

## Report

A very informative and interactive expert lecture on the topic " ICT and Artificial Intelligence tools for teaching learning " was delivered by Dr. Maitreyee Dutta, Professor, CSE Department, NITTTR Chandigarh in the Conference room, Department of CSE and IT, BPSMV on 07.02.2025.

The final year BTech students, Ph.D research scholars and the faculty members of various departments of university registered themselves to participate in the 2 hour session. The audience about 60 ,gained useful insight and enlightened their minds with the valuable on hands training to learn about different methodologies and IT enabled tools viz. Chat GPT, creation VBA code for PowerPoint presentations, Gaama application, Quizizz software, SCI space tool for research work, Undetectable.ai, Open broadcaster Studio, OBS software, Draw.io, Leonardo.ai etc. in detail.

The session and practical exposure will help the research scholars aid in their research work and also help the teachers to enhance their teaching learning skills.

The session was meticulously organized by Dr. Sunita, Dr. Vinod Saroha, under the guidance of Dept. Chairperson Mrs. Sonal Beniwal and Dean, FET Prof. Vijay Nehra.
