resources, and participate in co-curricular activities.

COURSE OUTCOMES

Upon completion of the Internship Phase-1, student-teachers will be able to:

1. **Understand Teacher Roles:** Attain an understanding of the different roles and responsibilities performed by teachers and other school staff in a school setting.
2. **Manage School Records:** Gain proficiency in handling and maintaining various school records, such as attendance registers, student performance records, and activity logs.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

3. **Reflect and Improve:** Develop a reflective attitude to assess and improve teaching practices and school operations.
4. **Evaluate School Infrastructure:** Critically evaluate the infrastructural facilities of schools, including libraries, laboratories, sports areas, and other essential amenities.
5. **Participate in School Life:** Actively participate in and understand the significance of co-curricular activities, morning assemblies, and other school-wide events.

COURSE CONTENT AND ACTIVITIES

Week 1: Classroom Observation and School Environment Analysis

1. **Reflective Journal on Classroom Teaching:**
   a) **Activity:** Write reflective journals based on observations of regular classroom teaching, focusing on pedagogical practices, classroom management techniques, and student engagement strategies used by teachers.
   b) **Outcome:** Develop insights into effective teaching methods and classroom dynamics.
2. **Roles and Responsibilities of School Staff:**
   a) **Activity:** Observe and reflect on the roles and responsibilities of different school staff members, including teachers, administrative staff, and support personnel.
   b) **Outcome:** Gain a comprehensive understanding of the teamwork and collaboration essential in a school environment.
3. **Critical Study of School Infrastructure:**
   a) **Activity:** Conduct a critical study of the school's infrastructural facilities, including libraries, laboratories, playgrounds, canteens, sports facilities, seminar halls, and auditoriums.
   b) **Outcome:** Evaluate the adequacy and effectiveness of the facilities provided for student learning and development.

Week 2: Detailed School Observations and Reporting

4. Observation of School Timetable and Activities:
   a) Activity: Observe the existing school timetable and various co-curricular activities such as morning prayers, sports, cultural events, NCC, Scout and Guide, recreation, NSS, picnics, study tours, and debates.
   b) Outcome: Understand the structure of a typical school day and the importance of co-curricular activities in holistic education.
5. School Library and Laboratory Observation:
   a) Activity: Observe the functioning of the school library and laboratories, focusing on their accessibility, resource management, and usage by students and teachers.
   b) Outcome: Assess the role of libraries and labs in supporting the curriculum and promoting student research skills.
6. School Building and Facility Review:
   a) Activity: Examine the school's physical environment, including the building, boundaries, playgrounds, drinking water facilities, toilets, and washrooms.
   b) Outcome: Develop a critical understanding of the school's physical infrastructure and its impact on student safety, hygiene, and learning.
7. Assessment and Reporting
   a) Assessment Criteria: Student-teachers will be assessed based on their active participation, quality of reflections, critical analyses, and their ability to connect theory with practice during the internship.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

b) Documentation and Reporting: Student-teachers are required to maintain a file documenting all observations, reflections, and activities performed during the internship, which will be evaluated at the end of the course.

SEMESTER- II
COURSE-X (BOE – 110)
LEARNING AND TEACHING

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum:20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course aims to:

- Develop an in-depth understanding of the diverse learning needs of students, considering factors such as abilities, learning styles, socio-cultural differences, language, and learning difficulties.
- Enhance awareness of different learning contexts and how they influence the teaching-learning process.
- Encourage reflection on personal beliefs and implicit understandings about the nature and types of learning.
- Provide a comprehensive understanding of various theoretical perspectives on learning and their implications in the classroom.
- Identify and analyse the variables involved in the teaching-learning process to make instruction more effective.
- Understand the different aspects of childhood development and how these impact teaching strategies and classroom management.
- Recognize the importance of catering to the needs of learners as individuals and as members of a classroom community to promote their personal and social development.
- Explore and understand theories of learning and intelligence to inform effective teaching practices.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Understand and address the differential learning needs of students, ensuring an inclusive and supportive learning environment.
- Analyse the impact of socio-cultural, linguistic, and cognitive factors on student learning and adjust teaching strategies accordingly.
- Apply various learning theories to design and implement effective instructional practices.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Understand and facilitate the personal and social development of students by recognizing their individual and group needs.
- Develop instructional strategies that cater to different levels of intelligence and creativity in the classroom.
- Reflect critically on their own teaching practices to enhance student learning outcomes.
- Utilize various methods and approaches of teaching to cater to diverse learning contexts.

COURSE CONTENT

UNIT 1: UNDERSTANDING THE LEARNER

1.1 Personality: Meaning, Characteristics, Factors Affecting Personality, Types of Personality

1.2 Theories of Personality: Type and Trait Theories

1.3 Creativity: Meaning, Characteristics, and the Role of Teachers in Developing Creativity

1.4 Mental Health: Concept, Characteristics, and Maintenance of Mental Hygiene

UNIT 2: LEARNING AND ITS THEORIES

2.1 Learning: Meaning, Characteristics, and Factors Affecting Learning

2.2 Theories of Learning: Pavlov's Classical Conditioning, Skinner's Operant Conditioning Thorndike's Trial and Error Theory, Kohler's Insight Learning , Transfer of Learning: Concept and Types

2.3 Motivation: Meaning, Types, Factors, and Techniques to Enhance Motivation.

UNIT 3: MENTAL PROCESSES OF LEARNING

3.1 Intelligence: Meaning, Concept, and Measurement of Intelligence

3.2 Theories of Intelligence: Spearman's Two-Factor Theory, Gardner's Multiple Intelligences Theory, Guilford's Structure of Intellect Theory

3.3 Thinking: Concept, Types, and Tools of Thinking

3.4 Memory: Concept, Types, and Strategies to Develop Memory, forgetting: Nature, Causes, Factors, and Strategies to Minimize Forgetting.

UNIT 4: METHODS AND APPROACHES OF TEACHING

4.1 Concept, Levels, and Principles of Teaching; Relationship between Teaching and Learning

4.2 Factors Affecting Teaching

4.3 Methods of Teaching: Lecture Method, Tutorial Method, Brainstorming Method, Heuristic Method

4.4 Approaches to Teaching: System Approach, Integrated Approach, Multimedia Approach

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Develop and present a lesson plan incorporating differentiated instruction to cater to diverse learning needs.
- Conduct a case study on the impact of socio-cultural factors on a student's learning and propose strategies to support their educational development.
- Create a portfolio of instructional strategies based on different learning theories and their application in real classroom settings.
- Design and implement a classroom activity that fosters creativity and critical thinking among students.
- Develop an assessment tool that measures multiple intelligences in students and analyse its effectiveness.
- Prepare a reflective journal on the application of various motivational techniques in the classroom and their impact on student engagement.
- Any other activity, project ,assignment assigned by the teacher.

COURSE XI (BOE 111)
KNOWLEDGE AND CURRICULUM

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each

SUBJECT SPECIFIC OBJECTIVES

- Understand various methods of acquiring knowledge.
- Comprehend the nature and principles of curriculum.
- Analyse different curriculum design models.
- Apply knowledge in curriculum development, implementation, and evaluation.

COURSE OUTCOMES

- After completing this course, student-teachers will be able to:
- Differentiate between knowledge and information, and knowledge and skill, and explain the process through which information becomes knowledge.
- Describe the process of knowledge construction and its implications for teaching and learning.
- Generalize the principles of curriculum development.
- Compare various curriculum design models.
- Explain the procedures involved in evaluating a curriculum and the criteria for assessing its effectiveness.

COURSE CONTENT

UNIT 1: EVOLVING KNOWLEDGE BASE IN EDUCATION

1.1 Knowledge: Concept and Types
1.2 Sources of Knowledge
1.3 Distinction between Knowledge & Information, Knowledge & Skill, Belief & Truth, Reasoning & Analysis
1.4 The Knowing Process: Ways of Knowing, Construction of Knowledge, Role of the Knower

UNIT 2: KNOWLEDGE AND RELATIONSHIP

2.1 Aspects of Knowledge: Local & Universal, Theoretical & Practical, School & Out of School
2.2 Emerging Problems Related to Knowledge: Digital Literacy, Information Overload, Misinformation, Ethical Issues
2.3 Educational Relevance of Knowledge
2.4 Epistemology of Indian Philosophies: Sankhya, Vedanta

UNIT 3: CONCEPTUAL FRAMEWORK OF CURRICULUM

3.1 Curriculum: Meaning, Need, Characteristics, and Principles of Construction
3.2 Determinants of Curriculum: Philosophical, Psychological, Sociological, Political, Cultural, and

Chairperson

BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Economic

3.3 Curriculum Development: Concept, Process, and Design Models

3.4 Curriculum Design Models: Discipline-Centred, Learner-Centered, Problem-Centred

UNIT 4: CURRICULUM FRAMEWORK AND EVALUATION

4.1 Curriculum Framework: Concept, Need, Functions, and Significance

4.2 Differentiating Curriculum Framework, Curriculum, and Syllabus: Significance in School Education

4.3 Aspects of Curriculum: NEP 2020 and NCF 2023 - Significance and Implications

4.4 Evaluation of Curriculum: Meaning, Need, Importance, and Procedure

SUGGESTED PRACTICUM ACTIVITIES: (CHOOSE ANY ONE)

- Evaluate and prepare a report on the curriculum of any State, ICSE, or CBSE board at different levels.
- Compare the curriculum frameworks of NEP 1986 and NEP 2020, and write a report.
- Prepare a presentation on emerging problems related to knowledge and their impact on education.
- Conduct a small research project analysing a curriculum design model and its application in schools.
- Any other activity, project, assignment assigned by the teacher.

COURSE- XII (BOE – 112)
ASSESSMENT FOR LEARNING

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTION FOR EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

- Critically analyse and understand various issues related to assessment and evaluation in educational settings.
- Develop a strong foundation in key concepts such as formative and summative assessments, evaluation, measurement, and the role of tests and examinations.
- Explore and apply diverse forms of assessment techniques that enhance student learning.
- Skilfully utilize and construct a variety of assessment tools tailored to specific educational needs.
- Design and implement comprehensive, realistic, and dynamic assessment procedures that consider students' diverse backgrounds and learning needs.

COURSE OUTCOMES

- Upon completing the course, students will be able to:
- Comprehend the foundational concepts of assessment, evaluation, and measurement.
- Apply both quantitative and qualitative tools and techniques for effective evaluation.
- Develop the ability to assess learners through a variety of methods and tools.
- Stay informed and adapt to new trends and innovations in the field of assessment.

COURSE CONTENT

UNIT 1: INTRODUCTION TO ASSESSMENT AND EVALUATION

1.1 Understanding Assessment, Measurement, and Evaluation.
1.2 Differentiating between 'Assessment of Learning', 'Assessment for Learning', and 'Assessment as Learning'.
1.3 Implementation of School-Based Assessment.
1.4 Continuous and Comprehensive Evaluation (CCE).

UNIT 2: TOOLS AND TECHNIQUES OF ASSESSMENT

2.1 Characteristics of Effective Assessment Tools.
2.2 Approaches to Assessment: Formative Assessment (Assessment for Learning), Summative Assessment (Assessment of Learning)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

599

2.3 Tools of Evaluation: Observation, Interviews, Questionnaires, Rating Scales, Checklists, and Cumulative Records.
2.4 Inclusive Assessment Practices: Adapting assessment methods to meet the diverse needs of all learners, including those with special educational needs (SEN), Exploring universal design for learning (UDL) in assessment.

UNIT 3: ASSESSMENT OF LEARNERS

3.1 Creating Appropriate Questions to Assess Learner Readiness.
3.2 Techniques to Foster Critical Thinking in the Classroom.
3.3 Methods for Assessing Learners' Progress.
3.4 Developing and Maintaining Comprehensive Learner Profiles.

UNIT 4: NEW TRENDS IN ASSESSMENT

4.1 Enhancing the Quality and Diversity of Examination Questions.
4.2 Implementing School-Based Credit Systems.
4.3 Exploring Alternative Modes of Certification.
4.4 Integrating ICT in Assessment and Examinations, The Role of On-Demand and Online Examinations.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete one of the following practicum activities:

- Analyse a variety of assessment tools used in different schools, identifying strengths and areas for improvement.
- Develop worksheets and other assessment tasks specifically tailored to a subject area of choice.
- Construct a test or examination paper in a selected subject area and gather feedback from peers on its effectiveness.
- Observe and interview a student, compiling a comprehensive learner profile based on the data collected.
- Participate in a simulated exercise involving the marking of an examination paper, followed by a critical review of the marking process.
- Conducting a case study on the impact of formative assessment in improving student learning outcomes.
- Designing and piloting a new assessment tool or technique in a classroom setting.
- Engaging in peer assessment and providing constructive feedback in a collaborative learning environment.
- Any other activity /project/assignment assigned by the teacher.

SUBJECT-SPECIFIC OBJECTIVES

The course aims to:

- Equip students with knowledge and skills to effectively use various teaching aids in the English classroom.
- Develop proficiency in the principles and practices of unit and lesson planning for teaching English.
- Enhance classroom management skills, procedures, and techniques for language teaching, leveraging teaching aids and technology.
- Enable students to examine and develop resources and materials suitable for language teaching and testing for young learners.
- Explore issues in language assessment and understand their impact on classroom teaching and learning.
- Foster the ability to create a learning-rich environment conducive to language acquisition.
- Promote understanding of curriculum development principles in English education, aligned with NCF 2023 and NEP 2020.
- Encourage the use of ICT, audio-video materials, and Internet resources in English language teaching.

COURSE OUTCOMES

After completing this course, students will be able to:

- Utilize a variety of teaching aids effectively in the English classroom.
- Develop and implement management skills, procedures, and techniques for language teaching.
- Create and evaluate resources and materials for language teaching and testing.
- Analyse and address issues in language assessment, understanding their implications for classroom practice.
- Design and maintain a learning-rich environment for English language learners.
- Understand and apply the principles underlying curriculum development in English education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Identify and use appropriate methods, approaches, and materials for teaching English at various levels within the Indian context.
- Develop activities and tasks for learners using audio-video materials, ICT, and Internet resources.

COURSE CONTENT

UNIT 1: LANGUAGE TEACHING - AN OVERVIEW

1.1 Different Approaches/Theories to Language Learning & Teaching: Philosophical, Social, and Psychological Bases

1.2 Western Overview of Language Learning: John Dewey, Jerome Bruner, Jean Piaget, Noam Chomsky, Stephen Krashen, Lev Vygotsky

1.3 Indian Overview of Language Learning: Mahatma Gandhi, Sri Aurobindo, Rabindranath Tagore, Zakir Hussain, S. Radhakrishnan, Gijubhai Badheka

1.4 Factors Affecting Language Learning in the Indian Context

UNIT 2: IMPORTANCE OF AIDS AND PREPARATION OF INSTRUCTIONAL AIDS

2.1 Meaning and Importance of Instructional Aids

2.2 Principles of Instructional Aids and Their Application in the Classroom

2.3 Basic Teaching Aids: Pictures, Computer, Flashcards, Overhead Projectors, Podcasts, Interactive Boards, Audiobooks, Language Learning Apps, etc.

2.4 Developing Appropriate Teaching Aids and Their Effective Use in Language Teaching

UNIT 3: LANGUAGE ASSESSMENT AND CLASSROOM EVALUATION

3.1 Evaluation: Meaning and Importance in Language Teaching

3.2 Concept of Continuous and Comprehensive Evaluation (CCE)

3.3 Assessment of Learning: Formative and Summative Assessments

3.4 Construction of Teacher-Made Tests for English Proficiency: Steps and Characteristics of a Good Test, Concept of Evaluation, Measurement, and Testing,Review and Analysis of an English Textbook

UNIT 4: PRINCIPLES OF LANGUAGE CURRICULUM DEVELOPMENT

4.1 Meaning and Scope of Curriculum Development

4.2 Philosophical, Sociological, and Psychological Foundations of Curriculum Development

4.3 Importance of Curriculum Development in English Education

4.4 Principles, Issues, and Trends in Curriculum Development, Including Insights from NCF 2023 and NEP 2020

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Prepare and present a lesson plan for teaching prose or poetry, focusing on LSRW (Listening, Speaking, Reading, Writing) skills with effective instructional teaching aids.
- Develop a project on Continuous and Comprehensive Evaluation (CCE) in English language teaching.
- Participate in and report on a debate comparing Indian and Western approaches to language learning.
- Create and demonstrate the use of an innovative teaching aid designed for the English classroom.
- Analyse an existing English textbook and suggest improvements based on current educational trends.

BOE – 113
हिन्दी शिक्षण (विकल्प . द्वितीय)

अधिकतम अंक: 100 | प्रति सप्ताह घंटे: 03+02
बाहरी अंक: 80 | परीक्षा समय: 03
आंतरिक अंक: 20 | क्रेडिट प्रति सप्ताह:04

पेपर सेटर के लिए निर्देश: पेपर सेटर कुल नौ प्रश्न सेट करेगा, जिनमें से छात्रों को केवल पांच प्रश्न हल करने होंगे। प्रश्न संख्या 01 अनिवार्य होगा, जिसमें प्रत्येक इकाई से 4 अंकों के चार लघु उत्तरीय नोट्स शामिल होंगे। प्रत्येक इकाई से आंतरिक विकल्प वाले दो लंबे प्रश्न निर्धारित किए जाएंगे, जिनमें से छात्रों को प्रत्येक इकाई से एक लंबे प्रश्न का उत्तर देना होगा। सभी प्रश्न समान यानी 16 अंक के हैं।

पाठ्यक्रम.विशिष्ट उद्देश्य :–

- भावी शिक्षकों में हिन्दी शिक्षण के लिए भाषा–सम्बन्धी योग्यताओं का विकास करना ।
- भावी शिक्षकों में हिन्दी शिक्षण उपरान्त अपेक्षित कुशलताओं का विकास करना ।
- भावी शिक्षकों में एक हिन्दी अध्यापक के गुण विकसित करना ।
- भावी शिक्षकों में हिंदी पढ़ने , लिखने और बोलने की क्षमता को बढ़ाना और यह सुनिश्चित करना कि वे अपने भविष्य के छात्रों के लिए भाषा के मॉडल के रूप में काम कर सकें।
- भावी शिक्षकों को विभिन्न भाषा शिक्षण सिद्धांतों और दृष्टिकोणों का ज्ञान करना ।
- भावी शिक्षकों को समावेशी शिक्षण रणनीतियों को लागू करने के लिए प्रशिक्षित करें जो विभिन्न पृष्ठभूमि के शिक्षार्थियों की जरूरतों को संबोधित करते हैं । जिनमें विशेष शैक्षिक आवश्यकताओं वाले या दूसरी भाषा के रूप में हिंदी बोलने वाले लोग शामिल हैं।
- भावी शिक्षकों को भाषा शिक्षण के लिए विशिष्ट प्रभावी कक्षा प्रबंधन तकनीकों से लैस करें, जिसमें छात्र जुड़ाव बनाए रखनेएविविध कक्षाओं का प्रबंधन करने और एक सहायक शिक्षण वातावरण बनाने की रणनीतियाँ शामिल हैं।
- छात्रों को भाषा शिक्षा से संबंधित आलोचनात्मक सोच कौशल विकसित करने के लिए प्रोत्साहित करें, जिससे वे हिंदी शिक्षण में आने वाली समस्याओं का विश्लेषण और समाधान कर सकें।
- आजीवन सीखने और व्यावसायिक विकास के प्रति प्रतिबद्धता को बढ़ावा देना, छात्रों को हिंदी शिक्षा के क्षेत्र में नवीनतम शोध और प्रगति से अपडेट रहने के लिए प्रोत्साहित करना।
- भाषा शिक्षण में नैतिक विचारों के महत्व पर जोर दें, जिसमें सांस्कृतिक विविधता का सम्मान , समान शिक्षा को बढ़ावा देना और चिंतनशील शिक्षण अभ्यास का विकास शामिल है।

पाठ्यक्रम के निर्गमनः–

- भावी शिक्षकों में हिन्दी सम्बन्धी विभिन्न साहित्यिक क्रियाओं के आयोजन की क्षमता विकसित करना ।
- भावी शिक्षकों में विभिन्न शिक्षण –विधियों एवं तकनीकों के उचित प्रयोग करने की क्षमता उत्पन्न करना।
- भावी शिक्षकों में हिन्दी पाठ्य पुस्तक के विश्लेषण एवं दृश्य – श्रव्य सामग्री सम्बन्धी क्षमता उत्पन्न करना ।
- भावी शिक्षकों में हिन्दी भाषा के उच्चारण एवं शुद्ध लेखन की योग्यता उत्पन्न करना ।

Chairperson

- हिंदी भाषा कौशल का मूल्यांकन करने के लिए विविध मूल्यांकन विधियों को डिजाइन और कार्यान्वित करने की छात्रों की क्षमता विकसित करनाए यह सुनिश्चित करना कि मूल्यांकन निष्पक्ष, व्यापक और सीखने के उद्देश्यों के साथ संरेखित हो।
- छात्रों को विस्तृत और प्रभावी पाठ योजनाएँ बनाने में सक्षम करें जिसमें विभिन्न शिक्षण शैलियों और भाषा दक्षता के स्तरों के लिए उपयुक्त विभिन्न प्रकार की शिक्षण रणनीतियों और सामग्रियों को शामिल किया जाए।
- छात्रों की विविध आवश्यकताओं और क्षमताओं को पूरा करने के लिए पाठों को तैयार करते हुए , प्रभावी हिंदी भाषा पाठ्यक्रम को डिजाइन करनाए व्यवस्थित करना और लागू करना।

पाठ्यक्रम सामग्री

इकाई–प्रथम : सूक्ष्म शिक्षण कौशल एवं पाठ–योजना

1.1 सूक्ष्म शिक्षण कौशल का अर्थ एवं सोपान

1.2 प्रश्न कौशल

1.3 उदाहरण कौशल

1.4 व्याख्या कौशल

1.5 उद्दीपन कौशल

इकाई–द्वितीय : हिंदी विधाओं के विभिन्न प्रकार एवं पाठ योजना

2.1 गद्य शिक्षणः– अर्थ, उद्देश्य, सोपान व विधियां ।

2.2 पद्य शिक्षण :– अर्थ, उद्देश्य, सोपान व विधियां ।

2.3 व्याकरण शिक्षण :– अर्थ, उद्देश्य, सोपान व विधियां ।

2.4 रचना शिक्षण :– अर्थ, उद्देश्य, सोपान व विधियां ।

इकाई. तृतीय : पाठ–योजना ; शिक्षाशास्त्रीय विश्लेषण पाठ्य क्रियाएँ एवं दृश्य – श्रव्य सामग्री

3.1 पाठ योजना का अर्थ एवं महत्व

3.2 हिन्दी पाठ्य पुस्तक का शिक्षाशास्त्रीय विश्लेषण एवं इससे सम्बन्धित विभिन्न उपविषय :गद्य ,पद्य एवं व्याकरण शिक्षाशास्त्रीय विश्लेषण करते हुए निम्न बिन्दुओं का अनुकरण करें :–

क पाठ्य–वस्तु का विश्लेषण ।
ख अनुदेशनात्मक उद्देश्यों का निर्धारण ।
ग शिक्षण विधियां एवं प्रकिया।
घ मूल्यांकन तकनीक का निर्धारण ।

3.3 हिन्दी शिक्षण में पाठ्य सहगामी क्रियाएँ एवं उनकी उपयोगिता

3.4 हिन्दी शिक्षण में अनुदेशनात्मक सामग्री का अर्थ , प्रयोग एवं महत्व

इकाई– चतुर्थः पाठ्यक्रम , मूल्यांकन एवं गृहकार्य का संप्रत्यय

4.1 पाठ्यकम का अर्थ, महत्व एवं सिद्धांत ।

4.2 हिन्दी भाषा की पाठ्य–पुस्तक का स्वरूप एवं हिन्दी पाठ्य–पुस्तक की समीक्षा

4.3 हिन्दी में मूल्यांकन :– अर्थ, उद्देश्य, महत्व एवं विधियां ।

4.4 हिन्दी शिक्षण में गृहकार्य :–अर्थ एवं स्वरूप एगृहकार्य की आवश्यकता एवं गृहकार्य में संशोधन की विधियां

सुझाई गई अभ्यास गतिविधियाँ (कोई एक चुनें)

- एक आदर्श पाठ योजना तैयार कर कक्षा में प्रस्तुत करें
- विभिन्न पाठ योजना की तैयारी
- हिंदी शिक्षण से संबंधित दो शिक्षण सहायक सामग्री तैयार करें

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- शिक्षण को प्रभावी बनाने के लिए विभिन्न हिंदी तकनीकी उपकरणों का उपयोग
- कक्षा में दो गतिविधि आधारित पाठ योजना तैयार करें और प्रस्तुत करें
- शिक्षक द्वारा सौंपी गई कोई अन्य गतिविधि

अनुशंसित पुस्तकें

- हिन्दी शिक्षण : मंगल उमा 1991, आर्य बुक डिपो, देहली ।
- हिन्दी शिक्षण : पाण्डेय रामशुक्ल, अग्रवाल पब्लिकेशन, आगरा ।
- हिन्दी शिक्षण : डा0 शिखा चतुर्वेदी, लाल बुक डिपो, मेरठ।
- हिन्दी शिक्षण : रमन बिहारी लाल, रस्तोगी पब्लिकेशन, मेरठ ।
- हिन्दी उच्चारण और वर्तनी : शुक्ल भगवती प्रसाद, आर्य बुक डिपो, नई दिल्ली ।
- हिन्दी शिक्षण : भोलानाथ तिवारी, लिपि प्रकाशन, नई दिल्ली ।
- हिन्दी शिक्षण : पाण्डेय आर0 एस0 1992, विनोद पुस्तक भण्डार, आगरा ।
- हिन्दी शिक्षण : निरंजन कुमार सिंह, राजस्थान ग्रन्थ अकादमी, जयपुर ।
- हिन्दी शिक्षण : राजेन्द्र प्रसाद, दि मैकमिलन कम्पनी ऑफ इण्डिया, नई दिल्ली ।
- हिन्दी शिक्षण : डा0 बी0 एल0 वत्स, अग्रवाल प्रकाशन, नई दिल्ली ।

परीक्षक के लिए निर्देश: परीक्षक को परीक्षा के लिए कुल नौ प्रश्न निर्धारित करने होंगे। इनमें से छात्रों को केवल पांच प्रश्न ही हल करने होंगे। प्रश्न 1 अनिवार्य होगा और इसमें चार लघु उत्तरीय प्रश्न होंगे, प्रत्येक प्रश्न 4 अंक का होगा, प्रत्येक इकाई से एक प्रश्न चुना जाएगा। प्रत्येक इकाई से आंतरिक विकल्प वाले दो दीर्घ उत्तरीय प्रश्न पूछे जाएंगे। छात्रों को प्रत्येक इकाई/अनुभाग से एक दीर्घ उत्तरीय प्रश्न का उत्तर देना आवश्यक है। इस प्रकार, छात्र कुल पाँच प्रश्न पूरे करेंगे, यह सुनिश्चित करते हुए कि प्रत्येक इकाई से एक प्रश्न चुना गया है। सभी प्रश्न समान मूल्य के हैं, प्रत्येक 16 अंक का है।

उद्देश्य

⇒ भावी शिक्षकों में संस्कृत भाषा शिक्षण संबंधी योग्यताओं का विकास करना ।
⇒ भावी शिक्षकों में संस्कृत शिक्षण उपरांत अपेक्षित कुशलताओं का विकास करना ।
⇒ भावी शिक्षकों में विभिन्न शिक्षण विधियां एवं तकनीक के उचित प्रयोग करने की क्षमता उत्पन्न करना।
⇒ भावी शिक्षकों में संस्कृत भाषा के उच्चारण एवं शुद्ध लेखन की योग्यता उत्पन्न करना।

अधिगम प्रतिफ़ल

इस पाठ्यक्रम की सामग्री के पूरा होने के बाद शिक्षार्थी सक्षम होंगे:-

⇒ विद्यार्थियों में भाषाई कौशल और इसके विकास की प्रक्रिया का विकास करना।
⇒ संस्कृत पढ़ने के लिए आवश्यक शिक्षण कौशल प्राप्त करना।
⇒ छात्रों के प्रदर्शन के मूल्यांकन के विभिन्न तरीकों का प्रयोग करना।
⇒ संस्कृत भाषा के शुद्ध उच्चारण एवं शुद्ध लेखन का प्रदर्शन करना।

इकाई -1 संस्कृत भाषा में उच्चारण शिक्षण एवं भाषाई कौशल

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.1 अशुद्ध उच्चारण के प्रकार, व्याकरण तथा सुधार के उपाय ।

1.2 संस्कृत में अक्षर विन्यास, शिक्षण संबंधी अशुद्धियां कारण तथा निवारण के उपाय।

1.3 श्रवण कौशल एवं मौखिक कौशल-: अर्थ, उद्देश्य, महत्व एवं विधियां।

1.4 पठन कौशल एवं लेखन कौशल: अर्थ, उद्देश्य, महत्व एवं विधियां।

इकाई -2 सूक्ष्म तथा विस्तृत पाठ योजना

2.1 सूक्ष्म शिक्षण कौशल का अर्थ एवं सोपान।

2.2 प्रश्न कौशल, उदाहरण कौशल ।

2.3 उद्दीपन कौशल, व्याख्या कौशल, प्रस्तावना कौशल।

2.4 पाठ योजना का अर्थ, महत्व।

इकाई -3 संस्कृत में विधाओं का शिक्षण

3.1 संस्कृत में गद्य शिक्षण -प्रक्रिया उद्देश्य तथा सोपान।

3.2 संस्कृत में पद्य शिक्षण -प्रक्रिया उद्देश्य तथा सोपान।

3.3 संस्कृत में व्याकरण शिक्षण प्रक्रिया उद्देश्य तथा सोपान।

3.4 संस्कृत में रचना शिक्षण प्रक्रिया उद्देश्य तथा सोपान।

इकाई -4. संस्कृत भाषा में मूल्यांकन एवं गृहकार्य

4.1 संस्कृत भाषा ज्ञान का मूल्यांकन अर्थ, अनिवार्यता एवं महत्व ।

4.2 परीक्षाओं के प्रकार (निबंधात्मक, वस्तुनिष्ठ, लघुउत्तर) ।

4.3 गृहकार्य नियोजन में एवं संशोधन प्रक्रिया ।

4.4 संस्कृत भाषा की सहपाठी क्रियाएं (श्लोक का उच्चारण, भाषण, अभिनय एवं रचनात्मक प्रतियोगिताएं)।

प्रयोगात्मक कार्य

निम्नलिखित में से किसी एक को चुनें:-

- एक चयनित संस्कृत साहित्यिक कृति का विश्लेषण लिखें, उसके विषय, साहित्यिक शैली और शैक्षिक मूल्यों पर चर्चा करें।
- किसी एक विषय पर विस्तृत पाठ योजना बनाना और प्रस्तुत करना जिसमें उद्देश्य, शिक्षण सामग्री और संस्कृत व्याकरण, शब्दावली या साहित्य पढ़ाने के तरीके शामिल हों।

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- संस्कृत में छात्रों की प्रगति का मूल्यांकन करने के रचनात्मक और योगात्मक मूल्यांकन सहित लिए मूल्यांकन उपकरणों और तकनीकों की एक श्रृंखला का निर्माण करें।

संस्कृत शिक्षण हेतु अनुमोदित पुस्तकें:-

- चौबे, विजय नारायण (1985) संस्कृत शिक्षण विधि, उत्तर प्रदेश हिंदी संस्थान, लखनऊ।
- सफाई, रघुनाथ (1990) संस्कृत शिक्षण, चंडीगढ़ हरियाणा हिंदी ग्रंथ चंडीगढ़।
- पांडे, राम शुक्ल (2008) संस्कृत शिक्षण, आगरा एकेडमी, विनोद पुस्तक मंदिर आगरा।
- मित्तल, संतोष (2008) टीचिंग ऑफ़ संस्कृत, अग्रवाल पब्लिकेशंस आगरा।
- अशोक शर्मा और सुमन अग्रवाल (1997) टीचिंग ऑफ़ संस्कृत, विजया पब्लिकेशन लुधियाना।

PEDAGOGY OF PUNJABI (OPTION IV)

अधिकतम अंक: 100
अंक/सिद्धांत: 80
अंक/प्रैक्टिकम: 20 क्रेडिट: 4

शिक्षण घंटे: 3+2 बाहरी
परीक्षा घंटे: 3 घंटे आंतरिक

परीक्षक के लिए निर्देश: परीक्षक को परीक्षा के लिए कुल नौ प्रश्न निर्धारित करने होंगे। इनमें से छात्रों को केवल पांच प्रश्न ही हल करने होंगे। प्रश्न 1 अनिवार्य होगा और इसमें चार लघु उत्तरीय प्रश्न होंगे, प्रत्येक प्रश्न 4 अंक का होगा, प्रत्येक इकाई से एक प्रश्न चुना जाएगा। प्रत्येक इकाई से आंतरिक विकल्प वाले दो दीर्घ उत्तरीय प्रश्न पूछे जाएंगे। छात्रों को प्रत्येक इकाई/अनुभाग से एक दीर्घ उत्तरीय प्रश्न का उत्तर देना आवश्यक है। इस प्रकार, छात्र कुल पाँच प्रश्न पूरे करेंगे, यह सुनिश्चित करते हुए कि प्रत्येक इकाई से एक प्रश्न चुना गया है। सभी प्रश्न समान मूल्य के हैं, प्रत्येक 16 अंक का है।

उद्देश्य

⇒ पंजाबी की अवधारणा और उसके तत्वों की व्याख्या करना।
⇒ पंजाबी भाषा की प्रकृति और दायरे को समझना।
⇒ पंजाबी भाषा की आवश्यकता एवं सिद्धांतों की व्याख्या करना।
⇒ माध्यमिक स्तर पर पंजाबी शिक्षण से संबंधित बुनियादी अवधारणाओं के बारे में जागरूकता विकसित करना।

अधिगम प्रतिफ़ल

इस पाठ्यक्रम की सामग्री के पूरा होने के बाद शिक्षार्थी सक्षम होंगे:-

⇒ पंजाबी भाषा की आवश्यकता और सिद्धांतों की प्रकृति को समझें और समझाएं।
⇒ विद्यार्थियों में भाषा विज्ञान कौशल और इसके विकास की प्रक्रिया का विकास करना।
⇒ पंजाबी सिखाने के लिए आवश्यक शिक्षण कौशल हासिल करना।
⇒ छात्रों के प्रदर्शन के मूल्यांकन के तरीकों को सीखें और उनका उपयोग करना।

इकाई-1 पंजाबी भाषा सिखाने के दृष्टिकोण और तरीके

1.1 संरचनात्मक दृष्टिकोण, संचारी दृष्टिकोण, आगमनात्मक और निगमनात्मक दृष्टिकोण 1.2 संपूर्ण भाषा दृष्टिकोण; रचनात्मक दृष्टिकोण, भाषा शिक्षण के लिए बहुभाषी दृष्टिकोण 1.3 प्रदर्शन- अनुकरण विधि और परियोजना विधि

1.4 व्यक्तिगत एवं समूह शिक्षण पद्धति

इकाई-2 पंजाबी भाषा में पाठ योजना और विकासात्मक मुद्दे

2.1 अर्थ, आवश्यकता एवं महत्व

2.2. एक अच्छी पाठ योजना के चरण और गुण

2.3. पाठ योजना के प्रकार: वर्ष इकाई और व्यक्तिगत

2.4. एक अच्छे पंजाबी शिक्षक के गुण

इकाई-3 पंजाबी भाषा के शिक्षण में पाठ्यक्रम

3.1 अर्थ, महत्व एवं आवश्यकता

3.2. पाठ्यचर्या निर्माण के सिद्धांत.

3.3 पंजाबी शिक्षण का पुस्तक विश्लेषण

3.4 सामग्री विश्लेषण

इकाई-4 पंजाबी शिक्षण में दृष्टिकोण और मूल्यांकन

4.1. उपचारात्मक शिक्षण- उपचारात्मक शिक्षण का अर्थ एवं महत्व

4.2. पंजाबी भाषा में सामान्य त्रुटियाँ और उनका निराकरण मूल्यांकन

4.3. परीक्षण, माप और मूल्यांकन की अवधारणा

4.4 शिक्षण अधिगम प्रक्रिया में मूल्यांकन का स्थान।

प्रयोगात्मक कार्य

निम्नलिखित में से कोई एक कार्य करें:

- क्विज़, मौखिक परीक्षण और लेखन असाइनमेंट सहित पंजाबी में छात्र की दक्षता को मापने के लिए मूल्यांकन उपकरण विकसित और कार्यान्वित करें।
- उद्देश्यों और शिक्षण विधियों सहित विभिन्न ग्रेड स्तर के लिए विस्तृत पाठ योजनाएं विकसित और प्रस्तुत करें।
- क्रिया, संयुग्मन और वाक्य संरचना सहित और आकर्षक गतिविधियों का उपयोग करके पंजाबी व्याकरण सिखाने पर व्यावहारिक अभ्यास का संचालन करें।

पंजाबी **शिक्षण हेतु अनुमोदित पुस्तकें:-**

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT-SPECIFIC OBJECTIVES

The course aims to:

- Promote knowledge and skills in scientific inquiry and problem-solving.
- Facilitate the construction and application of scientific and technological knowledge in real-world contexts.
- Foster an understanding of the nature of science and its relationship with technology, society, and the environment.
- Integrate modern educational practices, including those outlined in NCF 2023 and NEP 2020, into the teaching of Physical Science.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Understand the importance and steps involved in lesson, unit, and year planning in Physical Science.
- Conduct pedagogical analysis of Physical Science topics to enhance teaching and learning.
- Utilize various activities, experiments, demonstrations, and laboratory experiences effectively in the teaching-learning process.
- Facilitate the development of scientific attitudes in learners.
- Adopt suitable approaches and methods to teach Physical Science, incorporating the latest educational trends.
- Appreciate the importance of instructional planning in the teaching of Physical Science.
- Understand the concepts of evaluation, including continuous and comprehensive evaluation (CCE), and apply them effectively in Physical Science education.
- Develop skills in conducting experiments and linking theoretical concepts with practical work.
- Critically analyse the existing Physical Science curriculum and suggest improvements in line with NCF 2023.

COURSE CONTENT

UNIT 1: INSTRUCTIONAL PLANNING AND PEDAGOGICAL ANALYSIS IN PHYSICAL SCIENCE

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.1 Need and Importance of Instructional Planning; Types of Planning (Year Plan, Unit Plan, Lesson Plan); Principles of Lesson Planning

1.2 Meaning, Importance, and Preparation of Lesson Plans

1.3 Concept of Pedagogical Analysis in Teaching Physical Sciences; Differences Between Content Analysis and Pedagogical Analysis

1.4 Components and Operations in Pedagogical Analysis: Analysis of Topics Such as Energy and Its Types, Atomic Structure, Friction, Water as a Universal Solvent, Matter in Our Surroundings, Force & Laws of Motion (Aligned with NCF 2023)

UNIT 2: METHODS & APPROACHES OF LEARNING PHYSICAL SCIENCE

2.1 Meaning of Methods and Approaches; Differences Between Methods and Approaches

2.2 Practical Implementation of Theories and Concepts in Physical Sciences

2.3 Methods of Teaching: Lecture, Lecture-cum-Demonstration, Project, Laboratory, Scientific, Heuristic, Historical, and Concentric Methods

2.4 Approaches to Teaching: Problem-Solving, Investigatory, Concept Mapping, Collaborative, Inductive, and Deductive Approaches (Aligned with NEP 2020)

UNIT 3: INDIVIDUALIZATION OF INSTRUCTION

3.1 Meaning & Need for Individualized Instruction; Strategies for Individualized Instruction

3.2 Programmed Learning: Linear, Branching, and Adaptive

3.3 Personalized System of Instruction (PSI)

3.4 Computer-Assisted Instruction (CAI) and Its Role in Enhancing Physical Science Education (Incorporating NCF 2023 Guidelines)

UNIT 4: EVALUATION IN PHYSICAL SCIENCE

4.1 Concepts of Evaluation, Measurement, and Testing; Types of Evaluation (Diagnostic, Formative, Summative)

4.2 Techniques and Devices for Evaluation in Physical Science; Characteristics of a Good Test/Tool

4.3 Continuous and Comprehensive Evaluation (CCE) in Physical Science

4.4 Construction and Use of Achievement Tests in Physical Science; Different Types of Grading Systems, Portfolio, and Task Analysis: Meaning and Advantages (Aligned with NEP 2020)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Prepare a list of basic equipment used in Physics and Chemistry laboratories, including handling instructions.
- Conduct and document at least five experiments to be demonstrated or conducted in secondary classes.
- Design and build a working model on a Physical Science topic suitable for secondary school students.
- Conduct a case study of a secondary school science laboratory and prepare a detailed report on its functionality, resources, and effectiveness.
- Any other activity, project, assignment assigned by the teacher.

SUBJECT SPECIFIC OBJECTIVES

- Familiarize themselves with the objectives and relevance of commerce education.
- Understand various functions and roles within the field of commerce.
- Develop essential competencies required for effective commerce teaching.
- Explore and apply different methods, approaches, and techniques specific to commerce education.

COURSE OUTCOMES

Upon successful completion of this course, students will:

- Apply various evaluation techniques in the pedagogy of commerce.
- Conduct pedagogical analysis of specific commerce topics.
- Critically evaluate commerce curricula and provide constructive feedback for improvement.
- Effectively use self-instructional materials in the teaching and learning of commerce.

COURSE CONTENT

UNIT I: PEDAGOGICAL ANALYSIS IN COMMERCE TEACHING

1.1 Aspects of pedagogical analysis in commerce.
1.2 The utility of pedagogical analysis for commerce teachers.
1.3 Steps in pedagogical analysis: Double entry system., Multinational companies, Trade.
1.4 Integration of ICT in Pedagogical Analysis for Commerce Education

UNIT II: CURRICULUM IN COMMERCE

2.1 Curriculum: Meaning, concept, and characteristics.
2.2 Principles of curriculum construction in commerce education.
2.3 Development of commerce curriculum.
2.4 Critical evaluation of commerce curriculum, Suggestions for improvement in commerce curriculum.

UNIT III: ASSESSMENT TECHNIQUES AND EVALUATION

3.1 Concept of evaluation and measurement in commerce education.
3.2 Differences between measurement and evaluation.
3.3 Objectives and purposes of evaluation in commerce.
3.4 Types of evaluation in commerce education: Formative evaluation, Summative evaluation, Evaluation devices: Quantitative evaluation., Qualitative evaluation.

UNIT IV: SELF-INSTRUCTIONAL MODULES AND MATERIALS IN COMMERCE TEACHING

4.1 Individualized self-instructional modules: Forms, characteristics, and principles.
4.2 Group-directed self-instructional modules: Elements, procedures, and uses.
4.3 Self-instructional material in commerce: Meaning, need, and importance.
4.4 Effective use of various self-instructional materials in the teaching and learning of commerce.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Design and deliver a 15-minute presentation on any topic in commerce using the lecture method.
- Prepare a pedagogical analysis on a selected topic in commerce.
- Create a PowerPoint presentation on a topic covered in the pedagogy of commerce syllabus.
- Any other topic assigned by the teacher

SUGGESTED READINGS

B.P.S. MAHILAVISHWAVIDYALAYA, KHANPUR KALAN (SONEPAT)
BACHELOR OF EDUCATION (B.ED.)
SEMESTER-II
COURSE- XIII (BOE – 113)
PEDAGOGY OF HOME SCIENCE (OPTION VIII)

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum: 20

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course will enable students to:

- Promote the all-round development of individuals within home and family settings.
- Prepare for careers in home management, education, development, and welfare.
- Develop the ability to manage homes and families across various levels of education and programs.

COURSE OUTCOMES

After completing this course, students will be able to:

- Understand the importance and steps involved in lesson, unit, and year planning.
- Conduct pedagogical analysis in Home Science.
- Utilize various activities, experiments, demonstrations, and laboratory experiences effectively in the teaching-learning process of Home Science.
- Foster the development of scientific attitudes in learners.
- Apply suitable approaches and methods for teaching Home Science.
- Appreciate the significance of planning in the teaching of Home Science.
- Comprehend the concept and types of evaluation.
- Understand and implement continuous and comprehensive evaluation (CCE).
- Develop skills for conducting experiments that demonstrate Home Science concepts.
- Enhance laboratory skills to link theory with practical work.

COURSE CONTENT

UNIT 1: INSTRUCTIONAL PLANNING AND PEDAGOGICAL ANALYSIS IN HOME SCIENCE

1.1 Importance of Instructional Planning: Types (Year Plan, Unit Plan, Lesson Plan) and Principles of Lesson Planning

1.2 Lesson Plan: Meaning, Importance, and Preparation

1.3 Pedagogical Analysis in Home Science: Concept and Differences from Content Analysis

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.4 Components of Pedagogical Analysis: Analysis of Balanced Diet, Health & Hygiene, Child Care, Fibre, Care and Maintenance (NCF 2023)

UNIT 2: METHODS AND APPROACHES OF LEARNING HOME SCIENCE

2.1 Methods and Approaches: Definitions and Differences

2.2 Teaching Methods: Assignment, Lecture, Lecture-cum-Demonstration, Project, Laboratory, Heuristic, Historical

2.3 Approaches: Problem Solving, Investigatory, Collaborative, Inductive and Deductive

2.4 Practical Skills: Stitching Styles, Embroidery Techniques, and Crafting (Aligned with NEP 2020)

UNIT 3: INDIVIDUALIZATION OF INSTRUCTION

3.1 Individualized Instruction: Meaning, Need, and Strategies

3.2 Programmed Learning: Linear, Branching, and Adaptive

3.3 Personalized System of Instruction (PSI)

3.4 Computer-Assisted Instruction (CAI) and Its Role in Home Science (NCF 2023)

UNIT 4: EVALUATION IN HOME SCIENCE

4.1 Evaluation, Measurement, and Testing: Concepts and Types (Diagnostic, Formative, Summative)

4.2 Evaluation Techniques: Characteristics of Good Tests/Tools

4.3 Continuous and Comprehensive Evaluation (CCE): Construction and Use of Achievement Tests

4.4 Grading Systems, Portfolio and Task Analysis, and the Use of Question Banks in Home Science

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Preparation of an online test in Home Science.
- Development of objective-type, short-answer, and essay-type tests.
- Organization of a quiz competition in Home Science and analysis of student responses.
- Planning a field visit to study and report on health habits and concerns of village school students.
- Designing a remedial teaching program for a Home Science student.
- Writing a project report on an extension education topic.
- Any other activity, assignment, project assigned by the teacher.

SUGGESTED READINGS:

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course will enable student-teachers to:

- Develop an understanding of the aims and objectives of teaching Music in schools.
- Cultivate competencies and skills essential for teaching Music effectively.
- Gain awareness of the fundamental principles of Music education, including historical, cultural, and theoretical aspects.
- Understand the importance of evaluation procedures in Music education.
- Foster aesthetic sense, time management, tolerance, and self-confidence among student-teachers.

COURSE OUTCOMES

After completing the course, student-teachers will be able to:

- Understand and explain the history and significance of Indian Music in the school curriculum.
- Develop and apply competencies for teaching Music, including lesson planning and classroom management.
- Demonstrate knowledge of swaras, sruti, rhythm, and voice culture in Music education.
- Use and create teaching aids and methods for effective Music instruction.
- Evaluate and assess student performance in Music, incorporating both traditional and modern techniques.

COURSE CONTENT

UNIT 1: HISTORY AND FOUNDATIONS OF MUSIC EDUCATION

1.1 A Brief History of Indian Music
1.2 Aims and Objectives of Music in the School Curriculum
1.3 Knowledge of Swaras and Sruti
1.4 Principles of Teaching Music

UNIT 2: VOICE CULTURE AND NOTATION IN MUSIC

2.1 Possibilities of Notation for Indian Music
2.2 Voice Culture: Understanding Voice and Larynx
2.3 Knowledge of Motion and Rhythm
2.4 Application of Notation in Teaching Music

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT 3: TEACHING METHODS AND SKILLS IN MUSIC EDUCATION

3.1 Methods of Teaching Music
3.2 Lesson Planning in Music
3.3 Qualities of a Music Teacher
3.4 Skill Development in Music Education

UNIT 4: TEACHING AIDS, CLASSICAL MUSIC, AND EVALUATION

4.1 Teaching Aids in Music
4.2 Importance of Classical Music
4.3 Evaluation in Music Education
4.4 Integration of Technology in Music Education

SUGGESTED PRACTICUM ACTIVITIES

- Student-teachers will choose and complete any one of the following activities:
- Sing a fast Khyal or play a rezakhoni Gat with Tanas and Alaps or Jhala and Toras in Ragas like Bhupali, Bhairvi, Brindavani Sarag, Asawari, Bhimplashi, Malkauns, and Kaffi.
- Perform a slow Khayal (Vilambit Bara Khyal) or Masti Khayal Gat in Asawari and Malkauns Rag.
- Practice Tha's and Dvigun Laya on Tabla in Teen Tal, Dadra, Jhaptal, Dharva, and Ektal.
- Demonstrate tuning of an instrument for instrumentalists and tuning of the Tanpura for vocal music students.
- Learn and practice reading and writing Music notation using either the Bhatkhande or Vishnu Digamber Pulskar system.
- Any other activity assigned by the teacher.

SUGGESTED READINGS

- Elliott, D. J. (2012). *Fundamentals of Music*. New Delhi: Prentice Hall of India.
- Khanna, J. (2003). *Teaching of Music*. Ludhiana: Tandon Publications.
- Leeder, J. A., & Haynie, W. S. (1958). *Music Education in High School*. New Jersey: Prentice Hall.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course aims to:

- Understand the principles of curriculum construction and development in mathematics.
- Identify the characteristics and the need for good mathematics textbooks.
- Explain the concept of evaluation and effectively use various evaluation tools and techniques in mathematics.
- Conduct pedagogical analysis and utilize various resources in teaching mathematics.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Gain a thorough understanding of the curriculum development process in mathematics, including its organization and critical analysis.
- Develop the ability to select and evaluate textbooks for effective mathematics teaching.
- Apply different evaluation methods, including formative, diagnostic, and summative assessments, in mathematics education.
- Conduct pedagogical analysis in mathematics, focusing on key topics such as arithmetic, algebra, and geometry, and understand the role of various teaching resources like math laboratories and clubs.

COURSE CONTENT

UNIT 1: CURRICULUM OF MATHEMATICS AT SECONDARY SCHOOL LEVEL

1.1 Principles and concepts of curriculum construction and organization in mathematics.
1.2 Approaches to organizing the mathematics curriculum at the school level.
1.3 Critical analysis and evaluation of a mathematics syllabus.
1.4 Characteristics and need for good textbooks in mathematics.

UNIT 2: EVALUATION OF LEARNING AND TEACHING OF MATHEMATICS

2.1 Norm-referenced and criterion-referenced evaluation.
2.2 Formative, diagnostic, and summative evaluation techniques.
2.3 Continuous and comprehensive evaluation (CCE) in mathematics.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.4 Designing and constructing evaluation tools, including unit tests, blueprints, and marking schemes.

UNIT 3: PEDAGOGICAL ANALYSIS AND RESOURCES IN TEACHING OF MATHEMATICS

3.1 Concept and components of pedagogical analysis in teaching mathematics.

3.2 Pedagogical analysis of key topics in mathematics, including arithmetic, algebra, and geometry.

3.3 Role and importance of a mathematics laboratory: Setting up and managing materials.

3.4 Application of digital resources and computers in teaching mathematics.

UNIT 4: PROFESSIONAL DEVELOPMENT OF MATHEMATICS TEACHERS

4.1 Importance of professional development at individual, organizational, and governmental levels.

4.2 Participation in seminars, workshops, conferences, and symposia: Benefits and relevance.

4.3 Teacher as a researcher: Importance of action research and competencies required.

4.4 Qualities of an effective mathematics teacher and the role of continuous professional growth.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Construct a blueprint for a unit test in mathematics.
- Develop an evaluation tool tailored for secondary school students.
- Prepare and present an action research report on issues faced by teachers or students in a mathematics classroom.
- Design and develop a game for teaching a mathematics topic at the school level, including detailed rules and instructions.
- Create both a digital and a live teaching-learning material for mathematics.
- Produce videos or films related to mathematics education, focusing on specific teaching strategies or concepts.
- Conduct a seminar on a topic related to mathematics education, utilizing PowerPoint for presentation.
- Any other relevant activity, project, or assignment assigned by the teacher.

SUGGESTED READINGS

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course aims to:

- Develop an in-depth understanding of the objectives and importance of teaching social science at different educational levels.
- Equip students with the skills to design and implement effective lesson plans, instructional materials, and co-curricular activities in social science education.
- Enhance the ability to conduct pedagogical analyses and utilize instructional aids for effective teaching and learning in social science.
- Foster the ability to critically engage with curriculum development principles and create curricula that meet the diverse needs of learners in social science.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Summarize the various aspects of social science and articulate the objectives of teaching social science at different levels.
- Demonstrate proficiency in selecting and using appropriate pedagogical strategies, co-curricular activities, and instructional materials for teaching social studies.
- Develop and implement effective lesson plans and instructional aids to enhance the learning experience in social science classrooms.
- Analyse and contribute to the curriculum development process in social science, ensuring alignment with contemporary educational policies such as NCF 2023 and NEP 2020.

COURSE CONTENT

UNIT 1: LESSON PLANNING AND INSTRUCTIONAL AIDS

1.1 Need and Importance of a Good Lesson Plan

1.2 Types of Planning: Year Plan, Unit Plan, Lesson Plan; Principles of Lesson Planning; Steps Involved in Lesson Planning

1.3 Development and Utilization of Instructional Aids: Charts, Maps, Graphs, Tables, Models, Film Strips, T.V., Computer, Internet

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.4 Role of Technology in Enhancing Instructional Aids and Classroom Teaching (Aligned with NEP 2020)

UNIT 2: PEDAGOGICAL ANALYSIS IN SOCIAL SCIENCE

2.1 Pedagogical Analysis: Concept, Importance, Steps

2.2 Pedagogical Analysis of Specific Topics: The Mughal Empire (Class IX),Constitutional Design (Class VII),Human Environment: Settlement, Transport, and Communication (Class VII),Poverty as a Challenge (Class IX),

2.3 Application of Pedagogical Analysis in Classroom Settings

2.4 Integration of Multidisciplinary and Cross-Curricular Approaches in Social Science Education (Aligned with NCF 2023)

UNIT 3: CO-CURRICULAR ACTIVITIES AND INSTRUCTIONAL MATERIALS

3.1 Co-Curricular Activities: Objectives, Types, and Importance

3.2 Principles Underlying the Organization of Co-Curricular Activities

3.3 Role and Organization of Co-Curricular Activities in Teaching Social Science

3.4 Need, Importance, and Arrangement of a Social Science Resource Centre, Use of Community Resources and Local Knowledge in Teaching Social Science

UNIT 4: CURRICULUM CONSTRUCTION IN SOCIAL STUDIES

4.1 Concept of Curriculum: Scope, Aims, and Objectives

4.2 Characteristics, Types, and Principles of Designing a Good Curriculum for Social Science

4.3 Principles of Curriculum Construction in Social Studies

4.4 Trends and Issues in Social Science Curriculum Development (Aligned with NEP 2020 and NCF 2023)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete two activities from the following groups:

- Organize and report on a visit to a historical site, ecological area, or political institution, focusing on its educational value in social science teaching.
- Plan and execute a program on social or election awareness, an exhibition, or the preparation of an annual, unit, or lesson plan.
- Create a scrapbook that compiles resources, instructional aids, or co-curricular activities for teaching social science.
- Any other activity, assignment and project assigned by the teacher.

SUBJECT SPECIFIC OBJECTIVES

- Relate everyday experiences with the learning of life science.
- Understand the concepts of evaluation, including different types and continuous and comprehensive evaluation (CCE).
- Examine and address pedagogical issues in life science education.
- Construct and apply appropriate assessment tools for evaluating life science learning.
- Stimulate curiosity, inventiveness, and creativity in life science education.
- Utilize life science concepts effectively for developing life skills.
- Develop competencies for teaching and learning life science through various instructional strategies.
- Understand and apply the principles of lesson planning, unit planning, and year planning.
- Perform pedagogical analysis of various life science topics.
- Integrate ICT tools effectively into the teaching and learning of life science to enhance the understanding and delivery of concepts.
- Select and use appropriate ICT resources, including educational software and online platforms, to enrich biology teaching.
- Access and use virtual labs and online experiments for biological investigations, complementing physical lab work.
- Incorporate digital textbooks, e-books, and online platforms into teaching practices to provide updated and interactive educational resources.
- Develop engaging e-content using various tools and free software for life science, including interactive simulations, multimedia presentations, and digital assessments.
- Establish and manage biological science clubs to foster student interest and engagement in biology.
- Organize and conduct science fairs, exhibitions, and educational tours to promote scientific inquiry and creativity.
- Design and maintain science bulletin boards and implement mobile science laboratories to enhance science communication and practical biology experiences.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Create and use low-cost, improvised apparatus for conducting biology experiments, making science education more accessible.

COURSE OUTCOMES

Upon completing this course, students will be able to:

- Connect life science concepts to everyday experiences and real-world applications.
- Understand and implement various evaluation methods, including continuous and comprehensive evaluation (CCE).
- Construct effective assessment tools and evaluate their impact on student learning.
- Stimulate curiosity, creativity, and a sense of inquiry in life science education.
- Apply life science concepts to develop life skills in students.
- Plan and execute lessons, units, and yearly instructional plans effectively.
- Utilize ICT tools, virtual labs, and digital resources to enhance life science education.
- Engage in co-curricular activities such as science clubs, fairs, and educational tours to enrich the learning experience.
- Employ mobile labs and improvised equipment to deliver hands-on biology education.

COURSE CONTENT

UNIT 1: INSTRUCTIONAL PLANNING AND PEDAGOGICAL ANALYSIS IN LIFE SCIENCE

1.1 Need and importance of Instructional Planning.

1.2 Types of Planning: Year Plan, Unit Plan, and Lesson Plan.

1.3 Principles of Lesson Planning, Steps involved in Lesson Planning, Unit Planning, and Year Planning.

1.4 Pedagogical Analysis of Selected Life Science Topics: Photosynthesis, Cell Structure, Food Chains, Ecological Balance, Reproduction, Food and Nutrition

UNIT 2: ICT AND E-CONTENT DEVELOPMENT IN LIFE SCIENCE

2.1 Use of ICT in Teaching and Learning.

2.2 ICT Resources to Support Biology Teaching.

2.3 Virtual Labs and Online Experiments, Digital Textbooks, E-books, and Online Platforms for Science Education.

2.4 Tools and Free Software for E-Content Development in Science.

UNIT 3: BIOLOGY THROUGH CO-CURRICULAR ACTIVITIES

3.1 Biological Science Clubs.

3.2 Science Fairs and Exhibitions.

3.3 Organizing Educational Tours.

3.4 Science Bulletin Boards, Mobile Science Laboratories, Low-Cost Improvised Apparatus.

UNIT 4: EVALUATION IN LIFE SCIENCE

4.1 The Concept of Evaluation, Measurement, and Testing.

4.2 Types of Evaluation: Diagnostic, Formative, Summative, Techniques and Devices of Evaluation in Life Science, Continuous and Comprehensive Evaluation (CCE) in Life Science.

4.4 Characteristics of a Good Test/Tool of Evaluation, Different Types of Grading Systems, Construction and Use of Achievement Tests in Life Science, Portfolio and Task Analysis: Meaning and Advantages.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

- Laboratory techniques such as collecting, culturing, staining, temporary & permanent mounting of materials.
- Museum techniques: Preservation, preparation, and maintenance of plant, animal, and other specimens.
- Setting up and maintaining an aquarium and terrarium.
- Use and maintenance of basic equipment in the biology laboratory.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

- Practicing at least five experiments to be demonstrated/ conducted in secondary class.
- Preparing a working model on a biological secondary school standard topic.
- Collecting and preserving any five biological specimens and writing a report.
- Conducting a case study of any senior secondary science lab and preparing a report.
- Any other activity assigned by the teacher.

Instructional Hours: 3+2
Exam Hours: 3Hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

- To understand the importance and process of creating effective lesson plans in Economics.
- To develop skills in utilizing various instructional aids, including digital tools, to enhance the teaching of Economics.
- To perform a detailed pedagogical analysis of key economic topics, identifying concepts, outcomes, activities, and evaluation techniques.
- To apply pedagogical analysis to improve instructional strategies in Economics.
- To appreciate the role of co-curricular activities in enriching the teaching and learning of Economics.
- To explore the qualities of an effective Economics teacher and how to organize relevant co-curricular activities.
- To understand the principles and processes involved in curriculum development.
- To differentiate between syllabus and curriculum and apply this understanding in constructing an effective Economics curriculum.

COURSE OUTCOMES

After completing the course, students will be able to:

- Create well-structured lesson plans incorporating various instructional aids and ICT tools.
- Integrate charts, models, and digital resources effectively in Economics teaching.
- Demonstrate the ability to perform pedagogical analysis on economic topics such as types of markets, fiscal policy, and national income.
- Design learning activities and assessment methods based on the pedagogical analysis.
- Plan and execute co-curricular activities that complement the Economics curriculum.
- Exhibit the qualities of an effective Economics teacher through active engagement in co-curricular activities.
- Construct a curriculum for Economics that aligns with educational principles and meets the needs of students.
- Critically evaluate the effectiveness of different curriculum designs in Economics.

COURSE CONTENT

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT 1: LESSON PLANNING AND INSTRUCTIONAL AIDS

1.1 Need and Importance of a Good Lesson Plan

1.2 Types of Planning: Year Plan, Unit Plan, Lesson Plan

1.3 Principles of Lesson Planning and Steps Involved

1.4 Development and Utilization of Instructional Aids: Charts, Maps, Graphs, Tables, Models, Film Strips, T.V., Computer, Internet, Application of ICT in Teaching Economics.

UNIT 2: PEDAGOGICAL ANALYSIS IN ECONOMICS

2.1 Pedagogical Analysis in Teaching Economics: Important Steps

2.2 The Teacher Will Demonstrate Pedagogical Analysis of One of the Following Topics: Types of Markets, Fiscal Policy, National Income

2.3 Key Components of Pedagogical Analysis: Identification of Concepts, Listing Behavioural Outcomes, Listing Activities and Experiments, Listing Evaluation Techniques.

2.4 Differentiated Instruction in Economics: Adapting Pedagogical Analysis for Diverse Learners.

UNIT 3: ECONOMICS TEACHER & CO-CURRICULAR ACTIVITIES

3.1 Co-Curricular Activities in Economics: Objectives of Co-Curricular Activities
Types of Co-Curricular Activities

3.2 Principles Underlying Organization of Co-Curricular Activities, Need and Importance of Co-Curricular Activities in Economics

3.3 Role and Organization of Co-Curricular Activities in Teaching Economics

3.4 Qualities of an Effective Economics Teacher

UNIT 4: CURRICULUM DEVELOPMENT

4.1 Curriculum: Meaning and Importance

4.2 Difference between Syllabus and Curriculum

4.3 Development and Principles of Curriculum Construction

4.4 Integrating Cross-Curricular Themes in Economics Curriculum.

SUGGESTED PRACTICUM ACTIVITIES: (CHOOSE ANY ONE)

Students are required to complete any two activities from the following:

- Develop an Annual Plan, Unit Plan, and Lesson Plan for teaching Economics.
- Construct a curriculum for a selected topic in Economics.
- Plan and conduct co-curricular activities that enhance the teaching of Economics.
- Organize visits to innovative centres of pedagogy and learning, and conduct action research based on teaching and learning in school and community settings.
- Any other activity, project, assignment assigned by the teacher.

SUBJECT SPECIFIC OBJECTIVES

- Conduct effective pedagogical analysis in the teaching of computer science.
- Understand the concept and various types of instructional aids and their applications in computer science education.
- Master the procedures for using interactive whiteboards and other modern instructional tools.
- Develop and prepare teaching-learning materials specifically for computer science.
- Create and present effective PowerPoint presentations as a teaching aid.
- Understand and apply various methods of teaching computer science effectively.
- Explore and utilize various evaluation techniques and tools in the context of computer science education.
- Grasp the concept and application of computer-aided evaluation.
- Understand and implement procedures for conducting online examinations and e-assessments.

COURSE OUTCOMES

Upon successful completion of this course, students will:

- Be proficient in conducting pedagogical analysis for computer science topics and applying these insights in their teaching practice.
- Utilize a wide range of instructional aids, including interactive whiteboards and multimedia presentations, to enhance the learning experience.
- Develop and present teaching-learning materials and PowerPoint presentations that effectively convey computer science concepts.
- Apply various teaching methods tailored to the needs of computer science education.
- Design and implement evaluation strategies that incorporate both traditional and computer-aided techniques.
- Conduct and manage online examinations and e-assessments, ensuring accurate and fair evaluation of student performance.

COURSE CONTENT

UNIT I: CONTENT AND PEDAGOGICAL ANALYSIS

1.1 Concept, need, and importance of pedagogical analysis.
1.2 Pedagogical analysis of the following topics: Computer System, Networking, MS-Windows, MS-Office, Operating System.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

1.3 Pedagogical Analysis of Digital Literacy and Cyber security
1.4 Pedagogical Analysis of Artificial Intelligence and Machine Learning

UNIT II: INSTRUCTIONAL AIDS

2.1 Types and roles of instructional aids in the teaching of computer science.
2.2 Visual media: Chalkboard, charts, graphs, maps.
2.3 Interactive whiteboards: Meaning, importance, and uses.
2.4 PowerPoint presentations: Definition, steps in designing PPTs, and enhancing teaching and learning through PPTs.

UNIT III: TEACHING METHODS

3.1 Lecture-cum-demonstration method.
3.2 Project method.
3.3 Computer-assisted instruction methods.
3.4 Laboratory method.
3.5 Inductive-deductive method.

UNIT IV: EVALUATION TECHNIQUES

4.1 Meaning, need, and importance of evaluation.
4.2 Types of evaluation: Formative, summative, Continuous and Comprehensive Evaluation (CCE), and grading (marks and grades).
4.3 Techniques and tools of evaluation.
4.4 Attributes of a good achievement test: Characteristics, functions, and types.
4.5 Computer-aided evaluation and e-assessment: Concepts, tools, and implementation.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Conduct a pedagogical analysis of a specific computer science topic, including the preparation of related teaching-learning materials and evaluation techniques.
- Design and deliver a PowerPoint presentation on a computer science concept tailored for secondary or higher secondary students.
- Develop an instructional aid (e.g., chart, graph, or interactive whiteboard activity) for teaching a computer science topic.
- Create and evaluate an e-assessment tool or online examination system for computer science.
- Conduct a detailed analysis of the effectiveness of an interactive whiteboard in teaching a computer science lesson.
- Prepare and critically evaluate a lesson plan using the lecture-cum-demonstration method or project method in computer science.
- Develop a comprehensive evaluation plan for a computer science unit, incorporating both formative and summative assessment techniques.
- Design a blended learning module: Combine online and offline instructional strategies for teaching a computer science topic.
- Any other relevant activity/project/assignment assigned by the teacher.

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course will enable the students to:

- Understand the foundational principles of teaching Art, including its significance in education.
- Develop an awareness of various art forms and their cultural contexts, appreciating the diversity of artistic expressions.
- Familiarize with different strategies and methodologies for teaching Art at the secondary and higher secondary levels.
- Develop practical skills in the use of various art tools and instruments, fostering creativity and technical proficiency.
- Cultivate an appreciation for the relationship between Art, nature, and human existence.
- Understand and apply effective methods and approaches for teaching Art in diverse educational settings.

COURSE OUTCOMES

By the end of the course, student-teachers will be able to:

- Comprehend the foundational concepts of Art education and integrate them into the school curriculum.
- Demonstrate proficiency in using various art tools and techniques, applying them effectively in the classroom.
- Analyze and appreciate different forms of Art, recognizing their cultural and social significance.
- Develop and implement effective lesson plans and teaching strategies for Art, tailored to the needs of secondary and higher secondary students.
- Evaluate student learning in Art using appropriate assessment techniques, fostering creativity and critical thinking.

COURSE CONTENT

UNIT 1: FOUNDATION AND CONTEXT OF ARTS

1.1 Aims and Objectives of Teaching Fine Arts: Understanding the goals and educational objectives of Art education.

1.2 Importance and Place of Fine Arts in Education: Exploring the role of Fine Arts in holistic student development and curriculum integration.

1.3 Construction of Syllabus for Fine Arts at Secondary Education: Principles and processes involved in designing an Art curriculum.

1.4 Relationship of Fine Arts with Other School Subjects: Interdisciplinary connections between Art and other subjects like History, Literature, and Science.

UNIT 2: METHODS OF TEACHING & INDIAN ARTISTS, PAINTINGS

2.1 Lecture-cum-Demonstration Method in Indian Paintings: Applying traditional teaching methods to explore Indian Art.

2.2 Project Method in Indian Art: Engaging students in project-based learning focused on Indian artists and their contributions.

2.3 Observation Method: Encouraging critical observation as a tool for understanding and appreciating Art.

2.4 Significant Contributions of Indian Artists: Raja Ravi Varma's Indian Paintings: Analysing his impact on Indian Art, Contribution of Abanindranath Tagore and Amrita Sher-Gil: Understanding their role in shaping Indian Art, Centres of Art Schools: Exploring prominent Art schools and their influence on Indian Art.

UNIT 3: SKILL DEVELOPMENT IN ART

3.1 Skill of Art Appreciation: Developing the ability to critically evaluate and appreciate different forms of Art.

3.2 Skill of Observation: Enhancing observation skills to better understand artistic elements.

3.3 Skill of Imagination and Visual Communication: Fostering creativity and the ability to communicate ideas visually.

3.4 Skill of Handling Art Tools: Mastering the use of colours, brushes, and other tools to create Art., Art Development in Children: Understanding the stages of Art development in children and how to nurture their creativity.

UNIT 4: PROFESSIONAL EFFICIENCY, MEASUREMENT, AND EVALUATION

4.1 Professional Qualities of a Good Art Teacher; Identifying the key attributes and skills required for effective Art teaching.

4.2 Creativity in Art and the Role of the Art Teacher: Encouraging creativity in students and understanding the teacher's role in this process.

4.3 Organizing Art Exhibitions and Classroom Decoration: Planning and executing Art exhibitions, and creating an aesthetically pleasing classroom environment.

4.4 Measurement and Evaluation in Art Education: Understanding the importance, need, and types of evaluation techniques in Art education.

SUGGESTED PRACTICUM ACTIVITIES

- Students will choose and complete any four of the following practicum activities:
- Develop a unique design that reflects an understanding of Art principles.
- Create artistic greeting cards using various materials and techniques.
- Design a composition based on a selected theme, utilizing colour and form.
- Create a landscape painting, focusing on elements like perspective, colour, and texture.
- Develop a thematic collage using different materials to express an idea or concept.
- Create a poster with a focus on visual communication and design principles.

COURSE- XV (BOE –115)
INSTRUCTIONAL TECHNOLOGY (H.A.E. & P.T.A.) (PRACTICUM)

Max Marks: 50
External Marks: 40
Internal Marks: 10

Instructional Hours: 4
Credit: 2

INSTRUCTIONS FOR THE EXAMINER: During the practical exam, each student will be required to demonstrate their proficiency in preparing teaching aids and handling of available equipments like OHP, LCD Projector etc., focusing on basics of operation, setup, and classroom application. The exam will assess the student's ability to apply the principles and techniques discussed in the course, including the preparation and effective use of teaching aids. Students will be expected to integrate their knowledge with a brief instructional segment, showcasing how they would use the aids and equipments to enhance student understanding in a real classroom scenario. Additionally, evaluative skills will be tested, as students will critique their own work and provide constructive feedback to peers. This practical exam aims to assess not only the technical skills in handling equipments but also the ability to create an engaging and visually appealing learning environment by using teaching aids also.

SUBJECT SPECIFIC OBJECTIVES

The course aims to:

- Acquaint student-teachers with the foundational philosophy and importance of work education in the teaching-learning process.
- Enable student-teachers to understand the significance of teaching aids in enhancing classroom instruction and student engagement.
- Develop the skills necessary for the preparation and effective use of teaching aids, ensuring that student-teachers can facilitate efficient and impactful teaching.
- Cultivate proficiency in chalkboard writing as an essential classroom management and instructional tool.

COURSE OUTCOMES

By the end of the course, student-teachers will be able to:

- Demonstrate a clear understanding of the basic philosophy and significance of work education and its application in the classroom.
- Identify and classify various types of teaching aids, understanding their relevance and use in different educational contexts.
- Prepare, use, and evaluate a range of teaching aids, including models, charts, and digital resources, to enhance teaching effectiveness.
- Exhibit effective chalkboard writing skills, utilizing them for better classroom management and communication.
- Integrate modern educational tools like overhead projectors, LCDs, AI and digital cameras into their teaching practices, aligning with the goals of NCF 2023 and NEP 2020.

COURSE CONTENT

UNIT 1: PREPARING TEACHING AIDS

1.1 Meaning, Concept, and Significance of Teaching Aids: Understanding the role of teaching aids in the educational process.

1.2 Importance and Need for Teaching Aids: Why teaching aids are essential for effective classroom instruction.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.3 Classification of Teaching Aids: Types of teaching aids: Visual, Audio, Audio-Visual, and Digital aids.
1.4 Material Requirements and Effective Use of Teaching Aids, Tools and materials needed for creating teaching aids (e.g., paper, colours, scales, pencils), Best practices for using teaching aids in the classroom.

UNIT 2: HANDLING AVAILABLE EQUIPMENT

1.1 Overhead Projector (OHP): Basics of operation, setup, and classroom application.
1.2 Slide Projector and LCD Projector, Interactive Boards: Fundamentals of use, advantages in teaching, and integration into lesson plans.
1.3 Tape Recorder and Digital Camera: Utilizing audio tools and digital photography in education.
1.4 Computer, AI and ICT Tools, the role of computers in modern education, focusing on digital presentations and interactive learning, use of Artificial Intelligence

SUGGESTED PRACTICUM ACTIVITIES

- Teaching Aid Preparation:
  - Create two coloured charts (20" X 30") for specific teaching subjects.
  - Develop two models (one working and one static) related to teaching subjects.
  - Design two power point presentations for each teaching subject.
  - Make five flash cards for each teaching subject.
- Teaching Aid Development: Design and present teaching aids for a chosen subject. Discuss their educational significance and how they will be used in the classroom.
- Digital Equipment Demonstration: Conduct a demonstration on the use of digital tools in a classroom setting. Reflect on how these tools enhance learning.
- Classroom Integration Project: Create a lesson plan that integrates at least two different types of teaching aids. Implement the lesson and evaluate its effectiveness in terms of student engagement and comprehension.
- Chalkboard Writing Practice: Engage in a series of chalkboard writing exercises focused on legibility, organization, and clarity. Receive peer feedback and make improvements.
- Any other assignment,activity assigned by the teacher.

DEPARTMENT OF EDUCATION
FACULTY OF EDUCATION
B.P.S. MAHILA VISHWAVIDYALAYA, KHANPUR KALAN
BACHELOR OF EDUCATION (B.ED.)
SEMESTER-II
COURSE- XVI (BOE- 116)
INTERNSHIP PHASE-2 (SCHOOL ATTACHMENT)
COURSE- XVII (BOE-117)
INTERNSHIP PHASE-2 (COMMUNITY SURVEY)

Max Marks: 25+25= 50 |**Total Duration: 02 Weeks (1 Week Each for School Attachment and Community Survey)**
External Marks: 20+20= 40 | **Internal Marks:** 5+5= 10 | **Credits:** 01+01=02

COURSE OVERVIEW

Internship Phase-2 is an integral part of the B.Ed. program, designed to provide student-teachers with deeper insights into school dynamics and community engagement. This phase consists of two components: School Attachment and Community Survey. The School Attachment component focuses on immersing student-teachers in real classroom settings, observing teaching-learning processes, and participating in various school activities. The Community Survey component aims to connect student-teachers with the broader educational context by engaging with the community, understanding its educational needs, and conducting relevant surveys. This dual exposure equips future teachers with practical knowledge, critical thinking skills, and a comprehensive understanding of the educational ecosystem.

SUBJECT-SPECIFIC OBJECTIVES

The main objectives of Internship Phase-2 are to:

1. **Enhance Observational Skills:** Enable student-teachers to observe real classroom situations and gain insights into effective teaching and classroom management.
2. **Understand School Functioning:** Familiarize student-teachers with school organization, management, and the role of various educational resources in enhancing learning.
3. **Develop Reflective Practices:** Encourage student-teachers to critically analyze school environments and provide feedback for improvement.
4. **Gain Community Insight:** Conduct community surveys to understand the educational needs and challenges faced by students and parents.
5. **Engage in School and Community Activities:** Participate in school celebrations, co-curricular activities, and community outreach to foster a holistic understanding of education.

COURSE OUTCOMES

Upon successful completion of the Internship Phase-2, student-teachers will be able to:

1. **Analyze Classroom Dynamics:** Critically observe classroom interactions, pedagogical practices, and assess the effectiveness of teaching methods.
2. **Evaluate School Environment:** Understand the philosophy, aims, and organizational structure of schools, and how these impact teaching and learning.
3. **Reflect and Suggest Improvements:** Provide constructive feedback on school operations, classroom management, and student engagement.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

4. **Conduct Effective Community Surveys:** Collect and analyze data from the community to understand educational challenges and suggest relevant interventions.
5. **Apply Practical Teaching Skills:** Develop and use audio-visual aids, conduct lab work, and learn evaluation techniques, including preparing question papers and grading.

COURSE CONTENT AND ACTIVITIES

WEEK 1: SCHOOL ATTACHMENT (1 WEEK)

1. **Classroom and School Environment Observation**

    a) **Activity:** Observe real classroom situations in at least two schools (private/government) affiliated with HBSE/CBSE. This includes understanding the school's philosophy, aims, organization, management, curriculum transaction, and assessment methods.
    b) **Outcome:** Develop a holistic understanding of the school environment and identify effective teaching strategies.

2. **Visit to Innovative Pedagogy and Learning Centres available in school**

    a) **Activity:** Visit educational resource centers and innovation centers to observe advanced teaching methods and learning technologies.
    b) **Outcome:** Gain exposure to innovative pedagogical practices and integrate these into future teaching.

3. **School Timetable and Attendance Record**

    a) **Activity:** Observe the school timetable and attendance records to understand the scheduling of academic and co-curricular activities.
    b) **Outcome:** Learn to manage time effectively in a school context.

4. **Morning Assembly and Co-Curricular Activities**

    a) **Activity:** Report on the conduct of morning assemblies and participate in co-curricular activities such as sports, cultural events, and competitions.
    b) **Outcome:** Understand the role of co-curricular activities in holistic education.

5. **Observing National Days and Important Occasions**

    a) **Activity:** Participate in the celebration of national days and other significant occasions with school children.
    b) **Outcome:** Foster a sense of national pride and cultural awareness among students.

6. **Use of School Library and Laboratory Work**

    a) **Activity:** Utilize school libraries and conduct lab work, helping students with practical exercises and research.
    b) **Outcome:** Promote the use of additional resources to support learning.

WEEK 2: COMMUNITY SURVEY (1 WEEK)

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

7. Philosophy, Vision, and Objectives of the School

   a) **Activity:** Analyze the school's mission, objectives, and their alignment with educational goals.
   b) **Outcome:** Understand how school philosophy impacts teaching and learning outcomes.

8. **School Organization and Management**

   a) **Activity:** Study the organizational structure, fee management, staff salaries, leave rules, and service conditions.
   b) **Outcome:** Gain insights into the administrative workings of schools.

9. **School Infrastructure Analysis**

   a) **Activity:** Conduct a detailed evaluation of the school plant, including infrastructural, instructional, and human resources.
   b) **Outcome:** Assess the adequacy and effectiveness of school facilities in supporting education.

10. **Feedback and Suggestions**

   a) **Activity:** Prepare feedback and suggestions based on classroom observations and overall school functioning.
   b) **Outcome:** Enhance reflective skills and contribute valuable insights for school improvement.

   a) **Outcome:** Improve instructional design skills and enhance student learning experiences.

ASSESSMENT AND REPORTING

a) Assessment Criteria: Student-teachers will be assessed on their ability to observe, analyze, reflect, and report on school and community dynamics. Marks will be awarded based on participation, quality of observations, reflective practices, and the effectiveness of feedback and suggestions.
b) Documentation: Student-teachers are required to maintain detailed records and reports of all activities, which will be reviewed and evaluated at the end of the internship phase.

External Marks: 40+80+160+160=440 | **Internal Marks:** 10+20+40+40=110 | **Credits:** 2+4+8+8= 22

SUBJECT- SPECIFIC OBJECTIVES

1. **Enhance Professional Practice:** Equip student teachers with the practical skills and experience necessary for effective teaching through immersive school internships and community surveys.
2. **Integrate Theory with Practice:** Facilitate the application of pedagogical theories and strategies in real-world classroom settings and community environments.
3. **Develop Comprehensive Understanding:** Foster a deep understanding of school operations, curriculum implementation, and community engagement.
4. **Promote Reflective Practice:** Encourage ongoing reflection on teaching practices, community interactions, and overall professional growth.

COURSE OUTCOMES

Upon successful completion of this course, students will be able to:

1. **Demonstrate Teaching Proficiency:** Effectively plan, deliver, and assess lessons across multiple subjects while integrating technology and innovative teaching methods.
2. **Conduct In-Depth Analysis:** Analyze and evaluate school environments, curricula, and administrative processes to identify areas for improvement and implement best practices.
3. **Engage with the Community:** Conduct meaningful community surveys and engage with local stakeholders to understand and address educational and social needs.
4. **Reflect and Report:** Prepare detailed reports on internship experiences and community engagement, demonstrating reflective and analytical skills.

COURSE CONTENT

PHASE 1: PRE-INTERNSHIP PEDAGOGY WORKSHOP (2 WEEKS)

Objective: Prepare student teachers for effective teaching and community engagement through a comprehensive workshop.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

1. **Microteaching:** Practice teaching small lessons in a controlled environment to refine skills and receive constructive feedback.
2. **Mega Teaching:** Simulate full classroom sessions to experience and manage larger groups and diverse teaching scenarios.

PHASE 2: SCHOOL INTERNSHIP (16 WEEKS)

Objective: Provide immersive, hands-on teaching experience and involvement in school activities.

1. **Teaching Practice:**
    1. **Lesson Planning and Delivery:** Prepare and deliver 80 lesson plans across all pedagogy subjects.
    2. **Classroom Management:** Implement effective classroom management techniques and differentiated instruction strategies.
    3. **Observation and Collaboration:**
    4. **Peer Observations:** Observe and provide feedback on 20 lessons conducted by fellow student teachers.
    5. **Participation in School Activities:** Engage in morning assemblies, cultural activities, exhibitions, quizzes, games, sports, and PTA/SMC/PTM meetings.
2. **Administrative Duties:**
    1. **Timetable Preparation:** Assist in creating and managing school timetables.
    2. **Record Keeping:** Maintain a teacher diary and other school records, including attendance and student progress.
3. **Community Engagement:**
    1. **Community Surveys:** Conduct surveys to understand community needs and perceptions regarding education.
    2. **Field Visits:** Visit innovation centers and educational resource centers to gain insights into new teaching practices and resources.
4. **Reporting and Documentation:**
    1. **Lesson Plans:** Submit 80 lesson plans in each subject area.
    2. **School Profile:** Document the school's infrastructure, social science laboratory, equipment, and library facilities.
    3. **Participation Records:** Maintain records of participation and organization of school activities.

PHASE 3: POST INTERNSHIP

5. **Reflective Report:**
    1. **Preparation:** Compile a comprehensive report summarizing experiences, observations, and reflections from the internship period.
    2. **Exhibition: Teaching Aids:** Organize and display teaching aids developed during the internship.
    3. **Viva-Voce: Oral Examination:** Present findings and reflections in a viva-voce session with the concerned supervisor.

INTERNAL ASSESSMENT

6. **Evaluation Criteria:**

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

1. **Documentation Quality:** Assessment of submitted lesson plans, records, and reports.
2. **Practical Skills:** Evaluation of teaching proficiency, classroom management, and participation in school activities.
3. **Reflective Practice:** Review of reflective reports and ability to articulate insights gained from the internship experience.
4. **Supervisor Feedback:** Performance assessment based on observations and feedback from the internship supervisor.

SEMESTER- IV
COURSE - XXII (BOE – 205)
GENDER, SCHOOL AND SOCIETY

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum:20

Inst. Hours: 3+2
Exam Hour: 3 hrs.
Credit: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

By the end of this course, pupil-teachers will be able to:

- Develop an understanding of the concepts of gender and gender roles and their impact on society.
- Explain the processes of gender identity formation and socialization.
- Identify and address gender-related challenges in schools, such as bullying, eve-teasing, and sexual abuse.
- Critically examine gender stereotypes in educational settings and learn methods to counteract them.

COURSE OUTCOMES:

Upon successful completion of this course, pupil-teachers will:

- Comprehend the distinctions between gender and sex, and articulate the importance of gender equality in various social contexts.
- Analyse and evaluate the role of social institutions in perpetuating or challenging gender roles.
- Propose strategies to address gender-related challenges in schools and promote a safe and inclusive environment.
- Reflect on the impact of socialization practices on gender identity formation and challenge gender stereotypes in educational settings.

COURSE CONTENT

UNIT 1: CONCEPT OF GENDER AND GENDER ROLES

1.1 Gender: Concept, differences between gender and sex.

1.2 Understanding concepts related to gender: Feminism, masculinity, and femininity.

1.3 Gender equality: Meaning, need, importance, and the causes and consequences of gender inequalities.

1.4 Gender roles and social institutions: Influence of family, community, and society.

UNIT 2: GENDER AND SCHOOL

2.1 Addressing gender issues in schools: Strategies to prevent bullying, eve-teasing, and sexual abuse.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

2.2 Role of school, peers, teachers, curriculum, and textbooks in challenging gender inequalities.
2.3 Gender concerns related to access, enrolment, retention, participation, and achievement in schools.
2.4 Gender discrimination: Meaning, causes, and manifestations at different levels of educational institutions.

UNIT 3: GENDER IDENTITY AND SOCIALIZATION PROCESS

3.1 Gender identity and socialization practices within the family and other formal and informal organizations.
3.2 Gender stereotypes in schools: Identification and strategies to overcome them.
3.3 Social construction of gender: Exploring how gender roles are formed and maintained.
3.4 Theories of gender construction: Biological and social theories, and their application in the Indian context.

UNIT 4: GENDER-RELATED ISSUES IN INDIA

4.1 Female foeticide: Meaning, reasons, legal provisions, and preventive strategies.
4.2 Domestic violence: Meaning, causes, legal provisions, and preventive strategies.
4.3 Dowry system: Meaning, causes, legal provisions, and preventive strategies.
4.4 Sexual harassment at the workplace: Meaning, causes, legal provisions, and preventive strategies

SUGGESTED PRACTICUM ACTIVITIES : (CHOOSE ANY ONE)

- Presentation on gender issues, gender roles, and the necessity of gender equality, using real-life examples.
- Role-playing scenarios to simulate situations involving bullying, eve-teasing, and sexual abuse, followed by group discussions on strategies to address these challenges in the classroom.
- Organize an awareness campaign in the community to educate people about gender stereotypes and biases in schools or the community.
- Presentation and group discussion on gender-related social issues, legal provisions, and preventive strategies.
- Any other activity, assignment, project assigned by the teacher.

COURSE - XXIII BOE – 206
ENVIRONMENTAL EDUCATION

Max. Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum:20

Instructional hours = 3+2
Exam Hours: 3Hrs.
Credits: 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT-SPECIFIC OBJECTIVES

The course aims to:

- Impart fundamental knowledge about the environment and its related challenges.
- Increase awareness, knowledge, skills, and participation regarding environmental issues and their solutions.
- Foster an attitude of concern and responsibility towards environmental conservation.
- Equip students with the ability to address environmental problems through education and action.

COURSE OUTCOMES

By the end of the course, students will be able to:

- Understand the concept, importance, scope, and aims of environmental education.
- Comprehend the principles and significance of sustainable development.
- Recognize the concepts of ecosystems and food chains and the environmental imbalances caused by human activities.
- Identify potential environmental hazards and develop strategies to mitigate the effects of environmental degradation and pollution.
- Integrate various components of environmental education into the curriculum.
- Develop effective methods and strategies for teaching environmental education.
- Analyse and address various environmental issues and problems.
- Understand the impact of human activities on the environment and the importance of environmental ethics.
- Promote awareness and sensitivity towards environmental issues in educational settings.
- Acquire knowledge about environmental education programs aimed at fostering positive attitudes and behaviour towards the environment.

COURSE CONTENT

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT 1: BASIC CONCEPTS OF ENVIRONMENT & ENVIRONMENTAL EDUCATION

1.1 Meaning & Definition of Environment; Basic Components and Classification of Environment

1.2 Meaning, Definition & Importance of Environmental Education; Characteristics of Environmental Education

1.3 Aims & Objectives of Environmental Education; Development and Content of Environmental Awareness

1.4 Differences Between Environmental Education and Environmental Awareness; Teacher's Role in Environmental Education (Aligned with NCF 2023 and NEP 2020)

UNIT 2: ECOSYSTEM, ENVIRONMENTAL POLLUTION, DEGRADATION, AND HAZARDS

2.1 Ecosystem: Meaning, Components, Functions, and Food Chains; Causes of Imbalance

2.2 Environmental Pollution: Types (Soil, Water, Air, Noise, Radioactive) and Control Measures

2.3 Environmental Degradation: Concepts, Causes, Types; Environmental Hazards and Disasters: Natural and Man-made

2.4 Global Environmental Changes: Greenhouse Effect, Ozone Layer Depletion, Acid Rain, Melting of Polar Ice Caps, and Rising Sea Levels (Impact of Human Activities - NEP 2020)

UNIT 3: CURRICULUM DEVELOPMENT AND ENVIRONMENTAL EDUCATION

3.1 Teaching-Learning Strategies and Evaluation Techniques in Environmental Education

3.2 Environmental Education Programs for Attitude Change; Role of Media, Films, and Television in Spreading Environmental Awareness

3.3 Planning Environmental Education in Schools, Colleges & Universities

3.4 Curriculum Development in Environmental Education; Environmental Laws in India (Aligned with NCF 2023)

UNIT 4: ENVIRONMENTAL ISSUES AND PROTECTION

4.1 Sustainable Development: Concepts, Principles, and Practices

4.2 Environmental Conservation and Management: National Parks, Bird Sanctuaries, and Zoos

4.3 Environmental Protection Plans and Projects: Save Dal Lake, Save Hangul, Save Tiger, Chipko Movement, Save Ganga (Aligned with NEP 2020)

4.4 Alternate Sources of Energy, Eco-friendly Technology, and Waste Management

SUGGESTED PRACTICUM ACTIVITIES(CHOOSE ANY ONE)

Students will choose and complete one of the following practicum activities:

- Prepare a scrap file with environmental articles and news, including suggestions by pupil-teachers.
- Develop a project report on a local environmental problem and propose solutions.
- Conduct a classroom discussion on disaster management and prepare a report.
- Participate in and promote Vanmahotsav by involving the school community in tree planting and awareness activities.
- Engage in on-field learning by raising a nursery or kitchen garden.
- Organize and lead activities for an eco-club in a rural school, promoting environmental awareness and action.
- Any activity, project, assignment assigned by the teacher.

COURSE – XXIV (BOE – 207)
CREATING AN INCLUSIVE SCHOOL

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum:20

Inst. Hour : 3+2
Exam Hour: 3 hrs.
Credits :04

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES

The course aims to:

- Develop a pedagogical understanding that values diversity and promotes true inclusion, enabling each child to optimize their potential within a common curriculum framework.
- Foster an understanding of the philosophy of inclusion and familiarize students with policies, programs, and legislations related to children with special needs.
- Build awareness about the diverse needs of disabled individuals and the importance of creating inclusive classrooms that address these needs.
- Critically analyse inclusive educational practices and develop strategies to implement effective inclusive education.
- Understand the global and national commitments towards the education of children with diverse needs, as outlined in policies like NCF 2023 and NEP 2020.
- Enhance the ability to plan need-based programs for children with varied abilities, utilizing human and material resources effectively in inclusive classrooms.
- Equip students with specific teaching strategies for special needs children, including learner-friendly evaluation procedures and innovative practices.
- Engage with policy critique and contribute to the formulation and implementation of laws and practices pertaining to the education of children with special needs.

COURSE OUTCOMES

- By the end of the course, students will be able to:
- Summarize and apply the principles of inclusive education, understanding the shift from segregation to inclusion.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Analyse and implement policies and programs related to children with special needs, including those outlined in NCF 2023 and NEP 2020.
- Identify and address the diverse physical, psychological, and socio-cultural needs of learners in inclusive classrooms.
- Design and modify curricula, instructional strategies, and evaluation methods to meet the needs of all learners.
- Develop and apply innovative practices and use assistive technologies to support children with special needs.
- Critically engage with and contribute to policy-making processes related to inclusive education.
- Plan and execute inclusive educational practices that accommodate diverse learning needs, ensuring equity and access for all students.

COURSE CONTENT

UNIT 1: UNDERSTANDING INCLUSION IN EDUCATION

1.1 History of Inclusion: Paradigm Shift from Segregation to Inclusion
1.2 Concept and Principles ,advantages of Inclusive Education
1.3 Differences Between Special Education, Integrated Education, and Inclusive Education
1.4 Barriers and Facilitators of Inclusive Education.

UNIT 2: POLICIES, PROGRAMMES, AND LEGISLATIVE PROVISIONS FOR CHILDREN WITH SPECIAL NEEDS

2.1 Salamanca Statement (1994) and its Impact on Global Inclusive Education
2.2 UN Convention on the Rights of Persons with Disabilities (UNCRPD),
2.3 Persons with Disabilities (PWD) Act 1995, National Policy for Persons with Disabilities (2006),
2.4 Right to Persons with Disabilities Act (2016), Rehabilitation Council of India (RCI) Act (1992), and Sarva Shiksha Abhiyan (SSA) with Special Reference to Inclusive Education, Recent Trends and Issues in Inclusive Education in the Context of NCF 2023 and NEP 2020

UNIT 3: UNDERSTANDING PHYSICAL, PSYCHOLOGICAL, AND SOCIO-CULTURAL DIVERSITY

3.1 Diversity Due to Disability: Nature, Characteristics, Identification, and Educational Needs
Special Needs of Children with Sensory Disabilities
Special Needs of Children with Cognitive Disabilities
Special Needs of Children with Physical Disabilities
3.2 Issues and Challenges Faced by Girls with Disabilities
3.3 Socio-Cultural Factors Influencing Education and Inclusion of Children with Disabilities
3.4 Psychological Aspects of Inclusion: Building Resilience and Self-Esteem in Diverse Learners

UNIT 4: ADDRESSING LEARNERS' DIVERSITY

4.1 Curriculum Adaptation and Modifications for Inclusive classroom for diverse learners
4.2 Assistive and Adaptive Devices and Role of Virtual Reality in Inclusive classroom
4.3 Universal Design for Learning (UDL): Principles and Applications in Inclusive Classrooms
4.4 Strategies for Creating Inclusive Learning Environments: Role of Teachers, Parents, and the Community

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

- Students will choose and complete one activity from the following:
- During the internship, visit a nearby school to observe teaching-learning processes, infrastructure, and the nature of inclusive practices. Assess the challenges and factors that promote inclusive practices, providing justifications.
- Visit a nearby special, inclusive, and regular school. Compare the practices in terms of time table, teaching-learning activities, infrastructure, child-to-child interaction, and parental support.
- Prepare a need profile of all children in a class, critically analyzing the relationship between students' needs, abilities/disabilities, and their socio-economic and educational status.
- Adapt a pedagogical practice studied in the course and suggest ways to make it appropriate for addressing the needs of all learners in the class.
- Review the assessment and evaluation practices being followed in a school and reflect critically on these practices in the context of inclusive education.
- Review the characterization of persons/children with disabilities in popular media. Draw correlations between popular myths, current beliefs, and media representations.
- Conduct interviews with regular teachers to ascertain the current challenges for promoting inclusive education. Gather opinions from at least 25 teachers.
- Explore the concept of inclusion in the Vedic era and trace its journey to modern times. Reflect and discuss whether inclusion is a new concept.
- Any other activity, project, assignment assigned by the teacher.

Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

After completing the course, students will be able to:

- Understand the meaning, scope, aim, and objectives of physical education.
- Identify the need and importance of physical education in modern society.
- Explain the concept of health education and balanced diet.
- Conduct various activities related to physical health.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Gain a thorough understanding of the health and physical education.
- Develop the ability to select and evaluate the exercise according to bodily needs.
- Apply different approach for removing barriers in adapted physical education
- Conduct awareness activities about obesity, various communicable diseases such as AIDS, Hepatitis B, Rabies, Malaria and understand the role of balanced diet.

COURSE CONTENT

UNIT I: BASICS OF PHYSICAL EDUCATION

1.1 Meaning, aim, objectives, scope, need and importance of physical education in modern society.

1.2 Role of institutions, health services, programs, and age and sex differences in relation to physical activities and sports.

1.3 Relationship of physical education with other subjects and philosophy of Olympism.

1.4 Meaning, aims, and objectives and approach for removing barriers in adapted physical education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

UNIT II: EXERCISE AND SPORTS TRAINING

2.1 Meaning and importance of physical components (speed, strength, endurance, flexibility) and indigenous and self-defence activities.

2.2 Benefits of exercise (muscular, circulatory, respiratory systems).

2.3 Types, methods, and components of warming up, and importance of cooling down in sports.

2.4 Development of physical fitness: posture, relaxation, importance.

UNIT III: BASICS OF HEALTH & HEALTH EDUCATION

3.1 Meaning, dimensions and determinants of health.

3.2 Meaning, objectives and scope of health education.

3.3 Principles and importance of health education at school level.

3.4 Health services provided by the government.

UNIT IV: NUTRITION AND CONTEMPORARY HEALTH PROBLEMS

4.1 Concept of malnutrition and obesity, and its effect on individual and its management.

4.2 Meaning and importance of a balanced diet.

4.3 Needs and problems of adolescence and their management.

4.4 Communicable diseases such as aids, hepatitis b, rabies, malaria and swine flu.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Group discussion and presentation on the role of physical education in modern society.
- Conduct a warm-up and cool-down session and organize college-level interclass tournaments of various games.
- Analyse the principles of health education and present strategies for implementing health education in schools.
- Create a diet plan addressing malnutrition and obesity issues.
- Any other relevant activity, project, or assignment assigned by the teacher.

SEMESTER-IV
COURSE- XXVI (BOE – 209)
EDUCATIONAL MEASUREMENT AND EVALUATION (OPTION-1)

Max Marks: 100
External Marks/Theory: 80
Internal Marks/Practicum:20

Inst. Hour : 3+2
Exam Hour: 3
Credit : 4

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

- Understand the foundational knowledge of assessment approaches in education.
- Explore and create ideas related to new trends in educational evaluation.
- Learn and apply tools and techniques of measurement and evaluation.
- Develop teaching competencies in designing and conducting assessments.
- Acquire knowledge related to the analysis, feedback, and reporting of assessment results.

LEARNING OUTCOMES:

Upon successful completion of this course, students will:

- Understand the basic concepts, trends, and practices in educational measurement and evaluation.
- Become proficient with various tools and techniques of measurement and evaluation.
- Develop skills and competencies in constructing and standardizing educational tests.
- Apply knowledge of measurement and evaluation to interpret and report educational outcomes.
- Use appropriate statistical techniques in the analysis of measurement and evaluation data.

COURSE CONTENT

UNIT 1: EDUCATIONAL MEASUREMENT AND EVALUATION

1.1 Meaning, nature, and scope of educational measurement and evaluation.
1.2 Levels of measurement: Nominal, ordinal, interval, and ratio.
1.3 Differences between measurement and evaluation; types of evaluation.
1.4 Types of evaluation: Placement, formative, diagnostic, and summative.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khahpur Kalan (Sonipat)

UNIT 2: TOOLS OF MEASUREMENT AND EVALUATION

2.1 Types of tools for measurement and evaluation: Essay-type tests and objective-type tests, Questionnaires and schedules, Inventories.

2.2 Characteristics of a good measuring instrument: Validity: Types and factors affecting validity, Reliability: Types and factors affecting reliability, Norms., Usability.

2.3 Observation and Rating Scales: Meaning and importance of observation in evaluation, Types of observation: Participant and non-participant, Rating scales: Types and uses in educational settings.

2.4 Rubrics and Checklists: Concept and purpose of rubrics in assessment, designing effective rubrics and checklists for classroom assessment, Using rubrics and checklists for formative assessment

UNIT 3: STANDARDIZATION OF A TEST

3.1 Norm-referenced and criterion-referenced tests.

3.2 Construction and standardization of an achievement test.

3.3 Item analysis: Difficulty index, discrimination index.

3.4 Interpretation of test scores.

UNIT 4: STATISTICS AND NEW TRENDS IN MEASUREMENT AND EVALUATION

4.1 Statistical terms: Data, class interval, frequency, frequency distribution.

4.2 Measures of central tendency: Arithmetic mean, median, and mode.

4.3 Grading system: Relative merits and demerits of marking and grading.

4.4 Semester system: Implementation and challenges.

SUGGESTED PRACTICUM ACTIVITIES: (CHOOSE ANY ONE)

- Construct and standardize an achievement test, including item analysis and score interpretation.
- Prepare a comprehensive questionnaire relevant to educational research or evaluation.
- Administer a self-made test, analyses the results using appropriate statistical techniques, and interpret the scores.
- Any other activity/project/assignment assigned by the teacher.

COURSE-XVI (BOE – 209)
GUIDANCE AND COUNSELLING IN INDIAN SCHOOL (OPTION II)

Max Marks: 100 **Inst. Hours : 3+2**
External Marks/Theory : 80 **Exam Hours: 3**
Internal Marks/Practicum: 20 **Credits: 4**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

- Understand the nature, scope, and importance of guidance in educational settings.
- Recognize the critical role of guidance for populations with special needs.
- Comprehend the nature, scope, and applications of counselling in various educational and related fields.
- Apply group guidance and counselling techniques effectively in educational contexts.
- Develop and implement different guidance services tailored to the needs of students.

COURSE OUTCOMES:

Upon successful completion of the course, students will:

- Clearly articulate the concepts, nature, and scope of guidance and its distinction from education, teaching, and counselling.
- Assess the educational and psychological needs that necessitate guidance and stay updated with new trends in the field.
- Understand and apply the core principles, aims, and processes of counselling while recognizing the qualities of an effective counsellor.
- Implement group guidance and counselling strategies, including various techniques such as career talks, exhibitions, and conferences.
- Develop and manage educational guidance, occupational information services, placement services, and follow-up services within educational institutions.

COURSE CONTENT

UNIT 1: UNDERSTANDING GUIDANCE

1.1 Meaning of Guidance – Concept, nature, need, scope, and areas in guidance.
1.2 Distinctions between guidance, education, teaching, and counselling.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

1.3 Educational and psychological needs for guidance.
1.4 Emerging trends and evolving demands in guidance.

UNIT 2: ELEMENTS AND SCOPE OF COUNSELING

2.1 Meaning of Counselling: Concept, importance, and purpose.
2.2 Functions and necessity of counselling in educational contexts.
2.3 Aims, stages, and process of counselling.
2.4 Qualities and competencies of an effective counsellor.

UNIT 3: GROUP GUIDANCE AND COUNSELING

3.1 Group guidance: Concept, nature, principles, and scope.
3.2 Fundamentals of group guidance.
3.3 Group guidance vs. individual counselling: Applications and distinctions.
3.4 Group guidance techniques: a) Career talks: Organizing and delivering effective career talks, b) Career exhibitions: Planning and executing career exhibitions for students, c) Career conferences: Facilitating and managing career-related conferences.

UNIT 4: DIFFERENT GUIDANCE SERVICES

4.1 Educational guidance: Definition, need, and scope.
4.2 Occupational information services: Concept, definition, nature, principles, and scope.
4.3 Placement services: Concept, definition, nature, principles, and scope.
4.4 Follow-up services: Concept, definition, nature, principles, and importance in student development.

SUGGESTED PRACTICUM ACTIVITIES (CHOOSE ANY ONE)

Students will select and complete **one** of the following practicum activities:

- Conduct a small-scale research project on the effectiveness of different guidance services in a local school, focusing on special needs populations.
- Organize and deliver a career talk or career exhibition event, followed by a reflective report on its impact on students.
- Develop a detailed counselling session plan addressing a specific issue commonly encountered by school students, and reflect on the counselling process.
- Create a follow-up service strategy for a hypothetical school, detailing its design, implementation, and potential benefits for student progress.
- Analyse case studies related to group guidance and counselling, comparing various approaches and techniques used in real-world educational settings.
- Design a comprehensive educational guidance program for secondary school students, incorporating elements of occupational information, placement, and follow-up services.
- Any other activity , project, assignment assigned by the teacher.

VALUE EDUCATION AND HUMAN RIGHTS EDUCATION (OPTION III)

Max Marks: 100 **Inst. Hours: 3+2**
External Marks/Theory: 80 **Exam Hours: 3**
Internal Marks Practicum:20 **Credits: 4**

INSTRUCTIONS FOR THE EXAMINER: The examiner is required to set a total of nine questions for the examination. Of these, students must attempt only five questions. Question 1 will be compulsory and will consist of four short-answer questions, each valued at 4 marks, with one question selected from each unit. Two long-answer questions, each with an internal choice, will be set from each unit. Students are required to attempt one long-answer question from each unit/Section. Thus, students will complete a total of five questions, ensuring that one question is selected from each unit. All questions are of equal value, carrying 16 marks each.

SUBJECT SPECIFIC OBJECTIVES:

- Understand the fundamental concepts and importance of value education and human rights education.
- Explore the nature of value education and its significance in human life.
- Gain knowledge of human rights and the relevant provisions in the Indian Constitution.
- Learn about various types of human rights and their application.
- Comprehend the role of educational institutions in promoting both value education and human rights education.
- Understand and implement different approaches to value development in classroom settings.
- Recognize the international dimensions of human rights education.
- Appreciate the significance of constitutional provisions for human rights and the Millennium Development Goals.
- Understand the role of national and international agencies in promoting human rights education.

COURSE OUTCOMES: Upon completing the course, students will be able to:

- Articulate the concept and necessity of value education.
- Analyse the role of social agencies in value education.
- Discuss the challenges and strategies in implementing value education.
- Explain the significance of human rights education and its constitutional framework.
- Identify and describe different areas of human rights, including women's rights, child rights, consumer rights, and labour rights.
- Evaluate the role of educational institutions and global agencies in advancing value and human rights education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

COURSE CONTENT

UNIT-1: CONCEPT OF VALUE EDUCATION AND VARIOUS AGENCIES RELATED VALUE EDUCATION

1.1. Basic Concept of Value Education.
1.2. Meaning, Concept and need of Value Education.
1.3. Aims and Objectives of Value Education.
1.4 Role of Social Agencies: Family, Mass Media, School and Government.

UNIT-2: CHALLENGES, STRATEGIES AND METHODS OF VALUE EDUCATION

2.1. Impact of Global Development on Values
2.2. Role of religion and great personalities in propagation of value Education.
2.3 Challenges of Value Education
2.4 Approaches of Value Education

UNIT-3: CONCEPT AND CONSTITUTIONAL PROVISIONS OF HUMAN RIGHTS

3.1 Meaning, concept and objectives of human rights education
3.2 Evolution of Human Rights
3.3 Need and importance of Human Rights education.
3.4 Human rights and Indian constitutional provisions.

UNIT-4: DIFFERENT AREAS OF HUMAN RIGHTS EDUCATION

4.1. Women and Child Rights
4.2 Consumer Rights
4.3 Labour Rights
4.4 Human Right Commission.

SUGGESTED PRACTICUM ACTIVITIES:(CHOOSE ANY ONE)

- Case Study Analysis: Students analyse real-life case studies related to human rights violations and the role of education in addressing these issues.
- Role-Playing Exercises: Students simulate scenarios involving human rights and value conflicts to practice decision-making and ethical reasoning.
- Group Discussions: Facilitate discussions on the impact of global developments on values and the role of religion and notable personalities in value education.
- Debate Sessions: Organize debates on the effectiveness of various approaches to value education and human rights education.
- Project Work: Develop projects focused on the role of educational institutions in promoting human rights and value education, including recommendations for improvement.
- Field Visits: Arrange visits to institutions like Human Rights Commissions, NGOs, or schools practicing innovative approaches to value and human rights education.
- Reflective Journals: Encourage students to maintain journals documenting their reflections on the course content, especially on how they perceive the role of education in fostering values and human rights.
- Workshops on Constitutional Provisions: Conduct workshops to deepen understanding of constitutional rights and the significance of these provisions in everyday life.

SUBJECT-SPECIFIC OBJECTIVES:

- To understand the need, concept, and scope of teacher education.
- To trace the historical development of teacher education in India, both before and after independence.
- To familiarize with recent developments and trends in teacher education.
- To identify and analyze major issues and challenges in teacher education.
- To critically evaluate the standards and policies related to admission, recruitment, and working conditions of teacher educators.
- To discuss the impact of privatization, globalization, and autonomy on teacher education.
- To understand the concept of profession and professionalism in the context of teacher education.
- To develop professional ethics and a code of conduct for teacher educators.
- To explore various factors that contribute to teacher effectiveness and strategies for its enhancement and evaluation.
- To comprehend the nature and scope of research in teacher education.
- To identify key areas and emerging trends in research within the field of teacher education.
- To promote the development of research skills among teacher educators.

COURSE OUTCOMES:

- By the end of this course, students will be able to:
- Demonstrate an understanding of the historical milestones in teacher education in India.
- Analyse recent developments and their implications on teacher education practices.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Identify the challenges and issues related to teacher education and propose solutions.
- Critically evaluate policies related to teacher education and their implementation.
- Display an understanding of professionalism in teacher education.
- Apply ethical principles and a professional code of conduct in their practice.
- Use strategies to enhance and assess teacher effectiveness.
- Identify research areas and trends in teacher education.
- Design and conduct research projects addressing relevant issues in the field of teacher education.
- Critically analyse research findings and apply them to improve educational practices.

COURSE CONTENT

UNIT 1: CONCEPT AND HISTORY OF TEACHER EDUCATION

1.1 Need, Concept, and Scope of Teacher Education
1.2 Historical Development of Teacher Education Before and After Independence
Before Independence: Wood Dispatch (1854), Hunter Commission (1882)
After Independence: Indian Education Commission (1964-66), National Policy of Education (1986), National Knowledge Commission (2000), National Curriculum Framework for Teacher Education (2009).
1.3 Recent Developments in Teacher Education with respect to NEP 2020

UNIT 2: ISSUES OF TEACHER EDUCATION

2.1 Major Issues and Problems of Teacher Education
2.2 Maintaining Standards in Teacher Education: Admission Policies and Procedures, Recruitment of Teacher Educators
2.3 Conditions of Teacher Educators
2.4 Impact of Privatization, Globalization, and Autonomy on Teacher Education

UNIT 3: TEACHER EDUCATION AS A PROFESSION

3.1 Concept of Profession and Professionalism in Teaching
3.2 Developing Professionalism and Ethics in Teacher Education: Professional Ethics, Professional Code of Conduct
3.3 Teacher Effectiveness: Meaning and Influencing Factors
3.4 Strategies for Enhancing and Evaluating Teacher Effectiveness

UNIT 4: RESEARCH IN TEACHER EDUCATION

4.1 Nature and Scope of Research in Teacher Education
4.2 Key Areas of Research in Teacher Education
4.3 Trends and Emerging Areas in Research in Teacher Education.
4.4 Action Research in Teacher Education: Concept, Process, and Implementation

SUGGESTED PRACTICUM ACTIVITIES: (CHOOSE ANY ONE)

- Write a reflective essay on the evolution of teacher education in India, including a critical analysis of key historical milestones.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Create a timeline highlighting the major developments in teacher education before and after independence.
- Conduct a case study on a specific issue in teacher education (e.g., privatization, recruitment policies) and present findings through a report or presentation.
- Organize a panel discussion or debate on the impact of globalization on teacher education.
- Design and conduct a workshop on professional ethics and professionalism for teacher educators.
- Develop a code of conduct for teacher educators and create a plan for its implementation and monitoring.
- Identify a current issue or trend in teacher education and design a small-scale research project to explore it further.
- Prepare and present a research paper or poster on the chosen topic.
- Visit teacher education institutions to observe the implementation of recent policies and standards in teacher education.
- Conduct interviews with teacher educators to gather insights into the challenges and opportunities they face in their profession.
- Any other activity assigned by the teacher.

BACHELOR OF EDUCATION
SEMESTER- IV
COURSE - XXVII (BOE- 210)
DRAMA AND ARTS IN EDUCATION (PRACTICUM)

Max Marks: 50 **Inst Hours: 4**
External Marks: 40 **Credits: 2**
Internal Marks: 10

INSTRUCTIONS FOR THE EXAMINER

The practical examination for this course will assess the student-teachers' understanding and application of drama and arts in education. Examiners are required to evaluate the students' ability to integrate creative arts into their teaching practices, focusing on the effectiveness of their lesson plans, the clarity of their reflections, and their ability to engage students through artistic expression. During the exam, students will present their practicum activities, demonstrating their skills in art appreciation, execution, and integration of arts in pedagogy. The examiner should assess the students' competence in organizing and managing classroom activities that involve drama and arts, their ability to critically reflect on their practices, and their understanding of the role of arts in fostering holistic development in students. The evaluation will also consider the creativity, originality, and educational relevance of the art projects presented. The examiner should ensure that the assessment is fair, comprehensive, and aligned with the course objectives, providing constructive feedback to help students improve their teaching strategies and use of arts in education.

SUBJECT SPECIFIC OBJECTIVES

The course aims to:

- Develop an understanding of the significance of drama and art in education and their role in holistic student development.
- Cultivate competencies in art appreciation, expression, and education, emphasizing the importance of integrating arts into the curriculum.
- Explore the use of arts as a pedagogical tool to enhance learning across various subjects, fostering creativity and critical thinking.
- Recognize the role of drama as an educational tool, particularly in elementary education, and identify areas where drama can effectively facilitate learning.
- Understand the adaptive strategies of artistic expression and their relevance in creating an inclusive and engaging learning environment.

COURSE OUTCOMES

By the end of the course, student-teachers will be able to:

- Demonstrate a basic understanding of art appreciation, art expression, and the role of arts in education.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Integrate drama and visual arts into teaching practices to enhance student engagement and learning outcomes.
- Utilize creative strategies in the classroom to support the development of students' aesthetic sense, creativity, and problem-solving skills.
- Design and implement art-based activities and lessons that are inclusive, culturally relevant, and aligned with contemporary educational policies such as NCF 2023 and NEP 2020.
- Reflect on the role of the teacher as a creative guide, facilitating student learning through drama and the arts.

COURSE CONTENT

UNIT 1: UNDERSTANDING DRAMA AND ARTS IN EDUCATION

1.1 Meaning and Concept of 'Art' and 'Arts in Education'

1.2 Understanding Aesthetics and Its Educational Relevance

1.3 Drama and Arts as Pedagogy: Role of Visual and Performing Arts in Teaching-Learning of Different Subjects

1.4 Fine Arts Activities: Clay Modelling, Collage, Craft Work, Painting, Drawing, and Watercolour Techniques

UNIT 2: MIXED MEDIA ARTS AND CREATIVE EXPRESSION

2.1 Exploring Different Art Activities in Mixed Media Art Forms

2.2 Developing Skills in Mixed Media Arts: Techniques and Applications

2.3 Creating a Wall Mural: Planning and Implementing Classroom Art Projects

2.4 Displaying and Organizing Art Work: Classroom Decoration and Art Exhibitions

SUGGESTED PRACTICUM ACTIVITIES

Student-teachers will engage in the following practicum activities:

- Role Playing: Conduct a 'role playing' activity where students enact historical or contemporary personalities (e.g., Akbar, Galileo, Bhagat Singh). Reflect on the educational outcomes of this activity.
- Self-Reflective Essay: Write a self-reflective essay on how the course on art will enhance your teaching practice. Focus on the integration of arts into your teaching methodology.
- Art and Music Exploration: Learn and explain how music notations are made or the concept of composition in visual art. Submit a brief report on your findings. Alternatively, carry out a web search on Indian sculpture and compile a brief report.
- Art Observation and Reflection: Observe an art period in a school and write a reflection on the teaching methods used, student engagement, and overall effectiveness of the lesson.
- Project-Based Learning: Organize art, craft, and music exercises with small groups, followed by presentations and discussions. Reflect on the learning outcomes and group dynamics.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Art and Culture Project: Plan and execute a classroom project focused on creating a wall mural or organizing an art exhibition. Reflect on the students' creativity and the challenges faced during the project.
- Any other activity, project, assignment assigned by the teacher.

COURSE - XXVIII (BOE – 211)
UNDERSTANDING THE SELF (PRACTICUM)

Max Marks: 50
External Marks: 40
Internal Marks:10

Inst. Hours: 4
Credits: 2

INSTRUCTIONS FOR THE EXAMINER

The examiner is instructed to evaluate students based on their understanding and application of the course concepts, with particular attention to their ability to reflect on personal growth, professional development, and ethical considerations in teaching. Students should be assessed on their engagement in practicum activities, the depth of their reflective exercises, and their demonstration of effective communication and self-management skills. The examiner should also consider the creativity and originality displayed in activities such as role-playing, vision board creation, and community service projects. The assessment should emphasize the students' ability to connect theory with practice, particularly in relation to inclusiveness, stress management, and professional ethics in the classroom. Additionally, students should be encouraged to demonstrate their growth in self-awareness, emotional intelligence, and their commitment to ongoing personal and professional development.

SUBJECT SPECIFIC OBJECTIVES

The course will enable students to:

- Understand the development of self to exercise their professionalism.
- Realize personal responsibility as a teacher for the integrated development of oneself and learners.
- Demonstrate sensitivity to gender biases and social disparities in the classroom and practice inclusiveness.
- Achieve mental and physical well-being.
- Reflect on personal experiences, aspirations, and efforts in becoming an individual and a teacher.
- Develop effective communication skills, including listening and observation.

COURSE OUTCOMES

After completing this course, students will be able to:

- Understand their strengths, weaknesses, values, and beliefs.
- Recognize and manage their feelings, emotions, and reactions.
- Define personal and professional goals more clearly.
- Enhance communication skills.
- Understand the importance of relationships and social connections.

Chairperson
Department of Education
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

COURSE CONTENT

UNIT 1: SELF-CONCEPT AND PERSONALITY DEVELOPMENT

1.1 Concept of Self: Self-Concept and Self-Esteem
1.2 Concept of Personality: Types and Theories
1.3 SWOT Analysis: Identifying Strengths, Weaknesses, Opportunities, and Threats
1.4 Self-Expression: Forms of Self-Expression (Storytelling, Art, Movement)

UNIT 2: WELL-BEING AND PROFESSIONAL GROWTH

2.1 Stress Management: Overview and Coping Techniques
2.2 Development of Self through Life Skills
2.3 Professional Ethics and Teamwork in Teaching
2.4 Physical and Mental Well-being: Practicing Asanas, Pranayama, Meditation, and Yogic Kriyas

SUGGESTED PRACTICUM ACTIVITIES

- Conduct a SWOT analysis during group discussions, reflecting on personal strengths and areas for growth.
- Engage in self-expression activities through storytelling, analysis of biographies, poetry, painting, or creative movement.
- Participate in group discussions reflecting on stressful or emotional life events and exploring coping mechanisms.
- Develop life maps that chart personal and professional growth, goals, and achievements.
- Students write a reflective essay identifying their core values and beliefs, and discuss how this influences their behaviour as both individuals and teachers.
- Engage in role-playing exercises where students act out scenarios related to classroom management, gender sensitivity, or inclusiveness, followed by group discussions on the outcomes and learnings.
- Maintain a daily journal documenting mindfulness practices (e.g., meditation, pranayama) and reflecting on their impact on personal well-being and classroom management.
- Organize sessions where students give and receive constructive feedback on their communication and teaching styles, focusing on strengths and areas for improvement.
- Collaborate on a group project that explores case studies of ethical dilemmas in teaching. Each group presents their analysis and proposed solutions, highlighting the role of professional ethics.
- Participate in workshops that explore various forms of creative expression (e.g., creative writing, drama, visual arts) and discuss how these can be integrated into teaching practices to enhance student engagement.
- Engage in a community service project that involves working with underprivileged groups or schools, reflecting on the experience and its impact on personal and professional growth.
- Conduct a workshop where students learn and practice various stress management techniques, such as deep breathing, progressive muscle relaxation, or guided imagery, and discuss their effectiveness.
- Create a vision board that visually represents personal and professional goals. Students present their boards to the class and explain how they plan to achieve these goals.
- Design and teach a lesson plan that incorporates inclusive teaching practices. Reflect on the challenges and successes in ensuring all students are engaged and supported.
- Any other activity, project, assignment assigned by the teacher.

3.1.3 No candidate who is in employment (full time/part time/honorary service) shall be eligible to take admission in this programme without taking leave from her institute /office from the date of admission to the termination of her final examination

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

including other essential requirements. She has to submit an affidavit in this regard. In case of violation of these rules her admission shall stand cancelled.

3.2 **Procedure :**

3.2.1 The admission shall be made on the basis of merit in 10+2 exam/entrance test/interview etc. as decided by the University from time to time.

4.Fees :

The Programme fee shall be paid by the candidate as prescribed by the University from time to time.

5. **Teaching Methodology**:

5.1 Methods of Teaching include, Tutorial, Mentors class room teaching, assignments, research papers, seminars, group discussion etc.

5.2 The medium of instruction shall be English and Hindi both.

6. **Credit Weightage:**

Each paper has a certain number of credits which reflect its weightage. Credits of a paper are evaluated as under :-

6.1 Lecture: One credit per lecture per week per semester will generally be adopted

7. **Examination:**

7.1 At the end of the each semester, there shall be an examination where each candidate shall be examined in the courses studied by them in that semester. Each semester examination shall be designated as first semester examination, second semester examination, and third semester examination and so on.

7.2 The examination in each semester will be held according to the syllabi approved by the Board of Studies. The Board of examiners shall be appointed for each course and shall be recommended by the Board of Studies (BOS).

7.3 The examination shall consist of theory papers and/or practical papers. Theory papers are to be set by the internal/external paper setters appointed by the Vice-Chancellor from a panel of examiners submitted by the chairman of the department duly approved by the BOS of the concerned department. The medium of examination shall be English and Hindi both.

7.4 The examination for even semesters will normally be held in December/January and odd semesters in May/June on such date as provided by the University. The concerned teacher/course coordinator should ensure that 100% syllabus is covered in each subject before the semester examination.

7.5 Every paper is coordinated by a member of the teaching staff of the department which is offering the paper in a given semester. This faculty member is called the subject/paper coordinator. He/She has the full responsibility for conducting the paper, coordinating the work of the other members of the faculty involved in the

Chairperson
Department of [illegible]
SPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

paper, holding the midterm examinations and assignments. For any difficulty, the student is expected to approach the subject coordinator for advice and clarification.

7.6 Every student has to appear in the midterm tests. If a student does not take the midterm test, she Shall be awarded zero marks in the test. The marks obtained in midterm test/ seminars/projects/moots etc. are to be submitted to the examination branch duly signed by the Chairperson of the department before the close of semester examination. The examination branch/ shall convert the marks in to equivalent grades as per the grading procedure.

7.7 If a candidate, after attending the classes for the course of studies in the Department either not appeared or having appeared in any semester examination has failed in one or more papers for that examination, she can appear for such papers at subsequent examinations without attending a fresh course of studies for that semester such a candidate may, in the meantime, prosecute his/her studies for the next semesters. Supplementary examinations for the last two semesters will be held after six months i.e. for odd semester in the month of May and for even semester in the month of December/January.

7.8 For holding the Midterm Tests during even and odd semester the schedule of midterm test shall be laid down by teacher(s) concerned in consultation with the Chairperson of the Department as the case may be and shall be made known to the students at the commencement of each semester.

7.9 For Midterm Test, the syllabus for Examination will be what is covered in particular term.

7.10 The examination branch will design standardized performa for maintaining the following records at the Department level:. Midterm Test Awards

- Awards of Project/seminar/Moots/research papers etc.
- Awards of Attendance. . Consolidates Results.

7.11 **Declaration of Results**: Six weeks after the termination of the semester examination or as soon thereafter is possible, the controller of examination shall declare the result. After successful completion of the course, the candidate shall be awarded with a degree mentioning the division.

8. Reappear Examinations

A student having reappear in even/odd semester up to 8th semester may reappear in the examination with the regular students. The students having reappear in final year (9th & 1 0th semester) may reappear in both even and odd semester's regular examination.

9.Evaluation & Grading:

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

9.1 The University examination in each semester shall consist of papers according to the syllabus prescribed by the faculty. End semesters examination and Internal assessment shall carry 80 and 20% respectively each for the final assessment of the student.

9.2 The Weightage of the sub components is as follows: Subcomponents

	Weightage
a) Mid term exam.	10%
b) Project works/assignments/seminars Moots etc	05%
c) Attendance	05%

9.3. **Ad-hoc Grace**

If there is any discrepancy/ out of syllabus/ printing error/ untoward incident during the examination, the matter be referred to a Standing Committee of

(i) Controller of Examinations.
(ii) Head of the Department
(iii) One faculty member concerning the subject.

The Committee may recommend re-conduct of the paper or uniform grace marks to all but that should not exceed 10% of the total marks of that particular paper.

9.4 **Moderation of Marks**

(a) Internal Examinations: If there are more than one teacher associated in any internal assessment, one of the member be made co-ordinator by the concerned HOD and he along with the others can moderate the marks to maintain uniformity so that no student get undue advantage or disadvantage. It can be done by fixing criteria beforehand.

(b) External Examination: if there is unusual variation (very high or very low) in the awards, the COE may refer the matter to a Moderation Committee consisting of :

- Controller of Examination
- Chairperson of the concerned department
- One faculty member concerning the subject

9.5 Grading The academic performance of a student shall be graded on a scale as prescribed by the examination branch of the university. The award of grades based upon marks obtained out of 100 shall be made as follows:

Academic Performance	Letter Grades	Grade Points (p)
Outstanding	A+	10

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Extraordinary	A	09
Excellent	B+	08
Very Good	B	07
Good	C*	06
Average	C	05
poor	D	04
Very Poor	E	03

9.6.1 For the award of grades in a subject, all component wise evaluation shall be done in Marks. The award of grades based on absolute marks (irrespective of no students) out of 100 shall be made as follows:-

Marks		Grade	Marks
90	≤	A+	100
80	≤	A	89
70	≤	B+	79
60	≤	B	69
50	≤	C +	59
45	≤	C	49
30	≤	D	44
0	≤	E	29

Note: Pass grade is C grade or Higher.
,D and E grade indicates fail

9.6 2 The minimum passing marks/grade for passing any semester Examination shall be total 45% in external examination and 45% both in internal and external assessment in aggregate in each paper separately.

9.6.3 Minimum pass grade in each paper is 'C' grade. Grade will be awarded after adding the marks of internal assessment examination.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

9.6.4 Grade C in General Proficiency.

9.6.5 After finalization of the marks the same shall be displayed on the department notice board for duration of two days for the information of students. Students, who have specific grievance against the marks awarded to her, may discuss the same with the concerned course coordinator who after consideration of grievance of all students shall finalize the marks to be awarded for the course.

9.6.6 Before submission of the finalized award list in a prescribed formation to the concerned administrative office of the individual course coordinator shall discuss the marks distribution for his/her faculty of study. However, the final decision with regards to marks will vest with the course coordinator.

9.6.7 On receipt of the award lists for all papers offered by a given faculty of study the concerned administrative office shall put up the consolidated results for that faculty for discussion and approval from the departmental staff council (all staff members)

9.7 A candidate who fails to obtain the requisite marks/grade in any paper shall be required to appear in the concerned paper in the subsequent examinations.

9.8 D' and 'E' Grades: The,'D' and "E' grades denote average, poor and very poor performance, i.e. failing a paper. A student has to repeat all papers in which she obtains either"D' or 'E' grades, until a passing grade is obtained.

The candidate having D & E Grades in any Odd and Even semester's examination would be given a chance to improve the grade. On improving the D & E Grade, the improved grade will be counted towards calculation of SGPA/CGPA. The examinations for reappear in any subject(S) in the odd semester and that of in the even semester shall be held in the respective semesters along with the regular students. In addition to above, fifth year examination for reappear in the subjects in odd semesters will also be held during the even semester examinations and vice-versa.

9.9 The performance of students will be evaluated in terms of cumulative grade point average (CGPA) which is the grade point average for all the completed semesters at any point of time.

The successful candidates shall be classified in three divisions as under:

(i) Those who obtained 60% or more of the aggregate number of marks in all the subjects in all semesters mention total semesters of that course taken together shall be placed in first division.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

-708-

(ii) Those who obtain less than 60% but not less than 50% of the aggregate number of marks in all subjects in all semesters taken together shall be placed in the second division.

(iii) Those who obtain below 50% and not less than 45% of the aggregate number of marks in all subjects in all semesters taken together shall be placed in the third Division.

9.10 Pass marks are 45% both in internal and external assessment in aggregate in each paper separately.

9.11 **Division**: The successful candidates shall be classified in two divisions as under:

(i) Those who obtained 60% or more of the aggregate number of marks in all the subject in all semesters mention total semesters of that course. taken together shall be placed in first division.

(ii) Those who obtain less than 60% of the aggregate number of marks in all subjects in all semesters taken together, shall be placed in the second division.

9.12 **Scholarship:** A candidate while appearing in the re-appear examination shall not be eligible for a scholarship, a prize or a medal.

9.13 **Improvement Case:**

9.14.1 A person who has qualified for the award of B.A./BB.A. LL.B from this university may be allowed to re-appear as an ex-student in at the most two subject(s) in which she appeared earlier, with a view to improve her previous performance. The candidate shall be awarded only two consecutive chances along with the re-appear students in the subject(s) concern immediately after her passing for her degree.

9.14.2 No candidate shall be eligible for improvement after one year of passing the examination for the degree course.

9.14.3 The Candidate will have to deposit fee and form for each examination separately.

9.14.4 The higher score in the subject(s) in which she re-appears for improvement will be taken into account towards the final result and the marks already obtained by the candidate in the subjects in which she has not opted to improve her result shall be carried forward. The candidate shall be awarded a new DMC clearly

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

mentioning 'Improvement case' subject(s) with improved marks, only and the new grand total.

9.14.5 In case the candidate does not improve her result, it shall be declared as 'Previous Result Stands'.

10. **Promotion**

A student will be eligible for promotion to –
Students up to 6th semester will be promoted automatically.

7th semester: If she has passed total papers of 1st and 2nd semester taken together.
9th semester: if she has passed total papers of 3rd and 4th semester taken together.

11. **Attendance :-**

11.1 No candidate shall be considered to have pursued a regular course of the study unless she has attended not less than 75% of the lectures in each paper/seminar, case discussion, field trips, tutorials etc. This requirement shall be fulfilled separately for each course of study. A deficiency up to 10% may be condoned by the Chairperson of the department. In some special cases the Hon'ble Vice-Chancellor may condone a further

In any case no student having less than 60% attendance will be allowed to appear in the examination by Head of the department.

11.2 If a student is absent from the Department for more than four weeks without intimating to the Chairperson/ Course Co-ordinator of the department, her name will be struck of from the department rolls with information to the Academic Branch

11.3 In case the student name is struck of due to non-payment of fee and is re-admitted later, her attendance shall not be counted for that period.

12. **General Guidelines:**

12.1 Where this document is silent about any rule, the University policies/regulations as framed time to time will be applicable.

12.2Admission, teaching schedule, preparatory holidays, examination, winter, summer vacation, shall be followed as specified in academic calendar of the University.

12.3 A student is deemed to have completed the requirements for the degree and is eligible for the award of degree i.:

12.1.1 She has satisfied all the academic requirements as per the regulations; and

12.1.2 She has paid all fees due from her; and

12.1.3 There is no case of indiscipline pending against her.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

12.1.4 A student who has completed the entire graduation requirement listed above shall be eligible for award of degree/ certificate. However, under extremely exceptional circumstances, where gross violation of the graduation requirements is detected at any later stage, the Academic Council may withdraw the degree/PG diploma already awarded.

12.5 The gap of one/two semesters missed by the student(s), as the case may be, will count towards the total duration of the programme permissible under the regulations.

12.6 Absence of registered students from classes during a semester shall be discouraged. However, for bonafide reasons such as illness, maternity a student may be granted leave of absence as per provision of leave rules for students framed by the Academic Council

12.7 All academic problems of the students other than those affecting the University rules and regulations framed from time to time may be looked into by a committee constituted by the Dean Academic Affairs.

B.A L.L.B.1st Semester
Legal Method
Course Code: Law 1101

L - T - P
4 - 1 – 0
Internal Marks: 20

Total Credits: 5
Total Marks: 100
External Marks: 80

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
  1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
  2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objective: The objective of this paper is to acquaint the students with various modes of Legal Method.

Course Outcome: After studying legal method students gain insights into dominant legal, societal and political philosophical concepts. They acquire knowledge on the history, methodologies and questions surrounding legal theories.

Unit—1

Meaning and classification of Laws

a. Meaning and definition
b. Functions of laws
c. Classification of laws: Public and private law, substantive and procedural laws, Municipal and international law

Unit—2

Sources of law

a. Custom
b. Precedent
c. Legislation

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Units—3

Basic concepts of Indian legal system

a. Common law
b. Constitution as the basic law
c. Rule of law
d. Separation of powers
e. Judicial system in India

Unit-4

Legal writing and research

a. Legal materials- Case law
b. Statutes, reports, journals, manuals, digests etc.
c. Importance of legal research
d. Techniques of legal research
e. Legal writings and citations

Suggested Readings

B.A.L.L.B. 1st Semester
Sociology-I
Paper Code: LAW 1109

L - T - P
4- 1 – 0
Internal Marks: 20

Total Credits: 5
Total Marks: 100
External Marks: 80

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives: The objective of the paper is to develop sociological imagination amongst the students and to help them understand the connections between theoretical perspectives and foundational ideas in modern social thought.

Course Outcomes : The students find the idea of interdisciplinary imagination extremely difficult in the beginning, given the fragmented nature of our educational system when it comes to schooling and even higher education in certain contexts. The extent of intervention and perspectival change varies in relation to a range of factors operating in the pedagogical space which learners inhabit. However, a definite consciousness shift is clearly visible in the cognitive domain.

Unit I

Sociological Imagination and Social Science:
Evolution of the Sociological Perspective: Sociology as a Science
Theory in Social Sciences and Epistemological Issues
Sociology as a Study of Modern Society and its Reflexive Orientation
Inter-disciplinary Significance of Sociology: Interface with other Social Sciences and Law

Unit II

Basic Themes and Concepts:
Community and Society, Associations and Groups, Status and Role
Norms and Values, Folkways and Mores, Social Structure and Institutions
Theoretical Traditions: Evolutionary, Functionalist, Conflict and Structuralist

B.AL.L.B. 1st Semester
General English – I
Course Code: Law 1111

L - T - P
4 - 1 – 0
Internal Marks: 20

Total Credits: 5
Total Marks: 100
External Marks: 80

Objective

The English curriculum is designed to attain competence of students in four modes of literacy, writing, speaking, reading and listening. A concept of philosophy and literature will be introduced with classics of English literature along with elementary Phonetics, legal terms, concepts of grammar, drafting and words from foreign languages to fulfill the need of the professional course. Students will read diverse texts within their historical and cultural contexts to develop critical understanding of literature and society.

Outcome

Students will demonstrate their capacity to write and speak clearly, read perceptively and think critically. They will have command over vocabulary and a sense of correct pronunciation will be achieved. Students will be able to express themselves comprehensively with fluency.

Unit 1

Short stories

a. The Model Millionaire: Oscar Wilde (Chapter -1)
b. The gift of Magi: O. Henry (Chapter-2)

One Act Play- A Marriage Proposal: Anton Chekov (chapter-5)

Unit-II

Essays

A Bachelor's complaint of the behavior of married people: Charles Lamb (chapter-7)

El Dorado: R.L. Stevenson (chapter-8)

Attitude is everything: Brain Cavanaugh

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

(Suman Dalal (ed.), Effective English-I, BPSMV)

Unit III

Grammar & Vocabulary

a. Grammar: Types of sentences, Tenses, Active and passive voice
b. Vocabulary: Prefixes and suffixes, Synonyms and Antonyms

Unit IV

a. Writing skills: Paragraph & report writing (current affairs), Hints development
b. Legal terms & phrasal verbs: Meaning and usages: Plaint, Plaintiff, Defendant, Petition, Alimony, Maintenance, Bigamy, Judicial, Separation, Adoption, Tort, Libel, Homicide, Suicide, Lease, Mortgage, Eviction, Tenancy, Void, UltraVires, Mandamus, Deed, Legitimate, Illegitimate, Jurisprudence, Parole, Alibi, Forgery, Primafacie, Subjudice, Status Quo, Bonafide, Malafide, Ex-parte, Ex-officio, Interalia, Defacto, Dejure, Indemnity, Sine-die, Habeas corpus, assault, cartel, malfeasance, null, omission, overdraw, patent, Pre-emption, Rebuttal, Suffrage

Suggested Reading:

1. J.C. Nesfield: English Grammar, Composition and usage (revised by N.K. Aggarwal)
2. Oxford Advanced learner's dictionary, O.U.P
3. Raymond Murphy, Murphy's English Grammar, C.U.P
4. S.C.Tripathi: Legal language, writing and general English by central law publication
5. Suman Dalal (ed.) Effective English-I BPSMV
6. Ten Mighty Pens, edited by K.A.Kalia, Publisher: Oxford university press

UNIT – IV

Writing Skills:
Formal Letters:
Applications
Inquiry letters
(Reply, Invitation & Quotations)

Legal Terms: Meaning and Usages
Plaint, Plaintiff, Defendant, Petition, Alimony, Maintenance, Bigamy, Judicial Separation, Adoption, Tort, Libel, Homicide, Suicide, Lease, Mortgage, Eviction, Tenancy, Void, UltraVires, Mandamus, Deed, Legitimate, Illegitimate, Jurisprudence, Parole, Alibi, Forgery, Primafacie, Subjudice, Status quo, Bonafide, Malafide, Exparte, Exofficio, Interalia, Defacto, Dejure, Indemnity, Sine-die, Habeas corpus, assault, cartel, malfeasance, null, Omission, Overdraw, Patent, Pre-emption Rebuttal, Suffrage, Ratio decendi, Obiter dicta, Curative Petition,contempt of court,onus of proof, injunction,affidavit.

Instructions to Paper setter and students:

- Students will attempt five questions in all. All questions carry equal marks. First question is compulsory.
- Question No. 1 will carry 8 short answer type questions of 2 marks each from all units.
- Rest of the paper will have 4 parts which will be in accordance with the units of syllabus, each part will offer internal choice to students. Examiners should ensure the inclusion of all topics of syllabus in the question paper.

Scheme for Part I (literature section)
Question 2
8 short answer type questions.(2marks each) Students will attempt all in 50 - 80 words.
OR
Question 3.
It will carry two long answer type questions of 8 marks each. (General Questions on Character, theme and plot).
Scheme for Part II (literature section)
Question 4
8 short answer type questions. (2marks each) Students will attempt all in 50 - 80 words.
OR
Question 5.
It will carry two long answer type questions of 8 marks each. (General Questions on Character, theme and plot)

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Part - III

Question 6

Questions from Grammar & Vocabulary units can be of 1 mark or 2 marks as per need of the topic

OR

Question 7

Questions from Grammar &Vocabulary units can be of 1 mark or 2 marks as per need of the topic.

Part - IV

question 8.

Writing section includes letter writing, students will be asked to write two letters(8 marks each).

OR

Question 9

Students will be asked to define any eight legal terms along with examples.

B.A LLB (Hon) 1st Semester
Economics-1
Paper Code: LAW 1107

L - T - P
4 - 1 – 0
Internal Marks: 20

Total Credits: 5
Total Marks: 100
External Marks: 80

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives: The basic objective of this paper is to provide broad understanding of basic concept of economics and understanding of relationship between economics and law.

Course outcome: The students will be able to demonstrate the concept of micro economic theory, demand and supply. Examine the concepts of cost, revenue and market structure. Identify key terms of production analysis and theory of determination of factor prices. Describe the application of economics laws and methods.

UNIT –1

Introduction to Economics

a) Scope and importance of micro Economic.
b) Economics Laws and methods.
c) Nature of capitalist, socialist and mixed Economic systems.
d) Relation between economics and Law.

UNIT -2

Micro Economic theory, demand and supply

a) **Theory of demand:**Definitions, Types, Law of demand, Exceptions of the law of demand, Determinants of demand, Change in demand, Elasticity of demand, Price elasticity of demand, Income elasticity of demand, Cross elasticity of demand.
b) **Theory of supply:** Definitions, law of supply, Supply function, Elasticity of supply, Measurement of elasticity of supply.
c) Interaction of demand and supply.
d) Marshallian approach of consumer's surplus.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

UNIT -3

Cost, Revenue and Market Structure

a) **Concept of Revenue:** Total Revenue, Average Revenue, Marginal Revenue, Relationship between MR ends AR, A comparative study of the Revenue curve in different markets.

b) **Concept of cost**: Monetary Cost, Opportunity Cost, Explicit Cost, Implicit Cost, Total Cost, Average Cost, Marginal cost, Costs in short run, Cost in long run .

c) **Market structure: Definitions**, Main features of market, Features of Perfect competitions market, Price determination under perfect competition market, Equilibrium of firm under perfect competition market.

d) **Monopoly market**: Features of monopoly market, Determination of price and equilibrium under monopoly market.

e) **Monopolistic competition Market:** Feature of monopolistic market, Price and equilibrium under monopolistic competition market.

f) Comparison between perfect competitions, monopoly, monopolistic competition markets.

UNIT -4

Production Analysis and Theory of determination of factor Prices

a) Theory Of Production: Meaning and concept of production, Factors of production, law of variable proportion (short run production analysis),law of return to a scale(long run production analysis).

b) Marginal productivity Theory of wages.

c) Modern Theory of wage determination.

d) Ricardian theory of Rent.

e) Liquidity preference theory of Interest .

- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objective: The prime objective of the paper is to acquaint the students with the basic principles of law of contract.

Course Outcomes: At the end of this course students will be able to understand the basic principlesgoverning the law related to contractual transections and other allied issues as the concepts of damages and its difference from law of torts.

UNIT-I

Formation of Contract

GeneralfeaturesandNatureofcontractualobligations,
ProposalandAcceptance-Definition,Communication,
Postal,telephonicandtelecommunication
Revocation of offer and Acceptance
Kinds of Offer
Standard form of Contracts (Section 2-10)

UNIT -II

Capacity to contract

Meaning, Legal disability arising out of unsound mind
Minor'sagreementNatureandscope,Necessaries Suppliedto a Minor,MinorAgreementandEstoppel, RatificationofMinor's Agreement (Section 10,11,12,64,65,68 Indian Contract Act, Section 33 of the Specific relief Act)

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Consideration

Meaning, Nature,Basis, Types
Doctrine of Privity of Contract
Doctrine of Privity of Consideration, Exceptions to the rule
Exceptions to consideration (Section 2(d),2(f),23,25)

Unit III

Validity, Discharge and Performance of Contract

Factorsvitiating.freeconsent.
Coercion, Undue influence, Misrepresentation, Fraud, Mistake
Effects on Contracts influenced by any factor vitiating free consent
Unlawful Consideration and Object
Circumstances in which Contract becomes void and voidable, Effect of Void and Voidable agreements.
Discharge of Contract
Performance of Contract

UNIT-IV

Breach of Contract &Remedies(Section 73-74)

Kinds of Damages
Remoteness of Damages
Mitigation of Damages
Injunctions, Specific Performance, Quantum Merit
Quasi Contract (Section(Section 68-72)

Leading Cases

Course Objective: To analyze detailed different marriage laws of Hindu, Muslim, Christian. This course appraises the students with contemporary trends in family institutions in India.

Course Outcome: Family law is an area that deals with all legal issues related to family relationships, such as adoption, divorce and child custody. Attorneys who practice family law are usually responsible for separating spouses, determining who will get child custody, child support, and other related legal issues. Some family law attorneys specialize in adoption, paternity, emancipation, or other matters not usually related to divorce but including family.

Unit 1

Hindu law

- Historical Development of Hindu law
- Schools of Hindu law
- Sources of Hindu law:
- Ancient sources
- Modern sources

Muslim law

- Historical Development of Muslim law
- Schools of Muslimlaw
- Sources of Muslim law:
- Ancient sources
- Modern sources

Unit 2

Hindu Marriage Act,1955

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Definition
- Essentials of a Valid marriage, Void and Voidable Marriage.
- Concept of Divorce and Ground of divorce.
- Legitimacy of child from live in relation, void and voidablemarriage.
- Acknowledgement of Paternity.
-

Muslim Marriage

- Definition, Nature, Capacity, Classification and Legal Effect of Marriage.
- Dissolution of Muslim marriage (The Dissolution of Muslim Marriage Act, 1939)
- Kinds of talak

1. Ila
2. Khula
3. Mubbarat
4. Talak-e-tafweez
5. Lian
6. Fashk

- Ban on Triple Talak
- Dower/Mahr
- Concept of Dower
- Kinds of Dower
- unspecified dower
- specified dower
- Remission of Dower
- Enforcement of Right to Dower

Unit 3

Hindu Adoption and Law of Maintenance Act, 1956

- Origin and objection of adoption
- Customary adoption
- Essentials of valid adoption
- Effect of Adoption
- Adoption procedure under juvenile justice Act.

Law of maintenance:

- Maintenance of wives with special reference to section 125 Cr.P.C.
- Shah Banu case
- Maintenance of widowed daughter-in-law

Unit 4

Hindu Minority and Guardianship Act,1956

- Minor
- Rights of minor
- Natural guardian
- Testamentary guardian

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

- Defacto guardian

Guardianship under Muslim law

- Meaning
- Appointment and removal of Guardianship

Prohibition of child Marriage Act, 2006

- Definition
- Punishment for child marriage
- Validity of child marriage

Case Laws

1. Asha Qureshi v. Afaq Qureshi, AIR 2002 MP 263
2. Bhaurao Shankar Lokhande v. State of Maharashtra, AIR 1965 SC 1564
3. BipinchandraJaisinghbai Shah v. Prabhavati, AIR 1957 SC 176

Course Objectives: The objective is to introduce the basic sociological themes and theoretical standpoints adopted in understanding Indian society and its processes.

Course Outcome : The students find the idea of interdisciplinary imagination and theoretical investigation of lived realities very challenging given the alienation prevailing in our educational system when it comes to think theoretically about institutional practices in certain contexts. The extent of intervention and perspectival change varies in relation to a range of factors operating in the pedagogical space which learners inhabit. However, a definite consciousness shift can be perceived as a sign of hope at this level as well.

Unit I

Indian Society: Basic Features and Theoretical Debates
Diversity and Pluralism: Linguistic, Religious and other Cultural Patterns
Civilizational Approach and the Study of Indian Society vis-à-vis Colonialism
Processes of Nation Building in India: Identity and Integration,
Democratic Imagination and the Making of Modern India

Unit II

Inequality and Social Stratification in Indian Society
Caste in India: Change and Continuity, Caste-Class Dynamics
Class based Inequality and the Challenge of Neo-liberalism
Gender Inequality and Patriarchy in Indian Society
Reservation Policy and its Critique: Issues and Analysis

Unit III

Social Change in India: Tradition and Modernity

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Processes of Social Change: Sanskritisation and Westernisation,
Modernization and Secularization: Vision, Adaptation and Crisis
Changing Institutions: Family and Marriage, Law, Education and Media
Global- Local Linkages and Cultural Change: Identity and Fragmentation

Unit IV

Social Justice, Conflicts and Violence

Nationalism and Ethnic Conflicts, Fundamentalism and Communalism
Agrarian Distress, Peasant Movement and the Rural-Urban Divide,
Crisis in Health, Nutrition and the Social Impact of Pandemic
Violence against Women and Gender Justice, Youth Culture and Alienation
Empowerment through Education: Inequalities, Constraints and Neo-liberal Aspirations

B.A L.L.B.6th semester
Gender and Society
Paper code- Law 1136

L - T - P
4 - 1 – 0
Internal Marks: 20

Total Credits: 5
Total Marks: 100
External Marks: 80

Note:-Instructions for examiner

- The paper shall be of 80 Marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part A shall be compulsory and consist 8 short answered questions of 2 marks each at least two question shall be set from each unit.
    2. Part B shall again divided into 4 units consisting 2 question of 16 marks each in every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives: The objective of the paper is to develop an understanding of the theoretical and feminist standpoints regarding gender and its implications for law and society.

Course Outcome :The students find the idea of interdisciplinary imagination and theoretical investigation of lived realities very challenging given the alienation prevailing in our educational system when it comes to think theoretically about institutional practices in certain contexts. The extent of intervention and perspectival change varies in relation to a range of factors operating in the pedagogical space which learners inhabit. However, a critical consciousness-shift can be perceived as a sign of transformative learning potential of the course.

Unit I

Sex and Gender: Biology vs. Culture
Social Construction of Gender: Socialization and Gender Roles
Gender, Caste and Class, Patriarchy: Concept and Theories

Unit II

Gender and Economy, Shadow work, Gender and Development
Commodification and Objectification of Women and Media,
Gender and Technology, ICT and Gender Inequality,
Globalization and its Impact on Women, Gender and Education

Explore the legal and policy developments in various countries to regulate cyberspace along with developing the understanding of relationship between commerce and cyberspace, give learners in depth knowledge of Information Technology Act and legal frame work of right to privacy, data security and data protection.

Unit-I

Basic concept of technology and law

a. Understanding the technology
b. Scope of cyber laws
c. Cyber jurisprudence

Understanding electronic contracts

a. The Indian law of contract
b. Types of electronic contract
c. Construction of Electronic Contracts

Unit-II

Copyright in information technology

- copyright in internet
- software privacy
- multimedia and copyright issues

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

113
814

Patents

a. Indian position on computer related patents
b. international context of patents

Trademarks

g. Trademarks law in India
h. Infringement and passing off

Unit –III

Information Technology Act 2000

1. Digital signature
2. E-Governance
3. Sale and gift
4. duties of subscribers
5. penalties and adjudication
6. offences under the act
7. making of rules and regulation

Unit -IV

Understanding cyber crimes

a. Crime in context of internet
b. Types of crime in internet

Indian penal law & cyber crimes

a. Fraud
b. Hacking
c. Mischief
d. Trespass
e. Defamation
f. Stalking
g. Spam

Issues of internet governance

a. Freedom of expression in internet
b. Issues of censorship
c. Hate speech
d. Sedition
e. Libel
f. Subversion
g. Privacy issues
h. International position on free speech in internet

Total Credits: 5
Total Marks: 100
External Marks: 80

Course Objectives: Content of this paper is designed to impart the practical skills required for case study, case research, case analyses and legal perspectives necessary for lawyering, advocacy and client counseling. This will also give opportunity to develop skills for legal research and practical training including court practices. The teaching methods used in the course will focus Moot court and Mock trials and will include court visits. Students will be divided in groups for the purpose of Moot Courts, Mock trials and court visits.

Course outcomes: The course is providing practical skills on knowledge of law. It is very helpful in understanding the application of law for any law student providing him legal acumen and advocacy skills. The course is beneficial for the academic and professional enrichment of the students.

Unit 1

Moot Courts (Marks30)

The teacher teaching this course will supply five Moot Court problems on five different fields like criminal, matrimonial, appeal, environmental, consumers, insurance and corporate affairs.

Students in the course of a single semester requiring them to work on all three problems assigned to them. Each student will prepare a case only on one side.

Teacher will provide rules for Moot Court including memorials and other specifications for oral arguments etc.

Evaluation: The oral performance will be evaluated on the basis of communication skills, application of facts, persuasion / use of authorities, and response to questions.

Unit II

Mock Trial, negotiation and client counseling(Marks 30)

The students would be required to conduct trial in at least one case either of one Civil or one Criminal during the course of the semester. The students will be divided in teams of lawyers and witnesses. Each student will be required to function as a lawyer and witness in the trials being

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

152
853

simulated in the classes. Students' performance will be evaluated on the basis of equal marks being assigned for case analysis, written submissions, Examination-in-chief, Cross-examination, and final arguments. Student will also prepare/participate in the negotiation and client counseling activities.

Unit III

Internship - Court Visits and field Experience (Marks-30)

This part will require the students to be attached with practicing lawyer/ law firms/ Institutions etc. Students will have to produce certificate of internship of the duration and work report from the advocate as per BCI norms.

During the court visits, the students will be required to record/ observe various stages in cases. Observation must include at least one civil and one Criminal case.

Unit IV

Viva Voce (Marks 10)

Students will be required to place all the above content in a file/ folder to be assessed by concerned teacher and outside expert of the field. Expert may be a lawyer or a teacher with experience of 15 years and 10 years respectively.

ORDINANCE
Bachelor of Arts and Bachelor of Laws / Bachelor of Business Administration and Bachelor of Laws
(w.e.f July 2021)

1. **Definitions :**

1.1 Programme stands for Bachelor of Arts and Bachelor of Laws .

1.2 Programme stands for Bachelor of Business Administration and Bachelor of Laws .

1.3 Credit is the weightage assigned to a paper in terms of contact hours.

1.4 Grade stands for a letter grade assigned to a student on the basis of evaluation of a paper on the 10 point scale.

1.5 Grade point stands for the numerical equivalent of the letter grade.

2. **Duration:**

2.1 The Programme of the degree of B.A./BB.A LL.B. five year shall be spread over five academic years consisting of ten semesters.

2.2 A Candidate once admitted in B.A./ BB.A LL.B. 1 st year must clear all her papers within 7 years from the date of her admission in the 1 st year 1 st semester. Otherwise she shall stand disqualified to obtain the degree of B.A./ BB.A LL.B.

3. **Admission :**

3.1 **Eligibility :**

3.1.1 Only a girl candidate having 50% (45% in case of S.C./S.T./ Persons with disability) or above marks in +2 examination or any equivalent examination shall be eligible to seek admission in the first semester of this five year programme.

3.1.2 A candidate who has got reappear/compartment in +2 examinations shall not be eligible to seek admission to the Programme

3.1.3 No candidate who is in employment (full time/part time/honorary service) shall be eligible to take admission in this programme without taking leave from her institute /office from the date of admission to the termination of her final examination

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

including other essential requirements. She has to submit an affidavit in this regard. In case of violation of these rules her admission shall stand cancelled.

3.2 **Procedure :**

3.2.1 The admission shall be made on the basis of merit in 10+2 exam/entrance test/interview etc. as decided by the University from time to time.

4.Fees :

The Programme fee shall be paid by the candidate as prescribed by the University from time to time.

5. **Teaching Methodology:**

5.1 Methods of Teaching include, Tutorial, Mentors class room teaching, assignments, research papers, seminars, group discussion etc.

5.2 The medium of instruction shall be English and Hindi both.

6. **Credit Weightage:**

Each paper has a certain number of credits which reflect its weightage. Credits of a paper are evaluated as under :-

6.1 Lecture: One credit per lecture per week per semester will generally be adopted

7. **Examination:**

7.1 At the end of the each semester, there shall be an examination where each candidate shall be examined in the courses studied by them in that semester. Each semester examination shall be designated as first semester examination, second semester examination, and third semester examination and so on.

7.2 The examination in each semester will be held according to the syllabi approved by the Board of Studies. The Board of examiners shall be appointed for each course and shall be recommended by the Board of Studies (BOS).

7.3 The examination shall consist of theory papers and/or practical papers. Theory papers are to be set by the internal/external paper setters appointed by the Vice-Chancellor from a panel of examiners submitted by the chairman of the department duly approved by the BOS of the concerned department. The medium of examination shall be English and Hindi both.

7.4 The examination for even semesters will normally be held in December/January and odd semesters in May/June on such date as provided by the University. The concerned teacher/course coordinator should ensure that 100% syllabus is covered in each subject before the semester examination.

7.5 Every paper is coordinated by a member of the teaching staff of the department which is offering the paper in a given semester. This faculty member is called the subject/paper coordinator. He/She has the full responsibility for conducting the paper, coordinating the work of the other members of the faculty involved in the

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

paper, holding the midterm examinations and assignments. For any difficulty, the student is expected to approach the subject coordinator for advice and clarification.

7.6 Every student has to appear in the midterm tests. If a student does not take the midterm test, she Shall be awarded zero marks in the test. The marks obtained in midterm test/ seminars/projects/moots etc. are to be submitted to the examination branch duly signed by the Chairperson of the department before the close of semester examination. The examination branch/ shall convert the marks in to equivalent grades as per the grading procedure.

7.7 If a candidate, after attending the classes for the course of studies in the Department either not appeared or having appeared in any semester examination has failed in one or more papers for that examination, she can appear for such papers at subsequent examinations without attending a fresh course of studies for that semester such a candidate may, in the meantime, prosecute his/her studies for the next semesters. Supplementary examinations for the last two semesters will be held after six months i.e. for odd semester in the month of May and for even semester in the month of December/January.

7.8 For holding the Midterm Tests during even and odd semester the schedule of midterm test shall be laid down by teacher(s) concerned in consultation with the Chairperson of the Department as the case may be and shall be made known to the students at the commencement of each semester.

7.9 For Midterm Test, the syllabus for Examination will be what is covered in particular term.

7.10The examination branch will design standardized performa for maintaining the following records at the Department level:• Midterm Test Awards

- Awards of Project/seminar/Moots/research papers etc.
- Awards of Attendance. • Consolidates Results.

7.11 **Declaration of Results**: Six weeks after the termination of the semester examination or as soon thereafter is possible, the controller of examination shall declare the result. After successful completion of the course, the candidate shall be awarded with a degree mentioning the division.

8. Reappear Examinations

A student having reappear in even/odd semester up to 8th semester may reappear in the examination with the regular students. The students having reappear in final year (9th & 1 0th semester) may reappear in both even and odd semester's regular examination.

9.Evaluation & Grading:

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

9.1 The University examination in each semester shall consist of papers according to the syllabus prescribed by the faculty. End semesters examination and Internal assessment shall carry 80 and 20% respectively each for the final assessment of the student.

9.2 The Weightage of the sub components is as follows: Subcomponents

	Weightage
a) Mid term exam.	10%
b) Project works/assignments/seminars Moots etc	05%
c) Attendance	05%

9.3. **Ad-hoc Grace**

If there is any discrepancy/ out of syllabus/ printing error/ untoward incident during the examination, the matter be referred to a Standing Committee of

(i) Controller of Examinations.
(ii) Head of the Department
(iii) One faculty member concerning the subject.

The Committee may recommend re-conduct of the paper or uniform grace marks to all but that should not exceed 10% of the total marks of that particular paper.

9.4 **Moderation of Marks**

(a) Internal Examinations: If there are more than one teacher associated in any internal assessment, one of the member be made co-ordinator by the concerned HOD and he along with the others can moderate the marks to maintain uniformity so that no student get undue advantage or disadvantage. It can be done by fixing criteria beforehand.

(b) External Examination: if there is unusual variation (very high or very low) in the awards, the COE may refer the matter to a Moderation Committee consisting of :
Controller of Examination

- Chairperson of the concerned department
- One faculty member concerning the subject

9.5 Grading The academic performance of a student shall be graded on a scale as prescribed by the examination branch of the university. The award of grades based upon marks obtained out of 100 shall be made as follows:

Academic Performance	Letter Grades	Grade Points (p)
Outstanding	A+	10

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Extraordinary	A	09
Excellent	B+	08
Very Good	B	07
Good	C*	06
Average	C	05
poor	D	04
Very Poor	E	03

9.6.1 For the award of grades in a subject, all component wise evaluation shall be done in Marks. The award of grades based on absolute marks (irrespective of no students) out of 100 shall be made as follows:-

Marks		Grade	Marks
90	≤	A+	100
80	≤	A	89
70	≤	B+	79
60	≤	B	69
50	≤	C +	59
45	≤	C	49
30	≤	D	44
0	≤	E	29

Note: Pass grade is C grade or Higher.
,D and E grade indicates fail

9.6 2 The minimum passing marks/grade for passing any semester Examination shall be total 45% in external examination and 45% both in internal and external assessment in aggregate in each paper separately.

9.6.3 Minimum pass grade in each paper is 'C' grade. Grade will be awarded after adding the marks of internal assessment examination.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

9.6.4 Grade C in General Proficiency.

9.6.5 After finalization of the marks the same shall be displayed on the department notice board for duration of two days for the information of students. Students, who have specific grievance against the marks awarded to her, may discuss the same with the concerned course coordinator who after consideration of grievance of all students shall finalize the marks to be awarded for the course.

9.6.6 Before submission of the finalized award list in a prescribed formation to the concerned administrative office of the individual course coordinator shall discuss the marks distribution for his/her faculty of study. However, the final decision with regards to marks will vest with the course coordinator.

9.6.7 On receipt of the award lists for all papers offered by a given faculty of study the concerned administrative office shall put up the consolidated results for that faculty for discussion and approval from the departmental staff council (all staff members)

9.7 A candidate who fails to obtain the requisite marks/grade in any paper shall be required to appear in the concerned paper in the subsequent examinations.

9.8 D' and 'E' Grades: The,'D' and "E' grades denote average, poor and very poor performance, i.e. failing a paper. A student has to repeat all papers in which she obtains either"D' or 'E' grades, until a passing grade is obtained.

The candidate having D & E Grades in any Odd and Even semester's examination would be given a chance to improve the grade. On improving the D & E Grade, the improved grade will be counted towards calculation of SGPA/CGPA. The examinations for reappear in any subject(S) in the odd semester and that of in the even semester shall be held in the respective semesters along with the regular students. In addition to above, fifth year examination for reappear in the subjects in odd semesters will also be held during the even semester examinations and vice-versa.

9.9 The performance of students will be evaluated in terms of cumulative grade point average (CGPA) which is the grade point average for all the completed semesters at any point of time.

The successful candidates shall be classified in three divisions as under:

(i) Those who obtained 60% or more of the aggregate number of marks in all the subjects in all semesters mention total semesters of that course taken together shall be placed in first division.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

(ii) Those who obtain less than 60% but not less than 50% of the aggregate number of marks in all subjects in all semesters taken together shall be placed in the second division.

(iii) Those who obtain below 50% and not less than 45% of the aggregate number of marks in all subjects in all semesters taken together shall be placed in the third Division.

9.10 Pass marks are 45% both in internal and external assessment in aggregate in each paper separately.

9.11 **Division**: The successful candidates shall be classified in two divisions as under:

(i) Those who obtained 60% or more of the aggregate number of marks in all the subject in all semesters mention total semesters of that course. taken together shall be placed in first division.

(ii) Those who obtain less than 60% of the aggregate number of marks in all subjects in all semesters taken together, shall be placed in the second division.

9.12 **Scholarship:** A candidate while appearing in the re-appear examination shall not be eligible for a scholarship, a prize or a medal.

9.13 **Improvement Case:**

9.14.1 A person who has qualified for the award of B.A./BB.A. LL.B from this university may be allowed to re-appear as an ex-student in at the most two subject(s) in which she appeared earlier, with a view to improve her previous performance. The candidate shall be awarded only two consecutive chances along with the re-appear students in the subject(s) concern immediately after her passing for her degree.

9.14.2 No candidate shall be eligible for improvement after one year of passing the examination for the degree course.

9.14.3 The Candidate will have to deposit fee and form for each examination separately.

9.14.4 The higher score in the subject(s) in which she re-appears for improvement will be taken into account towards the final result and the marks already obtained by the candidate in the subjects in which she has not opted to improve her result shall be carried forward. The candidate shall be awarded a new DMC clearly

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

mentioning 'Improvement case' subject(s) with improved marks, only and the new grand total.

9.14.5 In case the candidate does not improve her result, it shall be declared as 'Previous Result Stands'.

10. **Promotion**

A student will be eligible for promotion to –
Students up to 6th semester will be promoted automatically.

7th semester: If she has passed total papers of 1st and 2nd semester taken together.
9th semester: if she has passed total papers of 3rd and 4th semester taken together.

11. **Attendance :-**

11.1 No candidate shall be considered to have pursued a regular course of the study unless she has attended not less than 75% of the lectures in each paper/seminar, case discussion, field trips, tutorials etc. This requirement shall be fulfilled separately for each course of study. A deficiency up to 10% may be condoned by the Chairperson of the department. In some special cases the Hon'ble Vice-Chancellor may condone a further

In any case no student having less than 60% attendance will be allowed to appear in the examination by Head of the department.

11.2 If a student is absent from the Department for more than four weeks without intimating to the Chairperson/ Course Co-ordinator of the department, her name will be struck of from the department rolls with information to the Academic Branch

11.3 In case the student name is struck of due to non-payment of fee and is re-admitted later, her attendance shall not be counted for that period.

12. **General Guidelines:**

12.1 Where this document is silent about any rule, the University policies/regulations as framed time to time will be applicable.

12.2Admission, teaching schedule, preparatory holidays, examination, winter, summer vacation, shall be followed as specified in academic calendar of the University.

12.3 A student is deemed to have completed the requirements for the degree and is eligible for the award of degree if:

12.1.1 She has satisfied all the academic requirements as per the regulations; and

12.1.2 She has paid all fees due from her; and

12.1.3 There is no case of indiscipline pending against her.

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

12.1.4 A student who has completed the entire graduation requirement listed above shall be eligible for award of degree/ certificate. However, under extremely exceptional circumstances, where gross violation of the graduation requirements is detected at any later stage, the Academic Council may withdraw the degree/PG diploma already awarded.

12.5 The gap of one/two semesters missed by the student(s), as the case may be, will count towards the total duration of the programme permissible under the regulations.

12.6 Absence of registered students from classes during a semester shall be discouraged. However, for bonafide reasons such as illness, maternity a student may be granted leave of absence as per provision of leave rules for students framed by the Academic Council

12.7 All academic problems of the students other than those affecting the University rules and regulations framed from time to time may be looked into by a committee constituted by the Dean Academic Affairs.

4 - 1 – 0
Total Credits: 5

Total Marks: 100
External Marks: 80
Internal Marks: 20

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objective:--The objective of this paper is to acquaint the students with various modes of Legal Method.

Course Outcome: After studying legal method students gain insights into dominant legal, societal and political philosophical concepts. They acquire knowledge on the history, methodologies and questions surrounding legal theories.

Unit—1

Meaning and classification of Laws

a. Meaning and definition
b. Functions of laws
c. Classification of laws: Public and private law, substantive and procedural laws, Municipal and international law

Unit—2

Sources of law

a. Custom
b. Precedent
c. Legislation

Units—3

Basic concepts of Indian legal system

a. Common law
b. Constitution as the basic law
c. Rule of law
d. Separation of powers
e. Judicial system in India

Unit-4

Legal writing and research

a. Legal materials- Case law
b. Statutes, reports, journals, manuals, digests etc.
c. Importance of legal research
d. Techniques of legal research
e. Legal writings and citations

Suggested Readings

- B.N.M. Tripathi- An introduction to Jurisprudence and legal theory
- Benjamin N. Cardozo, The nature of judicial process
- Glanville Willaims- Learning the law
- ILI Publication in legal research and methodology
- ILI Publication-Indian legal system
- Nomita Aggarwal- Jurisprudence (legal theory)

Case Laws

1. D.K. Basu V. State of W.B. 1997(1) SCC 417
2. Dwraka Prasad Aggarwal v B.D. Aggarwal, AIR 2003 S.C. 2686
3. Geeta Hariharan V. Reserve Bank of India, AIR 1999 S.C. 1149
4. Nath Bros. Exim. International Ltd. V. Best roadways Ltd. 2000 (4) S.C.C. 553
5. People union for civil liberties v. Union of India 1997 (1) S.C.C 301
6. Raj Kishore Jha V, State of Bihar, AIR 2003 S.C. 4664
7. Samta Vedike v. State of Kar2003 CRL .J. 1003KAR H.C.
8. Shikhar Chand Falodia v. S.K. Sanganeria, AIR 2004 Gau.19.

B.B.A.L.L.B 1st Semester
Law of Torts and Consumer Protection Act
Paper Code: LAW 1103

L - T - P
4 - 1 – 0
Total Credit -5

Total Marks: 100
External Marks: 80
Internal Marks: 20

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives: Everyone in daily course of life undertakes multiple tasks including tasks obliged under a law. The breach in obligation imposed by a law may result in damage to others. The law of torts provides mechanism for redressal of such damages and in some cases there may be multiple choices available to the person who has suffered damage to seek compensation under law of torts.

Course Outcome: After studying the subject students will be able to describe nature and scope of Law of Torts ,Difference between Law of Torts, Crime and Law of contract Awareness of situations of liability for civil wrongs in Torts, Principles of civil liability for civil wrongs in Torts, Methodology for measuring damages in Civil Wrongs in Torts ,Principle of No Fault Liability in Torts General and Specific Defenses against an Action in Torts, Understanding Consumer, Rights and Duties of Consumer,Mechanism for Consumer Protection in India Organization, Powers and Duties of Consumer Forums in India

Unit-1

Introduction and principles of liability in Tort

a. Definition of Tort
b. Development of tort actions in England and India- Tort distinguished from contract, Quasi-contract and crime
c. Constituents of tort- wrongful act, damage and remedy
d. Strict liability and absolute liability
e. Vicarious liability- scope and justification
f. Doctrine of sovereign immunity

Unit-II

Justification in Tort

a. Volenti non-fir Injuria
b. Necessity, Plaintiff's default
c. Act of God
d. Inevitable accidents
e. Private Defenses
f. Judicial and quasi judicial acts
g. Parental and quasi parental authority

Unit III

Specific Torts

a. Defamation
b. Negligence
c. Nuisance
d. Assault, battery and mayhem
e. False imprisonment and malicious prosecution
f. Nervous shock

Unit IV

Consumer protection

a. Basic concepts: consumer, service, goods
    1. Authorities for consumer protection
    2. Remedies

Suggested Readings

1. The law of Torts: Ratanlal and Dhirajlal
2. Tort: Winfield and Jolowicz

Case Laws

1. A.C. Modagi v. crosswell tailor (1991) II CPJ 586

Business Statistics
Paper code- Law-1201

L - T - P
4 – 1– 0External Marks: 80
Total Credits: 5

Total Marks: 100

Internal Marks: 20

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objective:-This course aim at equipping students with a broad based knowledge of statistics with emphasis on business applications.

Course Outcome: At the end of the course, students will be able to along with a depth of knowledge in algebra, analysis, or students. Students will formulate complete, concise and correct mathematical proofs. Students will frame problems using multiple mathematical and statistical representations of relevant structures and relationships and solve using standard techniques. Statistics can describe markets, inform advertising, set prices and respond to changes in consumer demand.

UNIT-I

Overview of Business Statistics

Definition, Important and Limitations; Functions and scope of statistics; Types of Data; Data Collection Techniques; Presentation of Data- Tabulation, Charting and Diagrammatic

UNIT-II

Measures of Central Tendency and Variation

Central Tendency- Mean, Median, Mode, Partition values; Variation- Range, Quartile Deviation, Average Deviation, Standard Deviation, Lorenz Curve; Skewness, Moments and Kurtosis

UNIT-III

Correlation and Regression Analysis

Significance of study of Correlation; Correlation and Causation; Types of Correlation; Measurement of Correlation(Karl Pearson's Methods, Spearman's rank Correlation); Difference between Correlation and Regression; Bivariate Regression Model & Regression Equations of Y on X; Index Numbers; Times Series Analysis

Chairperson

General English – I
Course Code: Law

L - T - P
4 – 1– 0External Marks: 80
Total Credits: 5

Total Marks: 100

Internal Marks: 20

Objective

The English curriculum is designed to attain competence of students in four modes of literacy, writing,speaking, reading and listening. A concept of philosophy and literature will be introduced with classics of English literature along with elementary Phonetics, legal terms, concepts of grammar, drafting and words from foreign languages to fulfill the need of the professional course. Students will read diverse texts within their historical and cultural contexts to develop critical understanding of literature and society.

Outcome

Students will demonstrate their capacity to write and speak clearly, read perceptively and think critically. They will have command over vocabulary and a sense of correct pronunciation will be achieved. Students will be able to express themselves comprehensively with fluency.

Unit 1

Short stories

a. The Model Millionaire: Oscar Wilde (Chapter -1)
b. The gift of Magi: O. Henry (Chapter-2)

One Act Play- A Marriage Proposal: Anton Chekov (chapter-5)

Unit-II

Essays

A Bachelor's complaint of the behaviour of married people: Charles Lamb (chapter-7)

El Dorado: R.L. Stevenson (chapter-8)

Attitude is everything: Brain Cavanaugh

Instructions to Paper setter and students:

- Students will attempt five questions in all. All questions carry equal marks. First question is compulsory.
- Question No. 1 will carry 8 short answer type questions of 2 marks each from all units.
- Rest of the paper will have 4 parts which will be in accordance with

the units of syllabus, each part will offer internal choice to students. Examiners should ensure the inclusion of all topics of syllabus in the question paper.

Scheme for Part I (literature section)
Question 2
8 short answer type questions.(2marks each)
Students will attempt all in 50 - 80 words.
OR
Question 3.
It will carry two long answer type questions of 8 marks each.
(General Questions on Character, theme and plot)

Scheme for Part II (literature section)
Question 4
8 short answer type questions. (2marks each)
Students will attempt all in 50 - 80 words.

Course Objective: To analyze detailed different marriage laws of Hindu, Muslim, Christian. This course appraises the students with contemporary trends in family institutions in India.

Course Outcome: Family law is an area that deals with all legal issues related to familyrelationships, such as adoption, divorce and child custody. Attorneys who practice family law are usually responsible for separating spouses, determining who will get child custody, child support, and other related legal issues. Some family law attorneys specialize in adoption, paternity, emancipation, or other matters not usually related to divorce but including family.

BBA LL.B 2nd Semester

Financial Accounting
Paper code- Law-1202

L - T - P **Total Marks: 100**
4 – 1– 0External Marks: 80
Total Credits: 5 **Internal Marks: 20**

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
  1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
  2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objective: - The primary objective is to familiarize with the basic accounting principles and techniques of preparing and presenting the accounts of user of accounting information.

Course Outcome- After the completion of this course, students will be able to apply quantitative skills to help analyze and solve business problems and to take advantages of business opportunities. Apply oral and written communication skills. Describe and explain the ethical and social responsibilities of accountants in ensuring the integrity of financial information. Students use real-world examples to prepare and evaluate financial statements.

UNIT-I

1. Meaning and Scope of Accounting

Need, development, and definition of accounting; Bookkeeping and accounting; Persons interested in accounting; Limitations of Accounting; Disclosures; Branches of accounting; Objectives of accounting, Difference between Management Accounting and Financial Accounting, Accounting Cycle; Accounting and their Discipline; Book keeping and Accounting; Is Accounting Science or Art?

2. Accounting Principles

International Accounting Standards (only outlines); Accounting principles; Accounting Standards in India

UNIT-II

1. Journalizing Transactions:

Journal; Rules of debit and credit; Compound journal entry; Opening entry;

2. Sub Division of Journal:-

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

892
38

Cash Journal, Petty Cash book, Purchase Journal, Sales Journal, Purchase Return Journal, Sales Return Journal, Voucher system

3. Ledger Posting and Trial Balance:-

Ledger posting, Relationship between Journal and Ledger, Rules regarding posting, Trial Balance.

UNIT-III

1. Capital and Revenue

Classification of income; Classification of expenditure; Classification of receipts; Accounting concepts of income; Accounting concepts and income measurement; Expired costs and income measurement

2. Final Accounts

Manufacturing account; trading account; Profit and loss account; Balance Sheet

3. Joint Stock Company

Introduction, Meaning and definition of a company, Essential characteristics of company, kinds of companies, Public limited and private companies, Formation of companies

UNIT-IV

1. Depreciation

Concept of depreciation; Causes of depreciation; Depreciation, depletion, amortization, and dilapidation; Depreciation accounting; Methods of recording depreciation; Methods for providing depreciation;

2. Provisions and Reserves

Meaning and need of Provision, Meaning and types of Reserves- General Reserve, Capital Reserve, Revenue Reserve, Reserve Fund, Sinking Fund, Specific Reserve; Secret Reserve; Difference between Provision and Reserve.

Operational Research in Management
Paper Code: LAW 1204

L - T - P **Total Marks: 100**
4 – 1– 0External Marks: 80
Total Credits: 5 **Internal Marks: 20**

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives- The objectives of this paper is to develop student's familiarity with the basic concept and tools in statistic and operation research. These techniques assist specially in resolving complex problems serve as a valuable guide to the decision makers.

Course Outcome: The student will be able to identify and develop operational research models from the verbal description of the real system. Understand the mathematical tools that are needed to solve optimization problems. Use mathematical software to solve the proposed models. Develop a report that describes the model and the solving technique, analyze the results and propose recommendations in language understandable to the decision making process. The students will be able to apply different general concepts of operation research for instance in data analysis, agricultural planning, biotechnology, distribution of resources.

Unit I

Operation Research: Meaning, History, Features, Phases and application of operation research; **Linear Programming Problem:** concept, Formulation, Methods of Solving- Graphical Method; **Duality:** Concept, Significance, Usage and Application in Business Decision-Making.

Unit II

Transportation and Assignment Problems: General Structure of Transportation Problem, Solution Procedure for Transportation Problem, Methods for Finding Initial Solution,
Assignment Problem: Approach of Assignment Models Solution Methods of Assignment Problem, Maximization in an Assignment, Unbalanced Assignment Problem, Restriction on Assignment.

- The whole syllabus is divided into four units. Question paper shall be of two parts.
  1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
  2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives : The objective of this paper is to acquaint students with the Indian Economy, present and future of Indian Economy, and how the Indian economy is influencing the business environment in India context.

Course outcome: The student will be able to identify latest trends in monetary and fiscal policy of India. Demonstrate foundational knowledge in basic nature of Indian economics and understand the key terms of liberalization, globalization and privatization. The students will be able to understand the international business concepts including balance of payments, foreign trade and regional blocks.

UNIT-1

Introduction to Business Environment.

Meaning, changing concept of Business, Characteristics of Business, Factor affecting business environment, Relationship between business and environment.

Analysis and Importance of Business Environment

Meaning and objectives of environment analysis, Process of environment analysis, Significance of the study of business environment.

Basic nature of Indian economy

Economic system: Capitalism, Socialism, mixed economy (main features, merits and demerits)

UNIT-2

Monetary Policy of India (Latest trend)

Meaning and objectives of Monetary Policy, Credit control under monetary policy of India (quantitative and qualitative credit control),Features of monetary policy of RBI, critical evaluation of monetary policy of India, Suggestions for improvement in monetary policy.

Chairperson
Department of Laws

BBA LL.B 2nd Semester
Additional English – I

L - T - P
4 – 1– 0External Marks: 80
Total Credits: 5

Total Marks: 100

Internal Marks: 20

Objective

The English curriculum is designed to attain competence of students in four modes of literacy: writing,speaking, reading and listening. A concept of philosophy and literature will be introduced with classics of English literature along with elementary Phonetics, legal terms, concepts of grammar, drafting and words from foreign languages to fulfill the need of the professional course. Students will read diverse texts within their historical and cultural contexts to develop critical understanding of literature and society.

Outcome

Students will demonstrate their capacity to write and speak clearly, read perceptively and think critically. They will have command over vocabulary and a sense of correct pronunciation will be achieved. Students will be able to express themselves comprehensively with fluency.

UNIT – I

Literature

i) Kabuliwala - Rabindranath Tagore
ii) Public Transport in London and Delhi - Nirad C. Chaudhary
iii) The Mark of Vishnu - Khushwant Singh

UNIT – II

Literature

i) The Never, Never Nest - Cedric Mount (One Act Play)
ii) Bores - E. V. Lucas (Essay)
iii) The Solitary Reaper - William Wordsworth (Poem)

UNIT – III

Grammar

Articles, Adjectives

Vocabulary

Words describing Weather: Drizzling, Showers, Overcast, Raining Cats and Dogs, Downpour, Flooded, Misty, Foggy, Hot, Scorching, Sultry, Windy, Humid, Breeze, Gale, Snow, Freeze, Pleasant, Hazy, Tempestuous, Moderate, Typhoon, Hurricane, Tornado, Cyclone

Words describing Feelings:

Delighted, Content, Satisfied, Anxious, Apprehensive, Upset, Enthusiastic, Miserable, Inspired, Proud, Haughty, Jealous, Gloomy, Cross, Morose, Furious, Livid, Seething, Fed up, Jovial, Lively, Thrilled, Impulsive, Spirited, Calm, Jubilant, Relaxed, Serene.

Chairperson
Department of Laws

UNIT – IV

Writing Skills

Hint Development
Report writing (Current Affairs)
Suggested Reading:

- Effective English - I, II, III, IV (Published & Edited by BPSMV)
- J. C. Nesfield: English Grammar, Composition and Usage (Revised by N. K. Aggarwal)
- Oxford Advanced Learner's Dictionary, O. U. P.
- Raymond Murphy, Murphy's English Grammar, C.U.P.
- Ten Mighty Pens, edited by K. A. Kalia, Publisher: Oxford University Press.
- W. S. Allen: Living English Structures.

Instructions to Paper setter and students:

- Students will attempt five questions in all. All questions carry equal marks. ($5 \times 16 = 80$) First question is compulsory.
- Question No. 1 will carry 8 short answer type questions of 2 marks each from all units.
- Rest of the paper will have 4 parts which will be in accordance with the units of syllabus, each part will offer internal choice to students. Examiners should ensure the inclusion of all topics of syllabus in the question paper.

Scheme for Part I (literature section)

Question 2(a)
An extract from the text will be given for explanation with reference to the context.(8 marks)
Question 2 (b)
4 short answer type questions.(2marks each)Students will attempt all in 50-80 words.($2 \times 4 = 8$)

OR

Question 3.
It will carry two long answer type questions of 8 marks each. ($2 \times 8 = 16$)

Scheme for Part II (literature section)

Question 4(a)
An extract from the text will be given for explanation with reference to the context.
(8 marks)
Question 4 (b)
4 short answer type questions.(2marks each)
Students will attempt all in 50 - 80 words. ($2 \times 4 = 8$)

OR

Question 5.It will carry two long answer type questions of 8 marks each. ($2 \times 8 = 16$)

Part - III

Question 6from the Grammar can be of 1 mark or 2 marks. ($1 \times 16 = 16$)/($2 \times 8 = 16$)
Questions 7 from the Vocabulary part can be of 1 mark or 2 marks as per requirement.
($1 \times 16 = 16$)/ ($2 \times 8 = 16$)

Part - IV

Writing section can be divided in 3 parts (each of 8 marks). Students will choose any two.
($2 \times 8 = 16$)

BBA LLB 3rdSemester
Law of Contract – II
Paper Code: 1113

L - T - P **Total Marks: 100**
4 – 1– 0External Marks: 80
Total Credits: 5 **Internal Marks: 20**

Note: Instructions for Examiner:

- The Paper shall be of 80 marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
    1. Part –A shall be compulsory and consist 8 short answer type questions of 2 marks each at least two question shall be set from each unit.
    2. Part –B shall again divided into 4 units consisting 2 questions of 16 marks each and every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives - This paper is introduced to impart Knowledge onvarious special contracts, Law on sale of goods and Partnership Act.

Course Outcome- Students graduating with law of contract will be able to identify the relevant legal issues that arise on a given set of facts in the area of contract law .Select and apply a range of approaches to written communication , and apply the critical thinking required to bring about creative solutions to complex legal problems in the area of contract law. Formulate oral and written arguments in response to a given set of facts.

Unit 1

Indemnity, Guarantee, Bailment and Pledge

a. Meaning and distinction between Indemnity and Guarantee.
b. Right/ duties of indemnifier, indemnified and surety.
c. Discharge of surety
d. Kinds of Guarantee.
e. Bailment and Pledge
    i. Meaning and Distinction
    ii. Rights and duties of Bailor/ Bailee, Pawnor / Pawnee
    iii. Lien
    iv. Termination of Bailment

Unit II

Agency -

a. Definition of agent and Principal.
b. Essentials of relationship of agency
c. Creation of agency: by agreement, ratification, necessity and law.
d. Relation of principal and agent and substituted agent.

Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

905 51

e. Termination of Agency

Unit III

The Sale of Goods Act, 1935

a. Definition and Essentials of Sale.
b. Implied Conditions and Warranties in sale.
c. c .Transfer of Title and Property in Sale
d. Unpaid Seller Rights against Goods
Objects, scope and salient features of SRA with reference to special contract

Unit IV

Indian Partnership Act, 1932

1. Nature of Partnership firm.
2. Relationship of partners to one another and outsiders.
a. Rights/Duties of partners inter se
b. partnership property
c. Relation of Partners to third parties
d. Liability for holding out.
3. Minor as a partner . Partnership will.
4. Incoming and outgoing partner.
5. Dissolution
i. By consent.
ii. By agreement
iii. Compulsory dissolution
iv. Contingent dissolution.
v. By notice
vi. Consequences of dissolution.
6. Registration of firm and effects of non-registration

962

BBA LL.B.6th semester
Gender and Society
Paper code- Law 1136

L - T - P **Total Marks: 100**
4 – 1– 0External Marks: 80
Total Credits: 5 **Internal Marks: 20**

Note:-Instructions for examiner

- The paper shall be of 80 Marks.
- The time allowed is three hours.
- The whole syllabus is divided into four units. Question paper shall be of two parts.
  1. Part A shall be compulsory and consist 8 short answered questions of 2 marks each at least two question shall be set from each unit.
  2. Part B shall again divided into 4 units consisting 2 question of 16 marks each in every unit and candidate must attempt 4 questions at all selecting 1 question from each unit.

Course Objectives: The objective of the paper is to develop an understanding of the theoretical and feminist standpoints regarding gender and its implications for law and society.

Course Outcome :The students find the idea of interdisciplinary imagination and theoretical investigation of lived realities very challenging given the alienation prevailing in our educational system when it comes to think theoretically about institutional practices in certain contexts. The extent of intervention and perspectival change varies in relation to a range of factors operating in the pedagogical space which learners inhabit. However, a critical consciousness-shift can be perceived as a sign of transformative learning potential of the course.

Unit I

Sex and Gender: Biology vs. Culture
Social Construction of Gender: Socialisation and Gender Roles
Gender and Family: Space and Public- Private Dichotomy,
Gender, Caste and Class, Patriarchy: Concept and Theories

Unit II

Gender and Economy, Shadow work, Gender and Development
Commodification and Objectification of Women and Media,
Gender and Technology, ICT and Gender Inequality,
Globalisation and its Impact on Women, Gender and Education

Unit III

Emergence of Feminist Thought and Women's Movements,
Feminist Critiques of Science, Social Theories and Methodology,
Feminism and Women's Movement in India: Social Reform and Me Too
Feminist Critiques: State and Family, The Neo-liberal Challenge

Chairperson
Department of Laws
BPS Mahila Vishwavidyalaya
Khanpur Kalan (Sonipat)

Unit IV

Gender Inequality and Law: Feminist perspectives,
Feminist movement and Law in India,
Crimes against Women: Rape, Domestic Violence, Female Foeticide, Sexual Harassment, Dowry, Honour related Crimes etc.,
Gender, Caste and Violence

FOREWORD

The National Education Policy (NEP) announced in 2020 marks a shift towards student centric approaches. Multidisciplinary education, multiple entry and exit system, integration with vocational education, and ensuring mobility between streams, and institutions, are some of the reforms envisioned in the NEP 2020. Classification of qualifications according to learning outcomes is central to many of these reforms. "Qualifications Framework," which provides for arranging the qualifications based on learning outcomes, is a method practiced worldwide to facilitate comparability and transparency. The formulation of the National Higher Education Qualifications Framework (NHEQF), accordingly, is a key recommendation of the NEP 2020 to move towards developing a nationally accepted and internationally comparable and acceptable qualifications framework.

The UGC constituted an expert committee to formulate NHEQF to enable prospective students, parents, higher education providers, and other stakeholders to understand the nature and level of the expected learning outcomes and competencies associated with higher education qualifications. With much pleasure, I present the National Higher Education Qualifications Framework to higher educational institutions for adoption.

I take this opportunity to thank the Chairman of the Expert Committee, Prof. V. S. Chauhan, and the members for drafting the NHEQF. I also thank the committee headed by Dr. N.S. Kalsi for integrating the levels of NHEQF with the National Credit Framework (NCrF). The contributions made by the officers from UGC are also acknowledged.

4.2. Types and title/nomenclature of qualifications

The NHEQF is an outcome-based framework for qualifications of different types. The qualification types and examples of title/nomenclature for qualifications within each type are indicated in Table 1.

Table 1: Types of qualifications and qualification title/nomenclature

Type of qualification	Qualification title/nomenclature and programme duration
Undergraduate Certificate	Undergraduate Certificate (Field of study/discipline). (Programme duration: First year (first two semesters) of the undergraduate programme, followed by an exit 4-credit skills-enhancement course(s).
Undergraduate Diploma	Undergraduate Diploma (Field of study/discipline). (Programme duration: First two years (first four semesters) of the undergraduate programme, followed by an exit 4-credit skills-enhancement course(s).
Bachelor's degree	Bachelor of (Field of study/discipline) the undergraduate programme Examples: • Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), Bachelor of Commerce (B.Com.), Bachelor of Vocation (B. Voc.), Bachelor ofBusiness Administration (BBA), Bachelor of Physical Education Programme duration: Three years (six semesters). • Bachelor of Education (B.Ed): Programme duration: Two years (four semesters) after completing a Bachelor's degree programme • Bachelor of Education (B.Ed.). Programme duration: One year (two semesters) after completing a Bachelor's degree (Honours/ Honours with Research) programme or Master's degree.
Bachelor's degree (Honours/ Honours with Research)	• Bachelor of (Field of study/discipline) (Honours/ Honours with Research). • 4-year dual-major Integrated Teacher Education Programme (ITEP): Programme duration: Four years (eight semesters). • Bachelor of Engineering (B.E), Bachelor of Technology (B.Tech.). Programme duration: Four years (eight semesters). • Bachelor of Architecture (B.Arch.): Five years (ten semesters). • Bachelor of Pharmacy (B.Pharm): Four years (eight semesters).
Post-Graduate Diploma	Post-Graduate Diploma in (Field of study/discipline). Programme duration: One year (two semesters) in the case of those who exit after successful completion of the first year (two semesters) of the 2-year master's degree programme

Type of qualification	Qualification title/nomenclature and programme duration
Master's degree	Master of (Field of study/discipline). Programme duration: Two years (four semesters) for those who have obtained a 3-year/6-semester bachelor's degree, or successfully completed a 4-year bachelor's degree (e.g. B.E., B. Tech., etc.) or a 4-year dual-major integrated teacher education programme with a B.A. B.Ed degree or B.Sc. B.Ed degree, or B.Com. B.Ed. degree. Master of (Field of study/discipline): Programme duration: One year (two semesters) in the case of those who have obtained a 4-year/8-semester Bachelor's (Honours/ Honours with Research) degree Examples • Master of Arts (M.A), Master of Commerce (M.Com.), Master of Science (M.Sc.), Master of Vocation (M.Voc.), Master of Business Administration (MBA). Programme duration: Two years (Four semesters) after obtaining a Bachelor's degree). • Integrated Bachelor's - Master's degree programmes. Programme duration: five years (ten semesters) after successfully completing secondary education (Grade 12 of school education) • Master of Education (M.Ed.). Programme duration: Two years (four semesters) after completing a 2-year/4-semester B.Ed. degree programme or a 4-year (8 semester) dual-degree integrated teacher education programme. • Integrated B.Ed. - M.Ed. programme. Programme duration: Three years (six semesters) after obtaining a Bachelor degree). • Master of Arts (Education). Programme duration: Two years (Four semesters) after completing a Bachelor's degree programme) • Master of Engineering (M.E), Master of Technology (M.Tech.). Programme duration: Two years (four semesters) after obtaining a Bachelor's degree in engineering/technology. • Master of Architecture. Programme duration: Two years (four semesters) after obtaining a B. Arch degree
Doctoral degree	• Doctor of Philosophy (Ph.D.)

4.2.1. NHEQF levels

The NHEQF levels represent a series of sequential stages expressed in terms of a range of learning outcomes against which typical qualifications are positioned/located. NHEQF level 4.5 represents learning outcomes appropriate to the first year (first two semesters) of the undergraduate programme of study, while Level 8 represents learning outcomes appropriate to the doctoral-level programme of study (Table 2).

Table 2: Higher education qualifications at different levels on the NHEQF

NHEQF level	Examples of higher education qualifications located within each level
Level 4.5	Undergraduate Certificate. Programme duration: First year (first two semesters) of the undergraduate programme, followed by an exit 4-credit skills-enhancement course(s).
Level 5	Undergraduate Diploma. Programme duration: First two years (first four semesters) of the undergraduate programme, followed by an exit 4-credit skills-enhancement course(s) lasting two months.
Level 5.5	Bachelor's Degree. Programme duration: First three years (Six semesters) of the four-year undergraduate programme.

1019

NHEQF level	Examples of higher education qualifications located within each level
Level 6	Bachelor's Degree (Honours/ Honours with Research). Programme duration: Four years (eight semesters).
Level 6	Post-Graduate Diploma. Programme duration: One year (two semesters) for those who exit after successful completion of the first year (two semesters) of the 2-year master's programme.
Level 6.5	Master's degree. (e.g. M.A., M.Com., M.Sc., etc.) Programme duration: Two years (four semesters) after obtaining a 3- year Bachelor's degree (e.g. B.A., B.Sc., B.Com. etc.).
Level 6.5	Master's degree. (e.g. M.A., M.Com., M.Sc., etc.) Programme duration: One year (two semesters) after obtaining a 4 -year Bachelor's degree (Honours/ Honours with Research) (e.g. B.A., B.Sc., B.Com. etc.).
Level 7	Master's degree.(e.g. M.E./M.Tech. etc.) Programme duration: Two years (four semesters) after obtaining a 4-year Bachelor's degree. (e.g. B.E./B.Tech. etc.)
Level 8	Doctoral Degree

4.2.2. Expected graduate attributes at different levels on NHEQF

The NHEQF envisages that students on completion of a programme of study must possess and demonstrate the expected graduate attributes acquired through one or more modes of learning, including direct in-person or face-to-face instruction, open and distance learning, online learning, and hybrid/blended modes. The graduate attributes indicate the quality and features or characteristics of the graduate of a programme of study, including learning outcomes relating to the disciplinary area(s) relating to the chosen field(s) of learning and generic learning outcomes that are expected to be acquired by a graduate on completion of the programme(s) of study.

The graduate profile/attributes include capabilities that help widen the current knowledge base and skills, gain and apply new knowledge and skills, undertake future studies independently, perform well in a chosen career, and play a constructive role as a responsible citizen in society. The graduate profile/attributes are acquired incrementally and describe a set of competencies that are transferable beyond the study of a particular subject/disciplinary area and programme contexts in which they have been developed. Graduate attributes are fostered through meaningful learning experiences made available through the curriculum and learning experience, the total college/university experience, and a process of critical and reflective thinking.

Graduate attributes include learning outcomes that are specific to disciplinary areas relating to the chosen field(s) of learning within broad multidisciplinary/interdisciplinary/ transdisciplinary contexts and generic learning outcomes that graduates of all programmes of study should acquire and demonstrate (Table 3).

1020

work/vocation or professional practice.

- Field-based learning/projects, internships, and community engagement and service:
- Courses requiring students to participate in field-based learning/projects generally under the supervision of an expert of the given external entity.
- Community Engagement: -
- Courses requiring students to participate in field-based learning/projects generally under the supervision of an expert of the given external entity. The curricular component of 'community engagement and service' will involve activities that would expose students to the socio-economic issues in society so that the theoretical learnings can be supplemented by actual life experiences to generate solutions to real-life problems.

Table 11: Qualification Type and Credit Requirements

NHEQF levels	Qualification title/nomenclature	Credit Requirements (Minimum)
Level 4.5	Undergraduate Certificate (in the field of learning/discipline) for those who exit after the first year (2 semesters) of the undergraduate programme. (Programme duration: First year or 2 semesters of the undergraduate programme)	40 credits
Level 5	Undergraduate Diploma (in the field of learning/discipline) for those who exit after the first two years (4 semesters) of the undergraduate programme (Programme duration: First two years or 4 semesters of the undergraduate programme)	80 credits
Level 5.5	Bachelor's Degree (examples: Bachelor of Arts; Bachelor of Science; Bachelor of Commerce; Bachelor of Physical Education; Bachelor of Business Administration, etc. (Programme duration: Three years or 6 semesters).	120 credits
Level 5.5	Bachelor of Vocation (B.Voc). (Programme duration: 3 years or 6 semesters).	120 credits
Level 6	Bachelor of Engineering (B.E.); Bachelor of Technology (B.Tech.) (Programme duration: Four years or 8 semesters.	160 credits
Level 6	B.A., B.Ed.; B.Sc., B.Ed.; B.Com., B.Ed. (4-year dual-degree Integrated Teacher Education Programme)	160 credits)
Level 6	Bachelor's Degree (Honours/ Honours with Research). (Programme duration: Four years or 8 semesters).	160 credits
Level 6	Post-Graduate Diploma. For those who exit after successful completion of the first year or two semesters of the 2-year master's programme). (Programme duration: One year or 2 semesters).	40 credits
Level 6.5	Master's degree. (e.g. M.A.; M.Com., M.Sc.; etc.) (Programme duration: Two years or four semesters after obtaining a 3-year Bachelor's degree).	80 credits

NHEQF levels	Qualification title/nomenclature	Credit Requirements (Minimum)
Level 6.5	Master's degree (e.g. M.A.; M.Com., M.Sc.; etc.) (Programme duration: One year or 2 semesters after obtaining a 4- year Bachelor's degree (Honours/ Honours with Research).	40 credits
Level 7	Master's degree (e.g. M.E.; M.Tech. etc.) (Programme duration: Two years or four semesters after obtaining a Bachelor's degree (e.g. B.E., B.Tech.etc.).	80 credits
Level 8	Doctoral degree	Credits for courseworkand, a thesis and published work

Table 12. Letter Grades and Grade Points

Letter Grade	Grade Point
O (outstanding)	10
A+ (Excellent)	9
A (Very good)	8
B+ (Good)	7
B (Above average)	6
C (Average)	5
P (Pass)	4
F (Fail)	0
Ab (Absent)	0

For non-credit courses 'Satisfactory' or 'Unsatisfactory' will be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA. The universities or the autonomous colleges can decide on the grade or percentage of marks required to pass in a course and the CGPA required to qualify for a Certificate/Diploma/Degree taking into consideration the recommendations of the relevant standard setting body.

4.5. Credit accumulation and redemption

The NHEQF helps facilitate multiple entry, multiple exit, and re-entry options for students at the undergraduate and master's levels. It would facilitate credit accumulation through the facility created by the Academic Bank of Credit (ABC) scheme in the "Academic Bank Account" opened by students across the country to transfer and consolidate the credits earned by them by undergoing courses in any of the eligible (HEIs). The ABC allows for credit redemption through the process of commuting the accrued credits in the Academic Bank Account maintained in the ABC for the

Sub:- Guidelines for pursuing Two Academic Progammes Simultaneously.

Sir/Madam,

This is for kind information that in term of the UGC Guidelines for pursuing Two Academic Progammes Simultaneously. The following provisions have been made under Clause 18.2 of the Common Ordinance for 4 year Under Graduate Programmes: Certificate, Diploma, 3 years Degree, 4 year Degree (Honours /Hounrs with Research) semester System Under Learning Outcome Based Curriculum Framework-Choice Based Credit System (LOCF-CBCS) in anticipation approval of the Academic & Executive Council.

1. A student can pursue two full time academic programmes in physical mode provided that in such cases, class timings for one programme do not overlap with the class timings of the other programme.
2. A student can pursue two academic programmes, one in full time physical mode and another in Open and Distance Learning (ODL)/Online mode; or up to two ODL/Online programmes simultaneously.
3. Degree or diploma programmes under ODL/Online mode shall be pursued with only such HEIs which are recognized by UGC/Statutory Council/Govt. of India for running such programmes.
4. Degree or diploma programmes under these guidelines shall be governed by the Regulations notified by the UGC and also the respective statutory/professional councils, wherever applicable.
5. These guidelines shall come into effect from the date of their notification by the UGC. No retrospective benefit can be claimed by the students who have already done two academic programmes simultaneously prior to the notification of these guidelines.

The above guidelines shall be applicable only to the students pursuing academic programmes other than Ph.D. programme.
